June 21, 1977

Honorable Mayor and Members

of the Lansing City Council

Dear Mayor and Council:

On March 4, 1977 the home of Mr. and Mrs. Frank Doane of 2324 Northampton Way, Lansing, Michigan was damaged due to a sewer backup. Damages and costs of replacement have been determined and submitted as a claim for $968.00.

MCLA 691.1407; MSA 3.996(107) states:

"Except as in this act otherwise provided, all governmental agencies shall be immune from tort liability in all cases wherein said governmental agency is engaged in the exercise and discharge of a governmental function. Except as otherwise provided herein, this act shall not be construed as modifying or restricting the immunity of the state from tort liability as it existed heretofore, which immunity is hereby affrmed."

Providing sewage disposal services has been defined by this office in the past as a governmental function.

The Public Service Department has advised that sewers are cleaned on an average of every five (5) years by that Department. Mr. Corbit further advised that the sewer in question was last cleaned on June 18, 1975.

It appears that the damages caused to the Doane's home resulted from an Act of God and not due to any negligent conduct by the City's Public Service Department.

As a result it is the opinion of this office that the claim of Mr. and Mrs. Doane be denied.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

By Councilman Adado—

That we concur in the recommendation of the City Attorney and said claim be denied.

Carried.

June 23, 1977

Honorable Mayor and Members

of the Lansing City Council

Re: Claim of Mr. and Mrs. Ignatius J. Konrad, 3819 Ridgefield Road

Dear Mayor and Council:

This claim comes before the Lansing City Council and the City Attorney's Office as a result of an alleged improper assessment made at the home of Ignatius J. Konrad, 3819 Ridgefield Road, Lansing, Michigan. Mr. Konrad has met with the City Assessor, Paul S. Creevy, with respect to this matter and Mr. Creevy has advised that Mr. Konrad has paid $520.12 since 1967, which represents an overpayment due to alleged improper assessment. Mr. Konrad has approached this office with respect to the legal ramifications involved in this mater.

MCLA 211.538; MSA 7.97(1) sets forth the statute of limitations which applies to a situation similar to the instant matter. Such section states:

"Any taxpayer who is assessed and pays taxes in excess of the correct and lawful amount due to because of clerical error or mutual mistake of fact made by the assessing officer and the taxpayer may recover the excess so paid, without interest, if the suit is commenced within three years of the date of payment, notwithstanding the payment was not made under protest."

In the instant situation, Mr. Konrad would be limited to the excess in payment made from 1974 to the present time. The total as computed by the Assessor is $36.87.

A similar statutory provision specifically refers to the matter at hand. That provision is embodied in MCLA 211.53b; MSA 7.97(2), which states:

"As an alternative to section 53 whenever there has been a clerical error or mutual mistake of fact relative to the correct assessment figure, the rate of tax-

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

ation or the mathematical computation relating to the assessing of taxes, and the error or mutual mistake is verified by the local assessing officer, and approved by the board of review at a meeting held only for such purpose on Tuesday following the second Monday in December. The board of review shall file an affidavit relative to the errors or mutual mistake with the proper officials who are involved with the assessment figures, rate of taxation or mathematical computation and all official records relative thereto shall be corrected. Where such error or mutual mistake results in an overpayment or underpayment, the rebate shall be made to the taxpayer or the taxpayer notified and payment made within 30 days of such notice. **A correction under this section may be made in the year in which the error was made or in the following year only."** (emphasis added)

This section restricts Mr. Konrad to the present year and the past year's errors. As the case stands now, the assessment has been rectified so that there is no error with respect to the 1977 taxes. Therefore, Mr. Konrad by this agreement could only regain the overage paid for the year 1976, which is $19.71.

In either instance, it can be seen that Mr. Konrad can only recoup a small portion of the overage paid the City. By Board of review action he can only regain the overage paid in 1976. Further, should he seek remedy in the courts, the statute of limitations woud only allow for a minimal recovery of what has been paid, i.e., three years of overpayments.

The equities in this matter are strongly in favor of Mr. Konrad. However, as unfortunate as the facts of the case may be, it is my duty to advise as to legal ramifications involved in this matter. Those ramifications have been set forth above. As a result, I recommend from a purely legalistic approach that Mr. Konrad's claim of $520.12 be denied.

Respectfully, submitted,

TIMOTHY W. SANDERSON,
City Attorney.

By Councilman Adado—

That the claim of Mr. Ignatius J. Konrad be paid and the City Clerk be and she is hereby directed to draw a warrant on the City Treasurer in the amount of $520.12 payable to Mr. Ignatius Konrad.

Gentlemen:

During the last several years, the Waterfront Development Board and the Park Board have discussed and promoted a project of improving identification to river access points and to the sign of bridges to aid boaters in their orientation on the river. Both Boards felt the project was important, but had a less relative priority when compared to the development of the

basic access sites. Funds for this signing project have not been requested in the general budgetary cycle.

Because Lansing received a grant from the Michigan Department of Natural Resources, there is an unincumbered balance of $15,686 in a combination of two accounts budgeted for the portage and access site at the Moores Park Dam. The projected cost of 54 bridge signs, and six river access signs is a combined $7,560.

The Waterfront Development Board has requested the Park Board to concur in their recommendation and forward to City Council a request that funds from the Moores Park project be reappropriated for the purpose of purchase and placement of the described signs, and that the Department of Parks and Recreation implement this project. It is furthermore the request of the Waterfront Development Board that the remaining balance in the Moores Park account be carried forward for the purpose of additional waterfront development projects.

Thank you.

Sincerely,

DOUGLAS FINLEY,
Director,

Honorable Gerald W. Graves

Mayor of Lansing

Lansing, Michigan

Dear Mayor Graves:

I am proud to present to you the Lansing Police Department's Annual Report for the calendar year of 1976. Because of the outstanding efforts of all members of the Department, the often mentioned spiraling crime rate was again defeated in our City. Credit and thanks should also be extended to the citizens of our community who provide the invaluable support and assistance that allows us to perform effectively.

In the spirit of the Bicentennial Year, a Brief history of the Police Department is included. This is supplemented by historical photographs. These pictures illustrate the progression of the Police Department in uniforms and equipment from the late 1800's to the present.

In conclusion, I believe that you will find this report both very informative and encouraging in considering the data presented.

and 7:00 P.M. to 9:00 P.M. to answer any question. They are:

For the Lansing Area
July 13, 1977
Kingsley Center
1220 W. Kalamazoo, Lansing

For the DeWitt Township Area
July 14, 1977
DeWitt Township Hall
780 E. Wieland Road, DeWitt

The copies of the Draft Environmental Impact Statement have been released to the Council of Environmental Quality, Michigan Environmental Review Board, Tri-County Planning Commission and other federal, state, regional and local agencies for review and comments latest by August 5, 1977.

The City Council of Lansing and the DeWitt Township Board will be required to transmit the Final recommendations for their respective jurisdictions to the Lansing Planning Board by September 12, 1977 at the latest. These final recommendations will be the basis for preparing the Final Environmental Impact Statement.

We have assumed that the Planning Committee of the Council and the Planning Board would be reviewing the Environmental Impact Statement concurrently and both the Committee and the Board have approved the schedules and the agendas for this purpose over a period of the next 10 weeks. This will enable the City Council to have their recommendations before selection of a final alternative by the Council.

It is therefore, requested that the Draft Environmental Impact Statement be referred to the Planning Committee of the Council and the Planning Board for review and transmittal of their recommendations to the Council.

For any information regarding this please contact me.

Mayor and City Council

City Hall

Lansing, Michigan

After review of the existing C.I.P. planning and budgeting process, we have jointly agreed that a revision should be made to improve this process and to eliminate the current duplication of departmental efforts.

The Planning Department is responsible by Charter and State Law for the preparation and presentation of the Six Year Capital Improvements Program. The Planning Department has, for a variety of reasons, had to also produce the annual C.I.P. budget. This is not really the responsibility of the Planning Department and should, in fact, be the responsibility of the Finance Department. It is, therefore, our recommendation that the C.I.P. Six Year Plan and the C.I.P. annual budget be separated as responsibilities.

The Planning Department will continue to develop the C.I.P. Six Year Plan. The Finance Department would, as part of the annual budget development process, work with the operating departments to produce a proposed annual C.I.P. budget based on the policy guidance of the adopted Six Year Plan.

The Planning and Finance Departments will assume the responsibility for close consultation and mutual assistance in this effort on an on-going basis. A revised C.I.P. Planning and Budgeting Process will be developed through our offices by Mr. Porter and Mrs. Lazar. We propose to implement this revised program for the development of the FY 78-79 C.I.P. budget, following Council review and approval.

Yours truly,

ALAN E. TUBBS,
Planning Director,

JAMES W. DOWSETT,
Director of Finance.

City of Lansing

Lansing, Michigan 48933

Gentlemen:

Our office has been delegated the responsibility for ensuring compliance with Section 17B-7 of the Code of the City of Lansing. This section requires contractors and vendors providing goods or services to the City of Lansing to be "equal opportunity employers." In order to determine whether a company is making a "good faith effort" a statistical breakdown of their work force is submitted annually to our office. These figures are in the form of a Contract Compliance Report consisting of job classifications, sex and race/ethnic data.

On March 28, 1977 a letter was forwarded to Sherman Nursery Company requesting completion of the Contract Compliance Report. Since our initial contact two additional letters have been mailed, with the latter stating failure to respond will result in our office referring the matter to City Council. To date we have received no re-

Therefore, the Human Relations Department is requesting that the City Council notify the Purchasing Director to refrain from engaging in further business transactions with Sherman Nursery Company until such time the company submits the required information.

Director,

Dear Mayor and Council Members:

On June 1, 1977 the Board of Directors of the EDC passed the resolution set forth below. I am forwarding it to you and respectfully requesting an answer at your earliest convenience.

Whereas: The City owns the site at the southeast corner of Michigan Avenue and Grand Avenue, and

Whereas: At least two groups have expressed an interest in purchasing the site (known as the Poxson Building), and

Whereas: It appears extensive renovation of the building would take place, the property would be added to the tax rolls and jobs would be created, and

Whereas: The EDC does desire to undertake this project,

Now, Therefore, Be It Resolved that the following inquiry go forth from the EDC to the Council:

"Will the City Council make the site availble to the EDC so the Corporation may proceed under the provisions of PA 338 of 1974 which call for a proposed project plan, project area and project district area?"

Sincerely yours,

10th Floor, City Hall

Lansing, Michigan 48933

Dear Mayor Graves and Council Members:

The Technical Committee, which was established by Council resolution to study the necessity and feasibility of a Community Services Building, has held several meetings to discuss methods and procedures of carrying out our charge. Preliminary data and statistics have been compiled, utilizing existing records and making telephone contacts to city sponsored and tri-county agencies. Representatives of United Way, Ingham County and Tri-County Planning have been included in our meetings, wherein we discussed their joint venturing, should our analysis determine that a Community Services Building would prove beneficial.

Our final recommendations to you will be based upon whether or not such a facility would prove economically efficient and would result in improved service delivery and coordination to the city and county. Further information, however, is required—hence, a questionnaire has been developed.

The attached questionnaire, complete with a map, will be distributed to nineteen agencies, with responsibility for distribution listed at Exhibit I.

Upon the return of the questionnairs and an analysis of information obtained, you will be provided recommendations and an analysis of the Community Services Building concept.

Sincerely,

GEORGE S. LOKKEN,
Chairman,
Technical Committee.

The Planning Board would like to inform you that a public hearing will be held on July 19, 1977 at 7:30 p.m. in the Council Chambers, 10th Floor, City Hall, regarding the City-Wide Policies that have been developed as a basis for the preparation of a revised Comprehensive Plan for the City.

These policies relate to the City-Wide Goals and Objectives that were adopted by Council on July 6, 1976, and deal with five basic land use categories:

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

1. Housing and Growth
2. Transportation
3. Economics
4. Community Facilities
5. Public Facilities

The policies will be sent to various City departments, agencies and boards and also to major interest groups, agencies and associations in the Lansing community to obtain public review and comment. After receiving public comment, either written or verbal, the policies will be forwarded to Council for review, comment and adoption.

Lansing City Hall

Dear Mr. Finley:

Re: ACT-14-77, Dietrich Park Improvements

The Lansing Planning Board, at their regular meeting on June 21, 1977, approved the conceptual site development plan for Dietrich and Dodge Riverfront Parks. The plan will allow the City to expand recreational opportunities for North Lansing residents, improve access to the riverfront and implement the City's bike path system. The conceptual use of the riverfront parks will complement efforts being made to preserve the historical character of North Lansing through Public Works, Community Development and civic organizations.

In approving the conceptual plan, the Board also reserved the right to review modifications of the plan. The Board also recommended that the park developments be coordinated with other funding sources to reduce overlaps.

This decision received unanimous (7 yeas, 0 nays) support from the Board.

Sincerely,

ALAN E. TUBBS,

ACT-13-77

Buffalo Street Vacation

Honorable Mayor and

Members of City Council:

The Lansing Planning Board, at their regular meeting of June 21, 1977, approved a request by Industrial Welding, Incorporated to vacate a portion of Buffalo Street from the north property line (approximately 113 feet north of Olds Avenue) of 2026 Olds Avenue, north to Williams Street. There will be one private residence remaining at the northeast corner of Buffalo Street and Olds Avenue that requires access from Buffalo Street.

The Board also recommended that appropriate easements be retained by the City in the vacated portion of Buffalo Street to allow access for maintaining utility lines. To reduce non-residential traffic on adjacent residential streets, the Board requested that traffic for Industrial Welding, Incorporated utilize Olds Avenue for access to the plant site. It is further recommended that the property owned by Industrial Welding be fenced and properly screened from adjacent residential properties.

The Board gave unanimous (7 yeas, 0 nays) support to these recommendations.

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

June 22, 1977

Honorable Mayor and

Members of City Council:

The Planning Board at its meeting held June 21, 1977, unanimously voted to endorse the request of the River Island Policy Review Committee for $5,000 to support public information work asociated with the development of a new Master Plan for the City.

The Planning Board recognizes that funding is required to assure adequate public notice and public participation in this important planning activity. Currently there is no money appropriated in the FY 1978 Planning Board budget to support this effort nor does the budget have other line items which could be transferred for this purpose. It is suggested, therefore, that should Council decide to provide the requested funding that a new Planning Board account be established for the administration of those funds.

Z-17-77

615 West Ionia

Honorable Mayor and

Members of City Council:

The Planning Board, at their meeting of June 21, 1977, recommended that the petition by Edward W. Eva to rezone property located at 615 West Ionia from "D" Apartment District to "D-1" Professional Office District be denied.

The Board believes that the subject property should be retained in its existing zoning classification and use until such time as the parcel and the properties to the east, fronting on Pine Street, are assembled so as to promote a more comprehensive development for the area.

The Board further believes that piecemeal zoning and development will deter the development of smaller parcels to the east in accord with the Central City Development Plan, which designates these parcels for office use.

This recommendation received unanimous (7 yeas, 0 nays) support of the Board. There were three persons expressing opposition to this request at the June 7, 1977 public hearing.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Z-18-77

2800 North East Street

Honorable Mayor and

Members of City Council

The Planning Board, at their meeting of June 21, 1977, recommended that the petition by John and Lara Dickey to rezone property at 2800 North East Street from "D" Apartment District to "D-1" Professional Office District for the purpose of establishing a real estate office on the site be approved, subject to the review and approval of the site plan by the Planning Department prior to the issuance of building permits. Said site plan shall include the following:

1) Use and location of all existing and proposed structures,

2) Parking lot layout and number of spaces,

3) Screening and landscaping, and

4) Ingress and egress.

The Board believes that the proposed use of the site will be consistent with the strip development of non-residential uses along North East Street and will be the type of use that will least affect the adjacent residential properties.

This recommendation is made with unanimous (7 yeas, 0 nays) *Board support.*

Honorable Mayor and

Members of City Council:

The Planning Board at their meeting of June 21, 1977 recommended that the petition to rezone property at 809 West Holmes Road from "J" Parking to "F" Commercial District be approved subject to the following condition:

(1) That at the time of expansion a complete site plan be submitted to and approved by the Planning Department indicating; (a) property lines, (b) location and use of existing and proposed buildings and parking, (c) ingress and egress, and (d) landscaping, screening and fencing.

The above requirements shall be met prior to the issuance of any building permits. The Board believes that the change of zoning will allow reasonable expansion to existing commercial use and should not seriously affect adjacent properties.

This received unanimous (7 yeas, 0 nays) support of the Board.

Dear Mayor Graves

and Councilmembers:

At the last regular meeting of the Lansing Charter Commission, held on Tuesday, June 14, 1977, and following the resounding defeat of the proposed Lansing City Charter on the June 13th ballot, the Charter Commissioners decided to delay the decision on the future course of action until our next meeting which will be held on July 13, 1977.

The Commissioners felt that they each need some time to attend to their personal affairs, rest a bit and perhaps vacation with their families. We all felt that any decision made at this time would be emotional and perhaps one that we may regret.

The Secretary of the Commission, Mrs. Dorothy Treska, will also be vacationing from June 20th to July 11th, so the office of the Commission will be closed during those weeks.

You will be advised of the decision of the Charter Commission immediately following the July 13th meeting.

Sincerely yours,

For the Commission:
THOMAS C. WALSH,
Chairperson.

Honorable Mayor Pro-Tem and Members

of the Lansing City Council

City Hall

Lansing, Michigan

Dear Mayor Pro-Tem

and Council Members:

In the recent past, a member of the City Council requested an Opinion from the Attorney General of the State of Michigan, centering on an additional at-large seat on the City Council as proposed in the Lansing Charter. Attached is a copy of that Opinion. It is being submitted to you for your records and for your information.

Sincerely,

GERALD W. GRAVES,
Mayor.

Honorable Mayor Pro-Tem William Brenke

and Members of the Lansing City Council

City Hall

Lansing, Michigan

Dear Mayor Pro-Tem

and Council Members:

Upon your request, I did, as of this date, meet with Mayor George Griffiths, City of East Lansing, and with Supervisor Duane Severns, Lansing Charter Township, to explore various ways to establish greater understanding and cooperation in the development and execution of plans which may, when executed, have intra-jurisdictional consequences. The results of the meeting are as follows:

—It was agreed that a meeting would be held on Tuesday, June 28, at 7:30 p.m. in the Council Chambers of the East Lansing City Hall;

—It was agreed that topics for discussion would include Dayton-Hudson, Eyde Brothers' proposal, zoning, traffic, storm drains, sanitary sewer and water facilities, mutual fire protection, general economic growth and any other planned proposals in the area affecting other governmental units;

—That the Mayor Pro-Tem of the City of Lansing, or his designee, would Chair the meeting; and

—It was agreed that the Technical Staff from the City of Lansing include the Chairman and Director of the Planning Board/Department, Traffic Director, Fire Chief, and representatives from the Public Service Departments and the Board of Water and Light, and further, that counterparts from both East Lansing and Lansing Charter Township would be in attendance at the meeting.

The goal of the aforementioned is to compile necessary information to permit, at a later date, the elected policy making

bodies of Lansing Charter Township, the City of East Lansing and the City of Lansing to meet and go through the decision making process.

Trusting this meets your approval, I remain

Sincerely,

GERALD W. GRAVES,
Mayor.

Honorable Mayor Pro-Tem and Members

of the Lansing City Souncil

City Hall

Lansing, Michigan 48933

Dear Mayor Pro-Tem

and Council Members:

Section 7.6(c) of the City Charter, in part, reads as follows:

"Members of the boards shall be appointed by the Mayor. No such appointment shall be effective until it has been confirmed by the Council. The Mayor shall file with the Council his appointments to the several boards during the month of May of each year and the Council shall act on each such appointment, respecting the confirmation thereof, at or prior to its meeting held in the second week in June. Each such appointee who is confirmed by the Council shall assume office on the first day of July following such appointment. Appointments to fill vacancies shall be made at any time and each person so appointed shall assume office immediately after the confirmation of this appointment by the Council . . ."

You have NOT fulfilled the requirements of this section of the City Charter in regard to 41 of the 44 appointments I presented to you during the Regular Session of City Council held on May 31. The task should have not been too difficult to meet the Charter requirements, considering that 40 of the 44 appointments were re-appointments of individuals already serving.

As of Monday, June 27, you will be two weeks overdue with confirmations. AND, this is not the first time you have failed to meet the Charter requirements. I am concerned and I request your immediate attention to this matter.

Members of the various City Boards serve for a definite term of four years. The Board members expend considerable time and effort serving the City of Lansing and receive no pay. The terms of office of Board members are to commence on July 1, and end on June 30, four years therefrom. The City Attorney has, in the past, ruled that Board positions become vacant upon the occurrence of the expiration of the term of office; that in the event the Council takes no formal action to vote a Board appointment up or down prior to July 1, the office becomes vacant; and, that the failure of the Council to act prior to or at its second meeting in June as delineated in the Lansing City Charter does not operate as a confirmation by default.

Without some immediate action by you on June 27, the last regularly scheduled meeting of the City Council, it is conceivable that some Board meetings of the City of Lansing will not be held, especially if other Board members still serving have scheduled vacations, are ill, etc. Therefore, I recommend that you (a) immediately confirm the appointments I submitted to you approximately one month ago, or (b) you immediately approve a resolution consenting to a continuation in office by the Board members holding the office prior to July 1.

In short, procrastinating is not going to achieve what must be done, nor will over amounts of conversation resolve the issue. I am requesting that you make a decision immediataely to permit smooth functioning by the City Boards with the least amount of interruption.

Sincerely,

GERALD W. GRAVES,
Mayor.

Received and placed on file.

The Lease Agreement having been approved by the City Attorney as to form, and that upon certification by the City Controller as to the availability of funds in FY '77-'78 Budget Account No. 101-316-023-940, the Mayor and City Clerk be authorized to sign the document on behalf of the City of Lansing.

Adopted by the following vote:

Unanimously.

By Committee on Buildings and Properties—

Resolved by the City Council of the City of Lansing:

That the City Assessor be, and he is hereby directed to spread on the December, 1977 tax rolls (U-13), the cost of correcting the hazardous and unsanitary conditions of properties in the year 1977, in the amount of $1,310.35, as reported this date by the Building Commissioner and as per attached list.

Adopted by the following vote:

Unanimously.

By Councilman Brenke—

Resolved by the City Council of the City of Lansing:

That the City Council Meeting of Monday, July 4, 1977 be changed to Tuesday, July 5, 1977 due to Monday, July 4, 1977 being a legal holiday.

Adopted by the following vote:

Unanimously.

By Councilman McKane—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing is actively supporting the Summer '77 activities being scheduled in the downtown and riverfront area, and

Whereas, the focus of these activities will be on the July 4th weekend recreational and ethnic programs which have geen designed to provide a balance of activities for residents of our Greater Lansing Community, and

Whereas, significant in the effort to provide this balance is the sponsorship of the Second Annual Lansing Area Interdenominational Religious Service scheduled for 8 a.m. Sunday, July 3, 1977 in Riverfront Park, and

Whereas, this service will address the wide range of religious interests in our community and is organized for that purpose by a committee of community leaders representing the churches, synagogues, and houses of worship throughout the area,

Now, Therefore Be It Resolved that the City of Lansing recognizes the Interdenominational Religious Service for its meaningful contribution in the celebration of the July 4, 1977 holiday, and furthermore encourages the citizens of our community to join in this service and its celebration of freedom and religious unity.

Adopted by the following vote:

Unanimously.

By Committee on Finnace—

Resolved by the City Council of the City of Lansing:

Whereas, at the Council meeting of May 31, 1977 the Mayor did recommend the reappointment of Rita Deason to the Board of Review, and

Whereas, the Finance Committee did review and concurs in the Mayor's recommendation in this appointment at its meeting of June 15, 1977.

Now, Therefore, Be It Resolved, that the appointment of Rita Deason to the Board of Review, term expiring June 30, 1980 be confirmed.

Adopted by the following vote:

By Buildings and Properties Committee—

Resolved by the City Council of the City of Lansing:

Be It Resolved that the two re-appointments to the Civic Center Board of Anna Hulbert, representing the 1st Ward and Mary Krillis, at Large, for terms ending June 30, 1981, be approved.

Adopted by the following vote:

Unanimously.

By Committee on Parks and Recreation—

Resolved by the City Council of the City of Lansing:

Whereas, Gerald Graves, Mayor of the City of Lansing, has recommended the reappointment of Mr. Horace Fletcher to the Park Board, and

Whereas, the Mayor has recommended appointment of Mr. Richard Sellers to the North Washington Mall Advisory Board, and

Whereas, both recommended appointees were interviewed on Wednesday, June 22, 1977 and the recommendation of the Mayor concurred therein,

Now Therefore Be It Resolved that Horace Fletcher be reappointed to the Park Board for a term to expire June 30, 1981, and that Richard Sellers be appointed to the North Washington Mall Advisory Board for a term expiring June 30, 1980.

Adopted by the following vote:

Unanimously.

By Councilman Adado—

Resolved by the City Council of the City of Lansing:

Whereas, the Mayor has submitted to the City Council for confirmation 44 nominations for appointments to various city boards of which 40 nominations are for reappointment; and

Whereas, 3 nominations have to date been confirmed by the City Council; and

Whereas, the terms of office of the persons nominated for reappointment expire June 30, 1977 and the offices become vacant if the appointment is not confirmed; and

Whereas, there is a probability that through such vacancies in office coupled with scheduled vacations and illnesses of board members that some boards may not be able to meet with a quorum to transact business; and

Whereas, Lansing Charter, ch 4, §4.4(c) provides that with the consent of the City Council and for so long as the Council shall permit, an officer may continue, provisionally, in the office held by him, after the expiration of his term, until his successor has been elected or appointed and has qualified for the office; now, therefore, be it

Resolved, that for the orderly process of city government to continue that the candidates for reappointment to boards submitted by the Mayor which have not been confirmed, as detailed on the attached list be allowed to continue provisionally in their respective offices past the expiration of their terms on June 30, 1977 until they or their respective successors have been appointed and confirmed for the office.

By Committee on Finance—

Resolved by the City Council of the City of Lansing:

That the City of Lansing renew general liability and vehicle insurance policy with Auto Owners Insurance Company (Hacker, King, Sherry Agents) effective July 1, 1977, for the one year period ending June 30, 1978. The letter from the Finance Director and Purchasing Agent is attached.

Adopted by the following vote:

Unanimously.

By Committee on Finance—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing fire insurance policy expires on July 1, 1977, and

Whereas, the Finance Director and Purchasing Agent have recommended that the fire insurance policy with the Michigan Millers Mutual Insurance Company be renewed effective July 1, 1977, and

Whereas, the Lansing Mutual Agency has submitted a proposal to renew Michigan Millers Mutual Insurance Company policy No. 10726578 for a three year period ending July 1, 1980 with premiums to be paid annually and at any time with the option of cancelling said policy with no penalty to the City.

Now Therefore Be It Resolved, that the City of Lansing renew the fire insurance policy with Michigan Millers Mutual Insurance Company (Lansing Mutual Agency) effective July 1, 1977 for the three year period ending July 1, 1980. The letter from the Finance Director and Purchasing Agent and the proposal from Lansing Mutual Agency are attached.

Adopted by the following vote:

Unanimously.

By Committee on Finance—

Resolved by the City Council of the City of Lansing:

Whereas, the City Council of the City of Lansing seeks to broaden the awareness of the citizenry to the value of various creative arts; and

Whereas, the City Council seeks to encourage the citizenry to come downtown and enjoy the art work of the city; and

Whereas, the Finance Committee has been requested to review a proposal by The Popular Arts Workshop to paint a wall mural under the Shiawassee Street bridge to commemorate the 1976 Bicentennial Ethnic Festival which was held on the downtown Riverfront Park on July 3 through July 5, 1976; and

Whereas, the Committee on Finance is desirous of ascertaining the level of support by the Council as a whole with regard to the proposal of The Popular Arts Workshop prior to contract negotiations, now, therefore, be it

Resolved, that the City Council gives its approval to the proposal of The Popular Arts Workshop subject to Council being given the right to approve the final design, the choice of final site, and the contract conditions as drawn up by the City Attorney's office and the Department of Finance which guarantee a finished product pursuant to the proposal submitted by The Popular Arts Workshop.

Adopted by the following vote:

Yeas: Councilmen Adado, Baker, Belen, Brenke, Gunther, Hull, McKane—7.

Nay: Councilman Blair—1.

By Councilman Hull—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing has recently received the report of the R/UDAT team that evaluated Lansing's needs for a better community; and

Whereas, the R/UDAT Report has generated considerable discussion and interest as a result of some very thoughtful comments included in the report; and

Whereas, the City Council wishes to utilize the R/UDAT Report, where appropriate, to provide for an improved City

Now, Therefore, Be It Resolved that the Planning Director is requested to review the recommendations and observations of the R/UDAT Report for the purpose of suggesting a course for implementing the recommendations and observations included therein; and

;Be It Further Resolved that the Planning Director shall submit his recommendation to the Council's Planning Committee for review and prioritization; and

Be It Finally Resolved that the Council's Planning Committee shall submit its recommendations for action on the R/UDAT Report to the Committee of the Whole for review and action as may be appropriate.

By Councilman Hull—

Resolved by the City Council of the City of Lansing:

Whereas, in the past few months the City Council of the City of Lansing has engaged energetically in analysis and discussion on a proposed tax abatement for Fisher Body and Oldsmobile, Divisions of General Motors, pursuant to 1974 PA 198; and

Whereas, during the deliberations and study on these proposals two city councilmen were advised by the City Attorney not to vote on the propositions due to the possibility of conflict of interest; and

Whereas, subsequent to those decisions, divergent opinions and ideas surfaced daily on the proposals centering mainly around the cost to taxpayers as opposed to the jobs created; and

Whereas, finally at the Council meeting of Tuesday, June 14, 1977 the proposal could not be resolved as a 3-3 vote resulted from the consideration; now, therefore be it

Resolved, that in order that the Council seeks to be more responsive to the needs and wishes of the citizens of the City of Lansing with respect to this issue, this Council seeks and supports the placing of an advisory question on the November 8, 1977 ballot requesting guidance on this issue; and, be it further

Resolved, that the question to be placed on the ballot for the general election to be held November 8, 1977 and that the City Clerk be directed to prepare the voting devices of the city as provided by law and to replace such paper absentee ballots as may be necessary in the following form:

INSTRUCTIONS—To vote in favor of the proposition, make a cross (X) in the square (☐) to the right of the word "YES", and to vote against the proposition, make a cross (X) in the square (☐) to the right of the word "NO".

By Committees on Planning, and Public Service and Highways—

Resolved by the City Council of the City of Lansing:

P-5-76

Bradford-Scott Park Subdivision

Whereas Robert G. Elliott, Prseident of the Bradford-Scott Corporation, has requested that the sidewalk requirements for the Bradford-Scott Park Subdivision, located at 1100 Ramada Drive, be waived; and

Whereas the Planning Committee of Council and Public Service and Highways Committee of Council have reviewed this request and do not believe that it would be in the best interests of the City to waive these requirements since the type of development that may occur within these areas may promote pedestrian traffic to and from the area relating to the bus lines and adjacent commercial uses;

Now, Therefore, Be It Resolved that the Council of the City of Lansing denies the request to delete the sidewalks within the Bradford-Scott Subdivision, and that sidewalks be installed in accord with the Subdivision Control Ordinance.

Fencing and Plantings in
Public Right-of-Way

3812 South Logan Street

Whereas Rare Earth Landscaping has requested to place a split rail fence and plantings within the right-of-way and in front of the property known as 3812 South Logan Street, which is now occupied by the Bread and Broth Restaurant; and

Whereas this request has been reviewed by the Director of Public Service and the Traffic Engineer who have recommended approval subject to conditions; and

Whereas the Planning Committee of Council, to whom was referred the report of the Director of Public Service, Traffic Engineer and Building Commissioner, concur therewith;

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

Now, Therefore Be It Resolved that the Council of the City of Lansing approves the request by Rare Earth Landscaping to erect a split rail fence and plantings at 3812 South Logan Street subject to the following conditions:

1) A permit is obtained from the Public Service Department. State Highway Department approval will be required prior to issuance of the permit because Logan Street is a State Trunk Line.

2) The property owner would be responsible for all maintenance.

3) If this area was needed for any other purpose, such as sewer construction, gas or water mains, moving and/or installation of light poles, etc., the expense of removing the fence and shrubs would be the property owner's responsibility.

4) Any damage to the fence or shrubs caused by a utility or a governmental unit, would also be at the expense of the property owner.

5) That shrubs be maintained in such a manner as to not restrict visibility for vehicles exiting adjacent driveways.

ZONINGS

By Councilman Baker—

Whereas, it is deemed desirable to amend the Classification provided for in the Zoning Code of the City of Lansing, passed on the 13th day of November, 1958, in the following particulars, viz:

That property described as:

Z-14-77 — 1226 East Michigan Avenue,

be re-zoned from "J" Parking District to "F" Commercial District and the "Map" be changed to indicate such transfer;

Therefore, be it resolved, that the City Clerk shall give at least fifteen days notice of a Public Hearing when all persons interested may attend and make any objections they may have to such proposed changes in said Zoning Code.

Resolved further, that such hearing shall be held at the Council Chamber in the City Hall on the 18th day of July, 1977, at 7:00 o'clock p.m., and that notice of such hearing be published in the official publication of said city, as required by law.

Adopted by the following vote:

Unanimously.

By Councilman Baker—

Whereas, by petition duly filed on the 21st day of March, 1977, this council was petitioned to change the following described property from a "Community Unit Plan" District to a "Revised Community Unit Plan" District all as set forth in the Zoning Code of this city, and

Whereas, due notice as required by law has been given for a public hearing on said petition, and

Whereas, at such hearing held on the 20th day of June, 1977, all parties interested therein were heard and given due consideration, and

Whereas, the property involved is described as:

Z-11-77 — 600 Block of Kaynorth,

more particularly described as:

Lot 3 of Stoneridge Meadows, City of Lansing, Ingham County, Michigan,

from "CUP" to revised "CUP" Community Unit Plan.

Whereas, pursuant to Act 207, P.A. 1921, the Planning Board advised the City Council to deny this request as filed, and further required that a revised plan be approved for not more than 54 dwelling units; provided that the required off-street parking, fencing, screening and landscaping plan is submitted to and approved by the Planning Department prior to the issuance of Building Permits.

And further that a revised plan be submitted in substantial conformance with the plan submitted and shall reflect all requirements of other public agencies; and

Whereas the Planning Committee of Council, to whom was referred the report of the Planning Board, did not concur therewith and recommends that the original plan as submitted, consisting of 62 dwelling units, be approved providing that a revised plan is submitted to and approved by the Planning Department reflecting the requirements of other public agencies. The revised plan shall be in substantial conformance with the original plan submitted and be submitted prior to the issuance of Building Permits;

Now, Therefore, Be It Resolved that the Council of the City of Lansing ordains that the petition to rezone the above described property from "CUP" to revised "CUP" Community Unit Plan be approved for 62 dwelling units; and

Be It Further Resolved that (1) a revised plan is submitted to and approved by the Planning Department reflecting the requirements of other public agencies. The revised plan shall be in substantial conformance with the original plan submitted and be submitted prior to the issuance of building permits, and (2) A fencing, screening and landscape plan be submitted to and approved by the Planning Department prior to the issuance of building permits.

from "CUP" to revised "CUP" Community Unit Plan.

Whereas, pursuant to Act 207, P.A. of 1921, the Planning Board advised the City Council to approve this request subject to conditions; and

Whereas, the Planning Committee of Council, to whom was referred the report of the Planning Board, concurred therewith;

Now, Therefore, Be It Resolved that the Council of the City of Lansing ordains that the petition to rezone the above described property from "CUP" to a revised "CUP" be approved subject to the following:

1) That any swimming pools be developed in accordance with Act 230 of 1966.

2) That this approval is subject to the recommendations of the public agencies responding on the request.

3) That the entire area be subdivided in accord with the Subdivision Control Ordinance and the Michigan State Plat Act, prior to development.

4) That all improvements are to be built to City of Lansing standards, including drive openings.

5) That all lots are to be graded so that surface water will drain therefrom so as not to affect adjacent properties.

6) That the development be served with underground utilities.

7) That the development be constructed in accordance with the approved plan.

8) Fencing, screening shall be provided along the east, south and west lines of the Anderson property and shall consist of a six foot (6′) high chain link fence with plantings attached thereto to provide effective screening.

9) That each unit developed within the complex shall not contain more than three (3) bedrooms.

10) A landscape, screening and fencing plan shall be submitted to and approved by the Planning Department prior to the issuance of Building Permits.

11) That prior to issuance of building permits a detailed site plan be submitted to an approved by the Planning Department, which indicates the following:

a) precise locations of building and parking areas,

b) number of parking spaces and parking lot layout,

c) street right-of-way and pavement widths as required,

d) landscape, screening and fencing plan, and

e) schedule for installation.

REPORTS OF CITY OFFICERS AND BOARDS

June 29, 1977

Honorable Mayor and Members

of the Lansing City Council

Dear Mayor and Council:

Attached please find a claim by Mercy Ambulance Service for the transportation of George Blackwell to Little Riverside Hospital on March 30, 1977 and for the transportation of Patrick Dube to Little Riverside Hospital on June 17, 1977.

The indigents in need of the ambulance service do not have insurance to cover the service. Pursuant to Court Order the City is responsible for the transportation of an indigent.

Therefore, it is the opinion of this office that the claim in the total amount of $131.25 for the transportation of George Blackwell to Little Riverside Hospital on March 30, 1977 and the transportation of Patrick Dube to Little Riverside Hospital on June 17, 1977 be authorized.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

By Councilman McKane—

That we concur in the recommendation of the City Attorney and the City Clerk be and she is hereby directed to draw a warrant on the City Treasurer in the amount of $131.25 payable to Mercy Ambulance Service.

Re: Claim of Ernest Atkins in the amount of $365.00

Dear Mayor and Council:

On March 5, 1977 the claimant allegedly

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

fell on a raised sewer lid outside the home of his mother and damaged his dentures in the amount of $365.00.

MCLA 691.1403; MSA 3 996(103) states:

"No governmental agency is liable for injuries or damages caused by defective highways unless the governmental agency knew, or in the exercise of reasonable diligence should have known, of the existence of the defect and had a reasonable time to repair the defect before the injury took place. Knowledge of the defect and time to repair the same shall be conclusively presumed when the defect existed so as to be readily apparent to an ordinarily observant person for a period of 30 days or longer before the injury took place."

Maintenance of sewer lids on a roadway falls within the scope of the above statute. Further, an inspection of the site disclosed a properly installed and maintained storm drain. Consequently even in the absence of statutory immunity there has been no showing of any negligence or fault on the part of the City.

Therefore, it is the opinion of this office that Mr. Atkins' claim be denied.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

By Councilman McKane—

That we concur in the recommendation of the City Attorney and said claim be denied.

Re: Claim of C. J. Baker in the amount of $102.00 for damage to his automobile by a stone thrown by a rotary mower

Dear Mayor and Council:

By a letter dated June 3, 1977, Mr. C. J. Baker notified the City that his 1977 automobile was damaged by a stone thrown by a city owned rotary mower.

From the information submitted by Mr. Baker and by Morris Williams, a city employee, it appears on June 2, 1977, Mr. Morris was mowing grass with a 20 inch rotary mower between the sidewalk and curb along Oakland Avenue in the City of Lansing. As Mr. Baker was driving westbound past Mr. Williams in his 1977 automobile, a rock was thrown by the mower against the side of his automobile causing damage to its door and hood in the amount of $102.00. Inquiry indicates the mower used was a 20 inch Jacobson Commercial rotary model which did not have a stone deflector on it to prevent rocks from being thrown. While city employees had checked the area to be mowed for trash and stones prior to beginning the mowing operation, they admitted that the grass was high and the stone presumably was missed.

Pursuant to MCLA 691.1402; MSA 3.996 (102) a municipality is responsible for the maintenance of its roads and highways so that they are reasonably safe and convenient for public travel. However, liability does not arise unless the municipality knew or should have known of the existence of the defect and had reasonable time in which to repair the defect. MCLA 691.-1403; MSA 3 996(103).

The City is responsible not only for removing defects in the road itself but also for remedying conditions along the roadway which create conditions which are unsafe for travelers on the roadway. See Miller v Oakland County Road Commission, 43 Mich App 215; 204 NW2d 141 (1972).

As noted, the 20 inch commercial rotary mower involved in the instant matter did not have the shield or deflector on it to prevent stones from being thrown. Prior experience has indicated that it is not uncommon for such mowers to throw stones while in operation. By letter dated July 19, 1976 this office advised the city to pay a similar claim by a driver whose windhield was broken by a stone thrown by a rotary mower and strongly recommended that shields be placed on the mowers and that other steps be taken to prevent such occurrences. A copy of that letter is attached hereto.

Inquiry of a local distributor for Jacobson lawn mowers disclosed that stone deflectors are available for the rotary mowers and are included as standard equipment on all of the newest models.

Because the City has prior notice of the danger of stones being thrown into public streets by rotary mowers and because the city could have utilized deflectors to minimize that danger, it is the opinion of this office that Mr. Baker's claim in the amount of $102.00 should be paid. This office additionally, again recommends that stone deflectors be installed to eliminate this problem in the future.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

Re: Sale of Fireworks

Dear Mayor and Council:

Approximately one week ago, the Fire Prevention Bureau brought to the attention of this office the fact that two juveniles had been burned by the use of fireworks.

At the request of the Fire Prevention Bureau, this office began an investigation to determine whether or not the Lansing ordinance governing fireworks was enforceable.

Lansing ordinances ch 22, §22-17 prohibits among other things the sale of fireworks containing any explosive or inflammable compound or any tablets or other device commonly used and sold as fireworks containing nitrates, chlorates, phosphorous and the like.

Laboratory tests conducted by the Department of Public Health disclosed that some of the fireworks being sold within Lansing contained nitrates.

Based upon the laboratory tests coupled with a thorough review of the applicable statutes and case law, this office concluded that, except as to sparklers and toy snakes, the Lansing ordinance was enforecable.

As a result, on Friday, June 24, 1977, the Fire Marshal sought voluntary cooperation from merchants in the City to remove from sale the fireworks believed to be in violation of the ordinance. It is my understanding that the merchants have cooperated in this regard.

On Friday, June 24, 1977, this office was advised by a distributor of fireworks in Laning that a hearing had been scheduled for 3:30 p.m. Monday, June 27, 1977 before the Honorable Noel Fox, United States District Judge, to determine whether a temporary restraining order should issue prohibiting the City of Lansing from enforcing the fireworks ordinance.

After hearing oral arguments in open court and considering evidence on legal briefs submitted by the parties, the court advised this office on Tuesday, June 28, 1977 that the City of Lansing was permanently enjoined from enforcing the fireworks ordinance in question. Basically, the Court reasoned that since the state statute governing hazardous substances permitted the sale of certain fireworks devices, the City could not completely ban such sale. The Court, however, did not indicate that there was a possibility of local regulations relating to the use of such fireworks devices by minors.

As a result of the Court's decision, I requested the Fire Marshal to immediately contact area merchants to advise them that they could now sell their fireworks products which we had previously requested they remove from sale.

This office will be reviewing the Court's opinion and order to determine whether an ordinance amendment prohibiting the use and sale of fireworks devices by and to minors would be appropriate.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

City Hall

Lansing, Michigan

Dear Mayor Pro-Tem

and Council Members:

In the early 1970's, my Budget Committee became concerned about some of the fiscal problems centered in the District Court. In my Recommended Budget for Fiscal Year 1972-73, I recommended the purchase of a cash register-validation machine so that the Courts might resolve their own problems, and you approved that recommendation. Strangely, the equipment was not purchased but other items were, including $485.55 worth of blazers for Court Officers, $2,204.10 worth of carpeting, etc.

In Fiscal Year 1973, Seidman and Seidman, Certified Public Accountants, did a management study in which they recommended that the District Courts purchase a new cash register-validation machine and that the Court centralize the cashier function. Then Maner, Costersian and Ellis, Certified Public Accountants, in a communication dated September 23, 1976, very vividly pointed out that the operations of the District Court left a great deal to be desired. Shortly, thereafter, I quoted the following to you from that report

"We noted that bond money has not been returned for cases that have been completed or dismissed as much as four years ago. Efforts should be continued to return these monies to the appropriate parties.

We also noted that bonds are returned in cash. To strengthen internal control over cash disbursed and to provide a better record of bonds returned, bond monies should be returned by check or warrant that can be cashed at the City Treasurer's Office.

The detail records of trial and interim bonds deposited in the 'City of Lansing and Bond Trust and Agency Fund' did not agree with the general ledger at June 30, 1976. We urge continuation of the efforts to bring the detail records into agreement with the general ledger and the performance of monthly reconciliations to keep these records in agreement.

The Court has obtained a new cash register, but it is not being used to the fullest extent of its capabilities and is one of three registers being used in the Court by more than a dozen employees. Thus, the daily reconciliation of cash transactions is difficult, time consuming and possibly inaccurate as may be indicated by the $3,400 balance in the cash short account. Also, because of the number of people using the cash registers, it is generally impossible to fix responsibility for cash shortages, mis-ringings on the register, etc. We again recommend that a central cashier function be established and that the new cash register be the only one utilized.

We noted that personal checks of Court employees have been cashed with the Court funds and that, on at least one occasion, an employee's check had to be re-deposited due to insufficient funds in the employee's personal account. A good system of internal control would prohibit the cashing of personal checks with the Court funds and we recommend that this practice be terminated immediately.

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

The Court has custody of a $7,100 imprest cash fund which is used as a change fund for the cash registers and a fund from which bond pay-outs are made. Due to the non-reporting of cash shortages on a daily basis throughout the year, the imprest fund decreased by amounts accumulating to approximately $2,600 at year end. Though adjusted for upon discovery, this non-reporting of shortages withheld important information from the accounting records during the year. It also resulted in a reduction of imprest cash sufficient enough to cause occasional delays in making bank deposits. We recommend that cash shortages/overages be reported daily and deposits adjusted accordingly so that the imprest cash fund remains intact.

We also noted that part of the imprest fund balance is composed of approximately $1,300 in NSF checks, some over two years old. As these checks represent a loss of revenue to the Court and a reduction of available cash in the imprest fund, we recommend that efforts be renewed to collect on these checks or, if deemed uncollectible, write them off and remiburse the imprest cash fund accordingly."

Regarding the aforementioned, I stated that the Finance Department advised that the matter was so bad in District Court that it would take three man-months to correct the problems. The study by the Finance Department shows that:

—The District Court wrote off $12,987.90 to the Cash Short Account;

—The District Court will write off approximately $860.00 in cash shortages in this Fiscal Year;

—The District Court also, holds approximately $1,680.00 in "rubber checks," the majority of which have been held for a period of time exceeding one year;

—A police investigation into a cash shortage of $7,252.12 experienced in Fiscal Year 1975 failed to provide any conclusive results of who, if anybody, could be held responsible for the shortage.

Though the District Courts have been independent of General City Government in the past, things have become so bad that the recommendations of the Finance Department are finally being accepted. Basically, the system will be one very much like that of the City Treasurer where accuracy and responsibility are by-words; under the new proposed system for the District Courts, each cashier will work with a cash register-validation machine, and their own lockable cash drawer, and each will be held accountable for all transactions processed and the corresponding cash involved.

Presently, remodeling and construction is being undertaken in the District Courts. Because the new system requires cash drawers to be built into the Court service counter, it was necessary this past week that the technical specifications necessary for installing the remote cash drawers, and cash register-validation machines be conveyed to the carpenters. Therefore, an emergency purchase order was issued, in the amout of $10,597.00 -------- communications from Purchasing Director Vaughan McKinch and Accounting Supervisor Stephen Duarte are attached. These are filed in accordance with Section 2-37(1) (a) of the Code of the City of Lansing.

Sincerely,

GERALD W GRAVES,
Mayor.

Received and placed on file.

RESOLUTIONS

By Committee on Buildings and Properties—

Resolved by the City Council of the City of Lansing:

Whereas, the lease agreement made on the 6th day of July, 1972 by and between the City of Lansing and Albert Eaton and Lela Eaton, for Suite "G" in the North Capitol Avenue Parking Ramp, more commonly known at 316 North Capitol Avenue, expires the 6th day of July, 1977; and

Whereas, the new lease agreement by and between the City of Lansing and Albert Eaton and Lela Eaton, for said Suite "G" which contains approximately 3,722 square feet, and modification in rent, has been prepared and said agreement is determined to be satisfactory,

Now, Therefore, Be It Resolved that upon approval of the new five year lease agreement by the City Attorney as to form, the Mayor and City Clerk will hereby be

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

authorized and directed to sign the lease agreement by and between the City of Lansing and Albert Eaton and Lela Eaton. (The Garage).

Adopted by the following vote:

Unanimously.

By Committee on Finance—

Resolved by the City Council of the City of Lansing:

Whereas, the Popular Arts Workshop has submitted a proposal to paint a large mural commemorating the 1976 Bicentennial Ethnic Festival, said mural to be located on the wall of the Shiawassee Street Bridge; and

Wheeras, the Lansing City Council has approved said project subject to approval of final design, choice of final site and the drafting of a contract by the City Attorney's Office in conjunction with the Department of Finance; and

Whereas, the terms and conditions of said contract have been reviewed and amended to the satisfaction of the Committee on Finance; now, therefore, be it

Resolved, that the Mayor and City Clerk be and are hereby authorized and directed to execute the contract in substantially the form attached hereto with the Popular Arts Workshop on July 6, 1977, after approval as to form by the City Attorney and certification as to the availability of funds in Account Number 101-934-065-969 by the Finance Director.

Adopted by the following vote:

Yeas: Councilmen Adado, Baker, Belen, Brenke, Gunther, Hull, McKane—7.

Nay: Councilman Blair—1.

Councilman Blair wishes his reasons for voting against this be inserted in the record:

1. He is not in favor of the mural being placed on the Shiawassee St. Bridge
2. A possibility of salt and corrosion could be damaging to the mural.
3. Vandalism and graffiti could be damaging to the mural.

By Community Development Committee—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing and the United States of America have entered into an agreement providing the City of Lansing with a Grant to plan and implement a Community Development program; and

Whereas, the City of Lansing, through the Human Resources Department and the National Council on Alcoholism/Lansing Regional Area, Inc., (PN-275), entered into a Contract on January 14, 1977 effective through June 30, 1977 for a maximum compensation not to exceed Eighteen Thousand Five Hundred Seventy and 00/100 ($18,570.00) Dollars; and

Whereas, the City of Lansing, through the Human Resources Department and the National Council on Alcoholism/Lansing Regional Area, Inc., do mutually agree to amend said Contract; and

Whereas, said Contract overstated the goals and objectives of the program; and

Whereas, said Contract Amendment will in no way increase or decrease the maximum compensation of the Contract; now, therefore, be it

Resolved, that the Mayor and City Clerk are hereby directed to sign said proposed Contract Amendment on behalf of the City of Lansing, after approval as to form by the City Attorney.

Adopted by the following vote:

Unanimously.

By Committee on Finance—

Resolved by the City Council of the City of Lansing:

Whereas, the FY 78 Data Processing General Fund Budget includes an appropriation of $15,864 in account No. 101-221-000-943 for rental of two additional spindles of disk drive storage capacity.

Now, Therefore, Be It Resolved, that the Mayor and City Clerk are authorized and are hereby directed to sign a 32 month lease agreement with Prime Computer, Inc., for the above item.

Adopted by the following vote:

Unanimously.

By Community Development Committee—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing, through the Human Resources Department, and The County of Ingham, entered into a Contract effective from July 1, 1977 through June 30, 1978 for One Hundred Sixty-Nine Thousand and 00/100 ($169,000.00) Dollars to provide a Health Services Program (PN-317); and

Whereas, the City of Lansing, through the Human Resources Department, and The County of Ingham desires to amend the Contract to increase the maximum compensation from One Hundred Sixty-Nine Thousand and 00/100 ($169,000.00) Dollars to

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

Two Hundred Thousand and 00/100 ($200,000.00) Dollars; and

Whereas, the City of Lansing, through the Human Resources Department and the County of Ingham, desires to amend the Contract, effective from July 1, 1977 through June 30, 1978, as follows:

Personnel
From $132,161.00—To $132,161.00

By Committee on Public Service and Highways—

Resolved by the City Council of the City of Lansing:

That it is hereby determined to be a matter of public health and necessity to construct sanitary sewers in Kenbrook from Logan St. to LaBelle and in Annetta from Kenbrook to Logan St., and that the construction of this improvement is hereby ordered.

And Further, that the cost of this construction is to be assessed to the benefitted property owners.

The Department of Public Service is hereby directed to prepare as far as necessary, plans and specifications for this project and it is further directed to estimate in detail the cost of said project and to furnish said information to the City Council.

Adopted by the following vote:

Yeas: Councilmen Adado, Belen, Blair, Brenke, Gunther, Hull, McaKne—7.

Nay: Councilman Baker—1.

By Public Service and Highways Committee—

Resolved by the City Council of the City of Lansing:

Whereas, Dale J. Martin, President of Martin Block Corporation has requested that a special assessment charge for storm sewers for properties which are owned by Martin Block Corporation, under 8 separate descriptions, be billed on a two year extended payment plan,

Whereas, benefitted properties are identified by Assessor's parcel numbers and charges per descriptions as follows:

3301 22 204 051	$ 600.31
3301 22 204 161	300.15
3301 22 204 171	2,100.93
3301 22 226 091	1,821.20
3301 22 226 321	465.22
3301 22 226 401	300.15
3301 22 226 411	300.15
3301 22 226 421	154.64
	$6,042.75

Now, Therefore, be it resolved that such request be granted and that the City Assessor be directed to rebill this special assessment on a two year extended payment plan with first billing in the amount of $2,014.25 be due and payable on or before August 23, 1977 without penalty or interest and,

Be It Further resolved that subsequent billings shall be made in accordance with Section 28-19 of Lansing City Code.

By Councilman Brenke and Committee on Finance—

Resolved by the City Council of the City of Lansing:

Whereas, the City Council by Resolution of May 23, 1977, resolved to support the concept for developing fishing facilities within the Grand River Watershed and indicated its intent to provide financial support to the proposed "Salmon Fishing in the Grand River Project"; and,

Whereas, the City Council by Resolution of June 20, 1977, directed the Program Coordinator to incorporate into the Public Works grant application fish ladder construction projects; and,

Whereas, it has subsequently been determined by liaison meetings with officials of DNR that the cost of fish ladder construction at the North Lansing and the Moores River dam sites will probably be totally funded by the Department of Natural Resources with the costs for the supporting facilities such as fish cleaning stations, rest room facilities, parking areas and river access points, etc., to be provided by the City of Lansing and the other governmental entities that will participate in the execution of the overall development plan to bring salmon fishing to our capital city; and,

Whereas, DNR has informed the City of Lansing that their preliminary engineering studies and designs for the execution of the plan will be completed in late July, 1977; and,

Whereas, the City of Lansing's participation in site development at the dam sites has not been definitely determined; and,

Whereas, there is a possibility that the City may be expected to participate financially on some formula basis to support either the fish ladder construction and/or additional facilities construction;

Now, Therefore, Be It Resolved that the Finance Director is directed to transfer $50,000 from the fund balance account and establish said account as a reserve account for said ladder construction and/or supportive projects should such funds be required in FY79 or FY80; and,

Be It Finally Resolved that the Program Coordinator is directed to research and advise Council on the potential for availability of funds to construct a fish ladder sculpture at the North Lansing fish ladder site similiar to the sculpture at Grand Rapids.

Adopted by the following vote:

Unanimously.

By Committees on Finance, and Parks and Recreation—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing has been informed by the Department of Natural Resources that a grant totalling $53,800 has been awarded the City of Lansing for development of Dietrich Park and the waterfront property adjacent to the Coca Cola plant; and,

Whereas, these funds are provided on a 50-50 match basis; and,

Whereas, these funds will provide for the cost of material and/or contract services for the following items:

Tree Removal	$ 500
Grading, top soil, finish & seed	15,000
Pine Planting	3,000
River Bank Clean-up	2,243
Landscaping	1,000
Pedestrian/Bike Path	4,486
Bike Path Extension	11,500
Parking Area	9,271
Engineering & Architectural Fees	3,900
Shrubbery Plantings	2,800
Miscellaneous	100
	$53,800

and,

Whereas, the total City of Lansing's match will equal $26,900 of which $5,000 has been donated by the Coca Cola Company for this project leaving a balance of $21,900 to be provided by the City of Lansing;

Now, Therefore, Be It Resolved that the City Council of the City of Lansing accepts the grant and directs the Finance Director to transfer $26,900 from Fund Balance to Account No. 101-936-810-974 to be established for the Dietrich Park; and,

Be It Finally Resolved that the Mayor and Clerk are authorized to execute agreement with the DNR and all subsequent contracts in regard to this grant.

Adopted by the following vote:

By Committee on Buildings and Properties—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing, as the prime sponsor for Urban Mass Transportation Administration Grants, UTG-15, MI-03-0028 and all previous transportation grants, was provided funds to purchase certain items for the Capital Area Transportation Authority; and,

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

Whereas, the Capital Area Transportation Authority has now assumed the responsibility for the submission and management of all grants; and,

Whereas, the Urban Mass Transportation Administration has advised the City of Lansing that in order to properly maintain all items purchased under said grants, it is advisable for the City of Lansing to adopt a resolution assigning all rights and responsibilities to all items purchased under said grants to the Capital Area Transportation Authority;

Now, Therefore, Be It Resolved that City Council of the City of Lansing authorizes the transfer of all items of equipment purchased under the cited grants to the Capital Area Transportation Authority and transfer all rights and responsibilities to said items purchased under said grants to the Capital Area Transportation Authority; and,

Be It Further Resolved that all items purchased under cited grants which are permanently attached to the Mill Street property will not be removed by CATA without the City's permission; and,

Be It Finally Resolved that the Purchasing Director is directed to prepare and execute all transfer documents as are necessary to accomplish the intent of this resolution.

ZONINGS

By Councilman Baker—

Whereas, it is deemed desirable to amend the Classification provided for in the Zoning Code of the City of Lansing, passed on the 13th day of November, 1958, in the following particulars, viz:

That property described as:

Z-17-77 — 615 W. Ionia St.,

be re-zoned from "D" Apartment District to "D-1" Professional Office District and the "Map" be changed to indicate such transfer;

Therefore, be it resolved, that the City Clerk shall give at least fifteen days notice of a Public Hearing when all persons interested may attend and make any objections they may have to such proposed changes in said Zoning Code.

Resolved further, that such hearing shall be held at the Council Chamber in the City Hall on the 25th day of July, 1977, at 7:00 o'clock p.m., and that notice of such hearing be published in the official publication of said city, as required by law.

Adopted by the following vote:

Unanimously.

By Councilman Baker—

Whereas, by petition duly filed on the 21st day of March, 1977, this council was petitioned to change the following described property from a "Community Unit Plan" District to a "Revised Community Unit Plan" District all as set forth in the Zoning Code of this city, and

Whereas, due notice as required by law has been given for a public hearing on said petition, and

Whereas, at such hearing held on the 20th day of June, 1977, all parties interested therein were heard and given due consideration, and

Whereas, the property involved is described as:

Z-11-77 — 600 Block of Kaynorth,

more particularly described as:

Lot 3 of Stoneridge Meadows, City of Lansing, Ingham County, Michigan,

from "CUP" to revised "CUP" Community Unit Plan

Whereas, pursuant to Act 207, P.A. 1921, the Planning Board advised the City Council to deny this request as filed, and further required that a revised plan be approved for not more than 54 dwelling units, provided that the required off-street parking, fencing, screening and landscaping plan is submitted to and approved by the Planning Department prior to the issuance of building permits. And further, that a revised plan be submitted in substantial conformance with the plan submitted and shall reflect all requirements of other public agencies; and

Whereas the Planning Committee of Council, to whom was referred the report of the Planning Board, did not concur therewith and recommends that the original plan as submitted, consisting of 62 dwelling units, be approved providing that a revised plan is submitted to and approved by the Planning Department reflecting the requirements of other public agencies. The revised plan shall be in substantial conformance with the original plan submitted and be submitted prior to the issuance of building permits;

Now, Therefore, Be It Resolved that the Council of the City of Lansing ordains that the petition to rezone the above described property from "CUP" to revised "CUP" Community Unit Plan be approved for 62 dwelling units; and that the clubhouse and tennis courts shall be constructed as part of the overall plan; and

Be It Further Resolved that; (1) A revised plan is submitted to and approved by the Planning Department reflecting the requirements of other public agencies. The revised plan shall be in substantial conformance with the original plan submitted and be submitted prior to the issuance of building permits, and (2) A fencing, screening and landscaping plan be submitted to and approved by the Planning Department prior to the issuance of building permits.

Adopted by the following vote:

Yeas: Councilmen Adado, Baker, Belen, Blair, Gunther, Hull, McKane—7.

Nay: Councilman Brenke—1.

By Councilman McKane—

Resolved by the City Council of the City of Lansing:

That the attached vouchers as presented by the City Controller be allowed and the City Clerk be and she is hereby authorized to draw orders on the City Treasurer for the amount allowed each claimant in the amount of $3,095,183.04.

CITY COUNCIL ROOMS

Lansing, Michigan

July 11, 1977

The City Council of the City of Lansing, Michigan, met in regular session and was called to order by Mayor Graves.

Present: Councilmen Adado, Baker, Belen, Blair, Brenke, Gunther, Hull, McKane—8.

Absent: None.

The Clerk announced that a quorum of the Council was present.

Invocation was given by Councilman Belen.

Pledge of Allegiance was given by Cindy Majorado of Walter French Jr. High School.

By Councilman Brenke—

That the Council Proceedings of June 20, 1977, be approved.

Carried.

By Councilman Blair—

That the Council Proceedings of May 16, 1977, be amended per the following opinion from the City Attorney.

Carried.

DATE: 7/5/77

TO: Councilman James Blair

FROM: Timothy W. Sanderson,
City Attorney

SUBJECT: Procedure to Amend Minutes

You may use the following procedure to amend the Council minutes:

1. At the time for approval of the minutes for May 16, 1977, request that Page 389 of the minutes be amended to reflect:

   a. That Councilman Blair requested that the voting be divided relative to the approval of the total tax rate to be assessed and the approval of the city budget; not that the question of the total tax rate be divided into the

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

tax rate for bonded indebtedness and the tax rate for general budget purposes of the city;

b. That his question was misunderstood by the Mayor and the City Attorney; and

c. That the City Attorney later ruled that division of the question to separate the vote on the approval of the city budget from the vote on the total tax rate was permissable under the Charter.

2. If the Chair (Mayor) refuses to accept the amendments, move that the minutes be amended to reflect the above changes (five votes needed).

3. Move for approval of the minutes as amended.

STEPHEN R. SAWYER,
Chief Assistant City Attorney.

By Councilman Blair—

That the Council Proceedings of May 16, 1977 be approved as amended.

Carried.

Lansing, Michigan 48933

Gentlemen:

Re: Kahres Property—South Lansing

In 1962, the City acquired a four acre parcel south of Miller Road, between Pennsylvania and Washington. It was the original intent that when residential development of the area took place this property would be developed, along with an adjacent parcel, into a combination school/park site. The Lansing School District has since abandoned any plans for the development of a school in that location. The Kahres property remains isolated from the existing development, and is not used for recreational purposes.

The Public Service Department's consultant engineer has determined that the Edgewood Boulevard extension will bisect the Kahres property. Once Edgewood is completed, there will be residential development in the area, and the need for neighborhood open space would justify the development of Kahres Park. Obviously, the land purchased in 1962 will not be suited for meeting this recreational need.

The Neller Company has approached the Parks and Recreation Department with a proposal for an exchange of land which would require the City disposing of the four acre Kahres site, and receiving in exchange four acres located less than 260 feet north of the current park holding. By executing such an exchange, the City would retain its open space holdings in the area.

The Park Board considered this matter at their June meeting and is recommending that exchange be considered by City Council in accordance with the provisions defined in the Lansing City Charter.

Thank you.

Sincerely,

DOUGLAS FINLEY,
Director.

Re: North Washington Pedestrian Mall

Gentlemen:

Department staff, along with contractors responsible for development of the North Washington Pedestrian Mall, have completed their study of problems in the operation of the lighting and sprinkler systems, the fountains, cement and brick work, drinking fountains, and plant material. I am providing herein a general statement relative to each of these problem areas, along with the recommended method of solving each problem.

Ground Lights

Currently 90 of the 130 small lights installed in the Mall (shining up on trees and walls) are out of service. The principal cause for malfunction is the filling of the unit with water resulting from rain, sprinkling, and/or condensation. The costs for replacement of all non-working units is estimated at $17,000. Following replacement, the Department would establish a maintenance schedule for the weekly vacuuming of water out of each unit. Lights would have to be re-sealed after each cleaning. This process will increase our general labor need for mall maintenance.

Fountains

The fountains in each of the three blocks have been drained because of problems in the electrical system becoming filled with water and creating the potential for injury.

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

The City Electrical Inspector has stated that when the system was installed it met required code, but under current standards is considered dangerous. An electrical contractor is working on the fountain in block number 2 (the least expensive) to determine the best route for making the unit both operational and safe. Fountains in block number 1 and number 3 will be done if the system currently being installed in block 2 is approved by the electrical inspector. The cost of these is estimated at $1,500.

The lights on the fountain in the 100 block are functional, and will be reinstalled when the overall electrical problem is solved. The lights will be mounted underneath the cone, out of the water.

Following complete repair of all three fountains, a service contract should be entered into for the purpose of winterizing the units, and putting them back in operation in the spring.

Sprinkler System

The sprinkling system for all planter bed material is operated by electrical units located in pits in the planter beds themselves. Water from the sprinkling system drains down into each of these pits and has caused a maulfunction in the electrical system. The cost to relocate the panels (out of the pit) onto a pedestal, along with the repair or replacement of the unit itself, is estimated at $1,100. The contractor responsible for the original installation (as specified by the architect) has examined this system and advised us of the desirability of proceeding in this general direction.

Drinking Fountains

Four of the six drinking fountains on the Mall are currently not in operation. The Board of Water and Light installed the water lines from the main to the control valve, with a contractor responsible for installation from the valve to the fountain. There is a malfunction in the valve and is scheduled for repair by the Board of Water and Light. Accessibility to this valve may be a problem and could require the removal of some concrete to make required repairs.

Plant Material

Currently all the plant material on the mall is alive, although in need of weeding, and general trimming to maintain proper scale. There are trees in the one hundred block which are not healthy, probably the result of being planted over a steam line. Original trees planted in these locations died and insulating of the planter pits was done prior to replanting those locations. The general death rate of trees on the Washington Mall does not exceed that we are experiencing on street trees in other locations in the city. Funds are available in appropriate accounts to cover the cost of necessary replacements.

Tree Irrigation

The original design and construction of the Mall included under water "bubbler" for all Mall trees. This unit was not dependable and was in fact contributing to the high mortality rate experienced during the first two years. The Department has quit using this bubbler system in favor of surface watering which is more time consuming than the bubbler, but also more dependable.

Cement and Brick Surface

Currently in the 1977-78 operating budget are funds for the replacement of broken brick tile, damaged cement, and the sealing of joints currently needed.

In addition to the above defined problems, there are both general manpower needs and specialized equipment needs. The addition of CETA personnel to the Department will assist us in obtaining the high level of appearance expected for the mall area. Repair or the replacement of existing maintenance equipment is currently being studied.

Thank you.

Sincerely,

DOUGLAS FINLEY,
Director.

July 8, 1977

Honorable Mayor Pro-Tem and Members

of the Lansing City Council

City Hall

Lansing, Michigan 48933

Dear Mayor Pro-Tem

and Council Members:

The following is an excerpt from my State of the City Message dated Monday, January 10, 1977:

"On June 11 of 1976, following meetings with General Motors officials, I announced that a multi-million dollar expansion—modernization program would take place at Fisher Body and at Oldsmobile, hopefully to be completed over a 3 to 5 year period; that the plans for Fisher Body called for more than 500,000 square feet of new, or modernized facilities, and the demolishing of almost 250,000 square feet of buildings, some more than 50 years old; that the Fisher Body plans included a new paint shop, body shop, upholstery trim area, seat cushion facility, and improved employee accommodations; that the proposed facilities would equate to one-third the size of the whole Diamond Reo Plant, and substantially larger than the John Bean Building; and with a projected employment increase of 600-800 positions.

Planned improvements announced for Oldsmobile included the complete installation of assembly conveyors and equipment in a previously erected building at Main Plant Final Assembly Complex, plus an improved materials handling system, enlarged plant yard space to accommodate materials storage, new marshalling area for finished vehicles, improved truck and rail receiving facilities, and the demolishing of several older buildings, to be followed by the construction of new ones.

On June 21, 1976, a request that a Plant Rehabilitation District be established for both projects was officially before you, based on the State Act and Guide I forwarded to City Council in a communication of September 6, 1974. To date, you have not approved either request, even though a $9,000,000 Building Permit has been requested by Fisher Body from the City's Building Department. Directly before you are a real significant number of jobs — some of these wil be permanent, when the projects are completed, and some on a 3 to 5 year temporary basis during the period of demolition, and then reconstruction and construction — the first to be employed, will be construction workers, who are presently 30 to 40 percent unemployed. Directly before you is a giant commitment of new and expanded facilities, which is an assurance of improvement and permanence of our overall employment positions, and a substantial gain in the income tax base."

I recommend your immediate attention to the long delay in your decision making process, inasmuch as you had the aforementioned projects for just short of 7 months. You did not act until June 14, 1977, and more than one year after you had received the Oldsmobile and Fisher Body requests. Your decision was not to grant a 100% tax abatement to Fisher Body and a 50% tax abatement to Oldsmobile—I am not chiding you for turning down the requests since it is your prerogative to make policy decisions. However, I feel that it is absurd to take more than one year to make a decision on an important matter which can have an affect on the City of Lansing and positions of employment for many years to come.

With sincere hopes that the log-jam created by City Council over the Oldsmobile-Fisher Body requests can be broken, I am submitting to you two sets of tax abatement resolutions for your consideration. Each set provides for a partial tax abatement for the construction now underway at Fisher Body and Oldsmobile. Unlike the full tax abatement requested by Fisher Body and Oldsmobile, and unlike the one to provide 100% tax abatement to Fisher Body and 50% for Oldsmobile recently defeated by you, Plan A calls for a 50% tax abatement for Fisher Body and a 50% tax abatement for Oldsmobile. Plan B calls for a 60% tax abatement for Fisher Body and 50% for Oldsmobile.

Under Plan A, the tax increases over a 12 year period for the General Motors expansion, now underway, would amount to $7,749,051, while the tax abatement for the same period would equal a like amount. The tax gains to the local taxing district, over the 12 year period, would provide an additional $2,702,994 to the City of Lansing, $1,707,896 to the Lansing School District, $505,782 to Lansing Community College, and $2,832,379 to Ingham County.

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

Plan B provides for tax increases to Fisher Body and Oldsmobile, over a 12 year period, in an amount of $6,442,543, while tax abatement over the same period would amount to $9,055,560. The tax gains to the local taxing district, over the same period, under this plan would provide an additional $2,323,525 to the City of Lansing, $1,507,488 to the Lansing School District, $446,432 to Lansing Community College and $2,500,022 to Ingham County.

Under either of these plans, everyone gains and everyone sacrifices. At the same time, we can carry out an attempt to compete with those states in the so-called sunshine belt, which have for years been literally stealing industries from the midwest and the northeast parts of the Nation.

In regard to the aforementioned, I refer you to my State of the City Message of January 2, 1973, which called for property tax reform. The following is an excerpt:

"It would be unrealistic to believe that any new tax reform proposals do not contain inequities — even present ones do. There may be some within my proposal. The fact is that it can be administered — the fact is that no city, school district, community college or county will lose any of its present tax base. This proposal will require a slight decrease in tax revenues generated by new construction, or improvements, for several years, but a gain of 4% increase attributable to the ever present inflationary factor will still be present each year. This proposal should be considered an investment by local units of government — an investment in the future — and, I might add, an investment we must not hesitate to make. It will be an incentive to people. Too, many Southern states such as South Carolina, Arkansas, Louisiana and Mississippi presently have some form of tax incentive to attract and hold expanding industry — a recently completed survey shows that Michigan lost 35,508 jobs from late 1970 through early 1972, so it is time to recognize that industry, too, needs similar incentives to remain and expand here in our own State."

To add to the above statistics, it is shuddering to note that hundreds of industries from the State of Michigan departed to the south between the years of 1966 and the present. The attached news clip taken from Plant Location magazine, March-April, 1977, and furnished by the Lansing Metropolitan Development Authority, will give you an additional insight into what is transpiring. The net result is that it becomes harder and harder to locate new manufacturing plants in the midwest and northeast part of the United States. The relocating of industries, in itself, brings heartaches to families who must separate through relocation, and if relocation does not take place, an enmployee must scramble about to find a new position of employment if such is available. With this, comes mental anguish, loss of retirement credits, seniority, etc.

The acceptance of either one of these plans will go a long way to tell industries around the Nation that we are interested in positions of employment and the location of new plants in the City of Lansing. The acceptance of either one of these plans will tell the taxpayers, and the taxing districts that they will not lose any of the tax base presently being used, but that the gain will be at a lesser pace for property purposes.

The Finance Department has advised that under either plan that if all of the assumptions, as earlier presented to you by the Planning Department, do materialize, the financial gain to our community will equate to approximately $14 to $16 million. Let us suppose, however, that only some of the assumptions materialize, the financial gain is still substantial.

Regarding all of the aforementioned, the City Attorney has advised that the City of Lansing and General Motors cannot negotiate a rate of less than 100% on the Fisher Body Rehabilitation District. However, General Motors can apply for an exemption for all, or any part, of the rehabilitation district. In short, should you act on Plan A or B, General Motors could apply for a certificate up to that percentage, or that percentage would be held as the maximum by the State Tax Commission. Too, I am confident that the language inserted in the resolutions will be acceptable to the tax tribunal.

Sincerely,

GERALD W. GRAVES,
Mayor.

Referred to Committee of the Whole.

RESOLUTIONS

By Committee on Public Service and Highways—

Resolved by the City Council of the City of Lansing:

Resolved by the City Council of the City of Lansing:

Whereas, the people of Michigan are proud to observe July 16-24, 1977, as Space Exploration Week and commemorate the great scientific achievements of America's space program, as well as the pioneer spirit of adventure which it symbolizes; and

Whereas, from the successful flight of Explorer I, nineteen years ago, to the Viking landings on Mars, and the search for life beyond earth, America's unmanned space projects have brought improved communications, weather forecasting, and a wealth of scientific information to all peoples of the world; and

Whereas, America's manned space flight projects have been equally successful as a triumph of our technology. Mercury, Gemini, Apollo, and Skylab have fired our imagination with space walks, lunar landings, and space rendezvous. Clearly, these missions into the unknown of our universe have been equally exciting and beneficial as the travels of Marco Polo, the voyages of Columbus, and the flight of Lindbergh; and

Whereas, as a pioneer people who explored and conquered the wilderness of the continent, we look to the vast reaches of space as a challenge for human ingenuity and courage and as an opportunity to proclaim the benefits of freedom for the entire universe; and

Whereas, astronauts Roger B. Chaffee, Edward White and Virgil Grisson on January 27, 1967, gave their lives in this endeavor;

Now, Therefore, Be It Resolved that the Mayor and the Lansing City Council do hereby urge the citizens of Lansing to celebrate July 16-24, 1977, as Space Exploration Week; and

Be It Further Resolved that a copy of this resolution be transmitted to the National Aeronautics and Space Administration and to the Michigan Space Center at Jackson, Michigan, where space exhibits are on display.

By Committee on Public Safety—

Resolved by the City Council of the City of Lansing:

Whereas, the annual registration (licensing) of bicycles is primarily voluntary with an estimated complying owner population of only 10%; and

Whereas, the record keeping and impounding provisions of the present bicycle ordinance are cumbersome to administer; and

Whereas, bicycle safety education is not given proper emphasis nor are there funds specifically appropriated for use in this area; and

Whereas, the Lansing City Council shares the administration and enforcement concerns of the Lansing Police and Fire Departments regarding bicycle thefts, registration and safety education;

Now, Therefore, Be It Resolved that the City Council hereby appoints a Special Task Force consisting of:

Louis Adado, Chairman of the Public Safety Committee and Lucile Belen, Chairman of Ordinance and Contracts and City Affairs Committee as Co-Chairman, Representatives of the Lansing Police, Fire and other interested City Departments; and

Be It Further Resolved that the task force solicit cooperation and participation from

The Greater Lansing Safety Council, Probate Court — Juvenile Section, City of East Lansing, Michigan State University, Area Bicycle Dealers, and Area Bicycle Clubs and Enthusiasts; and

Be It Further Resolved that the task force explore the feasibility of a Greater Lansing Area bicycle licsene-one time purchase-with all revenues derived from the bicycle ordinance to be used in its administration with special emphasis given to bicycle safety education, and

Be It Finally Resolved that the special task force develop a workable bicycle program to be implemented May 1, 1978.

Unanimously.

By Personnel Committee—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing on March 2, 1977, entered into agreement with the Lansing Tri-County Regional Manpower Consortium, contracts numbered 889.32 and 889.33, to provide for the delivery of Manpower services under Title I of the Comprehensive Employment and Training Act (CETA) of 1973, as amended; and

Whereas, residual monies have accumulated in these contracts as a result of absences and of delays in filling and refilling participant positions; and

Whereas, the cost per physical exam and the July 1, 1977 pay rates for administrative and service personnel have increased beyond the original estimates budgeted; and

Whereas, the said contracts have been modified to recapture and rebudget residual funds in order to provide for the increases in wages and the cost of physical examinations with the remaining residual monies being budgeted to expand the participant level;

Now Therefore Be It Resolved, that Council authorize the Mayor and City Clerk to sign the modifications to said contracts after certification by the Finance Director and approval by the City Attorney as to form.

Adopted by the following vote:

Unanimously.

By Personnel Committee—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing's work experience contract numbered 889.32 and 889.33 with the Lansing Tri-County Regional Manpower Consortium to provide for the delivery of Manpower services under Title I of the Comprehensive Empolyment and Training Act of 1973, as amended, are scheduled to expire on September 30, 1977; and

Whereas, total estimated funds available to the Lansing Tri-County Regional Manpower Consortium for Title I programs in Fiscal Year 1978 amount to $3,928,495; and

Whereas, these funds will be awarded to eligible agencies on a competitive basis; and

Whereas, the City of Lansing is eligible to receive CETA Title I funds; and

Whereas, the Lansing Manpower Administration office has prepared the following proposals for CETA Title I funding in the amounts indicated for Fiscal Year 1978:

On-the-Job Training	$148,166
Work Experience (Placement Oriented)	$441,760
Total	$589,926;

and

Whereas, the implementation and operation of the CETA Title I programs pro-

posed, if selected for funding, would result in no direct cost to the City;

Now Therefore Be It Resolved, that City Council approve the submission of said CETA Title I proposals and authorize the Mayor to sign them.

Adopted by the following vote:

Unanimously.

By Councilman Belen—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing has been informed by the Department of Housing and Urban Development that the City's Community Development Block Grant Application for the Third Program Year has been approved in the amount of $6,196,000; and

Whereas, the Department of Housing and Urban Development has submitted Form 7082 with the Standard Grant Agreement to be signed by the City's authorized official;

Now, Therefore Be It Resolved that the Mayor is hereby directed to sign said Contract on behalf of the City of Lansing, after approval as to form by the City Attorney.

Adopted by the following vote:

Unanimously.

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

Whereas, the Lansing City Council is advised by the Municipal Development Team that the Board of Water and Light is currently undertaking a study of the steam supply situation;

Now Therefore Be It Resolved, by the City Council of the City of Lansing that the Board of Water and Light, its General Manager and staff be and are hereby notified that the Lansing City Council encourages the continuation and expansion of steam service in the Central Business District in order to promote and expand the development of that area; and

Be It Further Resolved, that the Chairman of the Municipal Development Team is hereby authorized and directed to forward a copy of this resolution to the Secretary of the Board of Water and Light and its General Manager.

Councilman Baker returned to the session.

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

Whereas, on March 10, 1977, a proposal to purchase and redevelop Parcel 7, Urban Renewal Project No. 2, Mich. A-6 was submitted to the City of Lansing by F/S Development Company; and

Whereas, in accordance with a resolution adopted by the Lansing City Council on April 4, 1977 the Municipal Development Team did review said proposal and submit its recommendations thereon to the Lansing City Council on May 31, 1977; and

Whereas, a public hearing on this proposed sale of land was held by the Lansing City Council on June 20, 1977; and

Whereas, it appears that the feasibility of developing market rate rental units is very questionable and may, in fact, prove to be unfeasible; and

Whereas, it is the desire of the Lansing City Council that the subject property be developed with the maximum feasible number of market rate rental units;

Resolved That, the F/S Development Company is requested to submit, within ninety (90) days of the approval of this resolution, a revised development proposal which shall include a site plan, proposed unit mix and density and a financial breakdown which shall include proposed rents, development costs and operating expenses, and which shall include, and be based upon, evidence of project feasibility and marketability; and

Be It Further Resolved That, such evidence of feasibiliy and marketability shall include, but not be limited to, FHA site and market analysis (SAMA) or its equivalent, and an indication of availability of mortgage insurance and/or other sources of financing; and

Be It further resolved That if, as a result of this revised development proposal, the City of Lansing, upon the advice of the Municipal Development Team, determines that the development of market-rate housing units on this site is not currently feasible, the F/S Development Company shall be allowed to develop a portion of the site for elderly housing with the balance of the site to be held for market rate development when feasible, or for the development of additional housing units, with such alternate development schemes subject to the approval of the City of Lansing; and

Be It Further Resolved That, the City Attorney and the Housing and Redevelopment Director are hereby authorized and directed to revise the proposed contract for sale of land between the City of Lansing and F/S Development Company, to incorporate the intent of this resolution as approved by Lansing City Council; and

Be It Finally Resolved That, it is the intent of the City Council of the City of Lansing to enter into a contract with the

F/S Development Company for the sale of Parcel 7, Urban Renewal No. 2 for the purpose of developing a mix of elderly (subsidized) and market-rate (non-subsidized) housing units in accordance with the terms of this resolution.

By Councilman Baker—

That the resolution be amended as follows:

That in the 6th paragraph in the 1st line after the word "THAT" delete "the F/S" and that the capitol "D" in development be placed in lower case and that the "C" in Company be set in lower case and that the word "company" be changed to "companies" and that the word "is" following company be changed to "are"; and that in paragraph 8—line 4 delete the F/S and all of line 5 and line 6 through "of" and that after the word "site" insert the word "is" and in the last line delete the word "and" and delete the last two paragraphs.

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

Whereas, a proposal to purchase and redevelop Parcel 7 of Urban Renewal Project No. 2, Mich. A-6, has been received by the City of Lansing from F/S Development Company; and

Whereas, F/S Development Company did request that the City of Lansing provide tax abatement as an incentive for the development of the subject property; and

Whereas, after consultation with the City Attorney and the City Assessor, the Municipal Development Team has advised that Section 29-3 and 29-4 of the Code of Ordinances of the City of Lansing only provide tax abatement for units occupied by the elderly to the same extent and degree as is currently provided under the income approach of assessment utilized for market rate, or luxury, rental units, as mandated by the Michigan Tax Tribunal;

Now, Therefore, Be It Resolved, by the City Council of the City of Lansing that it is the policy of the City of Lansing that true tax abatement should be provided to developments constructed for elderly and other needy occupants as determined by Lansing City Council; and

Be It Further Resolved, by the City Council of the City of Lansing that the Council Committee on Ordinances and Contracts and City Affairs, and the City Attorney, City Assessor and City Planning Director be and are hereby authorized and directed to prepare an ordinance amending the Code of Ordinances of the City of Lansing to provide tax abatement to developments constructed for elderly and other needy occupants as determined by Lansing City Council in accordance with Public Act 334 of 1968.

By Councilman Richard Baker—

Resolved by the City Council of the City of Lansing:

Whereas, paraplegic, quadraplegic and hemiplegic persons are allowed an additional personal income tax exemption from the Michigan state income tax on account of their disabilities; and

Whereas, no such additional personal exemption from the Lansing city income tax is presently available for paraplegic, quadraplegic and hemiplegic persons; and

Whereas, an additional personal exemption for city income tax for paraplegic, quadraplegic and hemiplegic persons is justified in view of increased expenses and difficulties of life and work caused by their disabilities; and

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

Whereas, the City of Lansing is prohibited by the state statute empowering it to impose a city income tax from providing for an additional personal exemption from city income tax for paraplegics, quadraplegics and hemiplegics; now, therefore, be it

Resolved, that the City of Lansing hereby urges the state legislature to amend the City Income Tax Act, 1964 PA 284 [MCLA 141.501 et seq; MSA 5.3194(1) et seq] so as to allow Lansing and other cities which desire to provide additional personal exemptions for city income taxes for paraplegics, guadraplegics and hemiplegics to amend their respective city income tax ordinances to provide a personal income tax exemption in addition to all other personal exemptions for persons who are paraplegic, quadraplegic or hemiplegic; and be it

Futher Resolved, that the City Clerk be and is hereby directed to send a copy of this resolution to the Michigan State Senate, the Michigan State House of Representatives, the Michigan Municipal League, and, additionally, to each State Representative and State Senator any part of whose district lies within the city limits of the City of Lansing.

ORDINANCE NO. 461

AN ORDINANCE OF THE CITY OF LANSING, MICHIGAN, PROVIDING THAT THE CODE OF ORDINANCES, CITY OF LANSING, MICHIGAN, BE AMENDED BY REVISING SECTION 7-2 OF SAID CODE.

The City of Lansing Ordains:

Section 1. That the Code of Ordinances of the City of Lansing, Michigan, be amended by revising Section 7-2 of said Code to read as follows:

Sec. 7-2. **License—Required, fee; bond; exceptions from provisions.**

No person shall sell or offer for sale, at public auction, or cause or permit to be sold or disposed of, in the city at public auction, any goods, wares, merchandise, or personal property (no matter whether the same is their own property or the property of some other person,) without first obtaining from the city clerk a license to conduct such sale, and unless such sale shall be made by an auctioneer licensed under this chapter. The city clerk is authorized to issue annual licenses to any proper person to be an auctioneer upon paying into the city treasury the sum of twenty-five dollars and executing a bond in the penal sum of five hundred dollars with surety or sureties to be approved by the city council, conditioned upon the faithful observance of this chapter and payment of any damages occasioned by his negligence or deceit at any auction conducted by him in the city. This chapter shall not apply to the selling of property under legal process or under mortgage or order of any court nor shall this chapter apply to any person acting as an auctioneer for a charitable corporation, organization or association provided that none of the proceeds of such sale accrue to the private benefit of such auctioneer or to any officer, director, agent or employee of such charitable corporation, organization or association.

Section 2. This ordinance shall take effect thirty (30) days after its adoption unless made immediately effective by the City Council.

Section 3. All ordinances or parts of ordinances inconsistent with the provisions hereof are hereby repealed.

Mr. Hoffman read the following:

General Motors Corporation, as a result of discussions with Councilman Terry J. McKane and other Councilmen, hereby wishes to announce the following general statements:

General Motors Corporation hereby announces its intent to work in a spirit of cooperative creative partnership with the City of Lansing as Lansing develops its intermediate and long-range plans for civic improvement and growth in the capital city. And General Motors affirms its intent to comply with Environmental Protection Agency standards and regulations as they may pertain to General Motors facilities within the city.

In fulfillment of creating a more cooperative creative partnership General Motors Corporation plans to:

1. The Plant City Committee which is currently comprised of representatives form Oldsmobile, Fisher Body and General Motors Parts Division plants will initiate action to insure that there is ongoing communications with Lansing City Hall (elected and appointed officials) and the members of the Lansing legislative caucus.

2. Inform the citizens of the area of the programs, projects and activities that are supported and funded through the auspices of the Plant City Committee.

3. Explore the possibility of becoming more actively involved in providing planning and the executive leadership to projects and/or programs that impact upon the citizens of Lansing, the region and General Motors employees.

4. Work with the City on the development of downtown Lansing, Capitol Commons, Capitol Complex, the improvement and provision for potential industrial sites.

5. Work with City Council, the Mayor and appropriate departments on plans for expansion of GM facilities.

6. Cooperate with the Council, the Planning Department and the Traffic Department on a feasibility study to determine the need and location for a permanent truck route between Oldsmobile and Fisher Body.

7. Work closely with the Council, Mayor and appropriate departments on the planning and implementation of River

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

Island beautification projects on or adjoining Oldsmobile property.

8. Work closely with the Lansing school superintendent and his staff on the planning and implementation of innovative classroom instructional programs pertaining to the design and manufacture of automobiles and related job fields.

9. Assist in the planning and development of a transportation museum in the City of Lansing.

10. Give serious consideration to the reinstitution of plant tours for the public upon completion of the current expansion projects.

General Motors Corporation in regard to improving the environment in and around its facilities will initiate dialogue with community organizations and will provide individual citizens with a means to communicate directly with GM regarding environmental problems.

Finally, in regard to reviewing procedures available to the city under Act 198, General Motors will provide to the City of Lansing basic data reflecting the increase in employment and financial investment since commencement of improvements in the projects for which tax abatement is being provided.

PHILIP A. HOFFMAN,
Manager of Special Tax
Projects, General Motors
Corporation.

Councilman Baker read the following statement and asked that it be made a part of the record.

July 11, 1977

City Council tonight voted a tax abatement for GM. It was a vote I could not support for many reasons. And while I applaud Mr. McKane's efforts, I cannot support the abatement as approved.

P.A. 198 was designed to give incentives for businesses to locate or expand in Michigan. It was intended to attract new business with tax breaks and help already established companies expand by reducing their taxes for a period of time. It was not meant to be a reward for finishing a project that was started three years ago, or a gift to the City's largest employer. A legitimate use of the incentive would be in persuading GM to locate its Diesel plant here by promising a tax abatement district.

The price of this tax abatement is too high for the possible return. Even if the economy remains strong and jobs materialize we have no guarantee that the residents of Lansing and Ingham County, the people who are providing the subsidies, will be rewarded by being hired for the newly created jobs. When the question of reserving a proportion of the new jobs for Lansing citizens was raised, GM officials said it couldn't be done and predicted lawsuits. In Cleveland, an area reputed to have a good business climate and an area that has been successful in attracting new businesses, 50% of all jobs created by tax abatement must go to residents of Cleveland. To date, there have been no lawsuits.

It is useful to look at what GM is doing at a plant in the area to get an idea about what may be in store for Lansing. Last week, 29 employees were laid off at their parts plant in Delta Township because GM moved 29 high seniority employees from a recently phased down plant in Flint. Indications are that more will be coming from Flint and possibly as many as 200 from a parts plant that is reducing operations in West Virginia. At the same time, GM applied for a plant rehab district from Delta for this parts plant. Not only are they bumping local workers out of their jobs, but they are asking local subsidies to do it.

Oldsmobile and Fisher Body have operated in our community for many years, taking advantage of a well trained industrial workforce, some of the lowest water and electric rates in the state and a pleasant city in which to operate. However, GM has done much to destroy several of Lansing's established neighborhoods. Thousands of tons of pollutants pour out of Fisher Body into West Side neighborhoods. They've refused to meet the Federal Environmental Protection Agency's guidelines. EPA is currently going to court to gain compliance with Federal clean air standards. GM has refused to obey the law on pollution control.

The Olds Freeway was located north of the river to allow room for Oldsmobile expansion. In the process a viable neighborhood was destroyed. The Birch bridge was built around Olds instead of over to accommodate GM. It resulted in the isolation of hundreds of people in the Logan-Birch triangle. Those people were subsequently relocated and another neighborhood was destroyed.

In return, Lansing has received a place for its citizens to work and little else. Large corporations in other cities have foundations that work with local citizens and officials to improve the quality of life in their town, Upjohn in Kalamazoo, Kellogg in Battle Creek, Consumers Power in Jackson. Stroh's and Hudson's in Detroit sponsor and pay for that city's Fourth of July fireworks. Many foundations do such things as provide money for parks, fountains, upgrading zoos, museums and other civic improvements. Oldsmobile and Fisher have done very little of this. Hopefully, this experience has convinced GM that they must participate in Lansing as a community.

Government has the responsibility to look after the interests of all the people. To paraphrase an old saying: "What's good for GM is not necessarily good for Lansing."

City Council can be proud of the way this tax abatement question was handled.

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

We took a long thoughtful look at the question and in the process reduced the cost to the citizens of Lansing. Mayor Graves, in his State of the City message in January, urged Council to pass the abatement district proposal giving GM $35 to $70 million in tax breaks, 18 to 35 million of which would have been taxes never collected by Lansing area governments and their citizens. Instead, Council persevered: we asked questions, we investigated. Some of us came to the realization that what GM was asking for was not an incentive but a gift.

The compromise resolution means Lansing will collect from $3 to $6 million more than under the original proposal that some were so anxious to push through. This money can and will be used to improve services to all Lansing's residents.

I would like to thank City Council members for their time and patience researching and studying this proposal so a decision could be made on facts; City Assessor Paul Creevy and Finance Director James Dowsett for their help with figures and Ed Vogt for his useful input.

Now is a good time for Oldsmobile and Fisher Body executives and City officials to get together to find ways for GM to play a meaningful part in the total life of the community, and that it follows through on the commitments it made tonight.

Resolved by the City Council of the City of Lansing:

Whereas: J. E. Mitchell, "Mitch," an active member in the trade union field since 1946, has retired from his post as Financial Secretary of Local 724; and

Whereas: A native of the State of Tennessee, "Mitch" moved to Lansing to establish a long and impressive career in union activities, beginning after he first became employed with Melling Forge Company wherein he was elected to serve as a UAW steward; and

Whereas: In 1949 he was elected as committeeman, a post he held for 16 years, the last five serving as chairman of the bargaining committee and chairman of his unit. During this period, he served Local 724 in many capacities which included trustee and recording secretary; and

Whereas: In 1965 "Mitch" was elected financial secretary of the local and continued to be re-elected to that post until his retirement; and

Whereas: His commitment to the Labor Movement has been exemplified in the many roles he has played as president of the Lansing Labor News, president of the Capitol Area UAW CAP Council, Michigan UAW General Board member, chairman of several UAW Annual Labor Day Rallies, and as delegate to UAW Constitutional Conventions; and

Whereas: All of Mr. Mitchell's contributions did not center around union activities. He has served his community unselfishly through exerting much time and effort toward the Capital Area United Way campaigns, the Lansing Cooperative Society and through voicing the opinions of his community by serving as precinct delegate to Democratic Party Conventions;

Now, Therefore, Be It Resolved that on behalf of the citizens of Lansing, the Lansing City Council takes great pride in honoring J. E. Mitchell, a man of outstanding character who has devoted much of his life toward the betterment of this community through his selfless contributions in union and civic affairs; and

Be It Finally Resolved that as a show of appreciation and gratitude, the Mayor and City Council of the City of Lansing affix their signatures to a copy of this resolution and present it to Mr. J. E. Mitchell.

Re: Claim of Mrs. Thomas DeChelbor in the amount of $71.04

Dear Mayor and Council:

This is a claim from Mrs. Thomas DeChelbor of Lansing, Michigan for damage to the right rear tire of her automobile allegedly caused by the improper installation and maintenance of a storm drain on Grand River near Massachusetts Street.

The maintenance of storm drains is generally considered to be within the general maintenance of roadways and highways.

MCLA 691.1403; MSA 3.996 (103) states in pertinent part:

"No governmental agency is liable for injuries or damages caused by defective highways unless the governmental agency knew, or in the exercise of reasonable diligence should have known, of the existence of the defect and had a reasonable time to repair the defect before the injury took place. . . ."

Mr. Robert Backus, Director of the Public Service Department, has advised that his office had received no previous knowledge of the defective drain covering. He did state however that inspection revealed that a piece of concrete was broken out beside the catch basin. Mr. Backus further related that in his opinion it was questionable as to whether a tire could be damaged by the current state of disrepair.

Based on the aforementioned facts and statutory authority, it is the opinion of this office that there is no evidence indicating that the City knew or should have known of the defective condition of the roadway prior to the alleged damage or that the City was negligent. Therefore, it is the opinion of this office that the claim of Mrs. Thomas DeChelbor be denied.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

Re: Claim of Cheryl J. Chastain in the amount of $49.40

Dear Mayor and Council:

This is a claim from Cheryl J. Chastin, Lansing, Michigan, for $49.40 to cover damage done to her vehicle by a gate at the Civic Center on June 9, 1977.

The Manager of the Civic Center has informed this office that he has had periodic difficulties with the gates at the Civic Center which have resulted in damage to vehicles entering or leaving the Civic Center parking lot.

It has been the consistent recommendation of this office and the policy of the Council to accept and pay claims for damages done to vehicles by the Civic Center lot gates since the City has had prior notice of the situation with the result that the defense of governmental immunity would not be available.

Mr. Sazani has a documented complaint from Ms. Chastain for the damage, Therefore, it is the opinion of this office that her claim for $49.40 be paid.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

Re: Claim of Rosalie Dodge in the amount of $45.40

Dear Mayor and Council:

This is a claim from Rosalie Dodge for damage to the rear of her car caused by the unexpected dropping of a gate at the Civic Center. Ms. Dodge has procurred an estimate of $45.40 for the repairs to the back of her new car.

The Manager of the Civic Center has informed this office that he has had periodic difficulties with the gates at the Civic Center which have resulted in damage to various vehicles. He also related that he does have a documented complaint from Ms. Dodge on the matter.

It has been the consistent recommendation of this office and the policy of the Council to accept and pay claims for damages done to vehicles by the Civic Cneter lot gates since the City has had prior notice of the situation with the result that the defense of governmental immunity would not be available.

Therefore, it is the opinion of this office that the claim of Ms. Dodge be paid.

Re: Claim of Ronald L. Preston in the amount of $40.00

Dear Mayor and Council:

This is a claim from Ronald L. Preston, Lansing, Michigan, for damage to his automobile by a Civic Center gate. This damage has been estimated by Shaheen Chevrolet to be in the amount of $40.00.

Mr. Sazani, Manager of the Civic Center, has informed this office that he has had periodic difficulties with the gates in the Civic Center parking lot resulting in damage to vehicles entering and leaving the Civic Center parking lot.

It has been the consistent recommendation of this office and the policy of the Council to accept and pay claims for damages done to vehicles by the Civic Center lot gates since the City has had prior notice of the situation with the result that the defense of governmental immunity would not be available.

Mr. Sazani does have a documented complaint from Mr. Preston for the damage to his car. Therefore, it is the opinion of this office that Mr. Preston's claim be paid.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

By Councilman Adado—

That we concur in the recommendation of the City Attorney and the City Clerk be and she is hereby directed to draw a warrant on the City Treasurer in the amount of $40.00 payable to Ronald L. Preston.

Dear Mayor and Council:

Attached please find a claim by Mercy Ambulance Service for the transportation of Leonard Arnold to New Riverside Hospital on June 27, 1977.

The indigent in need of the ambulance service does not have insurance to cover the service. Pursuant to Court order the City is responsible for the transportation of an indigent.

Therefore, it is the opinion of this office that the claim in the amount of $66.25 for the transportation of Leonard Arnold to New Riverside Hospital in Dimondale on June 27, 1977 be authorized.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

Re: Request for authority to institute eminent domain proceedings

Dear Mayor and Council:

This office has reviewed the status of negotiations on the following unacquired real property with the Department of Housing and Redevelopment within NDA Area No. 1, located at 214 Huron Street, described as:

Lot 3, Block 3, Kempf's Addition, City of Lansing, Ingham County, Michigan.

The Department of Housing and Redevelopment has been unable to negotiate a settlement for this real property and the owners have refused to accept a final firm offer in the amount of $13,000 for this two-family residential rental property. As a result, the Department of Housing and Redevelopment has requested this office institute eminent domain proceedings. The City of Lansing has obtained appraisals on the property in question as follows:

C. W. Larson	$12,500 as of 8/18/76
Whip/Oetzel	13,000 as of 8/16/76

Deputy City Assessor Marion Hahn reviewed these appraisals on October 15, 1976 and recommended using the $13,000 figure consistent with the City's policy of offering the higher of the two appraisals.

On September 18, 1976, the Housing and Redevelopment Department, on behalf of the City of Lansing through the Winegardner Realty Company its Acquisition Agent, issued an offer to the owners of the above

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

real property for $13,000. This offer was verbally rejected.

In late December of 1976, the owners delivered an appraisal for the above property prepared by Edward Mack showing a value of $15,500.

On April 18, 1977, the owners delivered an appraisal prepared by Ronald Scott showing a value of $15,000.

By letter reports dated April 13, 1977 and May 4, 1977, H. H. Streukens, Review Appraiser (Contractor) of the City of Lansing, recommended that the Mack and Scott appraisals not be utilized to revise upward the City's previous offer of $13,000.

In view of the foregoing, it is my recommendation that this office be authorized and directed to institute condemnation proceedings in the Ingham County Circuit Court pursuant to 1945 PA 344, as amended that being MCLA 125.71 et seq; MSA 5.3501 et seq, by adopting the attached resolution.

Respectfully submitted,

Re: Request for authority to institute eminent domain proceedings

Dear Mayor and Council:

This office has reviewed the status of negotiations on the following unacquired real property with the Department of Housing and Redevelopment within NDA No. 2, located at 1209 S. Holmes Street, described as:

Lot 71, Excelsior Land Company's Subdivision of part of the west ½ of the northeast ¼ of Section 22, T4N, R2W, City of Lansing, Ingham County, Michigan, according to the recorded plat thereof as recorded in Liber 5 of Plats, Page 1.

The Department of Housing and Redevelopment has been unable to negotiate a settlement for this real property and the owners have refused to accept a final firm offer in the amount of $8,000 for this single-family residential rental property. As a result, the Department of Housing and Redevelopment requested this office institute eminent domain proceedings.

The City of Lansing obtained appraisals on the property as follows:

Richard B. Binder —
$8,000 as of October 29, 1976

Whip/Oetzel —
7,900 as of November 19, 1976

On December 18, 1976, the Housing and Redevelopment Department, on behalf of the City of Lansing through the Winegardner Realty Company, its Acquisition Agent, issued an offer to the owners of the above real property for $8,000. This offer was rejected.

We have been advised that the owners purchased this real property on a land contract on October 14, 1975 for $9,700. The owners presently have an outstanding balance on the land contract in the amount of $8,500. Further, the owners have not indicated what amount would be acceptable.

To resolve this impasse, it is my recommendation that this office be authorized and directed to institute condemnation procedures in the Ingham County Circuit Court pursuant to 1945 PA 344, as amended, that being MCLA 125.71 et seq; MSA 5.3501 et seq, by adopting the attached resolution.

Respectfully submitted,

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

Dear Mayor and Council Members:

Recent notification was received from Thomas O. Reel, Executive Director of the Office of Highway Safety Planning that the City of Lansing's grant application for the purchase of fifteen new traffic counters has been approved.

The total amount of the grant is $13,650; federal share $9,555 or 70%, city share $4,095 or 30%.

The amount of match required for the city's share has been budgeted and will be drawn from Account No. 101-437-020-977.

The new counters to be purchased with these grant monies are as follows:

6 single channnel counters @ $800. each	$ 4,800
6 dual channel counters @ $1,000 each	6,000
3 single channel counters @ $950. each, capable of detecting traffic from a road tube or an inductive loop	2,850
	$13,650

The older model counters now being used, that will be replaced, are not solid state and require continual adjustment.

The new counters will be more sensitive to fluctuation in traffic flow, enabling better identification of the extent and duration of traffic congestion on our street system.

Sincerely,

GEORGE S. LOKKEN,
Program Coordinator.

Subject: Proposed Revisions to the Residential Rehabilitation Loan Program and Physical Developments Plans of NDA No. 1 and NDA No. 2

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

Dear Mayor Graves

and Council Members:

The Lansing Planning Board at their regular meeting on June 21, 1977, voted to transmit proposed amendments of the Physical Development Plans for NDA No. 1 and NDA No. 2 and revisions to the Community Development Residential Rehabilitation Loan Program to City Council. In addition, the Planning Board requests that City Council establish a public hearing date for these proposed amendments as required by State of Michigan Public Act 344 (Rehabilitation of Blighted Areas Act).

The major amendments to the NDNA No. 1 Plan, as recommended by the Citizens District Council No. 1, can be summarized as follows:

1) Acquisition of substandard residential structures at 525 and 529 Rulison Street

2) Reduction of cost estimates for gas main relocation

3) Identification and location of detailed storm and sanitary sewer work

4) Revision of the residential loan and grant program

5) Revision of the neighborhood rehabilitation standards

6) Reallocation of funds within the Plan budget

Citizen District Council No. 2 made similar revisions to their plan:

1) Acquisition of substandard residential structures at 1236 Lathrop, 1511 Walsh Streets and acquisition of 2 vacant parcels

2) Reduction of cost estimates for gas and water main relocation

3) Identification and location of detailed storm sewer work

4) Addition of a rehabilitation assistance program for non-residential uses

5) Revision of the residental loan and grant program

6) Reallocation of funds within the Plan budget

Several options to the existing loan and grant program were explored with the objective of improving the clarity of the program, providing incentives to encourage additional loan participation and providing methods by which households with insufficient disposable income can participate in the rehabilitation effort. The Planning Board considered suggestions by the Citizen District Councils in NDA's 1, 2, and 3, and input from the implementing departments before making a recommendation to revise the existing Residential Rehabilitation Loan Program. These proposed revisions streamline the administration of the program and make it more easily understood by both citizens and program implementors. In summary, the recommendations by the Board are:

1) The provision of principal reduction rebates as a part of the loan program so as to encourage an increase in loan applicants

2) The provision of a series of financial services designed to assist households with insufficient disposable income in the achievement of the Neighborhood Rehabilitation Standards. More specifically, the sequence of services offered would be, credit counseling, debt consolidation, refinancing or outright grants

3) The provision of principal reduction rebates to absentee owners so as to encourage an increase in loan applications for rental properties in the target area. The upgrading of rental dwellings is considered critical to the overall improvement of the environment in NDA No. 1 and NDA No. 2.

4) The reaffirmation that the Neighborhood Rehabilitation Standards are the minimum rehabilitation requirements for the Target areas. The parallel changes to the loan and grant program as described above were made so that sufficient funds would be available to achieve the Neighborhood Rehabilitation Standards. If the Community Development rehabilitation effort is to have any long range impact on the physical condition of the housing stock, the Rehabilitation Standards must be universally applied to all units in the target area.

For ease of reference, because of the large size of the text of these proposed amendments, and associated communications, the following descriptive list explains the basic content of all attachments:

Attachment A—NDA No. 1 Plan Amendments

The before and after changes to the text of the Plan and the complete text of the loan and grant program revision

Attachment B—NDA No. 2 Plan Amendments

The before and after changes to the text of the Plan and the complete text of the loan and grant program revision

Attachment C—Communication from Citizens District Council No. 1

Letter from CDC No. 1 in regard to the proposed Plan amendments, a summary of recommended Plan amendments, and a suggested revision to the loan and grant programs.

Attachment D—Communication from Citizens District Council No. 2

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

Letter from CDC No. 2 in regard to the proposed Plan amendments, and a suggested revision to the loan and grant programs

Therefore, the Lansing Planning Board unanimously recommends, on behalf of the Citizens District Councils of NDA No. 1 and NDA No. 2, that the City Council consider the proposed amendments and establish an official public hearing date in accordance with the requirements of Public Act 344.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Honorable Mayor and

Members of City Council:

The new officers of the Waterfront Development Board, as elected at the July meeting, are as follows:

Chairman: Ramona Bretz

Vice-Chairman: R. C. Sweeney

Secretary: Jacqueline Schraft

Sincerely,

RAMONA BRETZ,
Chairman,
Waterfront Development
Board.

Received and placed on file.

July 14, 1977

Honorable Mayor and

Members of City Council:

The Waterfront Development Board considered the resolution of the Board of Directors of the Economic Development Corporation which was referred to the Waterfront Development Board by Council action on June 27, 1977.

The Economic Development Corporation resolution was in reference to the use of the Poxson Building and requested the following:

"Will the City Council make the site available to the EDC so the Corporation may proceed under provisions of P.A. 338 of 1974 which call for a proposed project plan, project area and project district areas?"

The Waterfront Development Board unanimously recommends that the City proceed with the plans to demolish the building and to develop the site in a manner similar to that proposed for Wentworth Park which is indicated in the Public Works Grant (Round II).

This action would insure continued development of the Central Business District's waterfront by promoting public access to and use of such waterfront. It would also promote desired development of an important intersection along the main approach to the Capitol Building.

Respectfully submitted,

RAMONA BRETZ,
Chairman,
Waterfront Development
Board.

Referred to Committee on Buildings and Properties.

Lansing, Michigan

Dear Mayor Pro-Tem

and Council Members:

This is to advise that Lela M. Eaton has recently resigned as a member of the Demolition Board due to personal obligations. Therefore, I am submitting to you, for your consideration and confirmation, the name of Gloria S. Jones to fill said vacancy, which term is at the pleasure of the Mayor.

Mrs. Jones was graduated from Merrill High School in Pine Bluff, Arkansas, and attended both the University of Arkansas and Michigan State University studying in the field of Office and Personnel Administration. She has been in State employment for many years and is presently Secretary to the Deputy Director in charge of Legislation in the Michigan Department of Commerce.

She is a member and Worthy Matron of Queen Ester Chapter of the Order of the Eastern Star (Prince Hall Masonic Fraternity), past Commandress of the Daughters of Isis of the Prince Hall Shrine, member and past Choir Secretary of the Union Baptist Church, a member of the American Business Women's Association, and a member of the Michigan State University Chapter of the Personnel Management Club.

Mrs. Jones and her husband, Arthur, have one son and reside at 1534 N. Logan in the City of Lansing.

Dear Mayor Pro-Tem

and Council Members:

For informational purposes, I am forwarding to you a list of my most recent appointments to the Mayors Police-Community Relations Advisory Board. I have named Donald F. Johnson to serve as temporary Chairperson and Ms. Cathy Millet to serve as Recording Secretary.

Originally, the City of Lansing became involved in the State Institute on Community Relations in June of 1970, when I appointed citizen and law enforcement representatives to attend a one-day planning session arranged by the National Conference of Christians and Jews—Michigan Region and the Michigan State University School of Criminal Justice. At that time, Lansing was one of 21 cities which participated. This was then followed by a Police-Community Relations Team, which I appointed to bring about improved understanding of the Police Department towards the community and the community towards the Police Department.

Please be advised, further, that resource personnel will be assigned to the Mayor's Police-Community Relations Advisory Board, i.e., Housing and Redevelopment Department, Human Resources Department, City Attorney's Office, Community Development Department, Michigan Department of Civil Rights, etc.

Sincerely,

GERALD W. GRAVES,
Mayor.

Lansing, Michigan

Dear Mayor Pro-Tem

and Council Members:

In a communication to you dated October 21, 1976, I requested your support of a Resolution which I proposed to the Building Commission of the State of Michigan, and which was unanimously approved requesting the Michigan Legislature to approve the schematics for the Kalamazoo Street Office Building and the Ottawa Street Office Building to be located in the Capitol Complex. Again on May 26, 1977, I once again requested your support of this matter and for a Cultural Center-Museum to be located here in the Capital City. No response came forth.

However, I am pleased to advise you that the attached Resolution which was unanimously approved by the State Building Commission, supports both concepts. The unanimously approved Resolution, which makes mention of the support of Governor William G. Millken, was directed to be forwarded to each member of the Michigan Legislature with a covering letter to be signed by the Chairperson.

As a result of the aforementioned, I doubt that any supporting Resolution by the City Council would now be in order.

Sincerely,

GERALD W. GRAVES,
Mayor.

Dear Mayor Pro-Tem

and Council Members:

It is conceivable that the stream will be altered, the stream of American industries constructing new plant facilities in foreign countries. This past Thursday, through the efforts of Governor William G. Milliken and State Senator Harry DeMaso (Battle Creek) representatives of the Lansing Metropolitan Development Authority, the Office of Economic Expansion, Michigan Department of Commerce, several local business representatives and I met, here in our own City, with top officials of Japia of Toyko, Japan. The officials of Japia were here in the United States on a plant location study mission, the intent being to construct a new facility in one of several locations, namely, Lansing, Battle Creek, Kalamazoo, Columbus, Ohio, or Ontario, Canada. The only input remaining for the City of Lansing is to forward to the Japia officials electrical costs as established by the Lansing Board of Water and Light. I

By Committee on Community Development—

Resolved by the City Council of the City of Lansing:

That Change Order No. 1 to the Demolition Contract No. 1 (B-77-732) between Brown Brothers, Inc., and the City of Lansing, Michigan, dated June 1, 1977, which provides for site grading, seeding, fertilizing and mulching land cleared in the Capitol Commons Development Area, for the amount of $10,945.00, be approved; and

That the Mayor and City Clerk be and are hereby authorized and directed to execute said Change Order No. 1, upon its approval as to form by the City Attorney, and certification as to availability of funds in Account Number 255-936-645-974 by the Finance Director.

Adopted by the following vote:

Unanimously.

By Committee on Parks and Recreation—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing has approved the concept and design contracts relating to development of the Kingsley Place project Phase II Washtenaw Corridor, and

Whereas, the Purchasing Director and the Director of Parks and Recreation have recommended the acceptance of the low bid including deletions, and acceptance of alternates number 1 through 3 as submitted by Brown Brothers on July 5, 1977, and

Whereas, the low bid is in the amount of $105,070.50 and funds for the city's portion of $68,373.25 are available in project budget account number 253-936-644-974,

Now, Therefore Be It Resolved that the City Council approves acceptance of the bid of Brown Brothers subject to approval of said bidder by the Equal Opportunity Division, and the Labor Relations Division of the Detroit Area Office of the Department of Housing and Urban Development (HUD), and

Be It Further Resolved, that upon approval of the contract by the City Attorney, and the Mayor and City Clerk be authorized and directed to sign on behalf of the City.

Adopted by the following vote:

Unanimously.

By Committee on Finance—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing is currently considering the possibility of constructing a Helicopter Hanger/Pistol Range, and

Whereas, there are funds in the budget to have an Architectural and Engineering study done, and

Whereas, an additional $3,470.00 would be required to have the study done, and

Whereas, no amount has been appropriated for such construction, nor any possible funding level established and

Whereas, it is highly desirable to have careful cost estimates for a facility that could offer different levels of service.

Therefore, Be It Resolved that the architect be instructed to prepare specifications and drawings in such a manner that the pistol range, the classroom, the offices and the hangar can all be identified as to costs and be separable as alternates within the bid specifications, and

Further, Be It Resolved, that the architect be instructed to prepare the design so that construction of one, some, or all of the facilities can be approved.

By Councilman McKane and Adado—

Resolved by the City Council of the City of Lansing:

Whereas, the Ethnic Festival held July 2 and 3, 1977 attracted large numbers of people and was considered a success by participants, and by the thirteen ethnic groups taking part in the program, and

Whereas, this type of event requires considerable advance planning in order to be a successful annual event, and

Whereas, ethnic groups have met with members of City Council, and the Parks and Recreation Department, and have expressed willingness to plan for future events,

Now, Therefore Be It Resolved that the Department of Parks and Recreation be directed to prepare plans for the organization of Lansing's 1978 Ethnic Festival to be held July 1 and 2, 1978, and

Be It Further Resolved to include in this planning and Ethnic Council organized by the Parks and Recreation Department for the purpose of guiding the City in the development of the event, and for recommending policy direction, and budgetary needs to the City of Lansing.

Councilman Adado asked that this resolution be withdrawn so it may be taken to the Committee of the Whole.

Councilman Baker left the session.

By Committee on Community Development—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing does intend to acquire property in the Capitol Commons Development Area, utilizing Community Development funds, and

Whereas, regulations of the Department of Housing and Urban Development in its "Real Property Acquisition Handbook," 1320.1, dated January, 1973, provide that a responsible local official shall be designated by the local governing body to prepare and execute a Proclaimer Certificate relative to the establishment of the fair market value of properties to be acquired,

Now, Therefore, Be It Resolved by the Lansing City Council that the Housing and Redevelopment Director be and is hereby authorized and directed to prepare and execute all necessary Proclaimer Certificates relative to the establishment of fair market value of properties to be acquired in Capitol Commons.

Adopted by the following vote:

Unanimously.

Councilman Baker returned to the session.

By Buildings and Properties Committee—

Resolved by the City Council of the City of Lansing:

Whereas: Through a concerted effort of the Lansing City Council, construction modernization of the Civic Center is now in progress, and

Whereas: Once the modernization plans have been completed, citizens of Lansing will have a facility worthy of competing with other convention centers throughout the state of Michigan, and

Whereas: Members of the Council have expressed a desire to commission local artists to render works of art to be decoratively placed in various areas of the Civic Center, including the Senior Citizens section of the center, and

Whereas: The addition of art works in the facility will serve to stimulate public interest in visual and creative arts, heighten civic pride, and provide a rewarding experience for all who visit the central city and view the art displays in the center,

Now, Therefore, Be It Resolved that the Lansing City Council approves the concept of placing works of art in the Civic Center and authorizes the Program Coordinator to prepare and submit a grant application to the National Endowment for the Arts for a grant of $36,000, the city's matching share to be $18,000, and

Be It Further Resolved that the Program Coordinator is hereby authorized to coordinate all preliminary activities subsequent to grant submission which entails (a) designating the Civic Center Manager as Director of the Project, (b) establishing a six-member selection committee and (c) contacting the Metropolitan Fine Arts Council, Labor and the Lansing Regional Chamber of Commerce requesting that they appoint a member to the selection committee. The Council's appointee shall be Rob-

ert Hull; Susan Sweitzer of the Warren Holmes-Kenneth Black Company shall be appointed to the committee to ensure that the proposed art works will be compatible and consistent with the general environment in which the art is to be placed; and Roxanne O'Connor shall serve on the committee to represent the Senior Citizens Center, and

Be It Finally Resolved that the City Council authorizes the Finance Director to reserve $18,000 within the Civic Center Renovation Account for the work of arts project in the Civic Center.

By Councilman Belen—

That the resolution be amended as follows:

That there be included in the selection committee a representative from the MSU Art Department or from the Lansing Community College Art Department.

By Councilman Baker—

That the following amendment be included:

That this person either work in the City of Lansing or be a resident of the City of Lansing.

The amendments carried.

The resolution as amended was adopted by the following vote:

By Councilman Blair—

Resolved by the City Council of the City of Lansing:

Whereas, the State of Michigan has recently passed legislation, and appropriated monies to create Work Opportunities Resources Corp (WORC), a new summer employment program for Michigan youths 15 through 21 years of age; and,

Whereas, the program provides state funds with no matching requirement for projects approved by the Department of Natural Resources; and,

Whereas, these projects are to accomplish needed conservation work on public lands; and,

Whereas, by consent of and in cooperation with the Parks and Recreation Department, the Youth Development Corporation be designated the sponsor of such a project; and,

Whereas, as a result of the staff and structure already developed for "Summer 77 Youth Conservation Corp," Youth Development Corp has the capability to implement such a project to be completed by September 30, 1977, as required by the guidelines;

Now, Therefore, Be It Resolved that the Program Coordinator be authorized to prepare and submit a grant application to the Department of Natural Resources; and,

Be It Finally Resolved that if and when this grant should be approved, the Mayor and City Clerk be authorized to sign any subsequent contracts necessary after approval by the City Attorney as to form.

Adopted by the following vote:

Honorable Mayor Gerald W. Graves

and Members of City Council

City of Lansing

Lansing, MI 48933

Gentlemen:

Our office has been delegated the responsibility for ensuring compliance with Section 17B-7 of the Code of the City of Lansing. This section requires contractors and vendors providing goods and/or services to the City of Lansing to be "equal opportunity employers." In order to determine whether a company is making a "good faith effort" a statistical breakdown of their work force is submitted annually to our office. These figures are in the form of a Contract Compliance Report consisting of job classifications, sex and race/ethnic data.

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

On April 18, 1977, a letter was forwarded to Beach Manufacturing Company requesting completion of the Contract Compliance Report. Since our initial contact two additional letters have been mailed, with the latter stating failure to respond would result in our office referring the matter to City Council. Also, John Carson, General Manager for Beach Manufacturing Company was contacted by telephone regarding our request. To date, we have received no response which indicates a total disregard for the principles of equal employment opportunity.

Therefore, the Human Relations Department is requesting that the City Council notify the Purchasing Director to refrain from engaging in further business transactions with Beach Manufacturing Company until such time the Company submits the required information.

Sincerely,

RICHARD D. LETTS,
Director/
Equal Opportunity Officer.

By Councilman Baker—

That we concur with the recommendation of the Human Relations Director and that the purchasing agent be notified that all transactions be withheld until they comply with the contract compliance report.

Carried.

Letter (a)

July 15, 1977

Honorable Mayor Graves and

Members of City Council

Gentlemen:

The Ingham County Road Commission has received a request for installation of a traffic signal at the intersection of Delta River Drive and Waverly Road. Since the City of Lansing would have to approve installation of a signal at this location the Road Commission requested that Lansing Traffic Department investigate this intersection.

Analysis of the engineering data collected reveals that warrants for a traffic signal are not met at this intersection. There have been twenty accidents at this intersection during the past five years, and two accidents so far in 1977. Of these 22 accidents, 17 have been of a type that may have been prevented by installation of a traffic signal. The warrants state that a signal may be necessary if 5 or more reported accidents of types susceptable to correction by a traffic signal have occurred within a 12 month period. Volume warrants are also not met at this intersection.

While it is true that at certain times of the day some delay is incurred for westbound traffic on Delta River Dr. at Waverly, for most times of the day operation at this intersection is satisfactory.

The Traffic Board recommended for City Council consideration that the request for a traffic signal at this intersection be denied, and that a flashing amber light on Waverly and a flashing red light on Delta River Dr. be installed. Installation of this flasher would indicate to motorists on Waverly Road that they should proceed thru the intersection with caution.

Installation of a traffic signal at this intersection would undoubtedly result in an increase in traffic on Delta River Drive. This would be undesirable since Delta River is primarily a residential street. Residents have already expressed concern over the volume of thru traffic on Delta River Drive.

Respectfully submitted,

LANSING TRAFFIC BOARD,
Raymond O. Severy,
Secretary.

Referred to Committee on Public Safety.

Letter (b)

July 15, 1977

Honorable Mayor Graves and

Members of City Council

Gentlemen:

The Traffic Board reviewed a request for stop signs on Clifford Street at Elizabeth Street to control the speed of traffic on Clifford Street. Presently there is a yield sign on Elizabeth Street at Clifford Street. The Board reviewed a similar request in September 1974; that request was denied because there were no warrants for stop signs. The City Council concurred in that recommendation for denial.

Current data reveals that warrants for stop signs still are not met. There has been only one accident at the intersection in the last five years; this accident would not have been prevented by installation of stop signs. A speed survey taken from 2:30 to 4:30 on Friday afternoon July 8, 1977 reveals that the 85 percentile speed on Clifford St. is 25 miles per hour southbound and 29 miles per hour northbound. The highest speed recorded in each direction was 34 mph. Sight distance at the intersection is such that stop signs are not warranted.

The primary concern of residents in the area is over the safety of children crossing Clifford Street on their way to Hunter Park. The Traffic Board recommended unanimously that the request for stop signs be denied and that the Traffic Department stripe crosswalks, and other pavement markings at the intersection to increase the motorist's awareness of the high pedestrian traffic in the area.

Letter (c)

July 18, 1977

Honorable Mayor Graves and

Members of City Council

Gentlemen:

The Lansing Traffic Board at their July 13, 1977 meeting unanimously recommended that parking be removed from one side of the street at three separate locations. The purpose of these parking prohibitions is to allow for creation of left turn lanes at intersections. The parking removal is necessary so that the thru lane in each case will not be blocked by parked cars.

The locations of each of the recommended parking prohibitions are:

a. North side of Jerome St. from Pennsylvania Ave. to 330 feet east of Pennsylvania Ave.

b. West side of Boston Blvd. from Mt. Hope Ave. to 300 feet south of Mt. Hope Ave.

c. South side of Willow St. from Logan St. to 170 feet east of Logan St.

Respectfully submitted,

LANSING TRAFFIC BOARD,
Raymond O. Severy,
Secretary.

Referred to Committee on Public Safety.

July 18, 1977

Letter (d)

Honorable Mayor Graves and

Members of City Council

Gentlemen:

The Lansing Traffic Board reviewed a request from citizens that some type of parking prohibition be instituted on Westmoreland Ave. from Oakland Ave. to Hyland St. We received a petition signed by twenty-eight of the thirty residents along this section of Westmoreland. The street is only 26 feet wide, and parking on both sides seriously restricts traffic flow.

Parking is already prohibited on the east side of Westmoreland from the south drive of Densmore to Oakland Ave. The Traffic Board unanimously recommended that the No Parking on the east side of Westmoreland be extended from Oakland Ave. to Hyland St. The restriction would then be No Parking At Any Time on the east side of Westmoreland from the south drive of Densmore to Hyland St.

Respectfully submitted,

LANSING TRAFFIC BOARD,
Raymond O. Severy,
Secretary.

Referred to Committee on Public Safety.

LS-19-77

3212 South Catherine

Honorable Mayor and

Members of City Council:

The Planning Board, at their meeting of July 19, 1977, recommended that the request by John Effner to divide Lot 595 of Pleasant Grove Subdivision No. 8 into two parcels, both of which will be below the minimum requirements of the Subdivision Ordinance regarding the depth, be denied. One parcel will be 70 feet by 86 feet; the other parcel will be 70 feet by 84 feet. The Subdivision Ordinance requires that any lot platted or created shall have a minimum width of 60 feet and a minimum depth of 100 feet on interior lots; a minimum width of 70 feet, a minimum depth of 100 feet on corner lots.

The Board found, based on testimony and evidence, that the lots within the vicinity are developed with single family homes and have not been divided. Therefore, the Board believes that the division as proposed could establish a precedent for other properties within the vicinity.

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

The Board believes that to encourage this type of lot division, overdevelopment of the area could occur.

This recommendation received unanimous support of the Board.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

July 20, 1977

Honorable Mayor and

Members of City Council

City of Lansing

Lansing, Michigan 48933

Gentlemen:

Subject: Criticism of Midget Baseball Operation

Attached are correspondence from Mayor Gerald Graves, and from a committee of Junior Baseball Coaches and Parents, titled "Grievances Regarding This Summer's Junior Baseball Program."

Listed in the set of grievances are 10 specific points which I have addressed individually.

1. "The Department of Parks and Recreation's unwillingness to comply with the previously agreed upon policy for this summer's Junior Baseball Program."

   Unfortunately, problems in mechanics of implementing the program have been confused with our attitude relative to acceptance of the compromise program. It is my impression that the staff, and most of the parent/coaches have received the new program format in a positive way, and have not indicated any unwillingness to implement the activity.

2. "Unfit playing fields for children: (a) poor infield conditions, (b) no backstops, (c) no drinking or toilet facili-

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

ties, (d) Gier Park Diamond No. 4 was not even on City employees maintenance list and there was no trash receptacle available."

Junior Baseball games are scheduled at Gier Park, Washington Park, Davis Park, and Marshall Park. Washington and Marshall are established fields. The Washington outfield has been regraded due to construction of the tennis/ice complex and has not yet established a grass turf like that at Marshall and other playing fields.

Both Gier and Davis are new locations, but with good new infield development. Neither outfield is comparable to that of an established field and have therefore required additional maintenance.

The selection of these four fields was based on overall playing dimensions (Midget Baseball requiring less space than softball), and limiting the use of less desirable fields such as Old Everett. The maintenance of the infield and outfield on any Midget Baseball Diamond is basically the same as that provided on most other baseball and slow pitch softball fields.

The Gier field did not have a backstop completed for the first day of play. This was in the process of erection and was completed by the second day's game.

There are water and restroom facilities at Marshall, Washington, and Gier Parks. There is a distance factor involved in the use of the Gier restrooms, and also problems of vandalism which forced us to close them on several occasions. There are no water or restroom facilities open at Davis Park but such facilities are under construction and will be available late this season.

Trash receptacles have been placed at all locations and Gier Park Diamond Park No. 4 has been on our employees maintenance schedule since the inception of the season.

3. "Player rating discrepancy."

(a) "A" players being assigned to "B" and "C" teams, (b) "B" and "C" players being assigned to "A" teams.

The Department, working with parent/coaches conducted four trial sessions at each of the four park locations. Youngsters classified, but not satisfied with their placement were given the opportunity to be retested at the same, or other park locations. Some have been retested four or five times. Approximately, 30 youngsters were reclassified to higher level divisions after the first testing. Additional youngsters have been tested since the season began, and can do so by simply having their coach arrange for a test by one of our field supervisors who has the authority to evaluate and make adjustments.

We fully expected that the screening of nearly 700 youngsters would lead to some incorrect placements. Provision was made in the rules for correction of such errors, and such adjustments have been made.

4. "Transportation problems have been created as boys from the south end have been assigned to teams that practice and play games in the north end and vice versa; this, after the Department of Parks and Recreation claimed the boys would be assigned within six blocks of their home."

There was no guarantee that any youngster would be placed within a six block limit after the Board withdrew their original plan of scheduling games at 10 locations. Furthermore, coaches attending the Park Board public hearings requested that the Department not assign youngsters on a neighborhood basis (as originally proposed). We have complied with this request. Problems of youngsters being assigned and not able (because of distance) to attend practice sessions have been solved on an individual basis.

5. "Notification of city wide rating program was poorly publicized and in some cases not publicized at all. A very small segment was devoted to the rating program by the State Journal, and the school systems notified the boys after the ratings had taken place."

The Department prepared and delivered over 5,000 flyers to 4th, 5th, and 6th public and parochial students (through central administrative offices). These deliveries were made two weeks in advance of tryout sessions. There was a total of four announcements (the first being partially incorrect) placed in the Lansing State Journal. There were a total combination of 20 tryout sessions scheduled over a three week period.

6. "Several volunteer coaches signed up for teams and have yet to be assigned a team. We find this very discouraging as there are many young boys and girls still without a team or a coach. There was also lack of notification of the players as to what division they were to join."

The Department staff knows of only one individual who volunteered to coach but has not been assigned. This individual agreed to accept this responsibility if it would help give his youngster a better chance to be assigned to a team. The youngster was placed, and the prespective coach withdrew his offer.

The Department of Parks and Recreation did not accept responsibility for the notification of any players as to what division they were assigned, unless the youth specifically made that request to the Department. This responsibility was left to the coach who was to be given a roster of their players.

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

Apparently, due to staff error certain coaches did not receive their rosters as early as did other coaches in the program.

All children that participated in the tryouts, or have asked to join the program after it started, have been assigned to a team.

7. "There have been a number of occasions when umpires and field supervisors were not at assigned locations or have come but not had a key to the building which holds the bases, etc. This has caused delay or forfeiture of these games."

There have been a total of five incidents where umpires did not arrive, or arrived late to assigned locations. Dependability is a definite problem in the implementation of league programs, and a more thorough confirmation of assignments has helped to minimize this problem.

No forfeitures are ever given for games which are not played because of our error.

8. "The City allotted equipment still has not been received by many of the teams. However, several park employed coaches seem to have an abundance of new equipment."

The City does not, nor ever has allotted equipment to each team. Some items are available upon recepit of deposit and these include a face mask, chest protector, batting helmets, etc. These are available on a first come, first serve basis.

Teams in the beginning (Central division) which are coached by the City staff (because of an absence of volunteer coaches) do have equipment purchased for their use. The equipment given each team is the same variety of that available upon receipt of deposit from any of the teams participating in our program.

9. "There has been no consistency by the umpire crews or field supervisors in the interpretation of the rules:

a. Six or seven innings games,

b. Steal or no steal, and

c. Class "C" players, ages seven and eight playing against nine, ten, and eleven year olds.

For various reasons, both ours and the coaches responsibility, some coaches have been using outdated sets of rules. New sets of rules have been distributed to all coaches, umpires and field supervisors.

Class "C" players (ages seven and eight) do play against older youngsters but only on levels of equal ability. At the date of this correspondence, one team, comprised solely of seven and eight year olds has not lost to any team, including those made up of older youngsters. This is consistent with the objective of the program; that being, to equalize competition based on ability and not age.

10. "Overwhelmingly apparent is the City's desire to see that the Adult Softball Program is maintained on the best playing surfaces while the children play on poorly maintained fields. This is ludicrous when it comes to player safety."

The assignment of fields is based principally on physical limitations and not on the preference of any one program over any other. All fields are maintained in the same manner, by the same maintenance crew.

In addition to these "Grievances," I have received from the Mayor a correspondence which highlights, in a general manner, the aforementioned grievances, and adds several points of interest. With the exception of two items, all are dealt with above.

1. "That in one game the pitching mound was altered for distance and a catcher's shin pad was used for a mound."

This was done in the Central Division and was for the purpose of allowing the pitcher to be able to throw the ball the distance from the mound to home plate. This league deals with young beginners, (ages seven, eight, and nine and of limited ability). One of the objectives of the program is to provide learning experiences, which cannot be accomplished by strict adherence to rules designed for participation by older youngsters. The adjustment of the pitching distance is a common practice in this league, and is encouraged if it helps provide a good learning experience for the youngster.

2. "One coach has four youngsters that live in the City's west side, while the balance of his team came from Bath, Michigan."

An analysis of the rosters for the coach referred to (who also spoke this point at the City Council meeting of July 5) shows that of 20 players, one youngster does live in Bath, the remaining live within the Lansing/East Lansing area.

I did, at the Mayor's suggestion, schedule meetings on Friday, July 8, with coaches of the three divisions in the Midget Baseball Program. The meeting with coaches in the Beginners (Central Division) attracted one parent. The intermediate grouping (National Division) had eight of the thirteen coaches in attendance. Discussion with both the Central and National League coaches centered on the mechanices of the programs, rule interpretation, and problems experienced in obtaining information from our Genesee staff.

The meeting with the coaches in the American League (most advanced players)

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

lasted two and one-half hours and was participated in by twelve of fourteen coaches. In addition to the items reviewed at the earlier sessions, time was spent on the philosophy of the program, and the responding to a large number of questions. During this period, I accepted a fair number of constructively critical comments on our system of operation, the conditions of facilities, and general communication.

At the close of our meeting, I offered to meet with individual coaches, or a committee of coaches as organized at the suggestion of the Mayor, I have scheduled such a meeting for Friday, July 22, 1977. Following the completion of the program, I will organize another series of meetings for the purpose of critiquing the Midget Program, and prepare recommendations for 1978.

Sincerely,

DOUGLAS FINLEY,
Director.

Mayor Gerald W. Graves and

Members of the Lansing City Council

Dear Mayor Graves and

City Council Members:

This is to advise Mayor and City Council that the City of Lansing's pre-application for Land and Water Conservation funds for ballfield lighting and tennis court construction has been approved.

The City of Lansing must submit a final application for these funds no later than September 1, 1977. The grant will total $331,000 of which 50% or $165,500 must be provided by the City of Lansing. The following projects were approved.

Gier Park (ballfield lighting, fencing and drainage)	$120,000
Davis Park (ballfield lighting)	77,000
Wood Creek Park (two tennis courts)	23,000
River Street Park (two tennis courts)	23,000
Marscott Park (two tennis courts)	23,000
Wilson Park (two tennis courts)	23,000
Forest View Park (4 tennis courts)	42,000
	$331,000

The city's match share of $165,500 is currently available in Parks and Recreation accounts established for Gier and Davis Park Ballfield Lighting and Improvements.

It is recommended that the City Council authorize and appropriate $50,000 from the sale of the two fire stations for improvements at Marshall & Gier Parks per Council resolution on the use of proceeds from these sales. This action, by Council, will then allow Parks & Recreation Department to complete the projects approved in the grant, those budgeted by the Mayor and City Council (Gier Park and Davis Park Improvements) and complete the improvements to the Marshall Street property as planned.

Sincerely,

GEORGE S. LOKKEN,
Program Coordinator.

Referred to Committee of the Whole.

Honorable Mayor Pro-Tem and Members

of the Lansing City Council

City Hall

Lnasing, Michigan

Dear Mayor Pro-Tem

and Council Members:

The 200th birthday of our Nation took place in 1976, as you are aware. Regarding that celebration, the atatached are excerpts from my State of the City Message of January 12, 1976, and January 10, 1977. Ahead of us now is a Centennial Celebration, or what could commonly be termed the "100th Birthday of the State Capitol Building," which will commence on January 1, 1979.

This edifice, the center of government since 1879, is Michigan's third capitol, It replaced the frame building that was erected nearby in 1947 when the capital was removed to Lansing from Detroit. Construction began in 1872 on the new building designed by Elijah Myers. It cost $1,510,130 to build, and was dedicated January 1, 1879, at a meeting addressed by six of Michigan's governors. Reproducing it today would cost an estimated $200 million.

The exterior of the building has been changed very little since the facility was dedicated more than 98 years ago. Though many changes have been made inside the building to accommodate a constantly growing State government, the basic legislative chambers, hallways, stairways, marble floors, carved woodwork, ceilings and magnificient chandeliers of copper and crystal remain almost unchanged and are evidence of the past elegance. The State Capitol Biulding, also houses the Office of the Governor.

One of the centers of attraction is the Rotunda. On both sides of the Rotunda, grand staircases lead to the upper floors. The chandeliers one sees throughout the hallways, are made of copper, one of the

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

State's leading metals, and they are said to weigh almost 400 pounds each. They were designed by Tiffany's of New York and installed in 1878. There are 19 of them in the Capitol and one-half of the State Seal appears on each four times. One of the most sepctacular sites in the Capitol is the view of the dome from the first floor.

It is impossible in a short communication to describe all of the unique features of the Capitol but in the nine prints being provided to each of you, the results of more than six months of research, the artist has chosen these views which he felt would represent the sentimental and historical significance of the building itself and the history which has been made within its walls.

Lansing is different from any other city in Michigan, because it is the Captial City. It behooves us, therefore, to play a large part in the 100th birthday of the State Capitol Building, to encourage people from all over the Nation to personally visit the Capitol Building, in addition to the thousands of visitors who tour the facility monthly, and to do whatever is necessary to alert all that we are proud of being the Capital City. As with the Bicentennial year of the Nation, I am pleased to advise you that I am establishing a Capitol Building Centennial Celebration Committee. I have named W. Brent Robinson, President, J. W. Knapp Company, 300 S. Washington Avenue, Lansing, Michigan, to serve as the Chairperson.

In the near future, I will be naming to that Committee, a number of persons, whose purpose it will be to plan a proper 100th birthday party for the State Capitol Building in the year 1979.

Sincerely,

GERALD W. GRAVES,
Mayor.

Honorable Mayor Pro-Tem and Members

of the Lansing City Council

Tenth Floor—City Hall

Lansing, Michigan

Dear Mayor Pro-Tem

and Council Members:

Following the completion of discussions this past week with representatives of R and R Development Company, that firm will officially present to the City's Housing and Redevelopment Board, on Tuesday, July 27, a $1,700,000 project proposal for a professional office-retail building, to be located on the Northeast corner of the Washington Square Mall and Ottawa Street.

The project proposal is for a 5 story, 4 floor building with 52,000 gross square feet, having 111 feet of frontage on the Mall and 110 feet of frontage on Ottawa Street. The proposal calls for a 10′ x 40′ set-back at the corner for landscaping and sculpture pieces, while the North property line will have a 5′ set-back on ground level for a covered retail-restaurant area, highlighted by a pedestrian walkway. The North and South facades are to be of bronze or silver mirrored glass, while the East and West building facades are proposed to be either a trowled textured drivet system, or precast sand-blasted concrete panels. The structural system is plannned to be precast concrete or fire-proofed steel.

To add to the aesthetics, a five-story open atrium will be located at the corner of Ottawa Street and the Mall with visibility from both directions.

R and R Development Company has advised that it would like to commence construction within 9 to 10 weeks, in hopes of completing the exterior by June 1, 1978 and the total interior by June 1979. R and R has substantial equity capital and will submit a good faith deposit of $2,900, or 5 percent of $57,998, the cost of the land.

R and R is requesting that the City construct a pedway from the North Grand Avenue Parking Ramp to the third or fourth floor of the proposed building and some abatement if the Michigan Legislature approves legislation permitting same for commercial facilities.

I am in accord with this project proposal.

Sincerely,

GERALD W. GRAVES,
Mayor.

Referred to Housing and Redevelopment Board.

By Committee on Buildings and Properties—

Resolved by the City Council of the City of Lansing:

That the City Assessor be, and he is hereby directed to spread on the December, 1977 tax roll (L-12), the cost of cutting weeds in the year 1977, in the amount of $2,410.00, as reported this date by the Building Commissioner.

Adopted by the following vote:

Unanimously.

By Committee on Parks and Recreation—

Resolved by the City Council of the City of Lansing:

Whereas, the City Council of Lansing by Resolution of June 28, 1976, approved the concept for riverfront property abutting the Coca Cola Bottling Company and the Board of Water and Light's water pumping station; and,

Whereas, on June 27, 1977, the Board of Water and Light passed a resolution to transfer its jurisdiction over the following described property:

Those certain pieces and parcels of land in the City of Lansing, Ingham County, Michigan, described as: Lot Fifty-six (56), the East half of Lot Fifty-five (55), and the South half of Lot Fifty-seven (57) of Frank L. Dodge Subdivision of parts of Lots One (1) and Four (4) of Townsend's Subdivision of parts of Section 4, 5, 8 and 9, Town 4 North, Range 2 West, in said City of Lansing;

upon the following conditions:

1. The Board retains the right to continue operating the existing facilities installed on the land consisting of an observer well and appurtenances all of which are located within the building, and such other utility facilities as the Board may decide to construct thereon in the future.

2. The Board retains full right of ingress and egress over the entire land above described to operate and maintain any Board facilities installed thereon.

3. The City Park Board will maintain the land and buildings thereon in good repair except Board facilities and will provide and maintain adequate roadways to provide ingress and egress to Board facilities.

4. To insure that recreational use of the land and buildings will not interfere with the Board's present or future operation of its facilities, the City Park Board will submit all improvement plans to the Board for its approval.

5. The City will hold the Board harmless from any and all personal injury claims arising out of the Board's operation of facilities located on the land which has been converted to recreational purposes.

6. The rights granted the LaSalle Coca-Cola Bottling Company in a License Agreement effective September 1, 1960, granting that company certain rights over the westerly 12½ feet of the property being transferred, shall not be abridged.

7. The City Park Board shall reimburse the Board for any and all cost incurred to rearrange Board facilities to accommodate recreational use of the land.

Now, Therefore, Be It Resolved that the City accepts the transfer of property aforedescribed from its Board of Water and Light upon the stated conditions so that said property may be used and maintained for park purposes to benefit the people of Lansing; and,

Be It Further Resolved that the Mayor and City Clerk be directed to sign the aforementioned indemnification agreement on behalf of the City upon its approval as to form by the City Attorney.

Adopted by the following vote:

Unanimously.

By Committee on Buildings and Properties—

Resolved by the City Council of the City of Lansing:

Whereas, it has become necessary to construct a new Traffic Department Sign Shop and a Public Service Department Vehicle Storage Building, and if economically feasible, a Vehicle Wash Facility; and

Whereas, the Public Service complex site on South Street is the logical location for the construction; and

Whereas, proposals were requested by three (3) architectural firms for the design of the new facilities; and

Whereas, the Buildings and Properties Committee recommends the firm of Hartwick Associates, Inc., Architects & Planners be selected as the architect to draft plans and specifications for the project; and

Whereas, the estimated cost for the construction of these combined facilities is approximately $285,000.00,

Now, Therefore Be It Resolved that upon approval of the contract as to form by the City Attorney, the Mayor and City Clerk are hereby authorized and directed to execute the contract by and between the City of Lansing and Hartwick Associates, Inc., for the drafting of the plans and specifications for the construction of these facilities, and

Be It Further Resolved that the Finance Director be hereby authorized to make funds available from Account No. 101-936-941-986 in the amount of $19,950.00 to be paid upon completion of the services specified in the contract.

Adopted by the following vote:

Yeas: Councilmen Adado, Belen, Brenke, Gunther, Hull, McKane—6.

Nays: Councilmen Baker, Blair—2.

By Councilman Baker—

I would make a request of the Buildings and Properties Chairperson, Councilman Hull, that when you bring the architectural drawings, and I assume that in no way is this a notice to go ahead and build the building, that it also does set a policy decision to build that building but that when you bring those drawings in that at the same time the staff prepare an appropriatae study comparing the relative costs and merits of going with the washer or without the washer. I would like to see those costs worked out for a couple of years including labor—where they come from and what they are going to be used for when not washing cars or trucks.

By Councilman Blair—

That the Mayor take this up with the Department Heads at the cabinet meeting and make a recommendation relative to cost of project.

By Committee on Community Development—

Resolved by the City Council of the City of Lansing:

That the Mayor and City Clerk be and are hereby authorized and directed to execute a contract with Joseph E. Moyer for his services as Review Appraiser for twenty properties to be acquired in the Capitol Commons Development Area for an amount not to exceed $3,800, after approval as to form of the contract by the City Attorney and certification as to the availability of funds in account no. 255-936-645-974 by the Finance Director.

Adopted by the following vote:

By Committee on Community Development—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing is interested in undertaking redevelopment and housing rehabilitation projects for the rehabilitation of blighted areas in cooperation with the Federal government for financial assistance, all pursuant to Act 344, Public Acts of 1945, as amended; and

Whereas, the City of Lansing has, pursuant to Act 344, prepared and adopted a Master Plan which is sufficiently advanced as to indicate areas in need of rehabilitation and also has addressed consideration of the District Area surrounding the development area; and

Whereas, the City of Lansing has prepared a physical Development Plan and a plan for Relocating Families and Individuals who are to be displaced by development of said area. Further, the City of Lansing, acting by and through its Planning and Redevelopment Departments, has had consultation with the Citizens' District Council for District Area No. 1 within which the development area is located; and

Whereas, the Citizens' District Council and the City of Lansing now find it necessary to amend said Physical Development Plan; and

Whereas, pursuant to Act 344, it is necessary to conduct a public hearing before amending said Development Plan;

Now, Therefore Be It Resolved, that the City of Lansing will conduct a Public Hearing on Proposed Amendments to the Physical Development Plan for NDA No. 1 on Monday, August 29, 1977 at the regular City Council Meeting.

By Committee on Public Safety—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing desires to avoid the future loss to the family and community of any aditional police officers in this matter through the purchase of personal body armor for each field officer assigned, the Police Department did begin research to identify the best possible and most economical body armor to meet this need. This search led to the Michigan State Police efforts in this same area where it was learned that approximately eighteen (18) months of evaluation, testing, designing and ultimately purchasing of specially designed and highly effective "Second Chance" vests for all patrol officers had transpired. These vests were manufactured by the "Second Chance" Body Armor, Inc., of Central Lake, Michigan, at a cost of $64.00 per vest. While the unit cost is far below the normal retail price (approx. $100 per unit), the specially designed vest was superior to the standard "Second Chance" vest in both ballistic capabilities and design; and

Whereas, this same offer is extended to the City of Lansing until August 1, 1977;

Now, Therefore, Be It Resolved that the Committee on Public Safety recognizes an emergency to exist and hereby authorizes the Purchasing Director to negotiate on the open market with the "Second Chance" Body Armor, Inc., and issue a purchase order under Sec. 14-2 of the Lansing City Charter to purchase the necessary vests for field officers.

Honorable Mayor and Members

of the Lansing City Council

Re: West Side Neighborhood Organization and James M. Edwards v Board of Water and Light of the City of Lansing and the City of Lansing
File No. 77-20473-CE

Dear Mayor and Council:

On July 19, 1977, this office was served with an Order obtained by the plaintiffs from the Ingham County Circuit Court which prohibited the City of Lansing and the Board of Water and Light from implementing four street lighting projects; namely, Project No. 3 along Riddle Street which involves the Vivian Riddle School and the Kingsley Community Center; Project No. 7 along West Michigan Avenue; Project No. 22 in the Washtenaw, Michigan Avenue, Jenison and Verlinden Streets area; and Project No. 23 in the Jenison, Michigan Avenue and Washtenaw areas.

The Order was obtained by the plaintiffs ex parte, i.e., without notice or hearing to the City or the Board. In addition, the Order set the matter for a hearing on the merits on September 23, 1977, seven (7) days before the end of the normal construction season for the Board.

In defense of the suit, this office on July 21, 1977 filed a Motion to Dissolve the Court's Order on certain technical grounds, and particularly as it applied to Projects No. 2, No. 7 and No. 22 on the grounds that:

1. In the event the Order was continued until the hearing on September 23, 1977, the Vivian Riddle School area and the Kingsley Community Center would be totally unlighted for the upcoming year, thereby endangering the safety of school children and users of the community center;

2. That Project No. 7 had been completed and was therefore a moot issue;

3. That in Project No. 22, the present street lights incurred numerous intermittent cable failures during wet weather when street lights are most needed and, as such, should be improved as soon as possible in the interest of the safety and public welfare.

The Court scheduled a hearing on the Motion for July 22, 1977 at 11:30 a.m. The Motion by the plaintiffs for an adjournment was denied. After a hearing of the matter, the Court dissolved its Order prohibiting the City and the Board from implementing Projects No. 3, No. 7, No. 22 and No. 23 for the reason stated in its Order, a copy of which is attached. Further, the Court scheduled a hearing on the merits in relation to Street Lighting Project No. 23 only for September 23, 1977 at 10:30 a.m.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

Received and placed on file.

Honorable Mayor Pro-Tem and Members
of the Lansing City Council
Tenth Floor—City Hall
Lansing, Michigan

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

Dear Mayor Pro-Tem

and Council Members:

On Monday, July 25, 1977, you approved by a 8-0 vote, a contract between the City of Lansing and the Community Design Center. The contract totaled $120,881 for services to be provided. In prior years, the City of Lansing's contract with the Community Design Center was through the Housing and Redevelopment Department, or with the former Model Cities program. Since the scope of services in the contract proposal overlaps several departments, and also since previous contracts lacked the specificity and accountability controls that are essential for meaningful evaluation, I assigned the negotiation of this contract to the Office of Community Development by authority of Section 2A-12 (Executive Assistant's Implementing Authority) of the Lansing Code of Ordinances.

Unfortunately, it might be embarrassing to some of you who were asked to vote on this issue to know that the ADMINISTRATIVE PROCEDURES established by the Office of Community Development in the proposed contract in accordance with law, were changed by the Community Development Committee of City Council. This was not a POLICY DECISION, but merely an infringement upon the prerogative of an administrator attempting to establish a working document, under which the execution of the contract could be properly controlled, executed, and evaluated. Because all members of City Council, prior to voting were not adequately and correctly informed about the circumstances in negotiation of this contract, I find it necessary to go into some detailed background in this matter.

The original proposal submitted to the Community Development Committee, and which appeared on the City Council agenda several weeks ago, was withdrawn because some administrators felt that the scope of services provided in the contract did not contain the specificity necessary. During the week that followed, two principle different points of view were resolved, which involved budgetary considerations and an element of the scope of services section, wherein the Community Design Center was being required to submit to the Office of Community Development service requests for approval prior to actual performance of such requested services. These two points at issue were resolved at a meeting convened at 11:00 a.m. on Tuesday, July 19, 1977. Among others in attendance were Mr. Pat Smith, the Community Design Center Executive Director, and Mr. Jay Burroughs, Board President. Both individuals were in full agreement with the contract proposal, which included provision for a service request form to be submitted to the Office of Community Development for prior approval because most of the services to be provided are not specifically delineated in the contract. Same had already been approved by department heads involved.

On the same day, during the presentation of this new proposal to the Community Development Committee, one Councilman insisted that the scope of services section which required the CDC to submit service requests to the Office of Community Development for prior approval of requested services, was a "Mother, may I please" approach, which no other City funded agency had to agree to and was entirely untenable to him. Here I would like to point out that every contract we have with an agency has built into it a "Mother, may I please" approach; and, specifics are spelled out. Specifics are not spelled out in the revised contract you just approved, which is very "open-ended." Under an Other Miscellaneous Services caption of that contract, which the Assistant City Attorney, assigned to contracts, advises that "it says next to nothing," and he urges the adoption of the control presented to you.

During the discussions by you of the contract, and changes, one Councilman advised that the Community Design Center has had NO AUDIT EXCEPTIONS OF ANY CONSEQUENCES IN THE PAST SIX YEARS —fact or fiction? FICTION. The FACT is there were Audit Exceptions. Audit Exceptions included: Federal Income Tax Returns (Form 990) were not filed; W-4 forms did not agree with exemptions for withholding of payroll taxes; Payroll Time Cards were not signed and approved; Minutes of Special Board Meetings were not signed by proper officials; Project files lacked documentation whether or not "clients" were properly billed, and why some were not billed at all; Ledger Accounts were not reviewed and analyzed for errors, resulting in difficult year-end audit work; Purchase Orders did not agree to actual invoice costs; etc.

The statement that the City has been doing business with the Community Design Center for the last six years under previous contracts is not, in my estimation, a valid reason for not changing the contract at this point in time. Let me remind you that this is the first time a contract has been prepared between the Office of Community Development and this operating agency. I do not intend to deny my Executive Assistant the opportunity to achieve maximum benefit from service contracted for if such benefits can be improved upon, nor would I have denied the cave man the use of the wheel just because he got along without one for millions of years prior.

After a lengthy discussion, it was the decision of the Council's Community Development Committee to change the language of the scope of services section of the contract so that the Community Design Center would be provided the option of either approving or rejecting the requests for services and that they be required only to report on a monthly basis what they already provided. This action was taken even though the Office of Community Development advised the Community Development Committee members that the original language was strongly desired, and that if this language were to be deleted, this would result in the Executive Assistant to the Mayor for Community Development requesting that a mayoral veto be effected.

The procedure which is now included in the scope of services section of the contract

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

is considered to be entirely inappropriate because it perpetuates the situation, wherein the Community Design Center alone decides what work requests, and in what priority, will be accepted and completed. I object to this loose use of taxpayer's dollars.

The purpose of a contract is to provide an instrument for binding an agreement between two or more persons or parties. It is a writing made by the parties to evidence the terms and conditions of a contract. To improve upon the conditions of a contract with the Community Design Center has nothing to do with questioning the integrity of the individuals involved, in particular the members of the Community Design Center's Board. Is there truly anything wrong with expecting and getting what is expected from an agency that is being paid to provide the maximum services possible to the citizens of the City of Lansing with the minimum amount of funds?

This Community Development Committee action sets a precedent whereby other contracting agencies are being advised that negotiations with administrators are meaningless because the City Council will grant their wishes regardless of the administrator's desires. The Director of the Community Design Center approached City Council members on an individual basis and presented to them a revision of the contract being proposed by the administrative staff without the Office of Community Development's knowledge, or copies of the proposal being provided. Additionally, no other City-funded agency is given the prerogative of determining what it shall or shall not do. In essence, the contract approved by City Council is a defective instrument.

For any City Council member to state that all department heads were in agreement with the changes that were incorporated in the proposed contract is completely in error. However, it would be accurate to say they were in accord, BEFORE the Council amendment.

If the City of Lansing is having difficulty in negotiating this contract with the Community Design Center to provide services as defined in the contract, with the appropriate controls, then I recommend one of two courses of action:

1. That a "Request for Proposal" be prepared on specific services required and advertised for competitive responses from interested agencies. After receipt of offers, make a decision as to which agency can provide the best and greatest amount of services at the least possible cost, or

2. Hire two qualified architects to provide services desired at approximately $15,000 to $20,000 per annum, and supplement the Building Department with two qualified specification writing draftsmen at approximately $12,000 to $14,000 per annum. This total amount would not exceed $70,000 per annum which would save approximately $50,000 in current administrative expenditures, afford more control over services provided, and architects qualified to do a "total" job including specifications which we are not now privileged to.

One year from now, I do not want to be in the same position that we are in today in respect to determining what the performance of the Community Design Center has been. I want an evaluation that is definitive enough to specifically report what has, or has not, been accomplished by the Community Design Center in respect to Community Development support. I do not want to place the Executive Assistant to the Mayor for Community Development in the position of having to administer a contract with the Community Design Center that offers very little control of what is to be done for the funds provided.

Attached to this letter is a copy of a letter from the Community Design Center Board of Directors indicating that, with two minor revisions to the language in the originally proposed contract, they are in accord with the contract as written and presented by City staff administrators. With the Community Design Center Board of Directors' desires in mind, and those of City staff members who must administer the contract, I would hope that the City Council would reconsider its decision and vote favorably on a Contract which contains the modified language as it has been mutually agreed upon by the Community Design Center and the responsible City administrators.

In the meantime, until such action is taken, I must, in the interest of sound management, invoke Section 6.8 of Chapter 6 of the City Charter, that grants veto power to the Mayor over matters adopted by the City Council. In accordance with this provision, and for the reasons heretofore mentioned, I place my veto over the contract in question.

Sincerely,

GERALD W. GRAVES,
Mayor.

The Committee on FINANCE, to whom was referred the recommendation regarding changes in the Employee's Retirement System, reports as follows:

That the recommendations of the Board of Trustees of the Employee's Retirement System regarding benefit changes and the Finance Director's recommendations viewed the recommended reduction of the age requirement for regular retirement from age 60 to age 58. This would result in a $28,000 increase in the annual City contribution to the system. The recommendation to increase the formula for computing benefits from 1.4% to 1.6% of the Final Average

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

Compensation (and elimination of the 1.1% rate on the first $4,200) would result in an additional annual City contribution of $195,000. In addition to the Board of Trustees' recommendation the Committee reviewed a proposal to reduce the vesting period for General Employees from 10 years service to 8 years service. At least 18 Michigan counties, townships and cities already have vesting at 8 years or less service credit. The additional cost of this benefit would be approximately $5,300 annually. Because the Committee feels that it is desirable to have the Employee's Retirement System be competitive with other systems, and because the Policemen's and Fireman's Retirement System has had substantial benefit improvement, the Committee on Finance recommends all three changes to the Employee's Retirement System, and requests that the matter be referred to the Committee on Ordinance and Contracts and City Affairs to have the appropriate ordinance changes made. The Committee further recommends that funding for this be drawn from the Anti-Recession Funds ($150,000) and from the City's Fringe Benefit account ($78,300).

REPORTS OF CITY OFFICERS AND BOARDS

July 26, 1977

Honorable Mayor and Members

of the Lansing City Council

Re: Request for Authority to Institute Eminent Domain Proceedings

Dear Mayor and Council:

This office has reviewed the status of negotiations of the following unacquired real property with the Department of Housing and Redevelopment within NDA No. 2 located at 1304 Perkins Street, described as:

The East 36 feet of Lot 67, Excelsior Land Company's Subdivision, part of the west ½ of the Northeast ¼ of Section 22, T4N, R2W, City of Lansing, Ingham County, Michigan, according to the recorded plat thereof as recorded in Liber 5 of Plats, Page 1 and subject to restrictions of record.

The Department of Housing and Redevelopment has been unable to negotiate a settlement for this real property and the land contract owner has refused to accept a final firm offer in the amount of $8,500.00 for this single story commercial real property. As a result, the Department of Housing and Redevelopment requested this office to institute condemnation proceedings.

The City of Lansing obtained appraisals on the property as follows:

Richard P. Binder, $8,000.00 as of October 29, 1976

Donald V. Whipp, Jr., $8,500.00 as of October 29, 1976.

On December 20, 1976 H. H. Streukens, Review Appraiser reviewed these appraisals on behalf of the City of Lansing and recommended using the $8,500.00 figure, consistent with City policy of offering the higher of the two appraisals.

On January 5, 1977, the Housing and Redevelopment Department on behalf of the City of Lansing, through Winegardner Realty Company, its acquisition agent, issued an offer to purchase 1304 Perkins, from Richard Smith, the land contract owner, for $8,500.00. This offer was verbally rejected.

We have been advised by the Housing and Redevelopment Department that the owner's personal opinion is that the value of this real property is $14,000.00.

To resolve this impasse, it is my recommendation that this office be authorized and directed to institute condemnation proceedings in the Ingham County Circuit Court pursuant to 1945 PA 344, as amended, that being MCLA 125.71 et seq.; MSA 5.3501 et seq. by adopting the attached resolution.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

Members of the Lansing City Council

Dear Mayor Graves and Council Members:

Friday, July 18, my office was notified by Ed Hagen of the Department of Natural Resources that the City of Lansing's application for a Work Opportunities Resources Corps (WORC) grant had been approved for $91,847. (No local match is required.) The basic budget is as follows:

Administration & Equipment	$11,786.30
Crew Leaders ($4.70 per hr.)	17,169.50
Enrollee Pay ($2.57 per hr.)	62,891.20
Total	$91,847.00

The WORC project will provide employment opportunities for eighty youths, 15 through 21 years of age. This grant will provide employment for Lansing youths without restrictions as to family economic status.

The Youth Development Corps will be administering and implementing the program in cooperation and in concurrence with the Parks and Recreation Department.

Work projects to be accomplished with these grant monies are:

1. Construction of fishing dock—Fidelity Lake in Crego Park
2. Construction of open shelters—Scott Woods, Davis Park and Francis Park
3. Construction of scenic overlook—Sheffield Park
4. Restoration of Amphitheatre—Fenner Arboretum
5. Construction of open shelter — Potter Park
6. Trail clearing and identification and construction of motorcycle barriers — Scott Woods
7. Placement of fencing—Scott Lake in Scott Woods
8. Construction of picnic tables—Potter Park
9. General construction and maintenance —Potter Park
10. General maintenance — Oak Park
11. General maintenance—Mt. Hope, Evergreen and North Cemeteries

The completion of these projects is expected to be around September 30, 1977. YDC commenced hiring on July 25, 1977.

and Council Members:

On June 6, 1977, Mayor Graves recommended in a letter to Council that Council give priority ranking to the acquisition of the Diamond Reo property through the use of monies that may be forthcoming under the Public Works Act. Mayor Graves also stated that he had been advised by me that

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

purchase of the Diamond Reo land would not be permitted under the Public Works Act. Mayor Graves further added; "however, I have been advised by an employee of the U. S. Economic Development Administration that such was plausible. In short, it is my hope that the City of Lansing could purchase the property in question with Federal dollars for the purpose of an industrial park — privately constructed building for heavy industrial use would then be located on leased land, a process which is already underway in some areas of the City."

In regard to the above, on June 7, 1977, I addressed a letter to the Regional Director of EDA, Chicago, requesting clarification to determine if my reading of the regulation was erroneous and if, in fact, the use of Public Works Act monies was "plausible."

Attached for your information is a letter to me from Edward G. Jeep, Acting Regional Director of EDA that states that "no part of any Local Public Works Grant may be used for the acquisition of any interest in real property."

Honorable Mayor and

Members of City Council:

The Lansing Planning Board will hold a public hearing on August 16, 1977 at 7:30 p.m. in the City Council Chambers, Tenth Floor, City Hall, Lansing, Michigan on the proposed subdivision plat known as Sunset Hills No. 10. This is not a matter of rezoning.

The proposed plat includes approximately 29.4 acres of land, to be subdivided into 103 lots, approximately 7,320 square feet to 31,684 square feet. The property is zoned "A-1" Family Residential. The net density of this single family development is 4.6 dwelling units per acre. The property is located south of Delta River Drive, west of Northwest Avenue, and north of Tecumseh River Drive. Site plans are on file in the Planning Department for your review.

You are cordially invited to attend this hearing. This notification is in accord with Section 37-8(2) of the Lansing Subdivision Regulations.

The Planning Board is requesting a 60 day extension in accordance with Chapter 36 of Lansing Zoning Code for SUP-3-77 which includes a request to mine the area known as Paulson Park for its deposits of sand and gravel.

The Board has found that there are serious problems relating to industrial traffic circulation and environmental conditions of dust, noise and odors which adversely impact the residential area adjacent the Paulson Park.

The Board believes the 60 day extension will allow sufficient time to study the area and develop proposals which will lessen the impacts and improve access for the industrial users.

City Hall

Lansing, Michigan 48933

Gentlemen:

Subject: Redevelopment Proposal
Received from R & R Development Company
Parcel 12A & 13, Project No. 1, Mich. R-87

The Housing and Redevelopment Advisory Board, at its meeting held on July 26, 1977, unanimously agreed to advise the Lansing City Council that the proposal to purchase and redevelop property located at the northeast corner of the intersection of Ottawa Street and the Washington Square Mall, as received from R & R Development Company, is conceptually in accordance with the objectives of the Development Plan for Urban Renewal Project No. 1, Michigan R-87. The Board wishes to inform the Lansing City Council that it desires the opportunity to again review this proposal when the developer has finalized the necessary financing commitments and completed working drawings and specifications.

After reviewing this proposal, the Board specifically recommends that:

a. The Lansing City Council accept this proposal, subject to review of final working drawings;

b. The developer be advised that the City does not have statutory authority to grant the limited tax abatement requested in the proposal;

c. The Lansing City Council seriously consider the developer's request to install and maintain a pedestrian walkway from the North Grand Parking Ramp to this proposed building, and

d. The Housing and Redevelopment Director be authorized and directed to negotiate a contract for sale of land with R & R Development Company.

It should again be emphasized that the Housing and Redevelopment Advisory Board expressly desires the opportunity to again review this proposal, after the numerous details are finalized. The Board also encourages the Lansing City Council to promptly consider this proposal, as the developer has indicated that office space for its own use must be available by June, 1978.

Sincerely,

City of Lansing, Michigan
Housing and Redevelopment
Advisory Board,
RONALD G. STONEHOUSE,
Secretary.

That the Mayor and City Clerk be authorized to sign this Agreement upon certification of the City Controller as to the availability of funds, and after approval as to form by the City Attorney.

The City of Lansing's share for this construction is 12.5%, and will be funded under Account No. 202-453-612-974.

Adopted by the following vote:

Unanimously.

By Committee on Buildings and Properties—

Resolved by the City Council of the City of Lansing:

Whereas, the Property Management Division of the City of Lansing was directed to obtain proposals for the appraisals of land adjacent to Gier Park lying north of the Front Page Restaurant and lands lying between the two portions of Tecumseh Park; and

Whereas, the Property Management Division is now in receipt of two proposals; and

Whereas, the Front Page Restaurant and the City of Lansing each have agreed to pay 50% of the appraisal fee; and

Whereas, the proposal by H. H. Streukens to appraise certain properties at the rate of $300.00 per day and cost not to exceed $3,000.00 is the lowest proposal; and

Whereas, the Buildings and Properties Committee has determined to accept the proposal submitted by H. H. Streukens,

Now, Therefore, Be It Resolved that the Mayor and City Clerk be hereby authorized and directed to sign the contract by and between the City of Lansing and H. H. Streukens after approval by the City Attorney as to form, and

Be It Further Resolved that funds will be made available by the Finance Director from Account No. 101-720-000-801 to cover 50% of this contract.

Adopted by the following vote:

Unanimously.

By Committee on Public Service and Highways—

Resolved by the City Council of the City of Lansing:

That it is hereby determined to be a matter of public health and necessity to construct storm sewer and curb and gutter on Hamelon Street from Aurelius Road to the East end of street (W. plat line of Glen Eden Estates Subdivision), and that the construction of this improvement is hereby ordered.

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

And Further, that the cost of this construction is to be assessed to the benefitted property owners.

The Department of Public Service is hereby directed to prepare as far as necessary, plans and specifications for this project and it is further directed to estimate in detail the cost of said project and to furnish said information to the City Council.

Adopted by the following vote:

By Committee on Public Safety—

Resolved by the City Council of the City of Lansing:

That the appointment of Dirck Terwilliger to the CATA Board and Kenneth W. Dillingham to the Board of Police Commissioners, both terms expiring June, 1981, be confirmed.

Adopted by the following vote:

Unanimously.

By Community Development Committee and Finance Committee—

Resolved by the City Council of the City of Lansing:

Whereas, a need exists in the City of Lansing to integrate information, provide an outreach program, and a communication program for handicappers in the city of Lansing; and

Whereas, the City Council desires to initiate a pilot program for the purpose of establishing a Center of Handicapper Affairs; and

Whereas, One Hundred Thousand and 00/100 ($100,000.00) Dollars is available as a Ninety Per Cent (90%) grant for the purpose of creating such a Center from the Michigan Department of Education, Vocational Rehabilitation Services; and

Whereas, to obtain these grant monies Ten Per Cent (10%) local match funds are required; and

Whereas, the City Council agrees to provide Eleven Thousand, One Hundred and 00/100 ($11,100.00) Dollars of general funds for match for said State funds for the purpose of obtaining the first year grant, and

Whereas, the monies are to be appropriated to the Handicapper Advocacy Alliance, Incorporated; and

Whereas, continued funding shall be contingent upon continuation of the Federal

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

Wheeras the City of Lansing wishes to improve its planning and communication process with neighborhood residents, and

Whereas the City of Lansing through its Planning Board is already embarked on a long range program to develop a formal planning and communication process City wide, and

Whereas the City Council desires to find methods to immediately improve communications with all neighborhood groups until such time as the longer range process is fully implemented,

Now, Therefore, Be It Resolved that City Council of Lansing requests the Planning Board to meet with neighborhood groups to:

1. Explain the long range approach, and
2. Seek advice on methods to improve communications and respond to immediate concerns, and

Be It Finally Resolved that the Planning Board will formulate a report for Mayor and City Council consideration.

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

Whereas the recently completed R/UDAT report made numerous project recommendations for consideration by the City of Lansing, and

Whereas the City Council desires to act on those recommendations in an orderly manner,

Now, Therefore, Be It Resolved by the City Council of Lansing that the following process will be used to deal with the R/UDAT recommendations:

1. Each R/UDAT recommendation will be identified as shown on the attached matrix;
2. The City Council and other interested organizations in the City will review each recommendation and the City Council will decide whether or not to take action on each recommendation;
3. The City Council will determine project priorities and the agency responsible for implementation;
4. The City Council decision will be communicated to all concerned groups regarding each R/UDAT recommendation, and
5. The City Council will establish a feedback mechanism to determine current status of all project recommendations, and

Be It Finally Resolved that the Planning Department is directed to provide staff support for the above process.

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

Whereas, it is in the best interest of the City of Lansing to encourage the expeditious development of 100 Block and the downtown area; and

Whereas, the 100 Block property is within a blighted area and subject to a development plan pursuant to 1945 PA 344, as amended; and

Whereas, to encourage development of 100 Block, it is necessary to obtain clear title to the land; and

Whereas, clear title to 100 Block can best be established by purchasing 100 Block from Indiana Mortgage Company thereby avoiding lengthy legal proceedings over the land; and

Whereas, it appears that Indiana Mortgage Company may be willing to sell 100 Block to the City of Lansing for $471,000 plus the assumption of unpaid property taxes on the land; now, therefore, be it

Resolved, that the City of Lansing, through its City Attorney, be and is hereby authorized to offer to purchase and purchase 100 Block from Indiana Mortgage Company subject to outstanding liens and unpaid property taxes on the condition that Indiana Mortgage Company releases all claims it may have against the City of Lansing in connection with 100 Block, the development contract with Spira Mart, Inc. for the 100 Block property dated May 10, 1974, and the mortgage and mortgage note between Indiana Mortgage Company and Spira Mart, Inc. dated May 10, 1974 and all funds disbursed in connection with that mortgage and mortgage note, and that Indiana Mortgage Company agrees to indemnify and hold harmless the City of Lansing and any successor in interest in 100 Block to the City of Lansing for any cost necessary to eliminate the architect's lien currently alleged to be attached to the 100 Block property as ultimately decided by the Ingham County Circuit Court or any appellate court; and be it

Further Resolved, that the Mayor and City Clerk be and are hereby authorized to sign a contract for the purchase of 100 Block subject to approval as to form by the City Attorney and certification by the Finance Director of availability of funds for said purchase.

REPORTS OF CITY OFFICERS AND BOARDS

August 4, 1977

Honorable Mayor and Members

of the Lansing City Council

Re: Claim of Bradley A. Terryn in the amount of $46.27

Dear Mayor and Council:

The above captioned claim was referred to this office for investigation and a recommendation. The claimant in the matter asserts that on June 20, 1977 the rear tire of his vehicle struck a hole in the street on Michigan Avenue.

PA 1964 170; MCLA 691.103; MSA 3.996 (103) states:

"No governmental agency is liable for injuries or damages caused by defective highways unless the governmental agency knew, or in the exercise of reasonable diligence should have known, of the existnce of the defect and had a reasonable time to repair the defect before the injury took place. Knowledge of the defect and time to repair the same shall be conclusively presumed when the defect existed so as to be readily apparent to an ordinarily observant person for a period of 30 days or longer before the injury took place."

The Public Service Department has informed this office that it had no record of the hole that the claimant allegedly struck and can only assume that it was a usual pothole in the roadway. As a result of this disclosure it is apparent that the hole was not so great as to be discovered by the Public Service Department and that the Public Service Department had no prior knowledge of a hole in the area described by Mr. Terryn.

Therefore, based upon the facts and statutory authority cited, it is the opinion of this office that Mr. Terryn's claim be denied.

Respectfully submitted,

TIMOTHY W. SANDERSON,

Re: Claim of Betty Jane Micka in the amount of $76.00

Dear Mayor and Council:

This is a claim from Betty Jane Micka for damage to her vehicle caused by the unexpected dropping of a gate at the Civic Center. Ms. Micka has procurred an estimate for the repairs to her car in the amount of $76.00.

The Manager of the Civic Center has informed this office that he had had periodic difficulties with the gates at the Civic Center which have resulted in damage to various vehicles. He also related that he does have a documented complaint from Ms. Micka on the matter.

It has been the consistent recommendation of this office and the policy of the Council to accept and pay claims for damages done to vehicles by the Civic Center lot gates since the City has had prior notice of the situation with the result that the defense of governmental immunity would not be available.

Therefore, it is the opinion of this office that the claim of Ms. Micka be paid.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attoriney.

By Councilman McKane—

That we concur in the recommendation of the City Attorney and the City Clerk be and she is hereby directed to draw a warrant on the City Treasurer in the amount of $76.00 payable to Betty Jane Micka.

Claim of Kay Greenbury in the amount of $55.20

Dear Mayor and Council:

This is a claim from Kay Greenbury for damage to her vehicle caused by the unexpected dropping of a gate at the Civic Center. Ms. Greenbury has procurred an estimate for the repairs to her car in the amount of $55.20.

The Manager of the Civic Center has informed this office that he has had periodic difficulties with the gates at the Civic Center which have resulted in damage to various vehicles. He also related that he does have a documented complaint from Ms. Greenbury on the matter.

It has been the consistent recommendation of this office and the policy of the Council to accept and pay claims for damages done to vehicles by the Civic Center lot gates since the City has had prior notice of the situation with the result that the defense of governmental immunity would not be available.

Therefore, it is the opinion of this office that the claim of Ms. Greenbury be paid.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

By Councilman Blair—

That we concur in the recommendation of the City Attorney and the City Clerk be and she is hereby directed to draw a warrant on the City Treasurer in the amount of $55.20 payable to Kay Greenbury.

Honorable Mayor and Members

of the Lansing City Council

Lansing, Michigan

Dear Mayor and Council:

The City was notified of the claim of Durward J. Barnes, 2237 Sunnyside, Lansing, Michigan, on July 20, 1977, for the amount of $12.18 arising from a broken window caused by an errant golf ball from Sycamore Golf Course.

The claim was referred to the City Attorney's office for investigation on July 25, 1977. 1964 PA 170 being MCLA 691.1407; MSA 3.996(107) states:

"Except as in this act otherwise provided, all governmntal agencis shall be immune from tort liability in all case wherein said governmental agency is engaged in the exercise and discharge of a governmental function. Except as otherwise provided herein, this act shall not be construed as modifying or restricting the immunity of the state from tort liability as it existed heretofore, which immunity is hereby affirmed."

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

It is generally recognized that the operation of parks and golf courses is within the meaning of "governmental function." However, Douglas Finley, Director of Parks and Recreation, has informed this office that the operation of the Sycamore Golf Course results in a surplus of revenue.

An exception to the aforementioned statutory law is found in 1964 PA 170, §113, **supra**, which states:

"The immunity of the state shall not apply to actions to recover for bodily injury or property damage arising out of the performance of a proprietary function as herein defined. Proprietary function shall mean any activity which is conducted primarily for the purpose of producing a pecuniary profit for the state, excluding, however, any activity normally supported by taxes or fees. No action shall be brought against the state for injury or property damage arising out of the operation of proprietary function, except for injury or loss suffered on or after July 1, 1965."

As a result of the aforementioned statutory authority and the disclosure by Mr. Finley, it is my recommendation that the claim be approved.

In an attempt to eliminate future damage done by errant golf balls, Mr. Finley has advised that the Parks Department has purchased a screen fence (15 feet by one hundred fifty feet) to be constructed parallel to Sunnyside Street. Mr. Finley believes that the fence will cure the present condition.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

By Councilman Blair—

Proposed Pornography Ordinance

Honorable Mayor and Members

of City Council:

The Planning Board, at their August 2, 1977 meeting, recommended approval of the proposed pornography ordinance, including the attached amendments as a result of the meetings with the Planning Staff, and the City Attorney's office. The Board further recommended approval of this ordinance subject to the estraction of applicable licensing procedures, and further that the licensing requirements of these facilities shall be placed in the pertinent licensing provisions of the code of ordinance.

The Planning Board conducted the public hearing at their July 19, 1977 meeting, at which time four (4) people spoke in favor of this proposed ordinance and felt that it was necessary to adopt such an ordinance to control the types of uses included within the ordinance.

The Planning Board believes that the proposed ordinance as amended will control the location of adult bookstores, adult movie theaters and health clubs and would prohibit future clustering of such establishments and the penetration into residential areas. These proposed amendments are expected to clarify the ordinance and bring it in line with the latest court rulings.

Sincerely,

Subject: Draft Neighborhood Development Area No. 3 Plan

Dear Mayor Graves and

City Council Members:

The Planning Board, at their meeting on August 2, 1977, voted to transmit the Draft NDA No. 3 Plan to City Council for their consideration and approval. In addition, the Planning Board requests that City Council establish a public hearing date for the Plan as required by State of Michigan Public Act 344 (Rehabilitation of Blighted Areas Act).

The major components of the NDA No. 3 Plan, as recommended by the Citizens District Council, are summarized as follows:

1) Acquisition of substandard residential structures at 1216, 1307, 1557 and 1632 N. High Street; 1418, 1423, 1513, 1520, 1520½, and 1531 New York Avenue, and 1107 Oak Street

2) Housing Rehabilitation through the Community Development Financial Services Program (loan and grant)

3) Sidewalk removal and replacement

4) Curb and gutter removal and replacement

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

5) Street resurfacing

6) Water main installation

7) Water service replacement

8) Street trees planting

9) Vector control

10) Traffic circulation changes designed to reduce the flow of through auto and truck traffic in the neighborhood

11) The paving of public alleys and maintenance of rear property areas

12) Provision of a neighborhood cleanup program

13) Provision for expansion of Cristo Rey facility

Therefore, the Lansing Planning Board recommends, on behalf of the Citizens District Council No. 3, that City Council consider the proposed Plan and establish an official public hearing date in accordance with the requirements of Public Act 344.

If there are questions on this material, please contact James N. Foulds in the Planning Department.

ACT-15-77

Silver Lead Paint Company

Honorable Mayor and Members
of City Council:

The Planning Board, at their August 2, 1977 meeting, held a public hearing to review the offer of land to the City by Mr. David O'Leary of the Silver Lead Paint Company. The irregular parcel of land between Oakland Avenue and Saginaw Street, adjacent the Grand River, contains approximatey 17,600 square feet. The proposal for the property is to incorporate it in the river walk hiking/biking path system.

The Planning Board, on October 5, 1972, recommended to the City Council that the City obtain use of the property in question through purchase or easement for extending the riverfront hiking/biking path as a link between Riverfront Park and North Lansing. There was one person at the public hearing who was opposed to the acquisition of the property in question at the current asking price. He also expressed concern over the narrow width of the parcel.

The Planning Board reaffirms its previous recommendation for the City to purchase at fair market value the Silver Lead parcel for continuing the development of the river front.

This recommendation is made with unanimous Board support.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

ACT-21-77

South Street Sign Shop

Honorable Mayor and Members
of City Council:

The Planning Board, at their August 2, 1977 meeting, reviewed the proposal to locate the Traffic Department Sign Shop at the South Street Public Service Garage. This proposal is in keeping with the major type of development that has occurred in that vicinity. Therefore, the Planning Board believes it is unnecessary to conduct an additional locational review since the sign shop is a similar operation to the Public Service Garage activities and the South Street development had been reviewed by the Board in March of 1974.

The Board noted several advantages for the South Street proposal over other alternative locations in that there is available (1) office and employee facilities, (2) vehicle maintenance and gas supply, and (3) dispatch and utility systems. The proposal will eliminate duplicate facilities and provide better utilization of City property.

The Planning Board favors the proposal to locate the Traffic Department's Sign Shop at the South Street Public Service Garage. The site plans and architectural drawings must be reviewed by the Board under Act 285 of Michigan Public Acts of 1931 for character and extent requirements of the Act. It is further recommended that EPA and OSHA requirements be incorporated in the design of the facility and the appropriate 100 year flood plain clearance be obtained from the Michigan Water Resources Commission.

RE: FCF-2-77

Honorable Mayor and Members
of City Council:

Pursuant to Act 396, P.A. 1976, the State of Michigan Department of Social Services referred a request for the licensing of an adult foster care family home to house a maximum of 6 foster adults upon the premises known as 804 Cleo Street. Upon review by the Planning Department, it was discovered that the proposed facility is located within 950 feet of the Geraldine Shaver Home, presently licensed for the care of 2 foster adults upon the premises known as 738 N. Jenison. In accord with the provisions of Act 396, P.A. 1976, the state licensing agency shall not license a proposed residential facility when another state licensed residential facility exists within 1,200 feet unless permitted by local zoning ordinances.

It should be noted that the state law allows the applicant to file for a special use permit, pursuant to Section 36-42(12) of the Lansing Zoning Code. Should Council grant the special use permit, the Department of Social Services is free to license the facility.

Sincerely,

ALAN E. TUBBS,
Planning Director.

Bradford-Scott Park

Final Plat

Honorable Mayor and Members
of City Council:

The Planning Board at their August 2, 1977 meeting recommended that the final subdivision plat of Bradford-Scott Park be approved subject to the following:

1) That the Deed or Abstract of Title, accompanied by an Attorney's opinion as to the marketability of the land, or a Certificate of Title Insurance be submitted to the City Clerk prior to the signing of the plat and the affixing of the Municipal Seal.

2) That final security be posted in the amount specified by the Public Service Department and the Department of Parks and Recreation.

3) That final clearance for the development be obtained from the Board of Water and Light and the Public Service Department.

The Board found that the final plat was in substantial conformance with the approved preliminary plat and that the final approval of this plat will facilitate warehouse and office development.

Concord Village No. 4

Final Plat

Honorable Mayor and Members
of City Council:

The Planning Board, at their August 2, 1977 meeting, recommended that the final plat of Concord Village No. 4 Subdivision be approved subject to the Following:

1) That the Deed or Abstract of Title, accompanied by an attorney's opinion as to the marketability of the land, or a Certificate of Title Insurance be submitted to the City Clerk prior to the signing of the plat and the affixing of the Municipal Seal.

2) That final security be posted in the amount specified by the Public Service Department and the Department of Parks and Recreation.

3) That final clearance for the development be obtained from the Board of Water and Light and the Public Service Department.

The Board found that the final plat was in substantial conformance with the approved preliminary plat and would facilitate the development of single family homes.

Northwest corner Waverly/Glenburne

Honorable Mayor and Members
of City Council:

The Planning Board, at their meeting of August 2, 1977, recommended that the request by J. Lee Hamrick to rezone property on the northwest corner of Waverly and Glenburne and the southwest corner of Waverly and Limerick Circle from "A-1" Family Residential District to "C-2" Family Residential District be denied as filed and further that those lots fronting on Glenburne Boulevard; namely, Lots 1 through 4 inclusive, of Glenburne Subdivision be rezoned from "A-1" Family Residential to "C-2" Family Residential Dis-

trict, and the balance of the property, being Lots 14, 15 and 16 of Glenburne Subdivision, fronting on Limerick Circle remain in their present zoning classification, which is "A" One Family Residential District.

The Board believes that two family zoning along Glenburne Boulevard would allow housing development consistent with the overall development plan of Glenburne without seriously affecting adjacent properties. In other words, the four lots front a primarily residential collector street for this area. They are directly across from land that is zoned and will be developed for commercial purposes. At the time the overall plan was approved, "C-2" Family zoning and development was recognized along the south side of Glenburne Boulevard as a land use that was a good transition between the townhouse development to the south and the single family development north of the Boulevard. The four properties recommended for two family zoning also have ease of access to Waverly Road, a major street, via Glenburne Boulevard. Therefore, any additional traffic generated by the increase in units will not have to filter through the lower density residential units.

It was further found at the public hearing that there is a restrictive covenant for this property that prohibits any development of this land other than single family homes. Therefore, the Board is recommending this change of zoning strictly from a land use standpoint and this recommendation should not be interpreted as justification to override the restrictive covenant, and that before the City Council gives final endorsement to any change of zoning, evidence should be submitted to the Council that indicates that the applicant has given his documentation of amendments to the restrictions.

Four persons spoke at the public hearing of July 19, 1977 in opposition to this request and a petition expressing opposition was submitted with 159 signatures from area residents.

This recommendation is made with unanimous (6 yeas, 0 nays) support of the Board.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

229 East St. Joseph Street

Honorable Mayor and Members
of City Council:

The Planning Board, at their August 2, 1977 meeting, recommended that the request by R. A. Davidson to rezone property at 229 East St. Joseph Street from "D" Aparement to "D-1" Professional Office District for the purpose of using the property as a real estate office be denied.

The Planning Board found, based on testimony and evidence, that the site is extremely small for office development, having only 42 feet of frontage on East St. Joseph and 46 feet of frontage on Cherry Street. On site, off-street parking cannot be provided and would, therefore, force on-street parking in an area where residents are working extremely hard to retain a residential living environment. It is further pointed out that the site is located in an area where access is only afforded through existing residential streets. Therefore, if this change were allowed and subsequent changes were made, it would further expose the residential area to additional traffic and activity which is not in the best interests of the community. Because of the conversions of existing dwellings in this area to more intense use, off-street parking is a problem and in several cases violations of the Front Yard Parking Code are a continual enforcement problem.

David Harrington, President of the Cherry Hill Neighborhood Association, spoke in representation of the Association members in opposition to this request and also presented a petition in this regard with 18 signatures of the area home owners.

This recommendation is made with unanimous (6 yeas, 0 nays) Board support.

2908 Belaire Drive

Honorable Mayor and Members
of City Council:

The Planning Board, at their meeting of August 2, 1977, recommended that the request by Robert G. Hull, Chairman of the Board of Directors of the Mayflower Congregational Church, to rezone property fronting on Mt. Hope Avenue, known as Lots 7 and 8 of Eton Downs Subdivision, but directly associated and part of the property with the address known as 2908 Belaire Drive, from "J" Parking District to "A-1" Single Family Residential District be approved for the purpose of allowing the land to be developed for single family homes.

This recommendation of approval is given subject to the Church providing fencing and screening along the west and south sides of the existing parking area where it abuts the two residences in question.

One person at the public hearing of

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

July 19, 1977 spoke with a question regarding the sewer capacity in this area. This was checked by the Department of Public Service and the Board was advised that the sewers were adequate to handle the development of the properties in question as proposed.

The Planning Board found, based on testimony and evidence, that adequate off-street parking for the church facility existed and was fully improved, and that these two lots which were initially zoned for parking expansion are not needed to fulfill the requirements of church parking. The Board believes that the two lots are of adequate size to promote residential development compatible with development in the vicinity.

This recommendation received unanimous (6 yeas, 0 nays) vote of the Board.

1410 West Mt. Hope Avenue and

1833 Pattengill Avenue

Honorable Mayor and Members
of City Council:

The Planning Board, at their August 2, 1977 meeting, recommended that the request by Stan Martin, owner and operator of the Quality Dairy Company, to rezone property at 1410 West Mt. Hope Avenue and 1833 Pattengill Avenue from "E-1" Drive-In Shop and "B-1" Family Residential to "F" Commercial District for the purpose of redeveloping the property with a new Quality Dairy store and its associated off-street parking be denied as filed.

The Board further recommends that the property be zoned "E-1" Drive-In Shop District subject to a landscape, screening and fencing plan being submitted to and approved by the Planning Department prior ot the issuance of building permits, with implementation of the plan to occur at the time the new development is open for business.

The Planning Board found that the interpretation of the Code will allow the dairy store to operate in the "E-1" District because of its primary function being a milk and dairy pick up station, and that the "E-1" District would give the added protection to the existing residential area in that it would not allow the wide range of commercial uses on the site as permitted in the "F" Commercial District, which could be detrimental to the adjacent residential homes. It was also found, in review of the site plan, that the "E-1" Drive-In Shop District provides for greater rear and side yard requirements than the "F" Commercial District.

The Planning Board has no objections to the reduction of the yard requirements down to what is allowed in the "F" Commercial District; however, it is understood that this must go before the Board of Zoning Appeals for consideration before development can occur.

Residents of the area spoke at the public hearing July 19, 1977 and did not object to the proposed rebuilding of the Quality Dairy store, however, they indicated their concern that if the property were rezoned to "F" Commercial as requested, that the wide range of commercial type uses that are allowed in the "F" Commercial District would allow the building to be occupied by types of uses that could be detrimental to the adjacent residential development.

This recommendation received unanimous (6 yeas, 0 nays) support of the Board.

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

2405 East Mt. Hope Avenue

Honorable Mayor and Members
of City Council:

The Planning Board, at their August 2, 1977 meeting, recommended that the request by G. and Irma Curtiss to rezone property at 2405 East Mt. Hope Avenue from "A-1" Family Residential District to "D-1" Professional Office District for the purpose of developing the site with his private residence and doctor office be approved subject to the final submission of a landscape, screening and fencing plan being submitted to and approved by the Planning Department prior to the issuance of building permits. Further, that the development comply with the Flood Plain Ordinance.

The Board found that several parcels in the area have been changed to allow similar type of development and that these changes have not created any seriously adverse impact on the area. The Planning Board believes that the site plan submitted reflects adequate building and parking setbacks that take into consideration existing natural features of the land.

A letter was received from Jerry Puca, of the Forest View Citizens Association, dated July 14, 1977 indicating that the proposed change was not in accord with the Forest View Plan. However, because of subsequent changes of zoning in this area to a professional nature, they could see no reason to oppose the request.

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

3532, 3534, 3536 W. Jolly Road and

3538 and 3540 W. Jolly Road

Honorable Mayor and Members
of City Council:

The Planning Board, at their meeting of August 2, 1977, recommended that the request of Gordon Elieff to change the zoning at 3532 W. Jolly Road, 3534, 3536, 3538 and 3540 W. Jolly Road from "CUP" District to "DM-1" Multiple Dwelling District and "C-2" Family Residential District be denied as filed. The Board further recommended that the entire property included within this request be rezoned from "CUP" District to "C-2" Family Residential District, which will establish the proper zoning district with the existing two duplexes and allow for the restoration of the existing single family home or the removal of the existing single family home and a duplex dwelling would be developed in its place.

The Board believes that this recommended change will promote residential development in accord with the established density in the vicinity. The Board further believes that if multiple family zoning is established at this location, that it could foster uncontrolled development within the area, which in turn could change the character of the area from low density to medium or high density residential.

It was also felt that increased density could promote additional traffic and activity into this area which would not be in the best interests of the community.

Three persons spoke at the public hearing in opposition to this request and a petition expressing opposition was submitted with 84 signatures from area residents.

This recommendation is made with unanimous (6 yeas, 0 nays) support of the Board.

Sincerely,

ALAN E. TUBBS,
Secretary,

Re: REO Motors Property

Dear Mayor Graves:

During recent months several proposals have been made regarding possible means of bringing the REO Plant site back into productive use. Your proposal that the City establish the property within a Plant Rehabilitation District or an Industrial Development District under PA-198, was sent to the Planning Committee of City Council on May 9, 1977. The Planning Committee has requested a legal opinion from the City Attorney as to the statutory implications and ramifications of establishing such districts. This is of course, predicated on the assumption (still untested) that the City can unilaterally establish such districts on land to which it doesn't hold title, and on which the landowners have not so requested such designation.

These opinions should be forthcoming shortly, at which time the Planning Committee will develop its recommendations to City Council.

Your continued interest in this project is appreciated. We look forward to your continued cooperation and assistance in bringing this project to fruition.

Respectfully yours,

RICHARD J. BAKER,
Chairman, City Council

RESOLUTIONS

By Committee on Buildings and Properties—

Resolved by the City Council of the City of Lansing:

That the City Assessor be, and he is hereby directed to spread on the December, 1977 tax rolls (U-13), the cost of correcting the hazardous and unsanitary conditions of properties in the year 1977, in the amount of $1,045.51, as reported this date by the Building Commissioner and as per attached list.

Adopted by the following vote:

Unanimously.

By Committee on Buildings and Properties—

Resolved by the City Council of the City of Lansing:

That the City Assessor be, and he is hereby directed to spread on the December, 1977 tax roll (L-12), the cost of cutting weeds in the year 1977, in the amount of $730.00, as reported this date by the Building Commissioner.

Adopted by the following vote:

Unanimously.

By Committee on Buildings and Properties—

Resolved by the City Council of the City of Lansing:

Whereas, the City Council at their meeting of March 7, 1977 determined that buildings located at 1926 W. Holmes Rd. were dangerous buildings as defined in Section 9A-13 of the Lansing Housing Code and the housing law of Michigan, and

Whereas, the City Council directed the owner to demolish or otherwise make safe the said buildings, and

Whereas, the owner did make safe said buildings in accordance with all applicable codes; now, therefore, be it

Resolved, that the City Council express its appreciation to the owner for complying with the order of the City Council, and be it further

Resolved, that the resolution of March 7, 1977 concerning property at 1926 W. Holmes Rd. be and is hereby rescinded and made null and void.

Adopted by the following vote:

Unanimously.

By Councilman Blair—

Resolved by the City Council of the City of Lansing:

Whereas, the City has entered into a contract with Rother and Hartwick, Architects, for plans and specifications required for making certain basic repairs to the exterior of the Dodge Mansion, and

Whereas, the funds to cover the cost of these repairs is budgeted in account No. 249-936-730-976 and includes a grant appropriation from the State of Michigan History Division, and

Whereas, the plans have now been completed, reviewed, and approved by the Department of Parks and Recreation.

Now, Therefore, Be It Resolved the Purchasing Director and the Director of Parks and Recreation be authorized to accept bids on the repairs as specified by Rother and Hartwick.

By Councilman Belen—

Resolved by the City Council of the City of Lansing:

Whereas, the period for redemption of the 100 Block of North Washington Avenue expired at midnight August 4, 1977 and the City of Lansing at this point in time is no longer entitled to possession of the 100 Block; and

Whereas, the City of Lansing wishes to continue to conduct parking operations on the 100 Block property; and

Whereas, Indiana Mortgage & Realty Investors is willing to allow the City of Lansing to continue to use the property for parking provided the City of Lansing leases the 100 Block property from them thereby protecting them from liability for the City of Lansing's use of the land; now, therefore, be it

Resolved, that the City of Lansing be and is hereby authorized to lease the 100 Block of the Original Plat of the City of Lansing, Section 15, T4N, R2W, Ingham County, from Indiana Mortgage & Realty Investors for use as a parking area substantially according to the terms of the lease agreement attached hereto and that the Mayor and the City Clerk are authorized and directed to sign the lease agreement on behalf of the City of Lansing subject to approval of the lease as to form by the City Attorney and certification as to the availability of funds by the Finance Director.

Adopted by the following vote:

Unanimously.

By Councilmen Blair and McKane—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing and the Lansing Tri-County Regional Manpower Consortium have entered into a contract to provide for the planning and delivery of manpower services pursuant to the Comprehensive Employment and Training Act of 1973, as amended, Title VI Project, "Emergency Jobs Act"; and

Whereas, the City of Lansing, hereinafter referred to as Program Agent and the Parks and Recreation Department, hereinafter referred to as subcontractor, propose to enter into a Contract, No. 894.60, to provide for the planning and delivery of manpower services pursuant to the Comprehensive Employment and Training Act of 1973, as amended, Title VI Project, "Emergency Jobs Act"; and

Whereas, the Parks and Recreation Title VI Project contract will be in effect from August 9, 1977 through September 30, 1977; and

Whereas, the total funds allocated to the project are $84,875.00; and

Whereas, the total number of job slots in the project is 53, which are as follows:

Position & Classification	No. of Positions

By Councilman Baker—

Resolved by the City Council of the City of Lansing:

Whereas, in accord with Act 396, P.A. 1976 of the State of Michigan, the State of Michigan Department of Social Services has referred a request by Gabrielle Kari for the licensing of a foster care facility to house a maximum of six (6) foster adults upon the premises known as 804 Cleo Street, more particularly described as:

Case No. FCF-2-77—

The South 41 ft. of the North 82 ft. of Lots 23, 24, and 25, West Lawn Subdivision, City of Lansing, Ingham County, Michigan; and

Whereas, upon review by the Planning Department, it was discovered that the proposed facility is located within 950 feet of the Geraldine Shaver Home, presently licensed for the care of 2 foster adults upon the premises known as 738 N. Jenison; and

Whereas, in accord with the provisions of Act 396, P.A. 1976, the state licensing agency shall not license a proposed residential facility when another state licensed residential facility exists within 1,200 feet unless permitted by local zoning ordinances; and

Whereas, under Section 36-42(12) of the Lansing Zoning Code, state licensed residential facilities are not allowed in any district except by Special Use Permit; and

Whereas, the City of Lansing cannot, therefore, recommend the licensing of this facility until and unless a Special Use Permit is granted by the City Council in accord with Section 36-42(12);

Now, Therefore, Be It Resolved, that the City Council of the City of Lansing does not recommend the licensing of the proposed foster care facility on the above described premises; and

Be It Further Resolved, that the Clerk is hereby directed to return the License Application Notice to the Michigan Department of Social Services indicating that the license is not recommended.

By Councilman Baker—

Whereas, by petition duly filed on the 9th day of May, 1977, this Council was petitioned to change the following described property from "D" Apartment District to "D-1" Professional Office District, all as set forth in the Zoning Code of this city, and

Whereas, due notice as required by law has been given for a public hearing on said petition, and

Whereas, at such hearing held on the 25th day of July, 1977, all parties interested therein were heard and given due consideration, and

Whereas, the property involved is described as:

Z-18-77—2800 N. East Street,

more particularly described as:

Lot No. 3 B L Bates, Jackson Subdivision, City of Lansing, Ingham County, Michigan,

from "D" Apartment District to "D-1" Professional Office District.

Whereas, pursuant to Act 207, P.A. 1921, the Planning Board advised the City Council to approve this request subject to conditions; and

Wheresa, the Planning Committee and Council to whom is referred the report of the Planning Board and concurs therewith.

Now, Therefore, Be It Resolved that the Council of the City of Lansing ordains that the petition to rezone the above described property from "D" Apartment District to "D-1" Professional Office District be approved subject to review and approval of the site plan by the Planning Department prior to the issuance of building permits or occupant permits. Said site plans shall include the following:

No. 1 Use and location of all existing and proposed structures

No. 2 Parking lot layout and number of spaces

No. 3 Screening and landscaping

No. 4 Ingress and egress to and from the site

INTRODUCTION OF ORDINANCE(S)

The following ordinance(s) of the City of Lansing, Michigan, providing that the Code of Ordinances be amended by:

a. Repealing of section 26-22 (e) of code (Retirement System) and declaring same to be null and void and of no effect.

b. Revising sections 26-21 (a), 26-22 (a) (2) and 26-33 (a) of code (Retirement System).

c. Amend by Adding a New Article V to Chapter Five and by adding new sections to be numbered 5-30 through 5-40 inclusive providing for the licensing of Adult Book Stores and Adult Motion Picture Theaters.

was introduced by Councilmen Belen and Hull, read a first and second time by their titles and referred to the Committee on Ordinances and Contracts and City Affairs and Committee on Planning.

By Councilman Brenke—

Resolved by the City Council of the City of Lansing:

That Councilmen Adado and Gunther be excused from the session.

Carried.

By Councilmen Blair-McKane-Baker—

Resolved by the City Council of the City of Lansing:

That the rule prescribed in Sec. 5.5 (g) of the Charter relative to considering business not on the agenda, be waived.

Carried.

By Committee on Parks and Recreation—

Resolved by the City Council of the City of Lansing:

Whereas, C. Rowland Stebbins has promoted the development of public access to Lansing's Grand and Red Cedar Rivers and to Sycamore Creek, as well as all other rivers throughout Michigan, and

Whereas, he has worked for this cause by membership on the Mayor's Committee for River Improvement, and for a period of time as its chairman, and is currently an active member of the Friends of the River Society, and

Whereas, C. Rowland Stebbins has promoted the development of the riverwalk system, and has supported this effort by his personal donation of land, and his successful encouragement of others to do the same, and

Whereas, it is befitting the City recognize Mr. Stebbins for his support, his encouragement, and his promotion of the City's river development effort.

Now, Therefore, Be It Resolved, the First Phase of the Riverwalk System between Riverfront Park and Kalamazoo Street be named the C. R. Stebbins Riverwalk Link in his honor.

By Councilman McKane—

Resloved by the City Council of the City of Lansing:

Whereas, the ingham County Board of Commissioners, after assessing the need for consolidating certain county offices located within the City of Lansing, determined centralizing these offices in one central location would decrease operating costs and simultaneouly provide a convenient, central location to the citizens of Ingham County; and,

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

Whereas, the Ingham County Board of Commissioners determined that centralization of county offices in the City of Lansing would be best accomplished by purchase of the Auto-Owners Building located at 303 West Kalamazoo; and,

Whereas, the basic renovation of the Auto-Owners Building, now to be known as the Ingham County Building, has been basically accomplished; and,

Whereas, this Ingham County Building will house such agencies as the Veterans Affairs Offices, Lansing Metropolitan Development Authority, Offices of the Prosecuting Attorney, Offices of the Probate Court, Offices of the Friend of the Court, Adult Probation Department, Corporation Counsel and the Jury Board;

Now, Therefore, Be It Resolved that the City Council of the City of Lansing expresses its appreciation to the Ingham County Board of Commissioners for their policy decision which permitted the purchase, rehabilitation and relocation of these county offices into the City of Lansing.

Adopted by the following vote:

Councilman Blair requested a 5-minute recess.

Carried.

Council recessed at 8:12 p.m. and reconvened at 8:18 p.m.

By Councilman Baker—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing and the United States of America have entered into an agreement providing the City of Lansing with a grant to plan and implement a Community Development Program; and

Whereas, the City of Lansing, through the office of Community Development desires to engage the Community Design Center to perform various services and activities in connection with the Community Development Program; and

Whereas, the prior contract between the City of Lansing and Community Design Center expired on June 30, 1977; and

Whereas, to allow the Community Design Center to continue its services it is necessary to enter into a new contract for services with the Community Design Center; now, therefore,

Be It Resolved, that the City of Lansing be and hereby is authorized to enter into a contract with the Community Design Center on the same terms and in the same form as the prior contract dated July 6, 1976 between the City of Lansing and the Community Design Center a copy of which is appended hereto as Exhibit A except that the compensation for said services as set forth in paragraph 4A of the contract shall be and shall not exceed $20,147.00 which shall be expended, pro rata in accordance with the proposed contract budget for the period of July 8, 1977 to June 30, 1978, a copy of which is attached hereto as Exhibit B; the time of performance of the contract as set forth in paragraph 3 of the contract shall be from July 1, 1977 to August 31, 1977; the number of working drawings and specifications for residential units required by subparagraph 2 (a) shall be at least 8 but not more than 15 and the number of commercial clients to whom assistance is given as set forth in subparagraph 2 (b) shall be no less than 4 and shall not exceed 8; and be it

Further Resolved that the Mayor and City Clerk are hereby authorized to sign the proposed contract on behalf of the City of Lansing, after its approval as to form by the City Attorney and after certification as to the availability of funds by the Director of Finance, Account Number 252-842-003-806.

Adopted by the following vote:

Unanimously.

Honorable Mayor Pro-Tem and Members
of the Lansing City Council
City Hall
Lansing, Michigan

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

Dear Mayor Pro-Tem
and Council Members:

On Monday, August 8, 1977, by a 6-0 vote, you approved a contract with the Community Design Center retroactive to July 1, 1977, and terminating on August 31, 1977. City Council had previously taken action to extend the former contract by seven (7) days which expired on June 30, 1977, to July 7, 1977. Therefore, both the start-up date and the budget for the contract you have now adopted, is inappropriate. The budget should cover only seven (7) weeks operation—not eight (8) weeks as it was formulated. In short, both the date and financial amounts are in error.

This action came as a complete surprise to myself and to members of my administrative staff, who should be deeply involved in the negotiation of any contract with the Community Design Center. No one, including myself, was privileged to receive a copy of this resolution, until it was introduced during City Council proceedings on August 8, 1977. In fact, I did not have a copy at anytime during the discussion of the matter, or when it was voted upon. I received a copy the NEXT DAY, Tuesday, August 9, through the kindness of the City Clerk. Yet, copies were on hand before the start of Monday's Council Session, but Councilman Richard Baker personally chose NOT to release them. If this is the type of City Council prerogative which was pointed out by one Councilman concerning policy-making and City Council's input to City contracts, then I suggest to you that it is a poor system, or a poor method of choice, that was taken to introduce this matter. Certainly, the members of the City Council should pay more attention to the desires of City administrators rather than the political impact caused by hasty policy-making decisions. Additionally, in my opinion, this action was contrary to the spirit of the "Open Meetings" concept, a concept, used by some Council members, to fit their needs, but ignored by the same individuals when it is contrary to their position.

The matter of the Community Design Center is a question of whether or not the Community Development Department will have some controls over a contract which is being forced upon them. I, for one, deem it proper that the Community Development Department have authority, since it has responsibility.

The scope of services which had been proposed in the Community Design Center contract were as follows, including the associated estimated cost for each service:

Contract Paragraph No.		Estimated Cost
A-1	Assist planning the movement and reinstallation of three houses.	$ 4,500.00
A-2	Operate a tool bank.	600.00
A-3	Prepare working drawings and specifications for East Michigan Commercial District. Provide construction supervision and inspection services.	5,000.00
A-5	Employ an independent architect to develop working drawings and specification for the restoration of facades in the North Lansing Historic Commercial District. Provide construction supervision and inspection services.	22,500.00
B-1	Prepare plans and specifications and cost estimates for rehabing twenty residential structures.	10,000.00
	Sub-Total	$ 42,600.00
A-2	Assist in evaluating design concepts contained in redevelopment proposals.	Unknown
B-2	Provide design and site planning assistance on exterior treatment of front elevations of residential structures, including recommendations for landscaping front yards.	Unknown
C-2	Responding to miscellaneous requests for service.	Unknown
	Total Budget	$120,881.00

As you can see, the total estimated cost for services that were specified in the contract amounted to $42,600. These specifics covered only 35% of the total contract amount of $120,881.00. The balance of the contract amount (65%) was for services not specifically delineated. It was for this reason primarily, that City administrators strongly advocated that a Service Request be used to specify the additional services which might be required in the future. You chose to provide to Community Design Center a free-wheeling, free-spending approach instead. Therefore, my original veto.

In addiiton to the proposed full-year contract total of $120,881.00, as originally approved, an amount of $41,000 for rent, utilities and maintenance would also have to be paid using Community Development funds under a separate contract for the facilities currently being used by the CDC and the Housing Assistance Foundation. It is estimated that the CDC's share of this cost would approximate $20,000 per year to $25,000, depending upon the actual building occupancy, since the CDC now occupies 75% of the building. The total cost to fund this agency must take into account this rental and utility/maintenance cost, an over-cost for the services being received from tax dollars.

In studying the activities of the Community Design Center, I took note that the publicly funded, privately operated agency participated in a range of activities unrelated to the Community Development Department goals, including:

—A "Mr. Allen" received a remodeling

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

plan designed and drawn by staff of the Community Design Center.

—Information on North Lansing (photos, maps, documentation) was compiled for an MSU researcher.

—Graphics work for the Urban League was completed and delivered.

—CDC staff worked on a roof analysis request submitted by the Church of the Bible Covenant.

—Staff extended graphic design services to the "Coalition for Responsible Government."

—Stationery design and preparation of camera ready copy was completed for the "Coalition for Better Government."

—Coronado Gardens Coop. was referred to CDC for park design assistance so a site plan could be presented to the Parks and Recreation Department. Cost analysis was included.

—Preliminary plans were drawn for an all purpose recreational center, upon the request of MSU students.

—CDC staff designed a brochure for the Montessori School at 2745 E. Mt. Hope, Okemos.

—Graphics materials were provided for a group called "Reading is Fundamental."

—CDC staff did research on the advisability of the proposed I-69 highway from Charlotte to the completed section in Eaton County.

CDC staff completed graphics design requests for a group called "Reading is Fundamental."

—Graphics designs were completed for the "Institute for Research on Teaching."

—A site plan was completed for one "Gordon Springborg."

In reply to my concern that Federal tax dollars, or any equipment paid therefrom, could not be used for the aforementioned, I was advised that if I desired any records I could go to the CDC and research same—The accountant attached to the City's Community Deevlopment Department has also been refused records, he advises, because "such was not available." This approach on the part of CDC IS NOT acceptable and is contrary to guidelines of good public administration.

On Wednesday of last week, it was the desire of the Community Design Center Board of Directors to meet with Office of Community Development staff to negotiate a new contract for the Community Design Center without any assistance from the Community Design Center's Director, Mr. Pat Smith. On Friday, August 5, 1977, a member of the CDC Board of Directors, telephoned the Office of Community Development and stated that the CDC Board of Directors had voted the night before to have only Pat Smith negotiate the CDC contract with the Office of Community Development. This was the third time that the Community Design Center Board of Directors had changed its policy during negotiations of the proposed contract. It presents an effort in futility.

Some Councilmen who have complained about so called exorbitant administrative costs in implementing the Community Development Program, are now advocating the adoption of an exorbitant contract that is not justified in terms of services specified. These same Councilmen must be completely aware that the services provided by the CDC in the past cannot be justified in terms of cost. For example, a 1977 Evaluation Report states that "their cost per CD workload to date has been $567.45.... This figure is below the estimate established at the contract inception of $1,534.14." An individual at Lansing Community College knowledgeable in the architectural field, according to the Community Development Department, approximates that the College could do the same work at a cost of $200.

During the past few days, department heads have been involved in the negotiation of the Community Design Center Contract and have discussed the feasibility of continued funding of the Community Design Center. THESE DEPARTMENT HEADS CONCUR THAT THE SERVICES REQUESTED OF THE COMMUNITY DESIGN CENTER ARE NO LONGER NECESSARY AS ORIGINALLY PLANNED. IN LIEU OF A CONTRACT WITH THE CDC, CONCERNED DEPARTMENT HEADS NOW RECOMMEND THAT AN ARCHITECT BE HIRED IN THE BUILDING DEPARTMENT TO FACILITATE THOSE SERVICES THAT CANNOT BE PROVIDED BY THE CURRENTLY EXISTING DEPARTMENT STAFF. THEY ARE ALSO RECOMMENDING THAT THIS ARCHITECT BE HIRED AT THE IXA LEVEL, AT AN APPROXIMATE COST OF $20,000 PER ANNUM, PLUS FRINGES.

It has been agreed upon by all the department heads concerned, that the services requested in the CDC original contract, paragraphs A-1, A-3, A-5, B-1, could be provided through either existing or proposed City staff personnel.

Contract paragraphs A-1, B-2, and C-1 above costs have been indicated as unknown.

All of the items contained in the scope of services could be achieved without the CDC in the following manner:

1. Planning the movement and reinstallation of three houses could be handled by the Building Department, Rehabilitation Division, with the assistance of the City employed architect, and/or through a general contractor.

2. The tool bank could be transferred to the Youth Development Corporation, or some other currently funded agency.

3. The preparation of drawings and specifications for the East Michigan Commer-

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

cial District and the provision of construction supervision and inspection services, could be accomplished through the City employed architect.

4. Working drawings and specifications for the restoration of facades in the North Lansing Historic Commercial District, along with the construction, supervision and inspection services, could be handled also by the City employed architect with the assistance of the Building Department staff.

5. Plans and specifications and cost estimates for rehabilitating 20 residential structures could be handled by the Building Department with the additional staff they will soon be bringing on board through the CETA program.

6. Design concepts contained in redevelopment proposals could be reviewed by the Planning Department staff.

7. Design and site planning assistance on exterior treatment of front elevations of residential structures could become a major assignment for the City employed architect.

All of the above indicate that a substantial savings, somewhere in the vicinity of $80,000 to $100,000, could be realized and consequently reflect a significant reduction in current Community Development administrative costs.

I concur with City staff administrators in this matter and strongly recommend that appropriate department heads be given policy guidance to commence implementation of the above scope of services formally contained in the proposed CDC contract. Additionally, I recommend that action be taken to approve an architect IXA for the Building Department without further delay. Regarding this approach, I have already been in contact with the Licensing Division of the State of Michigan. A problem may exist in CDC, but none would exist for the City of Lansing.

I deem it entirely appropriate at this time to cut Community Development administrative costs whenever, and wherever, we can. This is a step in that direction and I remind you that during the next three years the Community Development Program appropriations for the City of Lansing funding will be reduced by approximately 50%. If we do not begin facing this type of problem at this time, then when will we start?

Too, this approach will eliminate the "political swirl" created by, and for CDC. It will facilitate our efforts to improve the Community Development Department service, eliminate time expended being "bounced around" between CDC and the City Council, and will provide the full capabilities for architectural design in the Neighborhood Development Districts.

Therefore, I must, in the interest of sound management, invoke Section 6.8 of Chapter 6 of the City Charter, that grants veto power to the Mayor over matters adopted by the City Council. In accordance with this provision, and for the reasons heretofore mentioned, I place my veto over the resolution and contract in question.

Sincerely,

GERALD W. GRAVES,
Mayor.

NET INCOME (LOSS)	$ 1,675.67	($ 22,215.93)	$20,756.93

The above operational statement shows a deficit in Owned Housing of $22,215.93. However, including Leased Housing and the Homebuyers, there is a surplus of $216.67. It presently appears that the budget under which the Commission is operating, 1977/1978, will be deficit in this fiscal year.

The Lansing Housing Commission, according to the new interpretation of the Law of 1974, is not eligible for any operational subsidy and therefore must operate entirely with funds made available from rental.

The Lansing Housing Commission presently is tied in with the City Compensation System and therefore raises given to City employees must be given to Housing Commission employees also.

As of late, the utility bills have been continually increasing. The Housing Commission pays utility bills for all residents or gives an allowance for those residents in scattered site housing. The Lansing Housing Commission is petitioning the Grand Rapids HUD Office for money to relieve the anticipated difficulty that will likely appear in the 1977/1978 budget year.

The application Lists currently reveal the following:

Total family applications	=	235
Total elderly applications	=	127
Total Section 8 applications	=	23

The Commission is averaging five or six applications a day, at this time, and many are awaiting return of income verification and Certification.

The Lansing Housing Commission placed an application with the Grand Rapids Area HUD Office, in harmony with the Housing Assistance Plan, City of Lansing, asking for an additional 44 units of Housing for elderly and handicapped to be provided by Acquisition without Substantial Rehabilitation, on July 15, 1977.

The Commission appreciates the working relationship that it has experienced with the Mayor and City Council during the last fiscal year and in prior years.

Most cordially,

MARCEL B. ELLIOTT,
Executive Director.

Z-22-77

508 Seymour

Honorable Mayor and

Members of City Council:

The Planning Board, at their meeting of August 2, 1977, recommended that the request by Thomas Sinas to rezone property at 508 Seymour from "DM" Multiple Dwelling District to "J" Parking District for the purpose of providing off street parking in conjunction with the office located immediately to the north at 520 Seymour be approved in accord with the site plan submitted. And further, that a landscape, screening and fencing plan be submitted to and approved by the Planning Department prior to the completion of the parking lot, and that final improvements of the entire parking area be done in accord with the requirements of the Zoning Code.

The Board believes that the change of zoning will allow development consistent with land use development in the vicinity without seriously affecting any adjacent properties.

This recommendation received unanimous Board support.

Sincerely,

by DAVID L. PURVIS,
Alan E. Tubbs, Secretary,
Lansing Planning Board.

Referred to Committee on Planning.

August 11, 1977

Honorable Mayor and

Members of City Council:

The Waterfront Development Board recommends that the City acquire the parcel of waterfront land located in the 1200-1300 block of Turner Street in North Lansing that has been offered by a local real estate firm.

The Board considered this offer at their August 9, 1977 meeting and based this recommendation on the recent development that has taken place and that is taking place in the North Lansing area. That development consists of historic preservation, commercial rehabilitation, public improvements and recreational opportunities.

In light of this development, the Board feels that acquisition of this parcel and eventual development into parkland would contribute significantly to the redevelopment of the area and would promote the desired public access to the waterfront.

Sincerely,

RAMONA BRETZ,
Chairman,
Waterfront Development
Board.

August 11, 1977

Honorable Mayor and

Members of City Council:

At the request of representatives from the City Club, the Waterfront Development Board entertained a presentation by Mr. Donald Hines and Mr. Howard Messenger regarding the Club's proposed use of the Poxson Building site. That presentation was made at the Board's regularly scheduled meeting on August 9, 1977. As a result of that presentation, the Board would like to amend the recommendation submitted to you via a letter dated July 14, 1977.

The Board still recommends that the Poxson Building site remain in public control. However, in the interest of retaining public control, the Board recommends that the City Club be allowed to develop the site on a lease agreement directly with the City of Lansing without participation from the Economic Development Corporation and wittten guarantee of maintaining public access to the riverfront.

In addition to Mr. Hines and Mr. Messenger, Mr. James Blair, Chairman of the Parks and Recreation Committee of Council, also made comments and showed slides basically indicating that riverfront development should incorporate public access. The slides shown were from San Antonio's riverfront development and indicated how the public had access along the entire riverfront, even through adjacent private development.

Mr. Blair also cited the past Master Plans for the area which all indicate that the site should be park and open space. Also cited were the funds already appropriated to demolish the building, the need to visually improve one of the major entrances to the Capitol Building and the desire to develop a view to the Central Business District from the recently constructed riverwalk.

Evaluating all of the comments, the Board concluded with the recommendation state above. This recommendation will keep the property in public ownership, will permit private development of the site, renovation of the building and public access to the riverfront. Promoting public access to the riverfront, at this site, is strongly desired and recommended by this Board. Mr. Hines and Mr. Messenger assured this Board that such access would be incorporated and would submit written documentation indicating such.

Sincerely,

RAMONA BRETZ,
Chairman,

Waterfront Development
Board.

Referred to Committee on Buildings and Properties.

Mayor Gerald W. Graves and

Members of the Lansing City Council

Dear Mayor Graves and Council Members:

This is to advise you that this office received word from Senator Riegel's office that Lansing's EDA Basic Park Construction grant in the amount of $375,194 has been approved. The project items in that grant are as follows:

Park Shelters at River Street, Dunnebacke, Filley, Wilson, Tecumseh, Attwood and Forest View Parks	$ 52,000
Construction of two tennis courts at Dunnebacke and Lyons Parks and three shuffleboard courts at Gier Park and Kingsley Place	69,000
Chain link fencing at Potter, Gier, Kimberly, Walsh and Waverly Parks	53,760
Drinking fountains at Attwood, Bluebell, Hillborn, Poxson, Marscott, Forest View and 199th Parks and Waterlines at Durant Park	23,650
Special park signs at Fenner Arboretum, Potter, Washington, Sheffield, Kimberly, Parcel D, Beck and Forest View Parks	6,200
Grading and lawn preparation at Marscott, Forest View and Glen Eden Parks	29,490
Storm Drainage at Marscott Park	4,020
Play Equipment at Forest View Park	21,000
Tree Planting at Gier, Wilson & Woodcreek Parks	34,000
Asphalt Paving at Gier, Bancroft and Oak Parks	54,697
	$347,817

The remaining money is for audit, inspection, contingencies and administrative costs.

For your additional information, I have also been informed that the Lansing School District grant for Athletic and Grounds Equipment Storage at $203,580 was also approved for funding. Our three other applications are still being processed. Those applications are:

Riverfront Development	$1,701,050
East Michigan Avenue Development	454,870

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

North Lansing Historic and Recreational Development 966,306

I was informed by EDA, Chicago, last week that all of Lansing's applications had cleared the Chicago Office. They also informed me than only 8% of all the applications received from the 5 state region had been forwarded. I will keep you advised of the status of the remaining grants.

Sincerely,

GEORGE S. LOKKEN,
Program Coordinator.

Honorable Mayor Pro-Tem and Members

of the Lansing City Council

City Hall

Lansing, Michigan 48933

Dear Mayor Pro-Tem

and Council Members:

As you are aware, the North Washington Mall maintenance programs have been the responsibility of the Parks and Recreation Department. I am not opposed to this, and I think the overall program should be retained in that Department. However, the City has for some time had problems with the underground lighting system in the Mall. I feel that the responsibility for maintaining this lighting, the overhead lighting and the water fountains would be a better operation if transferred to the Board of Water and Light, where expertise in these areas is readily available.

Mr. William Lewis, my Administrative Assistant, reports to me that an interest was expressed by the Chairman and other members of the Board of Water and Light at the meeting of August 8, 1977, in assuming this responsibility. The reasons for the Board of Water and Light taking over this particular maintenance function is to improve the image of the City by keeping these highly visible objects in working order. I heartily commend those who support this action.

I recommend that a meeting between members of the City Council, Board of Water and Light and the Parks and Recreation Department be arranged so that details of transferring such responsibility can be worked out.

Trusting this meets your approval, I remain

Sincerely,

GERALD W. GRAVES,
Mayor.

Referred to Parks Director, Committee on Parks and Recreation, and Board of Water and Light.

August 11, 1977

Honorable Mayor Pro-Tem and Members

of the Lansing City Council

City Hall

Lansing, Michigan

Dear Mayor Pro-Tem

and Council Members:

United States Senator Donald Riegle, Jr., advised today that the Economic Development Administration of the U. S. Commerce Department approved a portion of the City's Public Works Grant request, that part being in the amount of $375,194 for the renovation of City parks. Attached are the basic project elements involved, plus a map showing the 26 locations for water line improvements estimated at an average of 100 feet per location, and/or new "handicapper" design fountains.

Park shelters and size are as follows:

Park	Shelter Size
Riverfront Park	20 ft. x 24 ft.
Dunnebacke Park	20 ft. x 24 ft.
Filley Street Park	20 ft. x 24 ft.
Atwood Park Addition	24 ft. x 48 ft.
Wilson Park	24 ft. x 48 ft.
Tecumseh Park	24 ft. x 48 ft.
Forest View Park	28 ft. x 48 ft.

The aforementioned will be of wood frame, with concrete floor and storage area.

Approximately $69,000 is included for 6 shuffle board courts, 3 to be constructed at Gier Park and 3 to be constructed at Kingsley Place and 4 tennis courts, 2 to be constructed at Dunnebacke and 2 at Lyons parks. Of the total amount of money, $53,760 is provided for chain link fencing at Potter Park, Gier, Kimberly, Walsh and Waverly parks. Special park signs are provided for Fenner Arboretum, Potter Park and 7 others. Park grading at Marscott, Forest View and Glen Eden is included in the amount of $7,750, while another $21,740 is being provided for these 3 parks for finish grade and lawn. The Forest View play area will be upgraded with play equipment in the amount of $21,000. Gier, Wilson and Woodcreek parks will receive $34,000 for large shade tree planting. Gier, Bancroft and Oak parks will receive more than $54,000 for the paving of existing parking lots.

In addition to the aforementioned, approximately $203,000 has been approved for the Lansing School District for athletic and ground equipment storage.

The Economic Development Administration has yet to make a decision on three other parts of the City's grant application,

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

namely, $1,701,050 for riverfront development; $454,870 for East Michigan Avenue improvements, including catch basin construction, curb replacement and straightening, tree planting, etc.; and, $966,306 for North Lansing Historic renovation and recreational development.

Sincerely,

GERALD W. GRAVES,
Mayor.

Referred to Committee on Parks and Recreation.

By Committee on Planning—

Resolved by the City Council of the City of Lansing:

LS-19-77

3212 South Catherine

More particularly described as:

Lot 595, Pleasant Grove Subdivision No. 2.

Whereas John Effner has requested to divide lot 595 of Pleasant Grove Subdivision No. 2 into two parcels, which would not conform to the minimum depth requirements of the Subdivision Ordinance; and

Whereas the Planning Board has reviewed this request and recommended that the lot division be denied; and

Whereas the Planning Committee of Council, to whom was referred the report of the Planning Board, concurs therewith;

Now, Therefore, Be It Resolved that the Council of the City of Lansing denies the request to divide Lot 595 of Pleasant Grove Subdivision No. 2 into two parcels.

Councilman McKane asked that the representatives of Camp Highfields come forward, and they were presented with the following resolution.

By Councilman McKane—

Resolved by the City Council of the City of Lansing:

Whereas, on July 31, 1977, Mr. James E. Walsh of Atlanta, Georgia, accompanied by several friends and their children were attempting a crossing of the bay at Thunder Point in the Superior National Forest; and,

Whereas, in the course of their crossing, the canoes were buffeted by winds of 30-35 miles per hour causing two of the canoes to sink; and,

Whereas, the passengers of these two canoes, consisting of two adults and four children ages 8-15, were thrown into the water some 300 or 400 yards from the nearest shoreline and were experiencing extreme difficulty in swimming to shore; and,

Whereas, a group of young men Messrs. Blair O'Keefe, Dan Hayes, Ken Cassady, Dave McNeil, Jim Graves, Steve Pelkey, John Cutrubes and Mike Strohm, all of Camp Highfields, Onondaga, Michigan, were on the near shore and witnessed the capsizing of the canoes and the plight of the passengers and without regard for their individual safety and in spite of the rough water and prevailing high winds, immediately launched their canoes and rescued the individuals in the water; and,

Whereas, these young men from Camp Highfields, along with their group leaders, Jerry Cartwright and Bob Peterson, then proceeded to make available to the Walsh party their own camping facilities to permit the Walsh party to dry their clothes, regroup and proceed on their journey the following morning;

Now, Therefore, Be It Resolved that the Mayor and City Council of the City of Lansing hereby commend the young men from Camp Highfields for their exceptionally heroic conduct in assisting the Walsh party.

REPORTS OF CITY OFFICERS AND BOARDS

City Treasurer submits report on the condition of funds in the treasury as of July 31, 1977.

Received and placed on file.

August 17, 1977

Honorable Mayor and Members

of the Lansing City Council

Re: Joe Rogers—Workers Compensation

Dear Mayor and Council:

On August 13, 1974 the above captioned individual allegedly injured his back by lifting propane tanks during the course of his employment with the City. Workers compensation benefits were paid as a result of the injury from August 14, 1974 through August 24, 1974 when Mr. Rogers returned to work. Mr. Rogers left employment with the City on August 26, 1974. Thereafter on September 16, 1974 Mr. Rogers filed a petition for workers compensation benefits before the Bureau of Workers Compensation. After a hearing was held on the matter on July 25, 1975 the City was ordered to continue to pay weekly compensation benefits to Mr. Rogers until further order of the Bureau.

In a recent report the City's physician has indicated that in his opinion Mr. Rogers has fully recovered from the back injury and is able to do the same type of work he was doing at the time he was injured in August of 1974. This opinion, if sustained, would justify the termination of compensation benefits.

Therefore, based upon the foregoing change of circumstances, this office pursuant to Lansing Charter ch 7, §7.7(3) requests authorization to institute the appropriate proceedings before the Bureau of Workers Compensation to terminate compensation benefits in this case.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

By Councilman Adado—

That we concur in the recommendation of the City Attorney.

August 16, 1977

Honorable Mayor and Members

of the Lansing City Council

Re: Request for authorization for summary eviction procedures of tenant at 1112 South Holmes Street (NDA No. 2—East Side)

Dear Mayor and Council:

The City of Lansing currently owns the above captioned premises. The tenants were given a 90 day written notice to quit on January 31, 1977 by the Housing and Redevelopment Department who have on a number of occasions attempted to collect the past due rent. However, the Housing and Redevelopment Department has not been successful in this endeavor.

It is necessary for the Housing and Redevelopment Department to have possession of the premises so it can proceed with the execution of the Development Plan for the Neighborhood Area No. 2 (East Side).

Therefore, in order to secure possession of the premises, it is hereby requested that the City Council pursuant to the Charter of Lansing, Chapter 7, Section 7.7(3) authorize this office to commence summary eviction proceedings in the Lansing District Court for possession of the premises at 1112 South Holmes Street in NDA No. 2.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

By Councilman Adado—

That we concur in the recommendation of the City Attorney.

Chairman Lucile Belen and Members

Committee on Public Safety

Lansing City Council

Gentlemen:

Attached is an application for a parade permit for the Mexican Independence Day Celebration, scheduled for 10:00 A.M. on Saturday, September 17, 1977.

You will note that all necessary department heads have approved this application. Our Traffic personnel estimate it will cost the City a total of $125.60, which represents four officers and four motorcycles for two hours.

This is being forwarded for your disposition.

Respectfully yours,

RICHARD A. GLEASON,
Chief of Police.

By Councilman Belen—

That the parade application be approved and permission be granted and that this be under the supervision of the Police Department.

Carried.

Dear Mayor and Members of Council:

The Park Board at their August 17 meeting approved and is recommending your action on a golf discount policy for handicapped persons.

Proposed Policy

Statement: Upon request, and with proof of meeting two or more eligibility requirements, any Lansing resident who has a physical or mental handicap, is eligible for the Handicapper's Golf Discount Card. Proof of eligibility is the responsibility of the applicant. Discount cards are renewable annually.

Eligibility Criteria

1. An individual with a physical or mental handicap receiving supportive therapy for a duration of a year or more. Examples: physical therapy or psychiatric counseling.

2. An individual participating in a support or sheltered program for handicapped persons. Example: sheltered workshops, day center programs, Special Education programs.

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

3. An individual residing in a sheltered or licensed group home.

4. An individual receiving disability benefits. Examples: Disabled Veterans (disability or equal to greater than 70%); or Social Security Supplemental Income, Medicare or Medicaid for handicapped persons.

Other forms of varification are acceptable upon approval by the department.

Proposed Discount Rates

Red Cedar, Waverly and Sycamore weekdays until 2:00 p.m. not including holidays $.75/9 holes

Groesbeck weekdays until 2:00 p.m. not including holidays $1.00/9 holes

The Park Board will be making several minor rule changes in order to better accommodate handicapped people on City courses.

Sincerely,

DOUGLAS FINLEY,
Director.

Re: Logan Corridor Study

The Lansing Planning Board on August 16, 1977, passed the following resolutions regarding the recommendations on alternatives for the Logan Corridor Study. These recommendations are the result of the Board's review of the Draft Environmental Impact Statement for the Study:

Resolved that the following alternatives be recommended to the Mayor and the City Council:

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

SEGMENT A:

Kalamazoo Street north to the Grand River

Major Improvements—"Blend" Alternative. The Blend being defined as: acquisition of both sides of Logan Street except between Saginaw Street and Oakland Avenue where only the East Side acquisition is recommended and near the Willow School where only the West Side Acquisition is recommended.

SEGMENT B:

The Grand River north to Sheridan Road

Major Improvements Alternative B-5 (East of Jones Lake).

SEGMENT C:

Sheridan Road north to the Proposed I-69

Major improvements Alternative C-5.

Very truly yours,

DAVID L. PURVIS,

August 18, 1977

Honorable Mayor and

Members of City Council:

The Planning Board at its meeting of August 16, 1977 completed its review and consideration of the proposed Citywide Policies for future development of the City of Lansing. At this meeting the Planning Board approved the proposed citywide policies and recommended they be submitted to the Mayor and City Council for consideration and adoption.

These policies provide direction to the City for its improvement, preservation and development of the physical components of the community. These policies also provide the framework for the preparation of a new City Comprehensive Plan.

It is further recommended that the appended policy statements dealing with non-physical elements such as programs, equipment and services be submitted as part of the proposed Citywide Policies. These policy concerns were formulated by the River Island Policy Review Committee as essential for inclusion in a citywide statement of policy. It is also recommended that these non-physical policies be referred to the appropriate agencies for further refinement and development as deemed necessary.

The Planning Board would be happy to discuss any of these policy statements with the Mayor or members of the City Council during their review and consideration. If additional information is required, please contact me.

Sincerely,

DAVID L. PURVIS,
for Alan E. Tubbs, Secretary,
Lansing Planning Board.

Referred to Committee of the Whole.

August 18, 1977

ACT-18-77

Turner Street

Honorable Mayor and

Members of City Council:

At the Planning Board meeting of August 16, 1977 the offer by Opper/McCardel Realty to sell to the City two parcels of land on Turner Street, immediately south of Dodge Park, was considered. The property would be used to expand the development of the Dodge Park property and the development of North Lansing.

The property would compliment the potential development of the area's historical character if developed to (1) accomplish a hiking/biking path along the western bank of the property, or (2) provide parking for the commercial area or for Dodge Park. Also, parking could be provided to satisfy any excess parking needs generated due to the Salmon Fishing Proposal.

Therefore, the Planning Board recommends that the property be acquired by the City, with the City undertaking the appropriate appraisals and determining suitable acquisition price.

Sincerely,

DAVID L. PURVIS,
for Alan E. Tubbs, Secretary,
Lansing Planning Board.

Referred to Committee on Buildings and Properties.

August 18, 1977

ACT-19-77

Poxson Building

Honorable Mayor and

Members of City Council:

The Lansing Planning Board at the meeting of August 16, 1977 considered a request by the Lansing City Club to acquire or lease the Poxson Building for use as a City Club activity. A public hearing was held on August 2, 1977 before the Planning Board which included considerable discussion regarding the proposal to sell this property to the private sector.

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

The Urban Development Committee recommendation that the City retain ownership and use of the Poxson property and proceed to demolish the structure and develop the park land as previously planned, failed to receive majority vote of the Board; the vote being a 3 to 3 tie.

Therefore, this matter is submitted to the Mayor and City Council with not recommendation.

If there is further information required on this matter, please contact me.

Sincerely,

DAVID L. PURVIS,
for Alan E. Tubbs, Secretary,
Lansing Planning Board.

Provincial House No. 2

Honorable Mayor and

Members of City Council:

The Planning Board, at their meeting of August 16, 1977, recommended that the request by Jeffery E. Poorman, representing Provincial House, Incorporated, to subdivide land off the east end of Provincial House Drive for the purpose of developing single family homes on 54 individual lots, be given tentative preliminary approval subject to the following conditions:

1) The final plat be developed with all public improvements as required by the Lansing Subdivision Regulations and the Michigan State Plat Act.

2) That all lots be graded so surface water will drain therefrom, so as not to affect the adjacent properties.

3) The developer utilize underground electrical distribution system as specified in Section 37-3.1 of the Lansing Subdivision Regulations.

4) That the necessary easements be provided for installation of utilities

5) A Soil Erosion and Sedimentation Control Plan be submitted to the Department of Public Service for approval.

6) Compliance of the requirements of the Fire Department be shown.

7) All other requirements by the responding agencies be complied with.

8) The tentative approval of the preliminary plat is effective for a period of twelve months.

The Board found that the plat meets the minimum requirements of the Lansing Subdivision Regulations and the Michigan State Plat Act. It was further found that the subdivision plat is in accord with the overall development plan for the Forest View neighborhood.

This recommendation received unanimous (6 yeas, 0 nays) Board support.

Sincerely,

DAVID L. PURVIS,
for Alan E. Tubbs, Secretary,
Lansing Planning Board.

Referred to Committee on Planning.

P-8-77

Otto Park Subdivision

Preliminary Plat

Honorable Mayor and

Members of City Council:

The Planning Board, at their August 16, 1977 meeting, recommended that the request for tentative preliminary approval of the subdivision plat known as Otto Park Subdivision be denied due to the lack of adequate storm and sanitary sewers.

The Board found that the general layout of the plat relating to streets and lots met all of the minimum requirements of the Subdivision Ordinance, but felt that until sewer systems are available that the plat should not be processed any further.

This was recommended with unanimous (6 yeas, 0 nays) support of the Board.

Sincerely,

DAVID L. PURVIS,
for Alan E. Tubbs, Secretary,
Lansing Planning Board.

Referred to Committee on Planning.

Northwest corner of

Wise and Miller Roads

Honorable Mayor and

Members of City Council:

The Planning Board, at their August 16, 1977 meeting, recommended that the petition by J. Lee Hamrick, represented by Norman Farhat, to rezone property on the northwest corner of Wise and Miller Roads from "A-1" Family Residential District to "DM" Multiple Dwelling District for the purpose of developing approximately 100 apartment units in two separate buildings be denied.

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

The Board found that the type of development proposed is contrary to the overall policies of the City for residential development in that the high residential densities are encouraged near the inner city and the outlying areas are encouraged to develop at lower densities.

The Board further believes that if development as proposed were to establish at this location, it would establish a precedent for other properties in the vicinity to develop at higher densities, thus placing increased demands on public facilities and utilities. The result would be an extreme change in the overall character of the area since most of the area is presently developed in a low density residential nature.

The Board further suggests that if the applicant is interested in developing this property, the City entertain a Community Unit Plan district for this property, not exceeding ten (10) dwelling units per net acre.

This recommendation received unanimous (6 yeas, 0 nays) support of the Board.

Sincerely,

DAVID L. PURVIS,
for Alan E. Tubbs, Secretary,
Lansing Planning Board.

Referred to Committee on Planning.

Buffalo Street

Honorable Mayor and

Members of City Council:

The Planning Board, at their meeting of August 16, 1977, recommended that the petition initiated by the Lansing City Council to rezone that portion of vacated Buffalo Street, now owned by Industrial Welding, be zoned to an "I" Heavy Industrial District so as to establish a zoning district that is compatible with the balance of the land owned and occupied by Industrial Welding, Incorporated providing that interwoven slats be installed in the existing chain link fence along the easterly boundary of that portion of vacated Buffalo Street.

Field inspection reveals that the entire area that has been vacated has been completely fenced in by Industrial Welding with the exception of the sidewalk area which has been left open for the convenience of residents in the area to travel from Olds Avenue to William Street to the bus stop. The fenced in area also prohibits through traffic on Olds Avenue and allows only a limited amount of truck movement through the large double gates into the back of their industrial plant. It was further found that there is no proposed use for that land between Buffalo Street and the residential neighborhood to the east. The owners of Industrial Welding indicate that this will be maintained as open space and as a buffer between their plant and the residences.

This recommendation received unanimous (7 yeas, 0 nays) Board support.

Sincerely,

DAVID L. PURVIS,
for Alan E. Tubbs, Secretary,
Lansing Planning Board.

Referred to Committee on Planning.

1823, 1825 and 1829

South Washington Avenue

Honorable Mayor and

Members of City Council:

The Planning Board, at their August 16, 1977 meeting, recommended that the petition by James and Rudy Kwast to rezone property at 1823, 1825 and 1829 South Washington Avenue from "F" Commercial to "H" Light Industrial District for the purpose of expanding the existing bakery and providing for minimum off street parking spaces be approved.

The Board believes that the change of zoning will facilitate the expansion of an existing bakery without seriously affecting the adjoining properties. The Board found that the type of expansion will not encourage any additional employment and will therefore not place any further demands for off street parking, which are presently inadequate at this location. It was further found that the owner of the bakery does lease a substantial amount of land to the rear which is used both for off street parking and the loading and unloading of service vehicles.

This recommendation received a nuanimous (6 yeas, 0 nays) vote of the Board.

Sincerely,

DAVID L. PURVIS,
for Alan E. Tubbs, Secretary,
Lansing Planning Board.

816, 820 and 822 North Pennsylvania

Avenue and 1019 and 1023 May Street

Honorable Mayor and

Members of City Council:

The Planning Board at their August 16, 1977 meeting recommended that the request by Dennis Stepanovich to rezone property

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

at 816, 820, and 822 North Pennsylvania and 1019 and 1023 May Street from Community Unit Plan District to a revised "CUP" district be approved. This change will facilitate the development of 40 apartment units in two buildings as opposed to 48 apartment units in four buildings.

The Board believes that the change requested is an improvement to the overall development plan that was approved by the City Council on June 1, 1970 and that the general layout and use of the land is in accord with the minimum requirements of the Zoning Code. However, Building Permits should not be issued unless the following conditions are met.

1) A site plan showing landscape, screening and fencing be submitted to and approved by the Planning Department. This plan shall also locate trash receptacles, designate a fire lane and specify location of lights for the parking area. Such lights shall be designed so as to not glare into homes of nearby residences.

2) The Public Service Department approves of a storm drainage plan. A security deposit will be needed for construction of the required storm sewer.

3) The development is in compliance with all requirements of the Barrier Free Design Act.

4) A Soil Erosion and Sedimentation Control Plan is approved by the Public Service Department.

5) The land is cleared of existing buildings at such time as the project is started.

The Lansing Planning Board makes this recommendation with a unanimous (6 yeas, 0 nays) vote of the Board.

Sincerely,

DAVID L. PURVIS,
for Alan E. Tubbs, Secretary,
Lansing Planning Board.

Referred to Committee on Planning.

921 West Holmes Road

Honorable Mayor and

Members of City Council:

The Planning Board, at their August 16, 1977 meeting, recommended that the request by Truck Properties, Incorporated to rezone property at 921 West Holmes Road from "J" Parking to "F" Commercial District be approved. This change will allow the large tract of land which is now occupied by the former Topps Department Store to be divided into smaller parcels for more efficient use of the land.

The Board believes that zoning this property will promote more efficient and full use of this property without seriously affecting any of the adjoining properties. It was further found that the sketches submitted indicated that there is a possibility that additional public street would be extended through the property, which would facilitate the dividing of this property into smaller parcels as proposed.

This recommendation is made with unanimous (6 years, 0 nays) Board support.

Sincerely,

DAVID L. PURVIS,
for Alan E. Tubbs, Secretary,
Lansing Planning Board.

Referred to Committee on Planning.

Dear Mayor Pro-Tem

and Council Members

Attached is a communication from one Gary L. Johnson, G. L. Johnson and Associates, requesting that you reopen his offer of May 23, 1977, regarding the Poxson Building. Gary L. Johnson and John E. Crouse, who have together been involved in the rehabilitation, financing and leasing of the Plaza One and Roosevelt buildings in Lansing, would accept the opportunity to perform a similar project with the Poxson Building.

It is the intent of the aforementioned individuals to invest at least $500,000 in renovation of the Poxson Building, to create 100 new jobs in the facility, and return it to the tax rolls.

I recommend that you meet with representatives of G. L. Johnson and Associates.

Please be advised that I have appointed Mr. William Oberst, Labor Relations Supervisor and Mr. Orrin Sharp, Executive

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

Assistant for Community Development, as Co-chairmen of the Capital Area United Way Drive.

It is my hope that all individuals will support this effort to the very best of their ability as this is the citizen's way of doing a vital humanitarian job once, instead of 43 different times. This Drive raises money for the funds needed by 43 agencies serving this community's health, welfare and character building needs.

It is interesting to note, that the concept of the Capital Area United Way Drive was not brought into being by the participating agencies. It was founded by generous civic-minded citizens who saw in it an efficient, orderly method to provide an opportunity for everyone to contribute to thet community good—to essential voluntary health, welfare, and recreational agencies that serve the total community.

The area-wide Capital Area United Way Drive is scheduled for Tuesday, October 4, through November 9, 1977. Mr. Oberst or Mr. Sharp will be intouch with you prior to, or during this time period.

In order to make this year's Drive an outstanding success I urge you to give these gentlemen your wholehearted support.

Respectfully,

transportation of City prisoners by the County, and one for the maintenance of the Ingham County Sheriff's Department radio equipment by the City, and;

Whereas, the County of Ingham has not signed these contracts due to the terms of payment conditions whereby payments are required prior to the delivery of services, and;

Whereas, the three attached clarifying addenda, one for each of the three contracts,, would change the date of payment to the end of the period during which services are provided, without changing the total compensation, thereby resolving the County's concern,

Now, Therefore, Be It Resolved, that the Mayor and City Clerk are hereby authorized and directed to execute these three clarifying addenda after approval as to form by the City Attorney.

Unanimously.

By Committee on Buildings and Properties—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing does hold title to the property described as:

Lot 4, Wiley's Subdivision, City of Lansing. More commonly known as 839 N. Pennsylvania Avenue (Fire Station No. 6).

and

Whereas, it has been determined that continued ownership of subject property by the City of Lansing would serve no valid purpose; and

Whereas, the proposition to sell said property was submitted to the electors of the City of Lansing for approval as required by Section 14.3(d) of the Charter of the City of Lansing and as required by the laws of the State of Michigan at a regular City primary election; and

Whereas, the electors of the City of Lansing did approve the sale of subject property; and

Whereas, a ninety (90) day listing agreement was executed by and between the Walter Neller Co. and the City of Lansing for the sale of subject property; and

Whereas, said listing agreement did expire on August 14, 1977; and

Whereas, the Walter Neller Co. has put forth much time and effort in attempting to sell the property,

Now, Therefore, Be It Resolved that the Mayor and City Clerk are hereby authorized and directed to execute a thirty (30) day extension of the listing agreement with the Walter Neller Co. at a sale price of $34,900.00.

Adopted by the following vote:

Unanimously.

By Committee on Buildings and Properties—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing did lease the premises described as Suite "N" in the North Capitol Avenue Parking Ramp, more commonly known as 316 North Capitol Avenue, which contains approximately 4,340 square feet, to Lansing Community College, whose address is 419 North Capitol Avenue, Lansing, Michigan; and

Whereas, the Lease Agreement by and between the City of Lansing and Lansing Community College does expire September 23, 1977; and

Whereas, Lansing Community College has requested an extension of the lease for a two (2) year term; and

Whereas, a new Lease Agreement has been prepared at an increased rental rate to cover increases in maintenance, insurance, and utility costs and said Agreement is determined to be satisfactory;

Now, Therefore, Be It Resolved that upon approval of the Lease Agreement as to form by the City Attorney, the Mayor and City Clerk will hereby be authorized and directed to sign the Lease Agreement by and between the City of Lansing and Lansing Community College.

Adopted by the following vote:

Unanimously.

By Committee on Buildings and Properties—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing did lease the premises described as Suites "A and C" in the North Capitol Avenue Parking Ramp, more commonly known as 316 North Capitol Avenue, which contains approximately 6,159 square feet, to Lansing Community College, whose address is 419 North Capitol Avenue, Lansing, Michigan; and

Whereas, the Lease Agreement by and between the City of Lansing and Lansing Community College does expire September 2, 1977; and

Whereas, Lansing Community College has requested an extension of the lease for a two (2) year term; and

Whereas, a new Lease Agreement has been prepared at an increased rental rate to cover increases in maintenance, insur-

ance and utility costs and said Agreement is determnied to be satisfactory;

Now, Therefore, Be It Resolved that upon approval of the Lease Agreement as to form by the City Attorney, the Mayor and City Clerk will hereby be authorized and directed to sign the Lease Agreement by and between the City of Lansing and Lansing Community College.

Adopted by the following vote:

Unanimously.

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

Whereas, the proposed lease of 100 Block N. Washington for use as a parking facility which was approved by City Council has been approved and executed by Indiana Mortgage and Realty Investors subject to the added condition that the City of Lansing agrees to pay in addition to rent, all ad valorem real property taxes due and payable during the term of the lease on a pro-rata basis excluding all taxes now delinquent; and

Whereas, the 100 Block property is currently exempt from real property tax and will remain exempt until at least December 31, 1977; and

Whereas, the City of Lansing may at any time prior to December 31, 1977 upon 10 days written notice terminate said lease, thereby avoiding any liability for property taxes on the 100 Block North Washington; now, therefore be it

Resolved that the City of Lansing is authorized to enter into the lease for the 100 Block property as amended by Indiana Mortgage and Realty Investors, a copy of which is appended hereto and that the Mayor and City Clerk are hereby authorized and directed to execute said lease upon approval as to form by the City Attorney and certification of availability of funds by the Director of Finance.

Adopted by the following vote:

Yeas: Councilmen Adado, Baker, Belen, Brenke, Gunther, Hull, McKane—7.

Nay: Councilman Blair—1.

By Committee on Parks and Recreation—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing has been engaged in repair and restoration of the Dodge-Turner Mansion to include compliance with current requirements for public usage of the building, and

Whereas, the Dodge-Turner Mansion electrical service must be upgraded to meet current usage requirements, and

Whereas, plans and specifications must be prepared, and supervision of insulation provided for the upgrading of the electrical service,

Now, Therefore Be It Resolved the Lansing City Council authorizes contract with James B. Burdeaux, Electrical Engineer to provide plans and specifications and to provide project supervision, and that the Mayor and City Clerk be authorized to sign an agreement for services following approval as to form by the City Attorney. Funds are available in account 249-936-730-976 for Dodge-Turner Mansion restoration, in the amount of $800.00.

Adopted by the following vote:

Yeas: Councilmen Adado, Baker, Belen, Blair, Gunther, Hull, McKane—7.

Nay: Councilman Brenke—1.

Councilman Brenke was excused from remainder of session.

By Committee on Parks and Recreation—

Resolved by the City Council of the City of Lansing:

Whereas, on July 18, 1977, the City of Lansing accepted bids on Phase II of the Kingsley Development/Washtenaw Corridor, and

Whereas, these bids exceeded original project estimates because of the acceptance of certain alternates, and an increase in the scope of the project, and

Whereas, the Professional Service agreement with Grables, Mills, and Young, Landscape Architects must now be amended to reflect this increase in scope of service.

Now, Therefore Be It Resolved, the Kingsley Phase II contract with Grables, Mills, and Young be amended at an increase amount of $2,616.88 to a total of $14,222.38, and that the Mayor and City Clerk be authorized to sign on behalf of the city this contract amendment. Funds are budgeted in account 253-936-644-974.

Adopted by the following vote:

Unanimously.

By Committee on Parks and Recreation—

Resolved by the City Council of the City of Lansing:

Whereas, in 1975 the City entered into a lease agreement with the Lansing Jaycees for the occupancy and restoration of the Dodge-Turner Mansion, and

Whereas, the terms of that lease agreement could not be accomplished by the July 1, 1977 expiration date, partly because of lengthy consideration by the State History Division of a grant application to be used in restoration, and

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

Whereas, currently the Jaycees are very actively involved and committed to the completion of the restoration in accordance with the agreement,

Now, Therefore Be It Resolved that Lansing City Council authorizes that following approval as to form by the City Attorney the lease agreement between the City and the Lansing Jaycees be re-executed for a six month period (from September 1, 1977 through February 28, 1978), and the Mayor and City Clerk be authorized and directed to sign this agreement on behalf of the City of Lansing.

Adopted by the following vote:

Unanimously.

By Committee on Buildings and Properties—

Resolved by the City Council of the City of Lansing:

Whereas: The Emergency Electrical Power System for the City Hall-Police Building requires extensive expansion and modification to meet current and future needs; and

Whereas: Certain structural, electrical, and mechanical modifications to the Police Dispatch Center are necessary prior to installation of the 911 Emergency Dispatch System equipment; and

Whereas: The Committee on Buildings and Properties has selected the Warren Holmes-Kenneth Black Company to perform the necessary professional design and engineering services for these projects; and

Whereas: The Warren Holmes-Kenneth Black Company has submitted a proposal to perform these professional services for a fee in the amount of seven thousand nine hundred dollars ($7,900.00);

Now, Therefore, Be It Resolved that the City accept the proposal from the Warren Holmes-Kenneth Black Company to perform these professional services for a fee of seven thousand nine hundered dollars ($7,900.00) and;

Be It Further Resolved that the Mayor and City Clerk be, and are hereby directed to sign this contract between the City of Lansing and the Warren Holmes-Kenneth Black Company, subject to the approval as to form by the City Attorney and certification of availability of funds by the Director of Finance.

By Councilman Hull—

That the resolution be amended as follows: after the word "Finance" in the last paragraph place a semi-colon and add the following: "and Be It Further Resolved that funds be made available from account No. 101-936-707-976, Emergency Power Generator."

By Committee on Planning—

Resolved by the City Council of the City of Lansing:

FCF-1-77

1812 Mary Avenue

More particularly described as:

The south 40.25 feet of the east 78.5 feet of Lot 18, also Lot 19, except the west 120 feet, Supervisor's Plat No. 5, City of Lansing, Ingham County, Michigan.

Whereas the City Council of the City of Lansing held a public hearing on August 15, 1977 on the proposed foster care facility to be located on the above described property; and

Whereas the Planning Committee of Council has reviewed this request and has found that the location of the property is in accord with Public Act 396 of 1976. However, it was further found that the home located at 1812 Mary Avenue did not meet all of the minimum requirements of the Building Code;

Now, Therefore, Be It Resolved that the Council of the City of Lansing recommends that the Department of Social Services of the State of Michigan deny the request for licensure of a foster care home at 1812 Mary Avenue; and

Be It Further Resolved that the Council of the City of Lansing officially expresses its intent to recommend approval of this request for licensure when local building and fire codes are met;

And be it Further Resolved that a copy of this resolution be forwarded to the Director of the State Department of Social Services registering an official complaint against the licensing of this facility until local Building and Fire Codes are met.

Councilman McKane spoke relative:

On November 29, 1976 the Council appointed by resolution a Special Committee on Taxation and named me as chairman. I submitted the recommendations to the Council on December 29, 1976. The Council approved these recommendations on February 7, 1977. One recommendation was a schedule this coming September and October and each year thereafter for the Council to receive budgetary information from appropriate departments and to provide budgetary policy directives to the Mayor by October 31, prior to the budget preparation by the Mayor and department heads. At the same time, along a parallel but very separate line, we have been providing maximum public input into the preparation of CD budgets as required by HUD. As the next natural step in the evolution of a more open and public budget development process for the City of Lansing. I wish to make a recommendation as your Finance Committee chairman.

In order to permit a greater participation by citizens, citizen groups and other local organizations such as the Chamber of Commerce, Board of Realtors, EDC, EDA, and other interested groups, I am proposing that opportunities be provided to citizens and the aforementioned groups to provide early input to the city's total budgetary process including the General Fund portion as well as the CD portion. A schedule of events relative target dates and activities were presented.

Referred to the Committee on Planning, Committee on Finance and the Committee on Community Development.

PUBLIC HEARING

CITY CLERK FULTON: This is the time set for the public hearings on the proposed amendments to the physical development plans for the Westside Neighborhood Development Area No. 1 and the Eastside Neighborhood Development Area No. 2. These hearings are to consider amendments prepared pursuant to the requirements of Public Act 344 of 1945, as amended.

MAYOR GRAVES: The Clerk will read.

CITY CLERK FULTON: The proposed amendments contain provisions for the acquisition of 2 residential structures in NDA No. 1 and 2 residential structures in NDA No. 2. The amendments also propose to revise the system of loans and grants to the homeowners for rehabilitation of their property. Other minor modifications to both NDA No. 1 and NDA No. 2 development plans are being proposed.

MAYOR GRAVES: Mr. Sharp, the Executive Assistant for Community Development will now proceed with the introduction of the Exhibits.

MR. SHARP: Mr. Mayor, members of the City Council, ladies and gentlemen: These

Mayor Gerald Graves and City Council

Lansing, Michigan

Dear Sir:

The Lansing Housing Commission, some months ago, entered into an agreement with the United States Government to install a pilot solar heating system on one of the units. The pilot unit had to be facing south and have a comparable unit close by heated with conventional heat in order to measure the solar system's effectiveness.

Due to the fact that the Lansing Housing Commission is having great difficulty in meeting the ever increasing utility costs, The Commission was of the opinion that it would be advantageous to install the pilot system to determine its effectiveness.

In the future HUD may provide monies to install such systems on various units of public housing in order to save local Housing Commissions the ever increasing, exhorbitant cost for heating and hot water utilities.

The two units of housing most appropriate to the testing of the system were located side by side on Wabash Street. The Lansing Housing Commission today received notice that the above system will be installed and in operation within two or three weeks.

The above mentioned system is being tested and paid for by NASA. The system has been engineered by Fern Engineering of Buzzards Bay, Massachusetts.

Most cordially yours,

MARCEL B. ELLIOTT,
Executive Director.

August 25, 1977

Honorable Mayor and Members of

Lansing City Council

Gentlemen:

Enclosed is a letter from the Executive Director of the Office of Emergency Services together with a proposed ordinance for some changes in the Emergency Preparedness ordinance.

This matter was discussed in the Public Safety Committee meeting and the committee approves the changes and concurs in the recommendation of the Director that it be referred to the Committee on Ordinance and Contracts and City Affairs.

Sincerely,

LOUIS F. ADADO,
Chairman,
Committee on Public Safety.

Referred to Committee on Ordinance and Contracts and City Affairs and City Attorney.

August 23, 1977

Honorable Mayor Pro-Tem and Members

of the Lansing City Council

City Hall

Lansing, Michigan

Dear Mayor Pro-Tem and
Council Members:

Attached is a copy of my most recent communication from Robert Hall, Assistant Secretary for Economic Development, United States Department of Commerce, which deals with the $454,870 Public Works Grant Approval for the City.

The project elements of this Grant are attached, and deal with the improvements of East Michigan Avenue, including curb, catch basin and manhole reconstruction, purchase of trees and planting, sidewalk repair, etc.

Be advised that I have submitted the following to the Federal Program Coordinator, this date, August 23, 1977:

—A copy of the communication from Assistant Secretary Robert Hall;

—Offer of Grant;

—Standard Terms and Conditions;

—Authorized Signature Cards for Payment Vouchers on Letter of Credit;

—Forms of Designation of depositary for Direct Deposit of Grant and/or Loan Funds;

—A list of Minority Small Business Specialists;

—General Conditions and Supplemental General Conditions for Local Public Works, Round II Projects;

—Accounting and Financial Management System Guidelines for the Local Public Works, Capital Development and Investment Program;

—OMBE Funded Organizations Directory.

The acceptance of the aforementioned must be returned to the Economic Development Administration prior to September 2, 1977.

Sincerely,

GERALD W. GRAVES,
Mayor.

RESOLUTIONS

By Committee on Buildings and Properties—

Resolved by the City Council of the City of Lansing:

That the low bid for Lansing Civic Center Concessions Contract submitted by Greyhound Food Management, which contains the largest percentage of return, based upon gross sales, to the City of Lansing, percentages are as follows:

Concessions	36.5%
Tobacco	10.0%
Vending and Souvenirs	15.0%
Checkroom	35.0%

be accepted.

After the award, the successful bidder shall be required to execute the contract as specified within ten days after the prescribed forms are presented to him for signature, as stipulated in Instruction to Bidders of the Contract.

Be It Further Resolved, that the Mayor and City Clerk be directed to execute a contract with the said Greyhound Food Management on behalf of the City of Lansing according to the said bid presented and the specifications on file and upon approval of the contract by the City Attorney as to form.

Adopted by the following vote:

Unanimously.

By Committee on Buildings and Properties—

Resolved by the City Council of the City of Lansing:

Whereas, there has been no charge for parking on Saturday in the 100, 200 and 300 blocks of the South Washington Mall since December 1976, and the resulting net loss to the Parking System is approximately $8,000 per year, and

Whereas, the Downtown Council of the Lansing Regional Chamber of Commerce has requested that the policy of not charging patrons for parking on Saturdays be continued, and an agreement between the Downtown Council and the City of Lansing be prepared to insure continuance of this policy;

Now, Therefore, Be It Resolved that the Mayor and the City Clerk be and are hereby authorized and directed to execute the contract by and between the City of Lansing and the Downtown Council of the Chamber of Commerce whereby the City will provide parking at no cost to parking patrons on Saturdays in the 100, 200, and 300 blocks of the South Washington Mall from June 1, 1977 through May 31, 1978 in return for payment of $5,000 to partially offset the cost of providing such parking.

Adopted by the following vote:

Unanimously.

By Committee on Buildings and Properties—

Resolved by the City Council of the City of Lansing:

That the City Assessor be, and he is hereby directed to spread on the December, 1977 tax roll (L-12), the cost of cutting weeds in the year 1977, in the amount of $3,740.00, as reported this date by the Building Commissioner.

Adopted by the following vote:

Unanimously.

By Committee on Buildings and Properties—

Resolved by the City Council of the City of Lansing:

That the City Assessor be, and he is hereby directed to spread on the December, 1977 tax rolls (U-13), the cost of correcting the hazardous and unsanitary conditions of properties in the year 1977, in the amount of $1,857.00, as reported this date by the Building Commissioner and as per attached list.

Adopted by the following vote:

Unanimously.

By Committee on Community Development—

Resolved by the City Council of the City of Lansing:

Whereas, detailed plans showing improvements in NDA No. 2 have been prepared and are now on file in the office of the Department of Housing and Redevelopment, pursuant to the City of Lansing's Community Development Block Grant Application to the United States Department of Housing and Urban Development under the Housing and Community Development Act of 1974; and

Whereas, it is necessary to remove from the housing stock structures which are not feasible to rehabilitate as determined by the City of Lansing Planning Department, this structure is a legal non-conforming use; the cost of correcting the problem exceeds the worth of the structure, that said improvement is necessary for the use and benefit of the public and within the scope of the City of Lansing public purposes pursuant to 1945 PA 344, as amended, that being MCLA 125.71 et seq; MSA 5.3059(1) et seq. commonly known as the

Blighted Areas Rehabilitation Act, more specifically to be acquired for the purpose of being platted as an addition to neighboring parcels in order to eliminate overcrowding and it is further declared and determined that it is necessary to effectuate the foregoing public purposes to acquire and take the fee simple estate in real property to a certain parcel of land located at 1304 Perkins Street in the City of Lansing, County of Ingham, State of Michigan, described as:

The East 36 feet of Lot 67 Excelsior Land Company's Subdivision of part of the West ½ of the Northeast ¼ of Section 22, T4N, R2W, City of Lansing, Ingham County, Michigan, according to the recorded plat thereof as recorded in Liber 5 of Plats, Page 1; (1304 Perkins Street)

Now, Therefore, Be It Resolved, that the City Attorney is hereby directed to initiate condemnation proceedings in order that the above property may be acquired for the above mentioned purposes pursuant to 1945 PA 344 as amended, that being MCLA 125.71 et seq; MSA 5.3059(1) et seq. Said proceedings shall be instituted in the Ingham County Circuit Court, it having jurisdiction over said property; and be it

Further Resolved, that a copy of this resolution certified under seal, shall be made and forwarded to the City Attorney for his immediate attention.

By Councilman Hull—

Resolved by the City Council of the City of Lansing:

Whereas, the Flemish Youth Orchestra, under the musical direction of Frederic DeVresse, is presently undertaking a tour of the United States of America; and

Whereas, the Flemish Youth Orchestra has visited Lansing, the Capitol City of Michigan, during the dates of August 30-September 2, 1977; and

Whereas, the Flemish Youth Orchestra is formed from talented young musicians attending musical conservatories and academies in Belgium in preparation for careers as professional musicians; and

Whereas, the Flemish Youth Orchestra has shared their outstanding musical talents through a series of public concerts and their desire for international friendship and goodwill through home visits with Lansing area families; and

Whereas, the Flemish Youth Orchestra has demonstrated a superior level of musical ability and true zeal for international friendship and goodwill; now, therefore, be it

Resolved, that the Mayor and City Council congratulates and commends the Flemish Youth Orchestra for their outstanding contributions to the fine arts and international goodwill in the Lansing area; and be it further

Resolved, that Thursday, September 1, 1977, be declared Flemish Youth Orchestra Day in Lansing, and be it finally

Resolved, that a copy of this resolution be presented to the Flemish Youth Orchestra as evidence of the high regard in which they are held by the people of the City of Lansing.

Adopted by the following vote:

By Committee on Community Development—

Resolved by the City Council of the City of Lansing:

That the proposed sale of property owned by Building in Lansing's Development (BILD), which is known as Lot 803, Pleasant Grove Subdivision, a vacant lot on Reo Road, to Henry E. Cheeseman, in accordance with his offer dated August 11, 1977, be and is hereby approved by the Lansing City Council.

Adopted by the following vote:

Unanimously.

By Committee on Finance—

Resolved by the City Council of the City of Lansing:

Whereas, the City has recently completed extensive improvements to the Sewage Disposal Plant and Sanitary Sewer System including the addition of many pieces of mechanical equipment such as boilers, pumps, motors and compressors, and

Whereas, the Public Service Director and the Finance Director have reviewed the potential loss to the City from damage to this equipment and have recommended that boiler and mechanical insurance be acquired, and

Whereas, Michigan Millers Insurance Company will add a boiler and mechanical insurance policy to the City's existing coverage for a period of one year at an estimated premium of $11,508.00 covering the Sewage Disposal System facilities and $2,445.00 covering City Hall for a total of $13,953.00; said policy to have a $500.00 deductible and to cover motors of a 20 horse size and over.

Now, Therefore, Be It Resolved that the Finance Director is directed to acquire a boiler and mechanical insurance policy from Michigan Millers Mutual Insurance Company (Lansing Mutual Agency) for the period ending June 30, 1978, subject to approval by the City Attorney as to form and certification by the Finance Director as to the availability of funds in the General Fund Account No. 101-930-000-910 and the Sewage Disposal System Fund Account No. 590-536-000-910.

Further Resolved, that the Finance Director transfer $9,000.00 additional funds to account No. 590-536-000-910 to cover the Sewage Disposal System's share of the costs.

Adopted by the following vote:

By Committee on Community Development—

Resolved by the City Council of the City of Lansing:

Whereas, the Program Coordinator has been advised that a Telecommunication grant is available from the Department of Health, Education and Welfare; and

Whereas, this Telecommunication Grant is a 100% funded grant and will be used for the purpose of providing health, education and welfare information to the handicapped, senior citizens and low income families; and

Whereas, grant applications for a total of 1 million dollars are being made available on a competitive basis to cities;

Now, Therefore, Be It Resolved that the Program Coordinator is authorized to submit a Telecommunication grant.

Adopted by the following vote:

By Committees on Finance, Planning, and Community Development—

Resolved by the City Council of the City of Lansing:

Whereas, the recommendation has been made to the Council that a Schedule of Events be approved for the total planning, programming, and budgeting process for all federal, state, and local funds for fiscal year 1979; and

Whereas, the Council desires to hear from the citizens very early in this Schedule of Events; and

Whereas, the Council has already designated September 6, 7, and 8 for public hearings regarding Community Development funds only; and

Whereas, the Council's Committees on Planning, Finance, and Community Development have endorsed the concept of re-designating the September 6, 7, and 8 public hearings as pertaining to the use of all federal, state and local funds and have requested the staff to make the appropriate

changes in the newspaper ad that was due last Wednesday; and

Whereas, the Planning and Finance staffs are recommending some changes in the proposed Schedule of Events; and

Whereas, the Mayor should have the executive privilege of making final recommendation concerning his own administrative portions of the schedule;

Now, Therefore, Be It Resolved that the Lansing City Council re-designates the September 6, 7, and 8 public hearings on the proposed Schedule of Events as "Public Hearing is conducted to receive comments and perceived needs from the citizens pertaining to all federal, state, and local funds received by the City for Fiscal Year 1979"; and

Be It Further Resolved that the Council respectfully requests the Mayor to present to the Planning and Finance Committees as soon as possible the portions of the Schedule of Events which pertain directly to his function as Chief Executive; and

Be It Finally Resolved that the Council requests that the Planning Committee and Finance Committee examine the staff's recommended changes and the Mayor's input regarding his administrative actions within the schedule and make a final recommendation to the Council by September 12, 1977, for its consideration.

Adopted by the following vote:

Councilman McKane commented on the advertisement relative to this resolution that was in tonight's State Journal.

Councilman Adado asked that his vote be changed to a "NO" vote, but was advised by the Chair that the vote had been taken and recorded and could not be changed. Councilman Adado wanted it noted that he had not received this resolution in his council agenda material on Friday and had no knowledge of the newspaper ad. He stated that in the future he will be voting "NO" on anything that he has not received.

By Committee on Parks and Recreation—

Resolved by the City Council of the City of Lansing:

Whereas, the City has budgeted for the replacement of the Scorers building at Ranney Park, and

Whereas, in accordance with state law an architect must design the structure and will also provide construction documents and the supervision of construction, and

Whereas, the Department of Parks and Recreation has requested proposals for local architects for this project, and has received and reviewed all responses.

Now, Therefore, Be It Resolved, the City accepts the proposal of Alexander Dempsey, Architect, for the amount of $1,200 which is 10% of the estimated project cost, and authorizes, following review as to form by the City Attorney, the Mayor and City Clerk to sign the appropriate contracts on behalf of the city. Funds are available in project account 712-936-757-975.

Adopted by the following vote:

Unanimously.

By Committee on Parks and Recreation—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing's pre-application for Land and Water Conservation Funds for ballfield lighting and tennis court construction has been approved by DNR for a total of $331,000; and

Whereas, DNR has requested that the project be split into four projects as follows:

1. Gier Park (ballfield lighting, fencing and drainage)	$120,00
2. Davis Park (ballfield lighting)	77,000
3. Construction of two tennis courts at the following parks—Wood Creek, River Street, Marscott and Wilson	92,000
4. Forest View Park Tennis Courts	42,000
	$331,000

and

Whereas, the city's match share of $165,500 is currently available in Parks and Recreation Accounts established for Gier and Davis Park Lighting and Improvements and from the expected revenues to be derived from the sale of the two fire stations;

Now, Therefore, Be It Resolved that the Mayor and Clerk are authorized to sign the grant applications for the aforementioned projects and all subsequent contractual documents pertaining to these grants after approval by the City Attorney as to form.

Provincial House No. 2

Preliminary Plat

Whereas, the Preliminary Plat of Provincial House No. 2 has been submitted for tentative approval; and

Whereas, the Planning Board, pursuant to Act 285, P.A. 1931, has approved and recommended that the City Council tentatively approve the Preliminary Plat subject to the following conditions:

1) The plat be developed with all public improvements (streets, sewer, water, electricity) as required by the Lansing Subdivision Regulations and the Michigan State Plat Act.

2) All lots be graded so surface water will drain therefrom, so as not to affect the adjacent properties.

3) The developer utilize an underground electrical distribution system as specified in Section 37-33.1 of the Lansing Subdivision Regulations.

4) That the necessary easements be provided for installation of utilities.

5) A Soil Erosion and Sedimentation Control Plan be submitted to the Department of Public Service for approval.

6) Compliance with the requirements of the Fire Department be shown.

7) All other requirements of the responding agencies be complied with.

8) That this tentative approval of the preliminary plat is effective for a period of twelve (12) months.

Whereas, the Planning Committee of Council reviewed the report of the Planning Board and concur therewith;

Now, Therefore, Be It Resolved that the preliminary plat of Provincial House No. 2 Subdivision is hereby tentatively approved subject to the conditions number one through eight, as set forth above; and

Be It Further Resolved that the City Clerk be and is hereby directed to attach this approval to the plat and return it to the Proprietor.

By Committee on Planning—

Resolved by the City Council of the City of Lansing:

SJ-2-77

Fisher Body Division of General Motors

Corporation Lansing Plant

more particularly described as:

Parcel number 3301-17-101-021 located on the southwest corner of West Saginaw Street and Stanley Street.

Whereas, the Fisher Body Division of General Motors Corporation has requested permission to erect a standard General Motors Identification Sign, thirty-one feet, five inches (31′ 5″) long and thirty-three feet, two inches (33′ 2″) high, at the southwest corner of West Saginaw Street and Stanley Street; and

Whereas, the proposed location of the sign is in the "J" Parking District; and

Whereas, pursuant to Chapter 36, Section 36-41(9) of the Code of Ordinances of the City of Lansing, the Planning Department reviewed this request; and

Whereas, the Planning Department believes that the type of sign proposed is in keeping with the general intent of Section 36-41(9), which is to allow advertising signs within the "J" Parking District for industrial establishments provided the sign is constructed in accord with the Lansing Sign Ordinance and a sign permit is obtained; and

Whereas, the Planning Committee of Council reviewed the report of the Planning Department and concurs therewith;

Now, Therefore, Be It Resolved that the Council of the City of Lansing approves and allows the erection of the above described advertising sign on the above described property, subject to the issuance of the proper sign permits in accord with the Sign Ordinance. Approval of this erection of this sign is based upon the understanding that the sign be entirely located on land owned by Fisher Body Division of General Motors Corporation.

By Councilman Blair—

That the resolution be amended as follows add the following paragraph:

"Be It Further Resolved, that the above described advertising sign approval is subject to the Fisher Body Division's landscaping, screening and fencing plan for the area of Stanley/West Saginaw Street to be approved by the City Planning Department."

Chairman James Blair

Committee on Parks and Recreation

Lansing City Council

Dear Councilman Blair:

In response to your request regarding Second Chance Vests for the Park Police.

I do recommend that these vests be supplied to those officers.

The letter from Park Police Spokesman David Henderson, a copy of which is attached, was presented to the Public Safety Committee at their last meeting, and it was my understanding that the two members present were in favor of supplying these vests.

For your information, the supplier has been contacted and will attach the order, if authorized, to our existing order under the same price arrangements. It is also my understanding that at the moment the Parks Department Director and/or head of Security has been notified to arrange for a transfer to cover the cost of these vests. Whether or not you want to introduce a resolution to pay for these out of the General Fund, or from within the Parks Department, will be your decision.

Respectfully,

RICHARD A. GLEASON,
Chief of Police.

Referred to Committee on Finance.

By Councilman Gunther—

That this meeting stand adjourned.

Carried.

Council adjourned at 12:05 p.m.

REPORTS OF CITY OFFICERS AND BOARDS

September 1, 1977

Honorable Mayor and Members

of the Lansing City Council

Dear Mayor and Council:

Attached please find a claim by Mercy Ambulance Service for transportation to Little Riverside Hospital on June 20, 1977.

Pursuant to Court order the City is responsible for this transportation.

Therefore, it is the opinion of this office that the claim in the amount of $66.25 be paid.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

By Councilman Adado—

That we concur in the recommendation of the City Attorney and the City Clerk be and she is hereby directed to draw a warrant on the City Treasurer in the amount of $66.25 payable to Mercy Ambulance Service.

Re: Oliver Watson v City of Lansing
(Workmens Compensation)

Dear Mayor and Council:

On November 15, 1974 the above captioned individual while 19 years of age allegedly injured his back while operating a lawn mower during the course of his employment with the City. Workmens compensation benefits were paid until Aupust 18, 1976. Thereafter Mr. Watson filed a petition with the Workmens Compensation Bureau to have his benefits reinstated. A hearing was held on the matter on July 28, 1977. As a result of this hearing, the City was ordered by the Bureau of Workmens Compensation to pay weekly benefits to Mr. Watson until further order of the Bureau.

Based upon a review of the testimony and evidence presented at trial, it appears that there is a strong likelihood that the referee's decision awarding benefits would be reversed if appealed to the Workmens Compensation Appeal Board.

Therefore, pursuant to Lansing Charter, ch 7, §7.7(3) this office requests authorization to institute the appropriate proceedings before the Workmens Compensation Appeal Boord.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

By Councilman McKane—

That we concur in the recommendation of the City Attorney.

Re: December 1976 Real Property Taxes
Permanent Parcel #3301-28-289-171
Sadie Phillips—2500 Lyons Avenue
Amount—$456.14 (including collection fee)

Dear Mayor and Council Members:

On March 4, 1977 this office sent Sadie Phillips Treasurer Refund check #12276, in the amount of $456.14, to effect return of a second payment of the December 1976 real property taxes on the above described property.

On or about April 28, 1977 the Veterans Administration informed us that they had made the second payment and requested a refund. The VA had requested a duplicate tax statement earlier, however, their mail stamp and mortgage service numbers had been crossed out with a felt marking pen, leading my deputy to conclude that Mrs. Phillips had made the payment. As owner of the property, her name and address appeared on the tax statement.

Numerous phone calls and personal visits to the home of Mrs. Phillips during May and June failed to secure return, By Mrs. Phillips, of the funds to which she was not entitled because she did not pay the tax, and for which she agreed to reimburse the City.

On June 24, 1977 I sent a communication to the City Attorney requesting that office to take action in this matter. On July 1, 1977, Stephen R. Sawyer, Chief Assistant City Attorney sent a letter to Mrs. Phillips, which produced an immediate phone call to him by Mrs. Phillips, during which she stated that she would be willing to work out a payment schedule to effect restitution of the funds in question. Mr. Sawyer has written to her a second time since then, and this office has visited her home several times recently, however, she is ignoring all attempts to communicate relative to this matter. She is presently employed by the United States Post Office at 4800 Collins Road.

In view of the foregoing and because this office is determined to effect restitution from Mrs. Phillips, I am herewith requesting that you authorize the City Attorney, in compliance with provisions of Section 7.7(a)(3) of the City Charter, to commence court action in this matter.

Your prompt approval is requested.

Respectfully submitted,

HUGO J. HUFNAGEL,
City Treasurer.

Referred to City Attorney.

Honorable Mayor Gerald W. Graves,

Mayor Pro-Tem William Brenke, and

Members of Lansing City Council

The Citizens' District Council for Neighborhood Development Area No. 2 is in accord with the proposed amendments to the Physical Development Plan for our area as they were presented by Mr. James Foulds at the public hearing on August 29, 1977.

Since no opposition to the proposed changes was presented at that hearing, we urge you to adopt the amendments and implement them as quickly as possible. In addition, we hope that you will direct the program's administrators to offer property owners already participating the same benefits that will be offered new participants, if the City Attorney determines that it is legal to award such benefits retroactively.

Sincerely,

FREDERICK L. LAMB,
Chairman,
Citizens' District Council No. 2.

Gentlemen:

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

We, the members of the Citizens' District Council for the Neighborhood Development Area No. 1, hereby give notice that we are in accord with the proposed amendments to our Physical Development Plan, including the addition of 1317 W. Lenawee to the Acquisition List. These amendments have been formulated by the City Staff in close cooperation with our Council in an attempt to improve the clarity and quality of services provided to the residents of our neighborhood.

At the Public Hearing held August 29, 1977, the proposed amendments were brought before the area residents and no objections were raised.

We urge that the amended plan be implemented as quickly as possible.

Sincerely,

LELA M. EATON,
Vice Chairperson,
Citizens' District Council
No. 1.

September 2, 1977

Honorable Mayor Pro-Tem and Members

of the Lansing City Council

City Hall

Dear Mayor Pro-Tem and

Lansing, Michigan

Ciuncil Members:

In the early 1970's, some representatives of the City Council held occasional meetings with representatives of the Washington Square Coalition Promenade, the latter being a group of Downtown businessmen interested in seeing their proposal for improvement become a reality (see attached). The Downtown businessmen basically proposed that a special tax assessment district be established by the City Council to meet the financial obligations of their proposal—the tax assessment district was to run from Shiawassee Street on the north to Hillsdale Street on the south and from Townsend Street on the west to the Grand River on the east. The balance of the proposal, and I quote, was as follows:

"District % of Assessment	Assessment Dollar Amount Per District	Street Frontage Per District	Assessment Cost Per Street Frontage
10%	$ 78,372	22,263	$ 3.52
20%	156,744	6,881	22.78
30%	235,116	6,498	36.18
40%	313,486	2,920	107.34
	$783,720	38,563	

The method of providing funds for the construction of the promenade is by the City Council establishing a Special Assessment District. Within the District, the amount of assessment is distributed among four different zones.

NOTE: THIS IS THE MAXIMUM AMOUNT OR ASSESSMENT PER ZONE AND PER PROPERTY.

All properties within the assessment district are obligated to pay the Special Assessment. This includes city-owned properties which will iniur an estimated 14 percent of the total cost of the promenade.

Payment of the Special Assessment can be spread over a period of 10 years with an interest rate of approximately 5 to 6 percent. This interest rate is determined by the average interest rate paid on the revenue bonds, plus an amount not to exceed an additional 1 percent.

The first payment for the Special Assessment (either the total amount, or by installments) is due 90 days after the City has levied the Special Assessment, which is approximately the same time as the City awards the contract for the construction of the promenade.

The amount of assessment may be reduced if the City is successful in obtaining a Federal Urban Beautification Grant, or if the cost of the total promenade is less than the current cost estimate."

You **did not** approve a special tax assessment district but did accept my recommenadtion of 1974, that $100,000 be reserved as part of the City's share for Downtown improvement.

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

In my State of the City Message, addressed to you and dated January 13, 1975, I said, and I qquote:

"Other forward thinking business leaders in the south one-half of the downtown area have for over two years expressed great interest in developing a 'Washington Square Promenade', an area to be a four block southerly extension of the Washington Square Mall bounded on the north by Shiawassee Street, on the south by Lenawee Street, on the west by Seymour-Townsend and on the east by Grand River. It has been proposed that the cost of this now estimated $1,192,000 project be defrayed by the establishment of a 'Special Tax Assessment District' including a coalition of 51% of the private property owners involved and Lansing City Government. Sub-Part A—General Provisions of the Community Development Act of 1974, Section 570.2 and Sup-part C, Section 570.200 (a) permit the use of Community Development Funds for 'more rational utilization of land and better arrangement of commercial activity centers plus construction or reconstruction of pedestrian malls and walkways'.

In view of these provisions of Community Development Revenue Sharing, I urge you to affirmatively consider and authorize the use of a portion of these funds for the purpose of defraying the City's proportional cost, not to exceed 50% of the total cost of this project to further the preservation and enhancement of the vital tax base represented by those privately owned properties lying within the established Special Tax Assessment District."

You **did not** approve the special tax assessment district, nor did you chose to adopt my recommendation to use Community Development Revenue Sharing Funds to pay up to fifty percent of the total cost. Had you moved ahead, rather than procrastinate, the project in question would be completed. **You did not do so.** STRANGELY, THE LOCAL NEWSPAPER WAS CONSPICUOUS BY ITS SILENCE ON THE PROPOSALS.

THEN WHAT HAPPENED? MORE DELAYS, AND MY COMMUNICATION TO YOU OF MARCH 10, 1976, CLEARLY POINTS THIS OUT, and I quote:

"On Wednesday, May 28, 1975, a meeting was held in my office with leading representatives of the community from the fields of business, industry and labor to establish an Economic Stabilization Program for the City of Lansing by utilizing Public Act 197 of the Public Acts of 1975, and Act 338 of the Public Acts of 1975. These Acts, resulting from State of Michigan legislative action, provide for the establishment of Downtown Development Authorities (197) and Economic Development Corporations (338).

As a result of this conference, I forwarded a communication to the Lansing City Council on June 23, 1975, supported by written testimonials from the Lansing Regional Chamber of Commerce, the Tri-County Regional Manpower Administration, Greater Lansing Board of Realtors, Oldsmobile, Michigan National Bank, Bank of Lansing and American Bank and Trust, requesting that the City Council act immediately to establish an Economic Development Corporation and prepare the necessary applications to receive a 4.5 million dollar grant from the United States Department of Commerce to be used in conjunction with funds raised locally to finance a revolving "seed money" fund to assist businesses in the City of Lansing.

Once again, on August 21, 1975, I urged the Members of the Lansing City Council to act on this recommendation and further advised this body that members of my staff, in concert with Planning Department personnel, had worked at great length to assist perspective buyers of Diamond-Reo, Inc., the Olds Plaza Hotel and various others in an attempt to secure extended, low-interest mortgage assurance, the purpose being to not only retain businesses we have here in the City of Lansing, but to improve them as well. Finally, on Monday, November 10, 1975, the Lansing City Council passed two resolutions clearing the way for the City to move ahead in these vitally important areas.

A Public Hearing was held on Tuesday, December 9, 1975, in the Lansing City Council Chambers for the purposes of establishing the authority and boundaries of a Downtown Development Authority and an Economic Development Corporation for the City of Lansing. The proposed project was overwhelmingly approved by those in attendance who represented a complete cross section of business and industrial representatives of the City.

Following this action, the City of Lansing's ordinance establishing the Lansing Downtown Development Authority was filed with the Michigan Secretary of State on January 19, 1976, together with the Articles of Incorporation for the Economic Development Corporation. The Incorporators were City Councilman Jack D. Gunther, Arthur Clyne and myself. The name of the Initial Resident Agent (Acting Director), is Robert B. Black, Executive Assistant to the Mayor.

After receiving and discussing with the Lansing City Council, on various occasions, a list of over 150 names of individuals being considered as nomines for appointments to the Board of Directors for the Downtown Development Authority and Economic Development Corporation, I submitted my final recommendations for these appointments to the Lansing City Council on January 29, 1976. Further delay in this matter was attributable to a new personnel interviewing procedure introduced by certain members of the Council. The last of my recommended appointments was eventually approved by the City Council on Monday, February 23, 1976."

After all the delay and a refusal on the part of some of you to make a decision, a Councilman in opposition to my candidacy for re-election as Mayor, "proposed," three years too late, THE EXACT FIGURES furnished to you three years ago for a Tax Assessment District to fund the

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

Downtown improvements. The "old hat" proposal became a divine truth, an astonishing disclosure and an enlightenment to Ms. Mary Flood, a reporter for a local newspaper. STRANGE, ISN'T IT? The real sin of it all, however, is a quote attributed to the Councilman in opposition to my candidacy. That quote reads as follows:

"We've got all that empty land downtown and the mayor hasn't done anything but go off and meet people on a few occasions. . . ."

THE RECORD of communications and Council Proceedings clearly points out how untruthful that individual's statement truly is. Furthermore, as Mayor, I personally met with the developers of the old Arbaugh's building and announced the renovation of that facility which is now a reality; as Mayor, I personally met on a number of occasions with William Marshall, State President, AFL-CIO, and received assurance that the State headquarters of the Michigan State AFL-CIO would be located just to the south of the now remodeled Arbaugh building, AND THAT IS A REALITY; as Mayor, I personally met with Richard Cahill on a number of occasions to insure that he would construct his new building, soon to be opened in the 300 block of Washington Square Mall, and that building is a reality; and, as Mayor, I personally met with representatives of R & R Development Company, before and after their submission to construct a new facility at the corner of Ottawa and the Washington Square Mall.

NOW, WHAT OF THE FUTURE? The proposal made by merchants of the Central Business District some years ago and my proposal of January 13, 1975, both later to be plagiarized in a recent news conference by a member of Council should now be dead issues. They did have merit at the time but are no longer pertinent. **The Downtown Development Authority agrees. A more sophisticated, detailed and better approach is ahead.** Several months ago, the Downtown Development Authority entered into a contract with the firm of Warren, Holmes and Black to perform a Scope of Services which basically includes:

—Developing a phased improvement plan for the Central Business District (Downtown), including costs and priorities of each phase;

—Developing detailed design drawings for a $1,000,000 Phase I improvement with directions given to replace curbs, gutters and plant trees on side streets, if at all possible, with the $1,000,000 improvement; and

—Prepare working drawings and supervise the actual construction of the mall.

Simultaneously, I held a meeting with various department heads, one of the major goals being to prepare a master plan of all utility line locations (steam, water, electricity, telephone, gas), **something heretofore not available,** AND to determine the exact location of all underground vaults in the Central Business District right-of-ways. The work is in progress with good cooperation from Consumers Power, Michigan Bell, etc. Regarding the "vaults" many persons are unaware that under various sidewalks in the Central Business District such "vaults" extend in a number of locations almost to the curb line.

Aside from this latter effort on the part of City departments, the total cost is esimated to be $121,250, of which $65,000 is for the Overall Plan and Promenade Design (items No. 1 and No. 2 above) and the balance of $56,250 is for working drawings and supervision of the construction of the $1,000,000 project.

The present contract with the firm of Warren, Holmes and Black is for $33,000 the funding already available, and this architectural firm understands that it is **not** to incur expenses in excess of this amount without prior written approval. **Our goal should be to move ahead, and as rapidly as possible.** Therefore, I am requesting that a minimum of $42,000 be allocated immediately, from the 1974 appropriation of $100,000 to the Downtown Development Authority to contract for the completion of the scope of services—of this amount, $32,000 will enable the Downtown Development Authority to complete the Scope of Services, and the balance of $10,000 will be used for a much neded, but not on hand, topographical survey for a complete description of needed information. **Those funds are on hand and are now needed.** I direct your attention to this request.

In the future, I will be forwarding to you a request for funds to undertake and complete a fiscal study, for the overall project, a study which will determine, (a) whether or not any development funds are available from a number of foundations; (b) whether or not a corporation, or corporations, will make a cash contribution in the interest of bettering the Central Business District; (c) whether or not any Federal, State or bonding funds are available; and, (d) assessments to be levied depending upon the outcome of the items a, b and c.

You should recognize that the original contract funds provided earlier to the Downtown Development Authority were not based on a specific scope of services but rather funds allocated by the Community Development Technical Coordinating Committee to show a commitment to the Downtown. Too, be advised that the Downtown Development Authority, the Economic Development Corporation, the Planning Board, the Downtown Council and businessmen are in support of this project. Given the conditions and potential competition from another mall, I request that you do not delay—that the waters not be muddied—and that you act expeditiously to take advantage of the renewed positive spirit in Downtown Lansing.

Sincerely,

GERALD W. GRAVES,
Mayor.

By Committee on Buildings and Properties—

Resolved by the City Council of the City of Lansing:

Whereas, on June 27, 1951, Irene Koenig did deed a parcel of land 20 feet wide running between Roselawn and Robertson Ave., ling north of West Willow Street to the City of Lansing to be used as an alley; and

Whereas, the City of Lansing does now hold title to said property; and

Whereas, the property was never dedicated as an alley, nor does there exist a need for an alley at the location; and

Whereas, the Buildings and Properties Committee has recommended that this property be deeded to the adjacent residential property owners on the north in order to reinstate the property on the tax rolls,

Now, Therefore, Be It Resolved that the Mayor and City Clerk are hereby authorized and directed to execute two Quit Claim Deeds in the following manner:

To: Noel V. Maxam and Betty K. Maxam, his wife, as tenants by the entireties, and to H. Warn Jackson and Joyce P. Jackson, his wife, as tenants by the entireties.

The following described property:

The N 20 Ft. of the S 23.5 Ft., of Lot 3, of Rosedale Park Subdivision of the City of Lansing, Ingham County, Michigan,

and

To: Marvin W. Stump, Jr. and Patricia W. Stump, his wife,

The following described property:

The N 20 Ft. of Lot 4 of North Highland Subdivision of the City of

Lansing, Ingham County, Michigan, each being deeded upon the receipt of One ($1.00) Dollar.

Adopted by the following vote:

By Committee on Buildings and Properties—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing does own the property legally described as:

Lot 4, Wiley's Subdivision, City of Lansing. More commonly known as 839 North Pennsylvania Ave. (Fire Station No. 6)

and

Whereas, it has been determined that continued ownership of subject property by the City of Lansing would serve no valid purpose; and

Whereas, the proposition to sell said property was submitted to the electors of the City of Lansing for approval as required by Section 14.3(d) of the City Charter and as required by the laws of the State of Michigan at a regular City primary election; and

Whereas, the electors of the City of Lansing did approve the sale of subject property at a sale price of not less than $31,000.00; and

Whereas, the City of Lansing did list the property with the Walter Neller Co.; and

Whereas, the Walter Neller Co. has presented the City with an Offer to Purchase subject property at a purchase price of $34,900.00, subject to certain contingencies; and

Whereas, a Counter Offer to the original Offer to Purchase has been accepted by the Purchasers,

Now, Therefore, Be It Resolved that the Mayor and City Clerk hereby be authorized and directed to execute the Counter Offer to the original Offer to Purchase and prior to the date of closing, after preliminary examination of title, to execute on behalf of the City of Lansing a deed transferring title to the Purchasers upon receipt of $34,900.00 cash, and

Be It Further Resolved, that the Finance Director make funds available to cover the costs incidental to the transfer of title.

Adopted by the hollowing vote:

Unanimously.

By Councilman McKane—

Resolved by the City Council of the City of Lansing:

Whereas, House Bill No. 5200 has been introduced by certain representatives to amend the City Income Tax Act to eliminate the ability of cities such as Lansing to impose an income tax on non-residents; and,

Whereas, the elimination of the city's authority to tax non-residents would dramatically effect the General Fund tax revenues in that the City of Lansing would lose on an annual basis an excess of $2,045,000; and,

Whereas, the loss of these funds totaling almost 7% of the General Fund Budget for FY1978 would have a severe impact upon the taxpayers of Lansing and necessitate a property tax increase of 2.8 mills upon property owners to absorb the deficit;

Now, Therefore, Be It Resolved that the Lansing City Council is unanimously and strongly opposed to the implementation of any legislation which would have the consequences as indicated above on the taxpayers of the City of Lansing; and,

Be It Finally Resolved that a copy of this resolution be forwarded to all Lansing area Legislators.

Whereas, it has been determined that continued ownership of subject property by the City of Lansing would serve no valid purpose; and

Whereas, the City Council of the City of Lansing constantly strives to bring new business into the downtown community; now, therefore,

Be It Resolved by the City Council of the City of Lansing that the proposition to dispose of said land in return for fair market value as appraised by the City Assessor, and to execute a conveyance therefor be submitted to the electors of the City of Lansing for approval as required by Section 14.3(d) of the Charter of the City of Lansing, and as required by the laws of the State of Michigan at the next general election to be held November 8, 1977; and be it

By Committee on Ordinance and Contracts—

RESOLUTION OF FINDINGS OF FACTS AND DETERMINATIONS

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing is undertaking redevelopment and housing rehabilitation projects for the rehabilitation of blighted areas in cooperation with the Federal government for financial assistance all pursuant to Act 344, Public Acts of 1945, as amended, in an area known as Neighborhood Development Area No. 1.

Whereas, the City of Lansing has prepared and adopted in Ordinance No. 428 a physical Development Plan and a plan for Relocating Families and Individuals who are to be displaced by development of said area. Further, the City of Lansing, acting by and through its Planning and Redevelopment Departments, has had consultation with the Citizens' District Council for District Area No. 1 within which the development area is located; and

Whereas, it is now necessary to modify and amend the development plan incorporated into the Ordinance pursuant to § 36-99.6;

Whereas, the City of Lansing, on Monday, August 29, 1977, conducted a public hearing pursuant to 1945 PA 344, as amended, concerning the modifications to amendments to the development plan;

Whereas, at the public hearing persons had opportunity to speak in support and opposition to the proposed modifications and amendments and evidence was introduced in support of the recommended changes, and said evidence, testimony and plans have been reviewed, by the Legislative body for the City of Lansing, the City Council;

Now, Therefore, Be It Resolved that the City Council makes the following findings of fact and determinations:

I. The prerequisite plans, statements and actions for undertaking redevelopment projects under Act 344, Public Acts of 1945, as amended, have been properly prepared and adopted by the local legislative body.

II. The Physical Development Plan will, through rehabilitation, acquisition, demolition, clearance, resale or replatting, protect the health, safety, morals and general welfare of the municipality; and preserve existing values of other property within such areas and will improve the character of the project area, the surrounding area and the entire community.

III. The modifications and amendments to the development plan will further improve the project area by:

A. Improving existing utilities, services, and offering additional public improvements as needed for the residents of the development area.

B. Eliminating substandard housing.

C. Encouraging increased community participation in the renewal process by offering additional financial services and incentives.

Wherefore, it is hereby found and determined:

I. That the modifications and amendments to the Development Plan will aid in the rehabilitation of the blighted area.

II. That the Development Plan as amended is sufficient for the rehabilitation of the blighted area and is in compliance with Act 344, Public Acts of 1945, as amended.

The findings and determinations herein above made are based upon the Master Plan of the City of Lansing; the proposed physical development plan as amended for the area described; the testimony and evidence introduced and received at the public hearing held on Monday, August 29, 1977.

Resolved by the City Council of the City of Lansing:

SJ-3-77

2227 West Holmes Road

More particularly described as:

Commencing 332 feet west of the northeast corner of Section 31, T4N, R2W, Lansing Township now City of Lansing, thence west 318 feet, thence south 781.5 feet to railroad right-of-way, thence northeasterly along Railroad ROW to a point directly south of the point of beginning, thence north to point of beginning, City of Lansing, Ingham County, Michigan.

Whereas, Michael Joseph has requested permission to erect an advertising sign which will measure four foot by eight foot (4′ x 8′) with interior illumination for the purpose of identifying the business at 2227 West Holmes Road; and

Whereas, the proposed location of the sign is in the "J" Parking District; and

Whereas, pursuant to Chapter 36, Section 36-41(9) of the Code of Ordinances of the City of Lansing, the Planning Department has reviewed this request; and

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

Whereas, the Planning Department believes that the type of sign proposed is in keeping with the general intent of Section 36-41(9) which is to allow advertising signs within the "J" Parking District for commercial uses providing the sign is constructed in accord with the Lansing Sign Ordinance and a sign permit is obtained; and

Whereas, the Planning Committee of City Council has reviewed the report of the Planning Department and concurs therewith;

Now, Therefore, Be It Resolved that the Council of the City of Lansing approves and allows the erection of the above advertising sign on the above described property, subject to the issuance of the proper sign permits in accord with the Sign Ordinance; and

Be It Further Resolved, that the location of the sign not be closer than twenty feet (20') of the front property line on Holmes Road.

Resolved by the City Council of the City of Lansing:

Whereas, the Lansing City Council has established a Lansing Plant Rehabilitation District No. 5 in the City of Lansing, pursuant to Act 198, 1974; and

Whereas, Fisher Body Division—General Motors Corporation has submitted an application for an Industrial Facility Exemption Certificate in said Plant Rehabilitation District No. 5; and

Whereas, a hearing was held on Fisher Body's application for an exemption certificate on August 29, 1977 at which time all interested persons had an opportunity to be heard; and

Whereas, Fisher Body has met the requirements for said exemption certificate as required in Public Act 198; and

Whereas, this Council finds that the granting of this exemption certificate, considered together with the aggregate amount of industrial facilities exemption certificates previously granted and currently in force shall not have the effect of substantially impeding the operation of the City of Lansing nor impairing the financial soundness of taxing units levying ad valorem property taxes in the City of Lansing; see memorandum of the Finance Director dated September 6, 1977 attached hereto;

Now, Therefore, Be It Resolved that the Council of the City of Lansing approves the application from Fisher Body Division —General Motors Corporation for an exemption certicate in Lansing Plant Rehabilitation District No. 5, which is limited to seventy-five percent (75%) of the tax abatement to which it could be entitled and further with the understanding that Fisher Body shall make no further application for a certificate in Plant Rehabilitation District No. 5; this being in accordance with the terms and conditions of the Council Resolution of July 11, 1977 creating said District.

SUBJECT: Financial Impact Statement Re: General Motors Tax Abatement Request

The City of Lansing has, over the past year, evaluated the ramifications of granting tax abatement to General Motors. The City has given serious consideration to the fact that the aggregate amount of industrial facilities exemption certificates granted to date including Fisher Body & Oldsmobile would be equal to approximately

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

8.77% of the state equalized valuation of property in the City of Lansing. Although it would be impractical to again present all the financial data involved in this consideration, this letter will provide a brief recapitulation of the impact of this abatement to the financial position and operations of the City of Lansing and other taxing units affected.

In the City's long range financial plan, I have projected an annual growth of 3 to 4% in the City's property tax base (state equalized valuation). This is supported by historical data and reflects the City's normal assessment practices. The 130 million dollar expansion at Oldsmobile and Fisher Body is an additional resource which was not reflected in our current financial plan. Therefore, with the 75-50 abatement, the City will realize $140,689 in additional property taxes annually during the abatement period. L.C.C. will receive an additional $26,286; the School District $88,895, and Ingham County $147,423. **In all cases, this will be over and above the revenues projected on the current tax base.** Subsequent to the 12 year abatement period, this expansion will result in an annual increase above the existing level as follows:

City of Lansing	$450,499
L.C.C.	84,387
School District	284,650
Ingham County	472,063

There has been a prevalent misconception that the City, and other units, will "lose" revenue. The opposite is true; the General Motors expansion and related abatement will represent revenue increases for all taxing units. Deferring the full increase will, in my judgement, in no way impair the financial position or operations of either the City of Lansing or the other taxing units.

There has been extensive debate regarding the finacial impact of the abatement. In the report prepared by the Ad Hoc Technical Committee, the financial impact was considered to be significantly less favorable to all taxing units than the figures presented above. However, due to the fact that major elements of that report were based on assessment practices different from those actually used by the City, I could not concur with the financial conclusions. Individuals using that report for source data should be aware of this when attempting to compare financial impact statements. Also, the original abatement request was reduced after lengthy discussion between the City and General Motors. This reduction is reflected in the stated figures but was not the case considered in the Technical Report.

In addition, there is a high probability that the G.M. tax abatement will result in additional revenues through the income tax and through ancillary expansions. The impact of such potential revenues has not been incorporated into the assessment of financal impact. Therefore, the figures presented should be considered a conservative estimate of the potential for increased revenues.

Finally, it must again be noted that General Motors provides a significant portion of Lansing's economic base. The stability and growth of that base are critcal to the economic vitality of our community. Therefore, while the City will enjoy the benefit of the additional revenues, it should also be considered that the tax abatement represents a positive effort by the City to preserve and expand its economic tax base.

Sincerely,

JAMES W. DOWSETT,
Director of Finance.

He shall then forward the application, with the attached reasons for recommendation of disapproval if applicable, to the City Council for its review and final approval or disapproval. Such application shall be forwarded within fourteen (14) days after receipt by the police chief. If the Chief of Police has recommended approval of the license, the City Council may adopt the recommendation of the police chief and approve the license. If the Council does not concur in the police chief's recommendation for approval, it shall set the matter for a hearing. If the police chief has recommended disapproval, the Council shall set the matter for a hearing. Council shall only disapprove a license for one of the reasons set forth above. If the Council does approve the application, the City Clerk shall issue a city public driver's license to the applicant upon payment of five dollars.

(2) **Form.** The city public driver's license granted hereunder shall be in such form as to contain a true photograph of the licensee, the licensee's signature, and sufficient blank space upon which a record may be kept of any arrest of such driver or serious complaint against him.

(3) **Badge.** Upon the issuance of such city public driver's license there shall be delivered to such licensee, a metal badge, with the license number thereon, such badge must be continually and conspicuously displayed on the outside of the licensee's cap when he is engaged in his employment as a public driver.

(4) **Records.** A full and complete copy of each application filed and each license issued hereunder, together with record entries, renewals and revocations thereof shall be kept on file in the office of the city clerk.

(5) **Revocability for cause.** The city council may revoke such license at any time hereafter for one or more of the reasons stated in 30-5 (1) herein. The license shall not be revoked until after a hearing pursuant to Section 30-5 (8).

(6) **Automatic, permanent revocation.** When any entry on such license has been defaced, renewed or obliterated, or the licensee fails to wear his badge as herein provided, such license shall automatically be revoked, and any driver, whose license has been so revoked, shall not again be licensed as a city driver in the city.

(7) **Expiration date.** All public driver's licenses shall expire, unless sooner revoked, on the thirtieth (30th) day of April of each year. All licenses shall be renewed upon payment of three dollars ($3.00) to the city clerk if the license has not previously been revoked.

(8) **Hearing in contested cases.**

(a) Pursuant to Section 30-5 (1), the council shall schedule a hearing without undue delay.

(b) Applicant or licensee shall be given twenty (20) days notice of the hearing, which notice shall include:

(i) A statement of the date, hour, place and nature of the hearing.

(ii) A statement of the legal authority and jurisdiction under which the hearing is to be held.

(iii) A reference to the particular sections of the ordinances and rules involved.

(iv) A short and plain statement of the matters asserted.

(c) At the hearing, any party may appear in person, or by agent or attorney. Applicant or licensee shall be given an opportunity to present oral and written arguments on issues of law, policy and fact and shall have the opportunity to cross-examine witnesses.

(d) The council shall grant or deny the application or revoke or not revoke the license based upon the evidence presented at the hearing within fifteen (15) days after the hearing. Written notification of the decision, including the reasons therefor, shall be given to the applicant or licensee.

(e) Any applicant or licensee aggrieved by the decision of the council shall have the right to appeal to circuit court as prescribed by law.

Section 2. The effective date of this ordinance shall be 30 days from the date of its adoption.

Section 3. All ordinances or parts of ordinances inconsistent with the provisions hereof are hereby repealed.

OFFICIAL PROCEEDINGS OF
THE CITY COUNCIL
OF THE CITY OF LANSING

Recessed Meeting — September 7, 1977

CITY COUNCIL ROOMS

Lansing, Michigan

September 7, 1977

The recessed meeting of September 6, 1977, of the City Council of the City of Lansing, Michigan, was called to order by Mayor Graves at 4:40 p.m.

Present: Councilmen Adado, Baker, Belen, Blair, Brenke, Gunther, Hull, McKane—8.

Absent: None.

By Councilman Belen—

Resolved by the City Council of the City of Lansing:

That the resolution of Fisher Body Division—General Motors Corp. for an Industrial Facility Exemption Certificate in said Plant Rehabilitation District No. 5 which lost be reconsidered.

Adopted by the following vote:

Yeas: Councilmen Belen, Blair, Brenke, Gunther, Hull, McKane—6.

Nays: Councilman Baker—1.

Councilman Hull stated that he was not satisfied with the statement given by General Motors at last night meting and asked if there vas anynore information available.

By Councilman Belen—

That we suspend the rules to let Mr. Bellew from General Motors Corp. speak.

Carried.

The following statement was read by Mr. Gene Bellew:

Mr. Mayor, members of the city council, ladies and gentlemen.

My name is Gene Bellew, and I am a representative of Fisher Body from Warren, Michigan.

We appreciate your reconvening today to discuss the Fisher Body and Oldsmobile industrial exemption certificates. Various General Motors representatives have been before this body a number of times during the past nine months to address matters relative to the modernization projects at the two GM locations here. Apparently, there exists some misunderstanding and misconceptions about the project at Fisher Body. I would like to address myself to them.

It should be forthrightly stated that Fisher Body intends to comply with all applicable Federal EPA standards and regulations as they pertain to the Michigan Department of Natural Resources Air Pollution Control Commission and our facilities here in Lansing.

Perhaps it will be helpful to review the following statement made by Mr. Phil Hoffman of General Motors, before the City Council on June 14th of this year on the subject of air pollution. Mr. Hoffman said, quote:

"It should be pointed out that the capacity of the Fisher plant is going up by 30%. Nevertheless we are looking at a significant 25% reduction in current level of hydrocarbons. The new Fisher facilities comply with all current regulations. We will continue to do so in the future.

Now, odor and hydrocarbons are not specifically the same. On the subject of odor, I have a commitment, for the record, from Paul Pender, the Divisional General Manager of Fisher Body and a Vice President of General Motors Corporation, that when reasonable and applicable technology is available, G.M. will install it and not wait until forced by any governmental agency. In other words, when the "know how" is available we will install it. Moreover, we consider this to be a continuing obligation to solve the odor problem. On this point, I remind you that there is a meeting tomorrow night between G.M. and residents of the Fisher plant area to explain in detail what has been done, what is being done and what the future holds (including on-going studies to improve the odor situation)."

On July 11th again before this body, Mr. Hoffman made the following statement:

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

"General Motors Corporation hreeby announces its intent to work in a spirit of cooperative creative partnership with the City of Lansign as Lansing develops its intermediate and long-range plans for civic improvement and growth in the capital city. And General Motors affirms its intent to comply with Environmental Protection Agency standards and regulations as they may pertain to General Motors facilities within the city."

Now some people want to read into both of these statements more than was intended. There was never any intent to give up our legal right to question interpretations of federal regulations just as the city questions federal interpretations.

Now a little background about separate happenings on or about the same time. On March 22, 1977, the Fisher Body Lansing application for permits to install paint facilities for the 120/hour project were approved by the Michigan Air Pollution Control Commission. Subsequently on June 17th a notice of violation of the Michigan Implementation Plan was issued to General Motors Corporation and the State of Michigan by the federal EPA. As a result of that notice a conference was held at the Capital Park Motel on August 11, 1977, between the EPA, General Motors and the State to discuss this notice. I would like to quote from the statements made in the Lansing State Journal the following day:

"After hearing a day of testimony from General Motors and state representatives, David Kee of the EPA said it is likely that the agency will be taking some further actions within a month." Later on it states—"GM officials said Thursday that the actual emission rate, including all planned innovaions, will be 4,214 tons per year or a 46% emission reduction from the current level." And further on it states, "Kee (of the Federal EPA) explained that the 775 tons of hydrovarbon per year limit using water-based top coating is not a figure set down by law. He said this limit is the EPA designed Lowest Achievable Emission Rate (LAER) meaning the standard EPA will apply considering the available technology the industry can use."

Now the point we are trying to make is that there are differences of legal interpretations and expert opinions regarding what is attainable and practical. GM, just like the city, has a legal right to question the EPA interpretations. Meetings and further negotiations are continuing between General Motors, the State and Federal EPA. Keep in mind that the new facility will result in a 46% reduction in hydrocarbons from the current level.

Councilman Blair offered the following amendment:

Be It Further Resolved, that this application is approved on the condition that Fisher Body Division of General Motors Corporation takes action to immediately comply with all Environmental Protection Agency requirements for a new plant, at its Fisher Body Plant at Lansing, Michigan and that failure to comply with this section will automatically terminate this tax exemption certificate.

Adopted by the following vote:

Yeas: Councilmen Baker, Belen, Blair, Brenke, Gunther, Hull, McKane—7.

Nays: None.

By Councilman Baker—

That we recess for 10-minutes so that he can prepare additional amendments.

Lost by the following vote:

Yeas: Councilmen Baker, Blair, Hull—3.

Nays: Councilmen Belen, Brenke, Gunther, McKane—4.

By Committee on Planning—

Resolved by the City Council of the City of Lansing:

Whereas, the Lansing City Council has established a Lansing Plant Rehabilitation District No. 5 in the City of Lansing, pursuant to Act 198, 1974; and

Whereas, Fisher Body Division—General Motors Corporation has submitted an application for an Industrial Facility Exemption Certificate in said Plant Rehabilitation District No. 5; and

Whereas, a hearing was held on Fisher Body's application for an exmption certificate on August 29, 1977 at which time all interested persons had an opportunity to be heard; and

Whereas, Fisher Body has met the requirements for said exemption certificate as required in Public Act 198; and

Whereas, this Council finds that the granting of this exemption certificate, considered together with the aggregate amount of industrial facilities exemption certificates previously granted and currently in force shall not have the effect of substantially impeding the operation of the City of Lansing nor impairing the financial soundness of taxing units levying ad valorem property taxes in the City of Lansing; see memorandum of the Finance Director dated September 6, 1977 attached hereto;

Now, Therefore, Be It Resolved that the Council of the City of Lansing approves the application from Fisher Body Division —General Motors Corporation for an exemption certificate in Lansing Plant Rehabilitation District No. 5, which is limited to seventy-five percent (75%) of the tax abatement to which it could be entitled and further with the understanding that Fisher Body shall make no furher application for a certificate in Plant Rehabilitation District No. 5; this being in accord-

FROM: James W. Dowsett, Director of Finance

SUBJECT: Financial Impact Statement Re: General Motors Tax Abatement Request

The City of Lansing has, over the past year, evaluated the ramifications of granting tax abatement to General Motors. The City has given serious consideration to the fact that the aggregate amount of industrial facilities exemption certificates granted to date including Fisher Body & Oldsmobile would be equal to approximately 8.77% of the state equalized valuation of property in the City of Lansing. Although it would be impractical to again present all the financial data involved in this consideration, this letter will provide a brief recapitulation of the impact of this abatement to the financial position and operations of the City of Lansing and other taxing units affected.

In the City's long range financial plan, I have projected an annual growth of 3 to 4% in the City's property tax base (state equalized valuation). This is supported by historical data and reflects the City's normal assessment practices. The 130 million dollar expansion at Oldsmobile and Fisher Body is an additional resource which was not reflected in our current financial plan. Therefore, with the 75-50 abatement, the City will realize $140,689 in additional property taxes annually during the abatement period. L.C.C. will receive an additional $26,284; the School District $88,895, and Ingham County $147,423. **In all cases, this will be over and above the revenues projected on the current tax base.** Subsequent to the 12 year abatement period, this expansion will result in an annual increase above the existing level as follows:

City of Lansing	$450,499
L.C.C.	84,387
School District	284,650
Ingham County	472,063

There has been a prevalent misconception that the City, and other units, will "lose" revenue. The opposite is true; the General Motors expansion and related abatement will represent revenue increases for all taxing units. Deferring the full increase will, in my judgement, in no way impair the financial position or operations of either the City of Lansing or the other taxing units.

There has been extensive debate regarding the financial impact of the abatement. In the report prepared by the Ad Hoc Technical Committee, the financial impact was considered to be significantly less favorable to all taxing units than the figures presented above. However, due to the fact that major elements of that report were based on assessment practices different from those actually used by the City, I could not concur with the financial conclusions. Individuals using that report for source data should be aware of this when attempting to compare financial impact statements. Also, the original abatement request was reduced after lengthy discussion between the City and General Motors. This reduction is reflected in the stated figures but was not the case considered in the Technical Report.

In addition, there is a high probability that the G.M. tax abatement will result in additional revenues through the income tax and through ancillary expansions. The impact of such potential revenues has not been incorporated into the assessment of financial impact. Therefore, the figures presented should be considered a conservative estimate of the potential for increased revenues.

Finally, it must again be noted that General Motors provides a significant portion of Lansing's economic base. The stability and growth of that base are critical to the economic vitality of our community. Therefore, while the City will enjoy the benefit of the additional revenues, it should also be considered that the tax abatement represents a positive effort by the City to preserve and expand its economic tax base.

Sincerely,

JAMES W. DOWSETT,
Director of Finance.

The resolution as amended was adopted by the following vote:

Yeas: Councilmen Belen, Blair, Brenke, Gunther, McKane—5.

Nays: Councilmen Baker, Hull—2.

Councilman Baker wished to have it noted in the record that he feels Councilman Brenke's voting was in a conflict of interest and should not be counted.

SUBJECT: Conflict of Interest in Voting on Issuance of Tax Exemption Certificates for Oldsmobile and Fisher Body Plants

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

You have asked this office whether you may vote on the issuance of tax exmption certificates for the Lansing Oldsmobile and Fisher Body plants in view of your interest as a stockholder in General Motors. You have informed us that the total worth of your General Motors shares is less than $25,000 and that you are not an employee of General Motors.

This office has previously issued opinions 75-85, 77-27 and 77-103 concerning the effect of your General Motors stock ownership upon other matters before City Council. Copies of those opinions are attached for your information. As noted in those opinions there are three major legal impediments to your vote on matters involving General Motors Corporation:

1. 1968 PA 317 (MCLA 15.321 et seq; MSA 4.1700(51) et seq.) which prohibits you from being a party, directly or indirectly, to a contract with the City of Lansing or from soliciting a contract between Lansing and a corporation in which you own over 1% or $25,000 worth of stock unless you disclose your interest in the contract, abstain from voting on the matter and the matter is approved by 2/3 vote of City Council. See City Attorney Opinion 75-85.

2. Section 5.5(i) of the Lansing City Charter which provides that "no member of Council shall vote on any question upon which he has a private interest or a financial interest other than as a citizen of the city." (See City Attorney Opinions 77-103 and 77-41); and

3. Michigan case law (or common law) restricting any interest by public officials in contracts or other activities involving the public body of which they are an official and a corporation in which they have an interest. (See City Attorney's Opinion 77-103, page 2).

Analyzing the previously mentioned restrictions on your power to vote, as a member of the Lansing City Council, on the granting of tax exmption certificates for General Motors facilities, it is the conclusion of this office that none of them prohibit your vote on the matter for the following reasons:

A. APPLICABILITY OF 1968 PA NO. 317

The restrictions of 1968 PA No. 317 do not apply to your vote on this matter for several reasons. Firstly, the Act applies only to contractual relations. Since the approval of an exmption certificates does not create any legal obligation by General Motors the vote will not create a contractual relationship and the statute will not apply. See 6 Michigan Law & Practice, Contracts, Sec. 2 and see City Attorney's Opinion 77-103 at page 2. Secondly, even if a contract were created, the prohibition of Section 2 (MCLA 15.322; MSA 4.1700 (52) would not apply. Since the value of your General Motors stock is less than $25,000, the restriction of Section 2(2) of that statute upon the solicitation of a contract between a corporation in which you own stock and the City of Lansing would not be applicable.

Neither would the prohibition by Section 2(1) of 1968 PA 317 of any contract with the City of Lansing to which you are a direct or indirect party be applicable to a contract with General Motors, since you would not be a party to such a contract within the meaning of that statute. If the intention of the Michigan legislature in enacting 1968 PA 317 had been to consider a stockholder of a corporation an indirect party to any contract with a public body of which he was an official, thereby prohibiting such a contract unless the official could avail himself of the exemption provided by Section 3 of that Act (MCLA 15.323; MSA 4.1700(53); the restriction by Section 2(2) of the statute upon solicitation of such a contract by a public official owning more than $25,000 worth of stock in the interested corporate party would be meaningless.

B. APPLICABILITY OF SECTION 5.5(j) OF THE LANSING CITY CHARTER

As noted in City Attorney Opinions 77-103 and 77-41, Michigan courts have interpreted restrictions on the voting power of public officials such as that imposed by Section 5.5(i) of the Lansing City Charter to be aplicable only where the interest of the official involved is substantial, definite and direct as opposed to remote and speculative. See **Thompson v School District No. 1**, 252 Mich 629; 233 NW2d 349 (1930); **Bogue v Delong**, 147 Mich. 63; ____ NW____ (19____); **People of the State of Illinois v Simpkins**, 359 NW2d 828 (Ill. App (1977). As noted, the financial benefit of the issuance of exmption certificates to you as the owner of miniscule number of the outstanding shares of stock in General Motors is at best speculative and minimal. Therefore, your vote on the issuance of those certicates is not prohibited by the Lansing City Charter. In passing, however, this office again wishes to emphasize that while we are of the opinion that your vote on this matter is not prohibited by the City Charter, no statutory or case law expressly permits it and there is no determinative legal authority on precisely what quantum of interest in the matter would require your abstention. Viewed in that light, your decision to vote in the matter involves a personal judgment which could be subject to legal challenge.

C. APPLICABILITY OF MICHIGAN COMMON LAW

Because you are not an officer, employee or substantial shareholder of General Motors, Michigan common law does not appear to prohibit your vote on the issuance of tax exemption certificates to General Motors. See City Attorney Opinion 77-103, page 2. As it additionally appears that Michigan courts are reluctant to further expand the applicability of common law restrictions to the activities of public officials, it is unlikely that such restrictions will be expanded to apply to your vote.

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

SUMMARY

Because the law of the State of Michigan, as it applies to your ability to vote on the issuance of a tax exemption certificate is unclear in some respects, a definitive opinion by this office is impossible. It appears, however, that your vote on the matter is not specifically prohibited and that existing law and court decision lend support to your right to cast such a vote. As this office has previously noted the propriety of such a vote is a matter of subjective opinion and personal judgment which can always be questioned by others. Therefore, it is the opinion of this office that, if you wish to vote on the issuance of the tax exemption certificates, your action will be legally permissible and defensible.

Should you have any further questions regarding this matter please feel free to contact this office.

Very truly yours,

TIMOTHY W. SANDERSON,
City Attorney,

Resolved by the City Council of the City of Lansing:

Whereas, the Lansing City Council has established a Lansing Industrial Development District No. 5 in the City of Lansing, pursuant to Act 198, 1974; and

Whereas, Oldsmobile Division of General Motors Corporation has submitted an application for an Industrial Facility Exemption Certificate in said Industrial Development District No. 5; and

Whereas, a hearing was held on Oldsmobile's application for an exemption certificate on August 29, 1977 at which time all interested persons had an opportunity to be heard; and

Whereas, Oldsmobile has met the requirements for said exemption certificate as required in Public Act 198, and

Whereas, the Lansing City Charter Section 5.5(j) requires at least five votes of

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

the City Council to pass a resolution or take any other official action; and

Whereas, Section 9 of 1974 PA 198 as amended requires that certain findings be made regarding the financial impact on taxing units if an application for an industrial facilities tax exemption certificate is approved and Section 6 of 1974 PA 198 as amended requires that in the event an application is disapproved that the reasons for the disapproval be set forth in such disapproving resolution; and

Whereas, it appears that one member of the City Council has been excused from voting in this matter because of a possible conflict of interest; and

Whereas, it appears that up to this time it has not been possible to obtain five votes of this Council to either approve or disapprove this application; and

Whereas, in an effort to comply with the state law requiring approval or disapproval of an application within 60 days after receipt by the City Clerk and to break the stalemate that has developed and thus to permit the applicant in this matter to appeal to the State Tax Commission if it so desires;

Now Therefore, Be It Resolved that the application by Oldsmobile Division of General Motors Corporation for an industrial facilities exemption certificate in industrial development district No. 5 be and is hereby denied for the following reasons:

That Councilmember Belen is of the opinion that although the granting of the exemption certificate considered together with the aggregate amount of industrial facilities exemption certificates previously granted and currently in force shall not have the effect of substantially impeding the operation of the City of Lansing nor impairing the financial soundness of taxing units levying ad velorem property taxes in the City of Lansing as more fully set forth in the memorandum of the Finance Director dated September 6, 1977 and attached hereto, she is nonetheless voting to deny the application because of the aforestated Charter and State law requirements and stalemate.

FROM: James W. Dowsett, Director of Finance

SUBJECT: Financial Impact Statement

Re: General Motors Tax Abatement Request

The City of Lansing has, over the past year, evaluated the ramifications of granting tax abatement to General Motors. The City has given serious consideration to the fact that the aggregate amount of industrial facilities exemption certificates granted to date including Fisher Body " Oldsmobile would be equal to approximately 8.77% of the state equalized valuation of property in the City of Lansing. Although it would be impractical to again present all the financial data involved in this consideration, this letter will provide a brief recapitulation of the impact of this abatement to the financial position and operations of the City of Lansing and other taxing units affected.

In the City's long range financial plan, I have projected an annual growth of 3 to 4% in the City's property tax base (state equalized valuation). This is supported by historical data and reflects the City's normal assessment parctices. The 130 million dollar expansion at Oldsmobile and Fisher Body is an additional resource which was not reflected in our current financial plan. Therefore, with the 75-50 abatement, the City will realize $140,689 in additional property taxes annually during the abatement period. L.C.C. will receive an additional $26,284; the School District $88,895, and Ingham County $147,423. **In all cases, this will be over and above the revenues projected on the current tax base.** Subsequent to the 12 year abatement period, this expansion will result in an annual increase above the existing level as follows:

City of Lansing	$450,499
L.C.C.	84,387
School District	284,650
Ingham County	472,063

There has been a prevalent misconception that the City, and other units, will "lose" revenue. The opposite is true; the General Motors expansion and related abatement will represent revenue increases for all taxing units. Deferring the full increase will, in my judgement, in no way impair the financial position or operations of either the City of Lansing or the other taxing units.

There has been extensive debate regarding the financial impact of the abatement. In the report prepared by the Ad Hoc Technical Committee, the financial impact was considered to be significantly less favorable to all taxing units than the figures presented above. However, due to the fact that major elements of that report were based on assessment practices different from those actually used by the City, I could not concur with the financial conclusions. Individuals using that report for source data should be aware of this when attempting to compare financial impact statements. Also, the original abatement request was reduced after lengthy discussion between the City and General Motors. This reduction is reflected in the stated figures but was not the case considered in the Technical Report.

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

In addition, there is a high probability that the G.M. tax abatement will result in additional revenues through the income tax and through ancillary expansions. The impact of such potential revenues has not been incorporated into the assessment of financial impact. Therefore, the figures presented should be considered a conservative estimate of the potential for increased revenues.

Finally, it must again be noted that General Motors provides a significant portion of Lansing's economic base. The stability and growth of that base are critical to the economic vitality of our community. Therefore, while the City will enjoy the benefit of the additional revenues, it should also be considered that the tax abatement represents a positive effort by the City to preserve and expand its economic tax base.

Sincerely,

JAMES W. DOWSETT,
Director of Finance.

REPORTS OF CITY OFFICERS AND BOARDS

September 9, 1977

Honorable Mayor and Members

of the Lansing City Council

Re: Claim of Marion Benham in the amount of $12.00

Dear Mayor and Council:

The claimant in this matter who lives at 3724 Kendalwood Drive, Lansing, asserts that his wife sustained an injury to her knees and left hand due to a fall caused by a raised sidewalk at 3714 Kendalwood Drive. As a result of these injuries the claimant incurred a cost of $12.00 for medical attention.

The Public Service Department has informed this office that an investigation of the site of the mishap has resulted in the repair of a 1⅝ inch depression in the sidewalk which was caused by a sunken utility trench. The Public Service Department further states that it had no previous knowledge of the condition.

Based upon the facts presented there is no evidence of negligence on the part of the city since the condition of the sidewalk was not known to the Public Service Department prior to the accident and was not the type of condition which could be readily discovered by reasonable diligence. Further, the fact that the accident happened close by the claimant's home in an area that should have been familiar to the claimant is an indication that there may have been contributory negligence.

Therefore, it is our recommendation that the claim in question be denied.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

By Councilman McKane—

That we concur in the recommendation of the City Attorney and said claim be denied.

Carried.

September 9, 1977

Honorable Mayor and Members

of the Lansing City Council

Claim of Jesmon Cannon in the amount of $25.00

Dear Mayor and Council:

An August 3, 1977 Mr. Jesmon Cannon, 623 W. Genesee, Lansing, Michigan reported that there has been damage to his basement in the amount of $25.00 due to sewer back up caused by the heavy downpour on July 29, 1977.

Mr. Robert Backus, Director of Public Service, has informed this office that investigation into the matter revealed that the sewer was partially plugged due to the rainfall on July 29, 1977. The Public Service Department immediately went to the scene and cleaned the sewer. The sewer was last cleaned on June 16, 1976.

MCLA 691.1407; MSA 3.996(107) states: "Except as in this act otherwise provided, all governmental agencies shall be immune from tort liability in all cases wherein said governmental agency is engaged in the exercise and discharge of a governmental function. Except as otherwise provided herein, this act shall not be construed as modifying or restricting the immunity of the state from tort laiiblity as it existed, heretofore, which immunity is hereby affirmed."

It is apparent from Mr. Cannon's letter and from the report of Mr. Backus that the plugged condition of the sewer was caused by the heavy downpour. Additionally it has been the consistent application of this office that sewer back up at the operation of a city sewer is a governmental function and comes within the governmental immunity section of the aforementioned statute.

In light of the fact that the condition was caused by an Act of God; that the operation of the city sewers is clearly a governmental function; and that no evidence of negligence has been shown on the part of the City, it is the recommendation of this office that the claim of Mr. Cannon be denied.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

By Councilman Baker—

That we concur in the recommendation of the City Attorney and said claim be denied.

Re: Claim of Pearl Fenby in the amount of $25.00

Dear Mayor andn Council:

On August 14, 1977 the above claim was

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

submitted to repair a broken front door which the claimant alleges was kicked in by the police at 2308 S. Wadsworth, Lansing, Michigan.

The Lansing Police Department has advised this office of the following facts. A neighbor of the claimant heard a woman screaming for more than an hour in the next townhouse owned by the claimant. The neighbor repeatedly attempted to enter the townhouse to find out what the problem was but could get no response. At this point, the neighbor became alarmed and called the Lansing Police Department. Two police officers responded, approached the front door and rang the doorbell. A man appeared and answered the door. The officers inquired if there was a woman in the house and wanted to know of her condition. Without responding to the officers inquiries, the man slammed the door . At this point, feeling that danger to another person was imminent, the officers broke in the door and entered the dwelling.

Based upon the foregoing facts it appears that the officers in question were engaged in a legitimate governmental function and thus by statute the City would be immune from any liability. However, even assuming that the city would not be immune from liability, the facts do not show that the officers were negligent or used unreasonable force in the circumstances.

Therefore, it is the recommendation of this office that the claim in question be denied.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

By Councilman Baker—

Gentlemen:

The Human Relations Committee has unanimously voted to support the city in its attempt to implement an Affirmative Action Plan.

The Human Relations Committee was not opposed to the adoption of the Affirmative Action Plan on November 13, 1976 and the resolution to appoint Richard D. Letts as the Affirmative Action Officer, but, we do object to the Councils' action in failing to provide this office with the additional satff necessary to carry out all the duties of that office as described in the Affirmative Action Implementation Guidelines.

The Director and staff are continuing to experience a more difficult workload since the delegated responsibility of monitoring Community Development contracting agencies and recently the Public Works Program.

The Human Relations Committee was assurred at budget time that the position of Affirmative Action Specialist would be made available to assist the office in implementing the mandates of the Affirmative Action Guidelines.

We would appreciate your attention be directed to the filling of this position so our office can provide adequate and prompt service to the community.

Circle West Subdivision

September 8, 1977

Honorable Mayor and Members of
City Council:

The Lansing Planning Board, at their meeting of September 6, 1977, recommended that the request for final plat approval of Circle West Subdivision be approved. The proposed plat consists of approximately 4.9 acres of land to be subdivided into nine (9) lots.

The Board's recommendation of approval is subject to the following conditions:

1) That the Deed or Abstract of Title, accompanied by an attorney's opinion as to the marketability of the land, or a Certificate of Title Insurance be submitted to the City Clerk prior to the signing of the plat and the affixing of the Municipal Seal.

2) That final security be posted in the amount specified by the Public Service Department and the Department of Parks and Recreation.

3) That final clearance from the Board of Water and Light for the development be obtained.

The Board found that the final plat is in substantial conformance with the approved preliminary plat and conditions upon which approval was granted and in accord with the Michigan State Plat Act and the Lansing Subdivision Ordinance.

This recommendation was by unanimous vote.

Sincerely,

ALAN E. TUBBS, Secretary,
Lansing Planning Board.

Referred to Committee on Planning.

6900 South Washington Avenue

September 8, 1977

Honorable Mayor and Members of
City Council:

The Planning Board, at the meeting of September 6, 1977, recommended that the petition by the Disabled American Veterans to rezone property in the 6900 block of South Washington Avenue for the purpose of locating their lodge, which would also be available for rental for public meetings, bingo and private parties, with a maximum capacity of 450 persons, be denied.

The Board feels that the change of zoning could foster uncontrolled commercial development in the area, and is not in the public intreest.

This recommendation was by unanimous vote.

At the public hearing of August 2, 1977, Mr. Eisele submitted petitions with 48 signatures of area residents stating no opposition to the Disabled American Veteran's building in the 6900 block of South Washington. However, seven persons communicated their opposition at that meeting. At the August 16, 1977, meeting of the Lansing Planning Board a resident of that area submitted a petition with 48 signatures—some of which were contained on the first petition—with the statement that several people of the area felt they had been mislead with the statement of intent from Disabled American Veterans when the original petition was signed.

Sincerely,

ALAN E. TUBBS, Secretary,
Lansing Planning Board.

Re: Paulson Park

Honorable Mayor and Mebmers of the
Lansing City Council:

I have recevied the attached petition from the residents in the neighborhood surrounding Paulson Park property. This property is presently before the Planning Board, as Special Use Permit 2-77 petitioned by the Lansing Board of Water and Light. The proposed use is a gravel borrow pit and repository for fly ash.

The residents of this neighborhood are totally opposed to either or both of these

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

uses. They state, with history backing them, that they have been promised a park for some 40 years and still have not yet received one. They are now presented with the proposition that it may be another few decades before such a park becomes a reality. They also point out that there is no park for the children of the area to go to in relative safety. The nearest park is Gier Park which is on the west side of US-27. This is a five lane major arterial street with a 45 mile per hour limit which makes it far too hazardous for young children to cross so as to utilize Gier Park.

They earnestly request City Council not to grant this Special Use Permit, but rather to follow through on the City's previous commitment to create a park in this area in the near future. I am in full accord with their request and am presenting these petitions in order that the rest of the City Council members may consider them. Copies of this letter and the petition signatures are to be forwarded to the Planning Board for their consideration during their deliberations on SUP-2-77.

Thank you for your consideration.

Respectfully yours,

RICHARD J. BAKER,
Councilman At Large.

Dear Mayor Pro-Tem and

On Thursday and Friday, August 25 and 26, the City Downtown Blood Drive was held in the lobby of City Hall the purpose, as it has been since I instituted the blood drive in 1972, is to have sufficient donations available to meet the needs over the long Labor Day weekend.

The final tally of our 1977 Blood Donor Days, here in City Hall, is now in—the total number of units donated was 269. While we did not reach our goal of 300, we did show an increase of 26 over the amount donated last year. This is quite gratifying. Further, we had 74 "first-timers" which is a big step in any such drive.

I express my sincere "thanks" to all who enrolled as well as a "thank you" to the employees who assisted in this very worthy cause.

September 9, 1977

Honorable Mayor Pro-Tem and Members

of the Lansing City Council

City Hall

Lansing, Michigan

Dear Mayor Pro-Tem and
Council Members:

Lansing Senior Citizens, Incorporated, with funds supplied by the Tri-County Consortium on Aging (Ingham, Clinton and Eaton), and by other sources, has administered two Senior Centers, namely, the Ottawa Street Center, on the City's Westside, and the Jolly Road Center, on the City's Southside. For various financial reasons, it was necessary for the Tri-County Consortium on Aging (Ingham, Clinton and Eaton) to reduce the budget of the Lansing Senior Citizens, Incorporated, effective October 1, 1977. The Tri-County Consortium on Aging (Ingham, Clinton and Eaton) did not advise specifics, so the Lansing Senior Citizens, Incorporated, took an easy way out, that being to: (a) retain a bloated payroll; (b) to keep the Ottawa Street Center operating from 8:00 a.m. to 5:00 p.m., during 5 days of the week, even though no use was had by Seniors during 3 hours each day; and, (c) chose to close the Jolly Road Center in total. The AFOREMENTIONED RESULTED IN THE SENIORS FROM THE JOLLY ROAD CENTER REQUESTING ASSISTANCE FROM MY OFFICE, EVEN THOUGH I DID NOT HAVE AUTHORITY OVER THE TWO CENTERS. I OBLIGED.

On Wednesday, August 3, and upon my request, a meeting of approximately 200 Senior Citizens was held at the Jolly Road Center, and input was received from the Tri-County consortium on Aging (Ingham, Clinton and Eaton), from our own Depart-

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

ment of Human Resources, from Senior Citizens, etc. I learned, as did the Seniors, that: the State of Michigan has changed the ground rules for Senior Centers; that the finances were not available under the present administrative structure to keep the Jolly Road Center open; that the physical facilities housing the Jolly Road Center and the Ottawa Street Center are the **only two out of approximately 16 within the corporate limits of the City where rent is charged, these totaling over $10,000 annually; AND, that the administrative costs to operate the two centers exceed the services and cost of food.**

It was readily apparent that something must be done to alter the situation, so that both centers could be available to serve Senior Citizens, until a permanent solution could be worked out. I, therefore, proposed at the meeting, and my proposal was accepted by the Seniors, that a 10 member committee of Senior Citizens be named by myself to look into the problem, aided by City and Tri-County staff and to make recommendations before mid-September to guarantee this goal. The Senior Citizens Task Force is as follows:

MAYOR'S STUDY COMMITTEE FOR A SOUTH SIDE SENIOR CITIZEN CENTER

Mayor's Advisory Group

Si Nama*—627 E. Greenlawn
Lansing, Michigan 48910 484-1960

Josephine Tinsley—1411 W. Washtenaw

John Flood—237 Shepard

Jolly Road Center Representatives

William Davis—6101 Marsh Road

Roy Clark—820 Ferley

Ed Bloomer—2312 W. Jolly
Lansing, Michigan 48910 882-2261

*Chairperson

Research was done and meetings were held—The Senior Citizens Task Force now unanimously recommends:

—That both the Jolly Road Center and the Ottawa Street Center remain open for approximately one year, but with operating hours cut from the present 8:00 a.m. to 5:00 p.m. period to 9:00 a.m. to 3:00 p.m., because of "no use" now of the Center by Seniors during the 3 hours per day being eliminated.

—That the high, inflated budget formerly approved under the old Model Cities Program and carried on by Tri-County Consortium on Aging for the Lansing Senior Citizens, Incorporated, be slashed from $200,000 annually (including CETA employees) to $119,866 annually (including CETA employees), this being achieved by eliminating the $15,000 position of the so-called Director, the $11,500 position of the Administrative Assistant, paying other personnel in relation to actual hours of employment, etc.;

—That both Centers be operated by Coordinators 30 hours per week at $6,000 per year salaries, which is the same level of those of the City's Department of Parks and Recreation;

—That approximately one year from now Lansing Senior Citizens, Incorporated be completely eliminated and the services of the Ottawa Street Center be transfered to the Kingsley Center, and the Jolly Road Center be transfered to the Miller Road Center, both then to be operated under the guidance of the City's Department of Parks and Recreation;

—That the attached budget be approved to achieve the programs in question;

—That the City immediately employ an architect to prepare preliminary designs to expand and improve the Miller Road Center into a Community Center, with a Senior Citizens wing, explore the possibility of acquiring some land directly to the south, to the north and possibly to the east, at a total cost estimated to be $200,000;

—That a Title V application, being prepared by a Special Committee, then be submitted by the City of Lansing through the Tri-County Consortium on Aging (Ingham, Clinton and Eaton) with the State of Michigan, with funds presently in the budget of the Departemnt of Parks and Recreation to be used for match, for the Miller Road Center improvement, and further, that a second priority be given in the application for a Senior Service Wing for the Kingsley Center.

The Senior Citizens Task Force, and I, seek your concurrence in the aforementioned. It has already been approved by the Finance Department representative, and the representatives of the Department of Parks and Recreation (Douglas Finley), Human Resources (Jacqueline Warr), and Tri-County Consortium on Aging (Roxanne O'Connor). Certainly, other decisions could have been made, but the question of time brought everyone to the decision as stated. In addition, it does have tentaive approval of the State of Michigan, including the desire of the Department of Social Services to phase out the expensive approach formerly used by Lansing Senior Citizens, Incorporated.

RESOLUTIONS

By Committee on Public Service and Highways—

Resolved, That the Purchasing Director be and he is hereby direced to advertise, as provided by law, for sealed proposals for the construction of sidewalk on the west side of South Cedar Street under the I-96 structure in accordance with the plans and specifications on file in the office of the City Engineer. Proposals to be received up to 3:00 P.M. (local time), Tuesday, October 4, 1977.

Each proposal to be accompanied with a certified check or bidders bond in the sum of 5% of the proposal.

Right is hereby resreved to accept any proposal, to reject any or all proposals and to waive defects in proposals.

No bids may be withdrawn after the above date and time for receiving bids for a period of sixty (60) days.

Adopted by the following vote:

Unanimously.

By Committee on Public Service and Highways—

Resolved by the City Council of the City of Lansing:

That the low bid of Spartan Asphalt Paving Co., Inc., on the 1977 Blacktop Contract, P.S. 74050, in the amount of $22,724.56, be accepted.

An additional 15% in the amount of $3,408.68 is hereby authorized to be encumbered by the Controller for contingencies, making the total encumbered amount under this Contract $26,133.24.

After the award, the successful bidder shall be required to execute the contract as specified, within ten days after the prescribed forms are presented to him for signature as stipulated in Instruction to Bidders of the contract.

This contract will be funded under Account No. 203-458-614-974.

Be It Further Resolved that the Mayor and City Clerk be directed to execute a contract with the said Spartan Asphalt Paving Co., Inc., on behalf of the City of Lansing according to the said bid presented and the specifications on file, upon approval of the contract, and of the bonds and insurance policies by the City Attorney, and upon certification of the City Controller as to the availability of funds.

Adopted by the following vote:

Unanimously.

By Committee on Public Service and Highways—

Resolved by the City Council of the City of Lansing:

That the attached Licensing Agreement between the Zimpro Corp. and the City of Lansing for the patented procedure for odor control at the Wastewater Treatment Plant, be approved, and

That this Agreement will be executed at no cost to the City, and

Be It Further Resolved that the Mayor and City Clerk be authorized to sign said Agreement after the approval as to form by the City Attorney.

Adopted by the following vote:

Unanimously.

By Councilman McKane—

Resolved by the City Council of the City of Lansing:

Whereas, the Department of Parks and Recreation Planning Section has prepared plans and specifications for all work to be completed in the Basic Park Grant, and has also completed the design work for major aspects of the Dodge Mansion-North Lansing project, and

Whereas, the EDA Public Work Grants requires these construction documents be sealed and that construction be inspected by a registered architect/engineer, and

Whereas, Mark Hornung, Landscape Arhcitect will review and seal plans and bid documents, and will supervise construction of the Basic Park Projects for a fee based on 2.3% of construction cost, and
Whereas, Robert O'Boyle Associates, Landscape Architects will review and seal plans and bid documents, and will supervise landscape construction of the Dodge Mansion project for a fee also based on 2.3% of construction cost, and

Whereas, the cost of these services are eligible expenses of the grant,

Now, Therefore, Be It Resolved, the city enter into an agreement with Mark Hornung, Landscape Architect, for the amount of $7,600.00, and with Robert O'Boyle for the amount of $6,174.20 for the purpose of sealing design and bid documents and for supervision of construction on the EDA Public Work Grants, and the Mayor and City Clerk be authorized to sign these contracts on behalf of the City of Lansing.

By Councilman Hull—

Resolved by the City Council of the City of Lansing:

Whereas, the artistic group ALKUONE of Belgium is undertaking a tour of the United States of America during the summer of 1978; and

Whereas, ALKUONE will be in the State of Michigan during their proposed 1978 American tour; and

Whereas, the City of Lansing, Michigan, the capital city of the State of Michigan, has in the past few years had the pleasure of hosting a number of European touring groups through cooperation with the Blue Lake Fine Arts Camp of Twin Lake, Michigan; and

Whereas, there is substantial interest in and enthusiasm about ALKUONE, its artistic program, and proposed visit to Lansing;

Now, Therefore, Be It Resolved that the Mayor and City Council of Lansing, Michigan, cordially extend to ALKUONE an invitation to visit the City of Lansing during the summer of 1978 for the purposes of performing and establishing international friendships between the people of the City of Lansing and the nation of Belgium; and

Be It Further Resolved, that a copy of this resolution be forwarded to ALKUONE as evidence of the desire of the City of Lansing to welcome the visit of ALKUONE.

Adopted by the following vote:

Unanimously.

By Committee on Public Service and Highways—

Resolved by the City Council of the City of Lansing:

Whereas, a grievance has been submitted by Mr. Walter Jones regarding allegedly unfair utility rates levied by the Board of Water and Light;

Whereas, said Mr. Jones owns and occupies a four family flat in the City of Lansing which structure is serviced by the Lansing Board of Water and Light and the electrical service by said Board is provided to said structure through the use of a single meter; and

Whereas, said Mr. Jones and citizens similarly metered and billed, may be inequitably assessed for electric meter reading and electric meter billing as though they used more than one meter; and

Whereas, the City Attorney in City Attorney Opinion 77-133 has advised, pursuant to an exmaination of the Revenue Bond Act and Ordinances 18A and 26A of the City of Lansing, that Council may only raise or approve said rates; now, therefore, be it

Resolved, that the City Council hereby submits its recommendation to the Board of Water and Light that said electric utility meter service and billing rates should be reviewed because they appear to be unfair and should be considered for revision to an equitable and fair rate if found to be unfair; and be it

Further Resolved, that the City Clerk shall forward a copy of this resolution to the Board of Water and Light in care of the Chief Executive Officer of said Board.

Adopted by the following vote:

Resolved by the City Council of the City of Lansing:

Whereas, the County of Ingham has entered into agreement with Camp Highfields to provide for the delivery of Manpower services under Title VI (Projects) of the Comprehensive Employment and Training Act of 1973 (CETA), as amended; and

Whereas, Camp Highfields has been unable to fill the position of vocational instructor with a qualified resident of Ingham County (not residing in the City of Lansing); and

Whereas, a resident of Lansing is qualified for and available to fill the vocational instructor position; and

Whereas, the chairman of the Ingham County Board of Commissioners has requested of Mayor Graves and the City of Lansing an exhcange of one CETA position and equivalent CETA dollars; and

Whereas, the positions and dollars to be exchanged are as follows:

Ingham County

Position—Vocational Counselor

By Councilmen McKane, Blair, Brenke—

Resolved by the City Council of the City of Lansing:

Whereas, City Council adopted a resolution on July 18, 1977 authorizing the Mayor to sign a Certificate of Program Completion H.U.D. Form 4006 for the Model Cities City Demonstration Agency Grant, and

Whereas, H.U.D. is unable to act on the Certificate of Completion due to a pending H.U.D. Open Space Grant OSA-MI-05-28-1026 having Model Cities Funds as local match, and

Whereas, H.U.D. requires pursuant to H.U.D. Handbook 6240.3 all Open Space Grants be audited by H.U.D., and

Whereas, the City of Lansing's Open Space Grant does not terminate until September 30, 1977 and the H.U.D. audit may take several months to complete, and

Whereas, H.U.D. desires to close-out the Model Cities Program and enter into an Escrow Agreement describing the terms of the Open Space audit and timing of such a program completion, and

Whereas, the City desires to close the Model Cities Grant in order to receive the balance of the grant due the City ($56,100.00).

Now, Therefore, Be It Resolved that the Mayor is hereby directed to sign the revised Model Cities Certificate of Program Completion and the subsequent Escrow Agreement detailing the terms of final close-out for the Model Cities Grant.

By Councilman Hull—

Resolved by the City Council of the City of Lansing:

Whereas, the various railroads owning right-of-ways and real property within the City of Lansing have generally failed to cut grass and weeds or maintain their properties free of trash and/or unsightly debris; and

Whereas, the City Council of the City of Lansing views this condition as a possible dlanger to the citizenry, and

Whereas, the failure of railroads to maintain real property in compliance with the ordinances of the City of Lansing causes an unnecessary blight that is detrimental to maintenance and quality of life in Lansing neighborhoods;

Now, Therefore, Be It Resolved that the Building Commissioner is directed, if legally permissible as determined by the City Attorney, to inspect and issue violation notices, where appropriate, for weed and trash on all railroad owned property, and

Be It Further Resolved, that the standard procedure as provided by ordinance, for the cutting of weeds and trash and the removal of trash and debris by the City of Lansing shall be instituted and costs shall be applied as a special assessment to the property owners in the event the owners fail to comply with notice.

The Plant Rehabilitation and Industrial Development Districts Act (Act No. 198, P.A. 1974 as amended) was, according to the Office of Economic Expansion, Michigan Department of Commerce in their Guide dated March, 1976, "designed to provide a stimulus in the form of significant tax incentives to industry to renovate and expand aging plants and to build new plants in Michigan." (Pg. 1 of Guide.)

The proposed exemption certificate for Oldsmobile Division of General Motors that failed to obtain five (5) affirmative votes of Lansing City Council (as required for passage by the Lansing City Charter) does not represent an incentive to General Motors. Officials of the firm have stated publically, with press representatives present, that they will proceed with their expansion plans regardless of the approval or disapproval of the exemption certificate.

Therefore, approval of the exemption certificate constitutes a gift and not an incentive, since G.M. has stated their intent to proceed, and have in fact moved to substantially implement the construction project at this time.

P.A. 198, Sec. 9 (1) (c) requires that the granting of the certificates will have the "reasonable likelihood to create employment, retain employment, or prevent the loss of employment in the community in which the facility is located."

Oldsmobile Division of General Motors has in the application stated that ". . . several hundred employees will be hired in addition to present number on roll." (Application packet of Nov. 5, 1976, pg. 2, Att. B) At other times, they have stated 700 employees would be added (letter of Feb. 14, 1977 to Councilman Richard Baker from E. G. Vogt, Divisional Comptroller, Oldsmobile Division of General Motors.)

However, at no time has G.M. agreed in writing that they would insure that either "several hundred" or "seven hundred" jobs would be created, or even that as a result of the new facilities that, in fact, there might be a net decrease in manufacturing jobs associated with this improvement.

The City of Lansing, as well as the other taxing units, in a time of escalating costs of services, cannot afford to be denied at best as assured slower growth in the tax base, while at the same time fail to have any assurance of at the least, retaining present employment levels.

Unemployment in Lansing is currently at 8.2%. The City of Lansing is being asked to guarantee a tax abatement for 12 years for G.M. without any assurances at all that as a result of modernization and further automation at Oldsmobile, less jobs rather than more jobs will result. The City of Lansing has adopted as City Policy, the maintenance of employment at a minimum of 9.5% of the civilian work force. The effect of this abatement, without written enforceable assurances to the contrary, could easily worsen the existing unemployment situation in Lansing.

P.A. 198, Sec. 9(1)(f) requires that "exceeding such amount (15%) of the jurisdictions SEV shall not have the effect of substantially impeding the operation of local government or impairing the financial soundness of any unit of local government."

The City of Lansing has approved exemption certificates under P.A. 198 which represent 6.582% of Lansing's total SEV. This request to further freeze 2.186% of Lansing's SEV would raise that which is frozen to 8.768%. The amount of tax abatement (ad valorem taxes on real and personal property that would not be paid for the next 12 years) for Oldsmobile Division of General Motors is estimated to be $3,993,710. The tax impact in taxes foregone over the next 12 years by local governing units is estimated at:

City of Lansing	$ 727,893
Lansing School District	468,155
Lansing Community College	219,056
Ingham County Govt.	638,393
	$2,053,497

Additionally, the State of Michigan under the Bursely Formula, will be required to reimburse LSD 30 mills and LCC one mill, for "taxes foregone" amounting to an additional $1,940,213. These funds must be appropriated to LSD and LCC from state funding sources.

The state implicitly agrees that the taxes foregone are in fact a tax loss since it provides reimbursement to schools. However, it does not provide reimbursement to general taxing governmental units. Therefore, the City of Lansing is facing a real tax loss of $727,893 over 12 years, equivalent to a year levy of one (1) mill in the City. Ingham County which is presently almost at its millage limit, is faced with even greater problems, it would appear.

The extent to which this loss of revenue would impair the City of Lansing's operations is difficult to access, since neither the law nor the interpretative material from the Department of Commerce address this matter. However, since the City of Lan-

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

sing, because of previous approvals of exemption certificates, is already foregoing taxes in excess of $4,000,000, the additional loss of almost three-quarters of a million dollars certainly will have a substantial impact.

Additionally, the continuous drain on the State Treasury necessitated by the reimbursement of local school districts and community colleges should be considered by the State.

Finally, General Motors has failed to act in good faith with the City of Lansing and its residents. The Manager of Special Tax Projects of General Motors Corp., Mr. Philip A. Hoffman, stated before City Council on Monday, July 11, 1977, "and General Motors affirms its intent to comply with Environmental Protection Agency standards and regulations as they may pertain to General Motors facilities within the City."

This statement was submitted as part of a larger list of statements and made a part of the City Council proceedings. Since that time, the EPA has determined that G.M. is in fact not in compliance with the applicable EPA Air Quality standards at their Fisher Body Division plant in Lansing. Further, G.M. at a hearing held at the Capitol Park Motel in Lansing on August 11, 1977, disputed the EPA findings and continues to contest them in direct conflict to their written statement of July 11, 1977.

In summary, it is felt that General Motors has not acted in good faith with the City of Lansing in regards to the pollution problem at Fisher Body Division. It has also failed to ensure that jobs in fact will at the least not be lost or that "several hundred" will be created. The amount of taxes foregone by Lansing City government as well as other jurisdictions is substantial, made even more critical by the fact of previous exemption certificates granted to General Motors and others.

Based upon the aforecited reasons, the City Council has voted to deny the request for an exemption certificate for Industrial Development District Number 5.

September 12, 1977

MINORITY REPORT

This minority report sets the reasons for denial of the tax abatement certificate for the General Motors Corporation, Oldsmobile Division, Lansing, MI.

1) After many **months** of negotiations with General Motors Corporation regarding both Oldsmobile and Fisher Body Divisions' a compromise agreement was developed to pass both tax abatement districts. The main agreement that was made with **General Motors** and **myself** was regarding the Fisher Body Division meeting all EPA odor and pollution mandates for a new plant. Subsequent to this agreement on August 11, 1977, at the Capitol Park Hotel in Lansing, MI, General Motors Corporation indicated their **opposition** to these requirements. Again, at a special meeting of the Lansing City Council, it was stated their **unwillingness** to meet new plant EPA requirements for pollution.

2) The question of jobs of which this tax abatement certificate was to address was never supported by documentation that this councilman could rely upon.

3) Strong questions have never been answered to my satisfaction regarding the long-term financial effect upon the city and taxing units and our ability to have adequate tax abatement incentives for other future businesses and industry.

Respectfully,

JAMES D. BLAIR,
Councilman-at-large.

By Councilmen Gunther, Brenke, McKane—

1. The Lansing City Charter, Section 5.5(j) requires at least five votes of the City Council to pass a resolution or take any other official action; and

2. Section 6 of 1974 PA 198 as amended requires that in the event an application is disapproved that the reasons for the disapproval be set forth in such disapproving resolution; and

3. It appears that one member of the City Council has been excused from voting in this matter because of a possible conflict of interest; and

4. It appears that up to this time it has not been possible to obtain five votes of this Council to either approve or disapprove the application;

5. State law requires Council to approve or disapprove the application within 60 days after receipt by the City Clerk which period expires September 12 in this case;

6. That the financial soundness of taxing units levying ad valorem taxes in the City of Lansing is not substantially impaired as reflected by the report of the Finance Director dated September 6, 1977 and attached hereto;

7. Therefore, for the above reasons and to break this stalemate and comply with the provisions of the Charter and state law, Councilmembers Gunther, Brenke and McKane are voting to deny.

SUBJECT: Financial Impact Statement Re: General Motors Tax Abatement Request

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

The City of Lansing has, over the past year, evaluated the ramifications of granting tax abatement to General Motors. The City has given serious consideration to the fact that the aggregate amount of industrial facilities exemption certificates granted to date including Fisher Body and Oldsmobile should be equal to approximately 8.77% of the state equalized valuation of property in the City of Lansing. Although it would be impractical to again present all the financial data involved in this consideration, this letter will provide a brief recapitulation of the impact of this abatement to the financial position and operations of the City of Lansing and other taxing units affected.

In the City's long range financial plan, I have projected an annual growth of 3 to 4% in the City's property tax base (state equalized valuation). This is supported by historical data and reflects the City's normal assessment practices. The 130 million dollar expansion at Oldsmobile and Fisher Body is an additional resource which was not reflected in our current financial plan. Therefore, with the 75-50 abatement, the City will realize $140,689 in additional property taxes annually during the abatement period. L.C.C. will receive an additional $26,284; the School District $88,895, and Ingham County $147,423. **In all cases, this will be over and above the revenues projected on the current tax base.** Subsequent to the 12 year abatement period, this expansion will result in an annual increase above the existing level as follows:

City of Lansing	$450,499
L.C.C.	84,387
School District	284,650
Ingham County	472,063

There has been a prevalent misconception that the City, and other units, will "lose" revenue. The opposite is true; the General Motors expansion and related abatement will represent revenue increases for all taxing units. Deferring the full increase will, in my judgment, in no way impair the financial position or operations of either the City of Lansing or the other taxing units.

There has been extensive debate regarding the financial impact of the abatement. In the report prepared by the Ad Hoc Technical Committee, the financial impact was considered to be significantly less favorable to all taxing units than the figures presented above. However, due to the fact that major elements of that report were based on assessment practices different from those actually used by the City, I could not concur with the financial conclusions. Individuals using that report for source data should be aware of this when attempting to compare financial impact statements. Also, the original abatement request was reduced after lengthy discussion between the City and General Motors. This reduction is reflected in the stated figures but was not the case considered in the Technical Report.

In addition, there is a high probability that the G.M. tax abatement will result in additional revenues through the income tax and through ancillary expansions. The impact of such potential revenues has not been incorporated into the assessment of financial impact. Therefore, the figures presented should be considered a conservative estimate of the potential for increased revenues.

Finally, it must again be noted that General Motors provides a significant portion of Lansing's economic base. The stability and growth of that base are critical to the economic vitality of our community. Therefore, while the City will enjoy the benefit of the additional revenues, it should also be considered that the tax abatement represents a positive effort by the City to preserve and expand its economic tax base.

Sincerely,

JAMES W. DOWSETT,
Director of Finance.

PUBLIC HEARING REGARDING THE PROPOSED PHYSICAL DEVELOPMENT PLAN FOR NEIGHBORHOOD DEVELOPMENT AREA NO. 3

Monday, September 19, 1977, 7:00 P.M.
City Council Chambers, 10th Floor,
City Hall

CITY CLERK FULTON: Tnis is the time set for the public hearing on the proposed physical development plan for the Northside Neighborhood Development Area No. 3. This hearing is to consider the development plan prepared pursuant to the requirements of Public Act 344 of 1945, as amended. The boundaries of the project are as follows:

MAYOR GRAVES: The Chair will entertain a motion to consider the report read.

COUNCIL: Moves that the report be considered read. (Motion passes.)

MAYOR GRAVES: The Clerk will read.

CITY CLERK FULTON: The proposed plan contains provisions for the acquisition of 11 residential structures. There will be approximately 11 families relocated through the development plan. The plan also proposes to rehabilitate 309 homes in the area using a system of rebate incentives, loan guarantees, and grants to property owners. Public improvements will be done. These will include street resurfacing, repairs to sidewalks, curbs, and gutters, water main installation, and tree planting.

MAYOR GRAVES: Mr. Sharp, the Executive Assistant for Community Development, will now proceed with the introduction of the exhibits.

MR. SHARP: Mr. Mayor, Members of the City Council, Ladies, and Gentlemen, this public hearing is being held in accordance with Act 344 of the Michigan Public Acts of 1945, as amended. This act is known as the Blighted Areas Act. For the purpose of the record, I would like to introduce the following exhibits:

Exhibit No. 1 is a sworn statement from Lynn A. Reik, of The State Journal. This statement indicates that notice of public hearing was published on Saturday, August 20, 1977.

Exhibit No. 2 is an affidavit from Mary Tucker of the Office of Community Development which states that notice of the public hearing was mailed to the residents and the last known property owners in the district area and development area of NDA No. 3, as shown by the records of the City Assessor's Office. This mailing was accomplished on August 25, 1977.

Exhibit No. 3 is an affidavit from Liane Zimmy of the Office of Community Development which states that notice of the public hearing was hand delivered, door to door, to the residents and structures within the district area and development area of NDA No. 3 on August 25, 1977, and on September 14, 1977.

Exhibit No. 4 is an affidavit from John Salmons of the Planning Department stating that a copy of the proposed physical development plan for NDA No. 3 was delivered to the office of the City Clerk on August 19, 1977.

Exhibit No. 5 is the approved minutes of the Citizens' District Council for NDA No. 3 from July 20, 1977, certified as having been on file in the office of the City Clerk. These minutes indicate that the Citizens' District Council has given tentative approval to the proposed plan.

Exhibit No. 6 is a certified copy of the boundaries of the district and development areas for Neighborhood Development Area No. 3 that have been on file at the office of the City Clerk.

(Mr. Sharp gives exhibits to the Clerk.)

MR. SHARP: I would like to introduce Mr. James Foulds, Housing and Community Development Coordinator for the Planning Department, who will submit exhibits relating to the development plan.

MAYOR GRAVES: Mr. Foulds?

(An 8 minute presentation by Mr. Foulds follows.)

MAYOR GRAVES: Anyone in the audience who would like to comment on the plan, please step to the microphone. State your name, address, and comments, keeping in mind that there may be other people who also wish to be heard. So, if there is anyone in the audience who wishes to be heard . . .

Dear Mayor Graves, Mayor Pro Tem Brenke, and Members of City Council:

In the period since July 20, 1977, when the Citizns' District Council (CDC) for Neighborhood Development Area No. 3 (NDA No. 3) gave tentative approval to the Physical Development Plan for NDA No. 3, we have been able to give further consideration to the needs of our area. As a result, we wish to offer a few additions and modifications to our original recommendations.

The CDC requests that property within the NDA which fronts on East Grand River Avenue and the lots at 1210 and 1216 North High Street be rezoned from F-commercial to the appropriate residential zoning in order to reflect current usage. Conditional upon this rezoning, we recommend acquiring Smallwood's Auto Sales at 1017 East Grand River Avenue as a structure to be resold for residential occupancy.

In addition, the CDC recommends allocating up to $80,000 toward the cost of making improvements to the grounds at Grand River Elementary School. These improvements are to include the installation of a bus drive and a new parking area, leveling of the green space, and some site improvements. The CDC further recommends that the structure at 1318 New York Avenue, which is currently vacant, be acquired and demolished so that this site may be used for the school's new parking area. In return for this assistance, the School Board is asked to transfer its ownership of the vacant parcel at 1712 North High Street to the City, so that the CDC may be involved in deciding the best use for that parcel.

Some revisions to the traffic circulation experiment were presented to our CDC by Robert Harris, Neighborhood Planner, at the request of Raymond Severy, Traffic Engineer. As a result of our concurrence the suggested revisions to the circulation patterns, we wish to substitute the attached map for Map 11 on page 45 of the proposed Physical Development Plan.

At our request, please add these recommendations to the Physical Development Plan submitted to you.

Sincerely,

JAMES LaMACCHIA,
Chairperson, CDC No. 3.

Referred to Committee on Community Development.

REPORTS OF CITY OFFICERS AND BOARDS

September 15, 1977

Honorable Mayor and Members

of the Lansing City Council

Dear Mayor and Council:

Attached please find a claim by Mercy Ambulance Service for transportation to New Riverside Hospital on May 14, 1977.

Pursuant to Court order the City is responsible for this transportation.

Therefore, it is the opinion of this office that the claim in the amount of $66.25 be paid.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

By Councilman McKane—

That we concur in the recommendation of the City Attorney and the City Clerk be and she is hereby directed to draw a warrant on the City Treasurer in the amount of $66.25 payable to Mercy Ambulance Service.

Carried.

September 15, 1977

Honorable Mayor Gerald W. Graves

and Members of City Council

City of Lansing

Lansing, Michigan 48933

Gentlemen:

Our office has been delegated the responsibility for ensuring compliance with Section 17B-7 of the Code of the City of Lansing. This section requires contractors and vendors providing goods and/or services to the City of Lansing to be "equal opportunity employers." In order to determine whether a company is making a "good faith effort" a statistical breakdown of their work force is submitted annually to our office. These figures are in form of a Contract Compliance Report consisting of job classifications, sex, and race/ethnic data.

On June 30, 1977, a letter was forwarded to Smith-Groen Lumber and Hardware Company requesting completion of the Contract Compliance Report. Since our initial contact two additional letters have been mailed with the latter stating failure to respond would result in our office referring the matter to City Council. To date we have received no response which indicates a total disregard for the principles of equal employment opportunity.

Therefore, the Human Relations Department is requesting the City Council notify the Purchasing Director to refrain from engaging in further business transactions with Smith-Groen Lumber and Hardware Company until such time the Company submits the required information.

Sincerely,

RICHARD D. LETTS,
Director,
Equal Opportunity Officer.

By Councilman Baker—

That we concur in the recommendation of the Human Relations Director and direct the Purchasing Director to refrain from engaging into and further business transactions with Smith-Groen Lumber and Hardware Company.

Tenth Floor, City Hall

Lansing, Michigan 48933

Dear Mayor and Council Members:

On August 18, 1977, the Planning Department forwarded the Planning Board's recommendations for City-wide policies to the Mayor and City Council for adoption as a physical plan for the City of Lansing.

The cover letter submitted by Mr. Purvis recommended the fromulation of a committee for the development of non-physical City-wide policies. May I suggest that a resolution be adopted to create such a committee to be composed of the following departments: Human Resources, Manpower, Parks and Recreation, Police, Fire, and Planning.

Non-physical or Human Services City-wide policies is the other half of the role and concern of government and are essential to the progress and growth of our community. The best justification for formulating such policies is that despite the provider, be they a public body or non-public body, the services are primarily financed by tax funds from all levels of government.

Your immediate consideration of this position is urged.

Sincerely,

JACQUELINE WARR,
Director,
Human Resources Department.

By Councilman Baker—

That we concur in the recommendation of the Human Resources Director and such committee be created.

Members of City Council

Gentlemen:

The Lansing Traffic Board reviewed a request to provide additional parking adjacent to the Lansing City Library after 6:00 P.M. The Board recommended unanimously to allow parking on the south side of Kalamazoo Street from Washington Ave. to Townsend St. after 6:00 P.M. Their recommendation was to change the traffic code to No Parking from 6:00 A.M. to 6:00 P.M. on the south side of Kalamazoo Street from Washington Ave. to Townsend Street.

Our analysis of the traffic on Kalamazoo Street shows that the south curb lane is not necessary for traffic movement between the hours of 6:00 P.M. and 6:00 A.M. The recommended revision will provide more convenient parking for library patrons during the evening hours.

Respectfully submitted,

LANSING TRAFFIC BOARD
Raymond O. Severy,

Letter (b)

September 16, 1977

Honorable Mayor Graves and

Members of City Council

Gentlemen:

The apartment managers of apartmnts on both sides of Richwood Street south of Louisa Street have expressed concern over the all day parkers that park on both sides of Richwood St. when all day parkers utilize the parking in front of these apartment complexes, visitors have no place to park, and persons inquiring into renting an apartment also have no place to park. Additionally children must walk between parked cars to cross the street to reach a swimming pool on the opposite side.

The all day parkers are generated by the Social Security building located on the southeast corner of Louisa St. and Richwood St. The Traffic Board after reviewing the situation unanimously recommended that there be two hour parking on both sides of Richwood St. from the south side of the Social Security building to Conrad Street. The manager of the Social Security building and the two apartment managers have concurred in this recommendation. This solution will provide some all day on street parking for the Social Security office and will provide adequate short term parking for persons coming to the apartment complexes.

Respectfully submitted,

LANSING TRAFFIC BOARD
Raymond O. Severy,
Secretary.

Referred to Committee on Public Safety.

Letter (c)

September 16, 1977

Honorable Mayor Graves and

Members of City Council

Gentlemen:

One portion of the Public Works Grant which was just approved for the City of Lansing is to reconstruct city parking lot at the east end of Washtenaw Street. This reconstruction will improve the traffic flow within the lot and will improve asthetics around the lot.

Proposed plans for this reconstruction incorporate that portion of Washtenaw Street lying between the Grand River and Grand Ave. into the parking lot, thereby closing Washtenaw Street east of Grand Ave. This will result in improved traffic flow within the parking lot and will improve traffic safety at the intersection of Grand Ave., Washtenaw and River Streets.

The Traffic Board unanimously recommended that Washtenaw St. be closed to thru traffic east of Grand Avenue.

Respctfully submitted,

LANSING TRAFFIC BOARD
Raymond O. Severy,
Secretary.

By Councilman Adado—

That we concur in the recommendation of the Traffic Board.

Carried.

Letter (d)

September 16, 1977

Honorable Mayor Graves and

Members of City Council

Gentlemen:

The Lansing Traffic Board at its September meeting reconsidered the action taken at the July meeting relative to installation of a traffic signal at Waverly Road and Delta River Drive. This reconsideration was the result of a request from the Public Safety Committee.

At its July meeting the Traffic Board recommended installation of a flasher at this intersection rather than a traffic signal. This recommendation was made because warrants for a signal are not yet met at this intersection and the Board did not want to encourage more traffic on Delta River Drive. There has been some public concern relative to the amount of thru traffic on both Delta River Drive and Tecumseh River Drive. There has been some discussion of a traffic diverter system to discourage thru traffic from using either of these two streets.

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

The Public Safety Committee acknowledged that thru traffic does use Delta River Drive, and they felt that it should remain as a collector street thru the neighborood. Based on this assumption, the Committee felt that a signal should be installed at the intersection of Waverly Road and Delta River Drive to reduce delay to traffic on Delta River Drive and increase safety at the intersection. I informed the Committee that should a signal be installed at this intersection traffic volumes on Delta River Drive would undoubtedly increase to the point that warrants for a signal were met.

The Traffic Board after considering the comments from the Public Safety Committee recommended unanimously that a traffic signal be installed at the intersection of Waverly Road and Delta River Drive. The Board however desires that City Council be aware that when the traffic signal is installed residents along Delta River Drive will undoubtedly experience an increase in traffic on their street. In addition, the number of accidents at the intersection will most likely increase because of the increase in rear end accidents on Waverly Road. The Traffic light will however, reduce the delay that is presently experienced by traffic on Delta River Drive.

Respectfully submitted,

LANSING TRAFFIC BOARD
Raymond O. Severy,
Secretary.

By Councilman Adado—

That we concur in the recommendation of the Traffic Board.

The Lansing Traffic Board recommended unanimously that yield signs be erected on Prospect St. at Hayford Ave. Prospect St. is a gravel street and sight distance at the northeast corner is impaired by a high earth embankment.

There have been five right angle accidents at this intersection since 1971. The safe approach speed at this intersection is 11 mph because of the sight restriction. The yield signs should be on Prospect St. since it is a gravel street and Hayford Ave. is a paved roadway.

Respectfully submitted,

LANSING TRAFFIC BOARD
Raymond O. Severy,
Secretary.

Referred to Committee on Public Safety.

Letter (g)

September 16, 1977

Honorable Mayor Graves and

Members of City Council

Gentlemen:

The current parking regulation on the east side of Capitol Ave. from Ionia St. to Ottawa St. is one hour parking from 8 A.M. to 4 P.M. and No Standing or Parking 4 P.M.- 6P.M. This restriction was originally implemented to allow a passenger pickup zone adjacent to the Michigan Bell Telephone building. A recent traffic survey shows that this area is no longer being used as a passenger load zone and vehicles are parked at parking meters between 4-6 P.M.

Since the east curb lane on Capitol Ave. between Ionia and Ottawa Street is not necessary for thru traffic, the Traffic Board unanimously recommendd that the parking restrictions in this block be changed to One Hour Parking from 8:00 A.M. to 6:00 P.M.

Respectfully submitted,

LANSING TRAFFIC BOARD
Raymond O. Severy,
Secretary.

September 16, 1977

Honorable Mayor Graves and

Members of City Council

Gentlemen:

The resident at 116 North Fairview Ave. has expressed concern relative to the difficulty she has in utilizing her driveway because of on-street parking in front of her home. Parking is presently prohibited on the east side of Fairview Ave. from Michigan Ave. to just south of the property in question. There is barely space for one car to park in front of 1116 N. Fairview Ave. A vehicle parked in that spot would be within three feet of the driveway, making access to the drive difficult.

The Traffic Board unanimously recommended that parking be prohibited on the east side of Fairview Ave. from Michigan Ave. to 260 feet north of Michigan Ave. This would prohibit parking immediately in front of 116 N. Fairview Avenue.

September 16, 1977

Honorable Mayor Graves and

Members of City Council

Gentlemen:

The Lansing Traffic Board reviewed a request from the Northeast Neighborhood Association for traffic control in their area to control thru traffic and speed on residential streets. The Association is concerned about speed of traffic on Chester Road and Tulane Drive. They are also concerned about the thru traffic passing thru their neighborhood, and the potential for additional thru traffic as the area north of Lake Lansing Road becomes developed. The Association requested several three and four way Stop signs throughout the neighborhood to control speed and discourage thru traffic.

The Traffic Board after much discussion considered a motion for the installation of a three way stop at the intersection of Chester Rd. and Vassar St., a stop sign on Chester at Tulane, Yield signs on Bolley at both Tulane and Greenbrier, and a stop sign on Kerry St. at Greenbrier. The motion failed by a four to one vote. No further motions were offered.

Gentlemen:

The traffic congestion at the intersection of Pierpont Street and Pennsylvania Ave. continues to increase with the increasing development north of Pierpont St. The Traffic Department is presently investigating the warrants for a traffic signal at this intersection.

In order to insure that adequate capacity is available for cars entering and exiting Pierpont St., it is necessary that Pierpont remain four lanes wide. The street is 47 feet wide curb to curb. In order to maintain four lanes of thru traffic movement, the Traffic Board unanimously recommended that No Parking At Any Time be allowed on both sides of Pierpont St. from Pennsylvania Ave. to Mercantile Way.

Re: Association Michigan Cable Franchise Authorities and Associated Interests

Dear Colleagues:

I have received the attached communication from Mary Padilla who is the Secretary of the East Lansing Cable Commission in regards to our possible interests in participating in the above proposed association. I am bringing this to your attention because of its potential, great benefit to the residents of the City of Lansing and to the Lansing City Government.

The need for forming such a coalition has become apparent over the past few months. Rapid changes in the regulatory situation, such as the Federal Cable Commission and its authority over local cable franchises, have been brought into the sharp question. It appears there is a substantial chance that the Federal Cable Commission will withdraw almost totally from the regulation of local cable franchises within the next few months. This issue, of course, has substantial implications for the City of Lansing.

The State of Michigan is also investigating various regulatory legislation for

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

application on local cable franchises. The need for such regulation will become much more critical if in fact the Federal Cable Commission does pull out of this field in the near future.

Additionally, the hope and promise and potentialities of Cable TV, especially on the public and governmental access channels is only now begun to be explored and developed. If in fact the Federal Cable Commission regulations are withdrawn the possibilities of even greater development beyond that which is possible, can occur.

Finally, the City of Lansing now has the use of channel 28 for communication between various departments within the City Government and to the citizens of the City. This proposed association will possibly provide us an avenue for expanding that which we might attempt to develop on our own even more.

I request that this letter be sent to the Committee of the Whole for discussion and acceptance of the invitation, with the appointment by the City Council of one or more persons to represent the City at the first meeting of this association. At the Committee of the Whole meeting, I will be happy to expand upon the topic.

I remain respectfully yours,

RICHARD J. BAKER,
Councilman At Large.

Re: Introduction of an Ordinance

Dear Colleagues:

Mrs. Anne Drake and several other members of the community have brought to my attention that the present Amusement License Ordinance of the City of Lansing does not require that the holder of such a license provide adequate toilet and lavatory facilities for their employees. Because such facilities are not required, often times as was the case of the amusement rides at the Logan Center this Spring, the employees utilized adjacent businessmen's facilities and left them in less than good repair.

This proposed ordinance amendment would require that the holder of the license either provide toilet and lavatory facilities or that some kind of arrangement be made with the sponsoring agency to provide such facilities for the employees of the licensee.

I feel that this amendment is an appropriate amendment and will enable businesses to bring amusement rides into the City for the use of their customers and to provide attraction to their business while at the same time not infringing on the rights of adjacent business people that may not be involved in this particular promotion. I would ask that the City Council introduce this ordinance and refer it to the Committee on Ordinance and Contracts for speedy consideration.

Respectfully yours,

RICHARD J. BAKER,
Councilmember At Large.

Re: Truck Traffic on Alpha Street

Dear Colleagues:

Mr. Ruckle at 2323 Alpha Street, has brought to my attention a problem of heavy truck traffic on Alpha Street. Apparently on occasion, semi-trucks and similar type heavy trucking vehicles are using the length of Alpha Street to get to the warehousing district or to get to the hospital. These streets are residential in character and were not built for this type of traffic. It's apparent to me that this type of traffic should be discouraged by the City for the good of the residents in the neighborood.

Therefore, I would ask that the City Council request the Traffic Board to order "No Trucks Allowed" signs to be placed on Alpha Street from Mt. Hope south to Greenlawn and Lincoln Street. To the extent that trucks must get into the warehousing area or to the hospital they should proceed on established routes from Pennsylvania Avenue rather than traversing the entire residential neighborhood.

Your prompt attention and the concurrence of the Traffic Board regarding this request would be appreciated by the residents of the area.

Respectfully yours,

RICHARD J. BAKER,
Councilman At Large.

Dear Mayor Pro-Tem and
Council Members:

This is to advise that Darlene Ingler, recently appointed member of the Citizens District Council for the Northside Area (Development Area) CDC No. 3, finds it now impossible to continue as a member of this Board. I am, therefore, submitting to you for your consideration and confirmation, the name of Donald S. Lysakowski to serve on said Council, term expiring in March of 1980.

Donald S. Lysakowski was graduated from Menominee High School and is retired from the U.S. Air Force after serving for 20 years. He has been employed for the past 5 years by the Michigan National Bank and holds the position of Credit Supervisor. He is a member of the White Eagles of the Federated Polish Home and is Treasurer of the Bingo Committee of the Polish Home.

Mr. Lysakowski and his wife, Mary, have 5 children and reside at 1801 New York Avenue in the City of Lansing.

Trusting this recommendationg meets with your approval, I remain

Sincerely,

Honorable Mayor Pro-Tem and Members

of the Lansing City Council

Tenth Floor—City Hall

Lansing, Michigan

Dear Mayor Pro-Tem and
Council Members:

During the Regular Council Session on Monday, September 12, 1977, Two Council Members made references to the operations of the Lansing Housing Commission. Excerpts are as follows:

—I have received a few telephone calls in the last three or four days from staff members of the Lansing Housing Commission concerning some internal situations there.

—There are at least two complaints that have been forwarded to me, the first one being personnel matters and I know that two other Councilmen have received these complaints as well because the people who called me said that they called two more also.

—That seven positions on the "TO" have been terminated, five were already vacant but there were two people involved there who were in those two positions and they were informed, at least one of them, by telephone when he was on vacation that they were laid off for economic reasons.

—The other problem is that there are anywhere from, this is estimated, from thirty to forty units empty—some of them have been empty since April or May with no rehabilitation or repairs in the offing for many of them and that they are sitting there in somewhat of an unsafe condition, they have not been boarded up I have been told and that the managers had to check them every day, sometimes twice a day because kids get in and play house and leave the gas stove on or something like that.

—The problem is poor management all the way down the line and that is why they have got problems.

—They have also thrown, were going to throw the Boys Club out of LeRoy Froh and cut back the hours on that one to be open because they did not have funds. I guess I would ask the Attorney, how do we go about conducting an investigation out there as to how the—if it is being properly managed.

—My question still is can we call for an investigation?

—I also want to ask some questions pertaining to maintenance not only the

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

empty houses but the directive has also gone out that there will be on preventative maintenance of the public housing units for the coming winter due to lack of funds and that there will be no emergency repair order requests honored if the tenants are behind in their rent or behind in payment of previous repair fees, and so on.

In regard to the aforementioned, I took the liberty of talking to Mr. Tom Jones, Chief of Program, Management Branch of the Grand Rapids Area of the U. S. Department of Housing and Urban Redevelopment. Mr. Jones advised that:

—The financial problems of the Lansing Housing Commission are similar to those being experienced in other parts of Michigan and around the Nation, because a) There is a restriction against raising rental rates, b) Income from tenants is extremely limited since it is based upon a federally established formula and cannot exceed a percentage of income, and c) While restrictions are imposed on income, wages and salaries, fringe benefits, maintenance costs and utility costs, etc., steadily increase, the net result being a consistent shortage of operating revenues as they relate to total expenses;

—The maintenance cost of the Lansing Housing Commission are slightly higher than those of other agencies, BUT the condition of our housing stock is better than most others;

—Lansing has consistently had only a 5% vacancy rate for the 900 units the Housing Commission operates, this being an enviable rate of vacancy;

—Upon the completion of the audit of the Lansing Housing Commission by the U. S. Department of Housing and Urban Redevelopment, the exceptions were almost nil;

—It is the conclusion of the U. S. Department of Housing and Urban Redevelopment, that the Lansing Housing Commission is doing an outstanding job, and in fact, we are better than most;

—Due to the imposed restricted income on one hand, and the increased cost, on the other, as already pointed out above, the decision to cut back on expenses was that of the U. S. Department of Housing and Urban Redevelopment.

In short, Mr. Jones was slightly perturbed by the charges made regarding the operation of the Lansing Housing Commission. If need be, he is willing to appear to make his views known or would welcome Members of City Council, a representative of my office and one from the City Attorney's Office to meet with him at the Management Branch of the Grand Rapids Area.

Further, you should know that the 40 units questioned as "vacant" by the Councilmen in question was the figure at the time Councilman James Blair telephoned the Lansing Housing Commission—that figure is not constant and changes almost daily. For example, the figure is affected by when a vacated unit is received, the amount of rehab necessary, the length of time it takes to do the rehab, and by when the units are assigned and occupied. At noon, on September 16, 1977, the total units not occupied were 48, or just over 5% of our housing sotck of 900 units—of the 48 units not occupied, 10 units are ready for occupancy, and of that 10, 9 have been assigned to tenants—this means that 38 units are under rehab, or have not been started for a percentage of 4. During the current week, September 12 to September 16, 1977, the Commission received 3 units for rehab and completed rehab on 4 units.

Regarding the Boys' Club activities in the recreational center at the Leroy Froh Housing Project on Reo Road, my office has been in contact with both the Lansing Housing Commission and Boys' Club of Lansing, Inc., on this matter. On September 6th, representatives of Boys' Club of Lansing, Inc., met with the Lansing Housing Commission — representatives of Boys' Club of Lansing, Inc., were advised of the order by the Federal Government to "cut back financially to stay within the restricted income available from tenant rents." Both John Tucker, Executive Director, Boys' Club of Lansing, Inc., and Marcel Elliott, Director, Lansing Housing Commission, are working on a solution to the matter.

I find it strange that while federal officials, who have responsibility over our federally funded housing program, advise that the Lansing Housing Commission is doing a very commendable job, some Councilmen level charges of "poor management," without having information in hand. In fact, it was only after the "blasts" were made against the Housing Commission, that a Councilman telephoned the Chairperson of the Housing Commission regarding the matter. Also, it is unfortunate that certain Council Members did not have the decency to contact federal officials before they indirectly "kicked them around," since they have control over the program in the final analysis. Charges have been made and I am here and now requesting specifics, not generalizations—if such are not available, I request that a public apology be given to the Lansing Housing Commission and to the Members of the Management Bureau of the Grand Rapids Area of the United States Department of Housing and Urban Redevelopment. The choice now is yours.

Sincerely,

GERALD W. GRAVES,
Mayor.

RESOLUTIONS

By Committee on Finance—

Resolved by the City Council of the City of Lansing:

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

Whereas, the City resolved on October 11, 1976 to execute a Quit Claim Deed donating the property commonly known as the John Bean Property at 1305 S. Cedar to the City of Lansing Economic Development Corp., and

Whereas, the City further resolved that the Economic Development Corporation shall prepare and submit to the City of Lansing a repayment plan to reimburse the City from the proceeds, if any, of such sale, lease, transfer, exchange or purchase, for the costs it has incurred in receiving, holding and operating the John Bean property since June 9, 1976, and

Whereas, on November 5, 1976 the John Bean property was sold by land contract to Truck Properties, Inc., and

Whereas, a down payment was made by E.D.C. to the City in the amount of $3,480.00 and beginning on January 1, 1977 monthly payments of $1,200.00 have been made, and

Whereas, on January 5, 1977 the Economic Development Corporation did decide to make the repayment of the City's costs with an interest rate of 5% per annum, and the costs of $97,628.63 were determined to be those costs recoverable by the City for receiving, holding, and operating the John Bean property since June 9, 1976,

Now, Therefore, Be It Resolved that the Mayor and City Clerk are hereby directed to execute the "Agreement of Repayment" with the City of Lansing-Economic Development Corporation, after approval as to form by the City Attorney.

By Committee on Buildings and Properties—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing does own and maintain the North Grand Ave. Parking Ramp, 219 North Grand Ave. and the North Capitol Ave. Parking Ramp, 316 North Capitol Ave.; and

Whereas, both the North Grand Ramp and the North Capitol Ramp are classified as unattended parking facilities; and

Whereas, the State Elevator Code does require an emergency flashing sign and alarm bell on the exterior of unattended parking ramps for each passenger elevator; and

Whereas, an emergency lighting unit for each elevator car is also required; and

Whereas, Otis Elevator Company has agreed to contract for all labor and materials to install the aforementioned items in compliance with the State Elevator Code for the sum of $6,307.00; and

Whereas, funds were transferred to Account No. 585-571-453-976 and Account No. 585-571-454-976 by the City Council on August 22, 1977 to cover this cost,

Now, Therefore, Be It Resolved that the Mayor and City Clerk are hereby authorized and directed to execute the contracts with the Otis Elevator Company for the installation of the emergency signs, alarm bells and lighting for the passenger elevators in the parking ramps identified above.

Resolved by the City Council of the City of Lansing:

Whereas, the Lansing City Council has established a Lansing Industrial Development District No. 7 in the City of Lansing, pursuant to Act 198, 1974, and

Whereas, Hammond Manufacturing Corporation has submitted an application for an Industrial Facility Exemption Certificate in said Industrial Development District No. 7, and

Whereas, a hearing was held on Hammond Manufacturing's application for an exemption certificate on August 29, 1977, at which time all interested persons had an opportunity to be heard, and

Whereas, Hammond Manufacturing has met the requirements for said exemption certificate as required in Public Act 198, and

Whereas, this Council finds that the granting of this exemption certificate, considered together with the aggregate amount of Industrial Facilities Exemption Certificates previously granted and currently in force shall not have the effect of substantially impeding the operation of the Ctiy of Lansing nor impairing the financial soundness of taxing units levying ad valorem property taxes in the City of Lansing; see memorandum of the Finance Director dated September 12, 1977, attached hereto;

Now, Therefore, Be It Resolved that the Council of the City of Lansing approve the application from Hammond Manufacturing Corporation for an exemption certificate in Lansing Industrial Development District No. 7.

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

Whereas, the Mayor and City Council are desirous of insuring that the development of the downtown area and specifically Phase I which has been identified as the South Washington Promenade be developed in the most expeditious manner possible, and

Whereas, the City of Lansing has entered into a contract with the Downtown Development Authority to develop an improvement program for the South Washington business district, and

Whereas, the Lansing Downtown Development Authority has entered into an agreement with the Warren Holmes Company and Kenneth Black Associate Architects, Inc. for the provision of design and architectural services to fulfill the scope of services in its contract with the City which include:

1. Developing a phased improvement plan for downtown including costs and priority of each phase.

2. Developing detailed design drawings for a $1,000,000 Phase I improvement known as South Washington "Promenade" with directions given to replace curbs, gutter and plant trees on side streets if at all possible within the $1,000,000 improvement.

Whereas, the contract with the Warren Holmes Company and Kenneth Black Associate Architects, Inc., stated that "the Architect understands that $33,000 is the current funding available and is not to incur expenses in excess of this amount without prior written approval. For this amount the Architect agrees, as a minimum, to furnish plans for Phase I from which contract documents can be started"; and

Whereas, the architectural firm of the Warren Holmes Company and Kenneth Black Associate Architects, Inc., in order to complete the scope of services provided in the City's contract with the DDA will require an additional $42,000 of which $10,000 will be used for topographic services of the downtown area to enable preparation of design plans and the remaining $32,000 to complete the overall improvement program for downtown Lansing.

Now, Therefore, Be It Resolved that the City Council authorizes the expenditure of $42,000 to fulfill the scope of services in the City's contract with the Downtown Development Authority, and

Be It Finally Resolved that $42,000 be expended from the South Washington Mall Account No. 101-936-728-974 and transferred to the Downtown Development Authority Account No. 257-936-691-801 Contractual Services.

By Committee on Planning—

Resolved by the City Council of the City of Lansing:

Whereas, it is necessary to have up-to-date information on the Lansing housing market to assist in the development of the second 3 year Community Development Program and the revision of the Lansing Master Plan, and

Whereas, in order to accomplish this research, it is necessary to engage the services of a housing market consultant, and

Whereas, the market analysis will address the relationship between housing supply and demand, the needs of special household groups, the investment/reinvestment characteristics of the local market, and the monitoring and updating of this information on a continuing basis, and

Whereas, the Planning Department has selected Gladstone Associates of Washington, D. C., to perform the consulting work, and

Whereas, sufficient funds, in the amount of $14,000, are presently in the Planning Department budget, and

Whereas, a contract with Gladstone Associates has been reviewed and approved by the Planning Board.

Now, Therefore, Be It Resolved that the Finance Director is authorized to sign the proposed agreement as to the availability of funds, and the City Attorney is authorized to sign the proposed agreement for approval as to form, and

Be It Further Resolved that the Mayor is authorized to execute this agreement between the City of Lansing and Gladstone Associates.

By Committee on Contract and Ordinances and City Affairs—

Resolved by the City Council of the City of Lansing:

Whereas, the Lansing City Council adopted a street numbering system pursuant to Lansing City Code §28-66 called the "Philadelphia" or "Block System" in which the streets of Michigan and Washington extended are used as the basis for such numbering, and beginning at the base, the blocks shall be numbered in the decimal of one-hundred;

Whereas, the Plaza Hotel, previously known as the Olds Plaza Hotel, desires to have its street number changed from 125 W. Michigan to 111 W. Michigan so it can receive more efficient and expeditious mail service from the United States Postal Department;

Whereas, the City of Lansing, pursuant to the said Code of City Ordinances, has the authority to provide the official numbering in case the numbers cannot be designated in accordance with the "Philadelphia" or "Block System";

Now, Therefore, Be It Resolved that the City's engineer is hereby directed to designate the official numbers of the Plaza Hotel to that of 111 W. Michigan Avenue and such official numbers be properly noted on the map or plat.

Discussion was held.

By Councilman Baker—

I am informed that the reason there is only $93,000 in that account is that Mr. Dowsett on authority that I am not clear on—rather dubious authority—authorized expenditure of $7,000 for the 100 Block proposal that you presented to the public back in—earlier this year to attempt to get a development for North Washington Mall and that this money was specifically budgeted by the Council for the South Washington Mall and that the North Washington Mall to me does not seem to be the same definition as South Washington Mall. I would request at this time that the auditor—that the Finance Department bring the auditor back and specifically audit that account to see if in fact the Executive Office has the right to expend those funds without appropriate transfer by the City Council and report back to the Council on that as I do not believe that it is an appropriate appropriation of funds without City Council approval of transfer and I would appreciate having that report by next week or as soon as humanly possible thereafter because it appears to me we have an appropriation of funds without legal authority and I believe that authority is vested in the Council not in the Executive Office.

By Councilman McKane—

That this resolution be referred back to the Committee on Finance.

ZONING

By Councilman Baker—

Whereas, by petition duly filed on the 14th day of June, 1977, this Council was petitioned to change the following described property from "DM" Multiple Dwelling District to "J" Parking District, all as set forth in the Zoning Code of this city, and

Whereas, due notice as required by law has been given for a public hearing on said petition, and

Whereas, at such hearing held on the 6th day of September, 1977, all parties interested therein were heard and given due consideration, and

Whereas, the property involved is described as:

Z-22-77—508 Seymour Avenue

more particularly described as:

The west 122 feet of Lot 8, Block 70, Original Plat, City of Lansing, Ingham County, Michigan,

from "DM" Multiple Dwelling District to "J" Parking District.

Whereas, pursuant to Act 207, Public Acts of 1921, the Planning Board advised the City Council to approve this request in accord with the site development plan submitted, and further that a landscape, screening and fencing plan be submitted to and approved by the Planning Department prior to the completion of the parking lot and that the final improvements of the entire parking area be done in accord with the requirements of the Zoning Code; and

Whereas, the Planning Committee of Council, to whom the report of the Planning Board was referred, concurs therewith;

Now, Therefore, Be It Resolved that the Council of the City of Lansing ordains that the petition to rezone the above described property from "DM" Multiple Dwelling District to "J" Parking District be approved; and

Be It Further Resolved, that development be in accord with the site plan submitted, and that a landscape, screening and fencing plan be submitted to and approved by the Planning Department prior to the completion of the parking lot and that the final improvements of the entire parking area be done in accord with the requirements of the Zoning Code.

Adopted by the following vote:

The City of Lansing Ordains:

Section 1. That Chapter 36 of the Code of Ordinances of the City of Lansing, Michigan ,be amended by revising sections numbered 36-99.1, 36-99.3, 36-99.4, 36-99.5, 36-99.6, 36-99.8, 36-99.12, 36-99.13, 36-99.14, 36-99.16, 36-99.17, 36-99.18 and 36-99.24 to read as follows:

Sec. 36-99.1. **Plan established and Plan Amended.**

Pursuant to Act 344, Public Acts of 1945, as amended, a physical development plan has been prepared by the Lansing Planning Board and staff under §2-28 of the Code of City Ordinances for the City of Lansing; also pursuant to said Act 344, a public hearing was held on May 3, 1976 prior to: a determination that the development area, hereinafter described, is a blighted area; a determination that there is a feasible method for relocating families and individuals who will be displaced from the area; and the adoption of a physical development plan for said development area. Also, pursuant to said Act 344, the Lansing city council, subsequent to the public hearing, made certain findings of fact and determination, more fully set forth by a resolution of the city council, dated May 17, 1976, that:

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

The area described herein is blighted.

There is a feasible method for relocation of families and individuals who will be displaced from the area.

The proposed physical development plan is sufficient for the rehabilitation of the blighted area.

Pursuant to Act 344, Public Acts 1945, as amended, the physical development has been recommended for amendment by the Lansing Planning Board and staff under §2A-28 of the Code of City Ordinances for the City of Lansing; also pursuant to said Act 344, a public hearing was held on August 29, 1977, prior to adoption of the amendments for said development area; also, pursuant to said Act 344, the Lansing City Council, subsequent to the public hearing, made certain findings of fact and determinations, more fully set forth by a resolution of the City Council, dated ——————, that:

I. The prerequisite plans, statements and actions for undertaking redevelopment projects under Act 344, Public Acts of 1945, as amended, have been properly prepared and adopted by the local legislative body.

II. The physical development plan will, through rehabilitation, acquisition, demolition, clearance, resale or replatting, protect the health, safety, morals and general welfare of the municipality; and preserve existing values of other property within such areas and will improve the character of the project area, the surrounding area and the entire community.

III. The modifications and amendments to the development plan will further improve the project area by:

A. Improving existing utilities, services and offering additional public improvements as needed for the residents of the development area.

B. Eliminating substandard housing.

C. Encouraging increased community participation in the renewal process by offering additional financial services and incentives.

Sec. 36-99.3. **Plan designations.**

The physical development plan and as amended designates, among other things, the location and extent of streets and other public facilities within the development and district areas, the location, character, and extent of the categories of public and private land uses proposed for and within the areas, such as residential, recreational, open spaces and others.

The physical development plan also designates a feasible method and plan for relocation of families who will be displaced from the development area in decent, safe, and sanitary dwelling accommodations and without undue hardship to such families.

The plan and as amended further designates the location, extent, character and estimated cost of the improvements contemplated for the area, such as widening, opening, vacating or closing of streets, alleys, and walkways; the location of water mains, sewers, and other public utilities; paving of streets, acquisition and construction of parks, green belts, street tree planting, and other appropriate public improvements.

Sec. 36-99.4. **Information included in plan.**

The physical development plan and as amended further includes estimates of the number of persons residing in the development area and the number of families and individuals to be displaced; a survey of their income and racial composition; a statistical description of the housing supply in the community, including the number of private and public units in existence or under construction, the annual rate of turnover of the various types of housing, and the range of rents and sale prices; an estimate of the total demand of housing in the community; and the estimated capacity of private and public housing available for displaced families and individuals.

Sec. 36-99.5. **Plan for relocation of displaced individuals and designation of local administrative agency.**

The physical development plan and as amended further includes a feasible plan for relocation of families and individuals who will be displaced by said development plan. The Housing and Redevelopment Department of the City of Lansing is hereby designated as the local administrative agency to provide information concerning private and public housing available to displaced families and individuals and to advise and assist in their relocation.

Sec. 36-99.6. **Incorporation of plan.**

The physical development plan and as amended for Neighborhood Development Area No. 1 is attached hereto and made a part hereof and is hereby approved and adopted pursuant to: the Resolutions of Findings of Facts and Determinations approved by the Lansing City Council on May 17, 1976 and September ....., 1977, and Public Act 344 as amended, and as filed in the office of the Lansing City Clerk.

Sec. 36-99.8. **Grant Agreement for financial assistance under act executed between City of Lansing and United States.**

The City of Lansing has entered into a grant agreement for financial assistance under the Housing and Community Development Act of 1974 with the United States of America, acting by and through the Secretary of Housing and Urban Development, pursuant to which federal funds were provided for carrying out this physical development plan and as amended.

Sec. 36-99.12. **Physical development plan prepared.**

There has been prepared and referred

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

to the city council of the City of Lansing (herein also called the governing body) from the Planning Board and its staff for review a physical development plan, also known as the Physical Development Plan for Neighborhood Development Area No. 1, dated March 30, 1976, with revisions of May 3, 1976, and consisting of sixty-three (63) pages and three (3) exhibits and an amended physical development plan dated_____, 1977, and consisting of __ pages and seven (1) exhibits.

Sec. 36-99.13. **Development area to be redeveloped for predominantly residential uses.**

The development area, which is predominantly residential in character, is to be redeveloped and rehabilitated for predominantly residential uses under the Neighborhood Development Area No. 1 plan and as amended.

Sec. 36-99.14. **Neighborhood Development Area (N.D.A.) No. 1 plan approved by city.**

The Neighborhood Development Area plan, also known as the development plan, is hereby approved by the governing body of the City of Lansing, as further evidenced by the copies of said body's duly certified resolution regarding findings of fact and determinations of blight, feasible methods of relocating families and individuals and sufficiency of the development plan to rehabilitate the blighted area, by the City of Lansing on May 17, 1976, and also, attached hereto and as amended on September __, 1977, and also attached hereto.

Sec. 36-99.16. **Report of the Lansing Planning Board respecting physical development plan.**

The Lansing Planning Board, which is the duly designated and acting official planning body for the locality, has submitted to the governing body its report and recommendations respecting the Neighborhood Development Area No. 1 plan (development plan) and as amended for the development area and has certified that the physical development plan and as amended conform to the general plan for the locality as a whole, and the governing body has duly considered the report, recommendations and certifications of the planning body.

Sec. 36-99.17. **Changes in street patterns, etc., will be required under development plan.**

The N.D.A. No. 1 plan (development plan) and as amended for the development area prescribes certain land uses for the development area and will require, among other things, changes in vacating and removal of streets, alleys, and other public ways, the establishment of new street patterns, the location and relocation of sewer and water mains and other public facilities, and other public action.

Sec. 36-99.18. **Program prepared for relocation of displaced individuals and families.**

The local administrative agency, the Housing and Redevelopment Department of the City, has prepared and submitted a program for the relocation of individuals and families that may be displaced as a result of carrying out the redevelopment and rehabilitation activities in accordance with the development plan and as amended.

Sec. 36-99.24. **Official action of governing body.**

Now, therefore be it further ordained by the city council of the City of Lansing:

(a) That it is hereby found and determined that the development area is a blighted area and qualifies as an eligible development area under Act 344, Public Acts of 1945, as amended.

(b) That the Neighborhood Development Area No. 1 plan and as amended, (development plan) for the development area, having been duly reviewed and considered, is hereby approved, and the city clerk of the City of Lansing be and is hereby directed to file said copy of the N.D.A. No. 1 plan, as amended, (development plan) with the minutes of this meeting.

(c) That it is hereby found and determined that the objective of the development plan can be substantially achieved through rehabilitation of most residences in the development area, combined with the acquisition of 35 severely deteriorated structures and construction of public improvements.

(d) That it is hereby found and determined that the N.D.A. No. 1 plan and as amended for the development area conforms to the general plan of the City of Lansing.

(e) That it is hereby found and determined that the financial aid provided, and to be provided, pursuant to grant agreements for federal financial assistance from the Department of Housing nad Urban Development pertaining to this housing rehabilitation project is necessary to enable the project to be undertaken in accordance with the development plan for the development area.

(f) That the redevelopment and rehabilitation of N.D.A. No. 1 for predominantly residential uses is necessary for the proper development of the community as a whole.

(g) That it is hereby found and determined that the development plan for the development area will afford the maximum opportunity, consistent with the sound needs of the locality as a whole, for the rehabilitation of the area by private property owners through the financial services program administered by the City of Lansing.

(h) That it is hereby found and determined that the development plan for the N.D.A. No. 1 and as amended gives due consideration to the provision of

adequate park and recreational areas and facilities, as may be desirable for neighborhood improvement, with special consideration for the health, safety, and welfare of children residing in the general vicinity of the site covered by the area.

(i) That it is hereby found and determined that the program for the proper relocation of individuals and families displaced in carrying out the development plan in decent, safe, and sanitary dwellings in conformity with acceptable standards is feasible and can be reasonably and timely effected to permit the proper execution and completion of the housing rehabilitation project; and that such dwellings or dwelling units available or to be made available to such displaced individuals and families are at least equal in number to the number of displaced individuals and of the locality as a whole, for the removal of the public utilities and facilities than the dwellings of the displaced individuals and families in the development area, are available at rents or prices within the financial means of the displaced individuals and families, and are reasonably accessible to their place of employment.

(j) That, in order to implement and facilitate the effectuation of the development plan hereby approved, it is found and determined that certain official action must be taken by this body with reference, among other things, to the vacating and removal of streets, alleys, and other public ways, the establishment of new street patterns, the location and relocation of sewer and water mains and other public facilities, and other public action, and accordingly, this body hereby (1) pledges its cooperation in helping to carry out the development plan and as amended; (2) requests the various officials, departments, boards and agencies of the locality having administrative responsibilities in the premises likewise to cooperate to such end and to exercise their respective functions and powers in a manner consistent with the development plan and as amended; and (3) stands ready to consider and take appropriate action upon proposals and measures designed to effectuate the development plan and as amended.

(k) That additional financial assistance under the provision of Title I of the Housing and Community Development Act of 1974, as amended, is necessary to enable the land in the development area to be renewed and rehabilitated in accordance with the physical development plan and as amended for Neighborhood Development Area No. 1 and accordingly, the filing by the City of a future application or applications requesting such financial assistance under Title I of the Act is hereby approved.

(l) That the implementing departments, when dealing with households with limited financial resources, and when such structure does not qualify for acquisition, may find it necessary to issue deferred loan amounts which are in excess of the average deferred loan amount for that neighborhood. This form of deferred loan assistance provided to these financially limited households, since the approval of the original development plan, has been necessary and proper in the achievement of neighborhood rehabilitation standards for the area.

(m) Such benefits that result from Type 1 and Type 2 Financial Services shall be made available retroactively to past program participants.

Section 2. All ordinances or parts of ordinances inconsistent with the provisions hereof are hereby repealed.

Section 3. This ordinance shall become effective thirty (30) days after adoption unless given immediate effect by the Lansing City Council.

By Councilman Belen—

Resolved by the City Council of the City of Lansing:

This ordinance, being for the immediate preservation for the public peace, health or safety, shall take effect upon its passage.

AN ORDINANCE OF THE CITY OF LANSING, MICHIGAN, PROVIDING THAT CHAPTER 36 OF THE CODE OF ORDINANCES, CITY OF LANSING, MICHIGAN, BE AMENDED BY REVISING SECTIONS NUMBERED 36-99.25, 36-99.27, 36-99.28, 36-99.29, 36-99.30, 36-99.32, 36-99.36, 36-99.37, 36-99.38, 36-99.39, 36-9.40, 36-99.41, 36-99.42, AND 36-99.48.

The City of Lansing Ordains:

Section 1. That the Code of Ordinances of the City of Lansing, Michigan, be amended by revising sections numbered 36-99.25, 36-99.27, 36-99.28, 36-99.29, 36-99.30, 36-99.32, 36-99.36, 36-99.37, 36-99.38, 36-99.39, 36-99.40, 36-99.41, 36-99.42, and 36-99.48 to read as follows:

Sec. 36-99.25. **Plan established and plan amended.**

Pursuant to Act 344, Public Acts of 1945, as amended, a physical development plan has been prepared by the Lansing Planning Board and staff under §2A-28 of the Code of City Ordinances for the City of Lansing; also pursuant to said Act 344, a public hearing was held on August 16, 1977, prior to: a determination that the development area, hereinafter described, is a blighted area; a determination that there is a feasible method for relocating families and individuals who will be displaced from the area; and the adoption of a physical development plan for said development area. Also, pursuant to said Act 344, the Lansing city council, subsequent to the public hearing, made certain findings of fact and determination, more fully set forth by a resolution of the city council, dated August 30, 1976, that:

The area described herein is blighted.

There is a feasible method for relocation of families and individuals who will be displaced from the area.

The proposed physical development plan is sufficient for the rehabilitation of the blighted area.

Pursuant to Act 344, Public Acts of 1945, as amended, the physical development plan has been recommended for amendment by the Lansing Planning Board and staff under §2A-28 of the Code of City Ordinances for the City of Lansing; also pursuant to said Act 344, a public hearing was held on August 29, 1977, prior to adoption of the amendments for said development area. Also, pursuant to said Act 344, the Lansing city council, subsequent to the public hearing, made certain findings of fact and determinations, more fully set forth by a resolution on the city council, dated_____, 1977, that:

I. The prerequisite plans, statements and actions for undertaking redevelopment projects under Act 344, Public Acts of 1945, as amended, have been propertly prepared and adopted by the local legislative body.

II. The physical development plan will, through rehabilitation, acquisition, demolition, clearance, resale or replatting, protect the health, safety, morals and general welfare of the municipality; and preserve existing values of other property within such areas and will improve the character of the project area, the surrounding area and the entire community.

III. The modifications and amendments to the development plan will further improve the project area by:

A. Improving existing utilities, services, and offering additional public improvements as needed for the residents of the development area.

B. Eliminating substandard housing.

C. Encouraging increased community participation in the renewal process by offering additional financial services and incentives.

Sec. 36-99.27. **Plan designations.**

The physical development plan and as amended designates, among other things, the location and extent of streets and other public facilities within the development and district areas, the location, character, and extent of the categories of public and private land uses proposed for and within the areas, such as residential, recreational open spaces and others.

The physical development plan also designates a feasible method and plan for relocation of families who will be displaced from the development area in decent, safe, and sanitary dwelling accommodations and without undue hardship to such families.

The plan and as amended further designates the location, extent, character and estimated cost of the improvements contemplated for the area, such as widening, opening, vacating or closing of streets, alleys, and walkways; the location of water mains, sewers, and other public utilities; paving of streets, acquisition and construction of parks, green belts, street tree planting, and other appropriate public improvements.

Sec. 36-99.28. **Information included in plan.**

The physical development plan and as amended further includes estimates of the number of persons residing in the development area and the number of families and individuals to be displaced; a survey of their income and racial composition; a statistical description of the housing supply in the community, including the number of private and public units in existence or under construction, the annual rate of turnover of the various types of housing, and the range of rents and sale prices; an estimate of the total demand of housing in the community; and the estimated capacity of private and public housing available for displaced families and individuals.

Sec. 36-99.29. **Plan for relocation of displaced individuals and designation of local administrative agency.**

The physical development plan and as amended further includes a feasible plan for relocation of families and individuals who will be displaced by said development plan. The Housing and Redevelopment Department of the City of Lansing is hereby designated as the local administrative agency to provide information concerning private and public housing available to displaced families and individuals and to advise and assist in their relocation.

Sec. 36-99.30. **Incorporation of plan.**

The physical development plan for Neighborhood Development Area No. 2, as amended, is attached hereto and made a part hereof and is hereby approved and adopted pursuant to the Resolution of Findings of Fact and Determinations approved by the Lansing City Council on August 30, 1976, and Public Act 344 of 1945, as amended, and as filed with the City Clerk and pursuant to the resolution of Fndings of Fact and Determinations approved by the Lansing City Council on September —, 1977, and Public Act 344 of 1945, as amended, and filed with the City Clerk.

Sec. 36-99.32. **Grant Agreement for financial assistance under act executed between City of Lansing and United States.**

The City of Lansing has entered into a grant agreement for financial assistance under the Housing and Community Development Act of 1974 with the United States of America, acting by and through the Secretary of Housing and Urban Development, pursuant to which federal funds were provided for carrying out this physical development plan and as amended.

Sec. 36-99.36. **Physical development plan prepared.**

There has been prepared and referred to the city council of the City of Lansing (herein also called the governing body) from the Planning Board and its staff for review a physical development plan, also known as the Physical Development Plan for Neighborhood Development Area No. 2, dated August 26, 1976, and consisting of seventy-two (72) pages and four (4) exhibits and an amended Physical Development Plan for Neighborhood Development Area No. 2, dated_____, and consisting of_____ pages and six (6) exhibits.

Sec. 36-99.37. **Development area to be redeveloped for predominantly residential uses.**

The development area, which is predominantly residential in character, is to be redeveloped and rehabilitated for predominantly residential uses under the Neighborhood Development Area No. 2 plan and as amended.

Sec. 36-99.38. **Neighborhood Development Area (N.D.A.) No. 2 plan approved by city.**

The Neighborhood Development Area plan, and as amended also known as the development plan, is hereby approved by the governing body of the City of Lansing, as further evidenced by the copies of said body's duly certified resolution regarding findings of fact and determinations of blight, feasible methods of relocating families and individuals and sufficiency of the development plan to rehabilitate the blighted area, by the City of Lansing on August 30, 1976, and amended on September —, 1977, and, also, attached hereto.

Sec. 36-99.39. **General plan prepared; purpose.**

A general plan (master plan) has been prepared by the City and used in the preparation of this development plan and as amended and as a guide for the general development of the locality as a whole.

Sec. 36-99.40. **Report of Lansing Planning Board respecting physical development plan.**

The Lansing Planning Board, which is the duly designated and acting official planning body for the locality, has submitted to the governing body its report and recommendations respecting the Neighborhood Development Area No. 2 plan and as amended (development plan) for the development area and has certified that the physical development plan and as amended conforms to the general plan for the locality as a whole, and the governing body has duly considered the report, recommendations and certifications of the planning body.

Sec. 36-99.41. **Changes in street patterns, etc., will be required under development plan.**

The N.D.A. No. 2 plan and as amended (development plan) for the development area prescribes certain land uses for the development area and will require, among other things, changes in vacating and removal of streets, alleys, the location and relocation of sewer and water mains and other public facilities, and other public action.

Sec. 36-99.42. **Program prepared for relocation of displaced individuals and families.**

The local administrative agency, the Housing and Redevelopment Department of the City, has prepared and submitted a program for the relocation of individuals and families that may be displaced as a result of carrying out the redevelopment and rehabilitation activities in accordance with the development plans and as amended.

Sec. 36-99.48. **Official action of governing body.**

RESOLUTION OF FINDINGS OF FACTS AND DETERMINATIONS

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing is undertaking redevelopment and housing rehabilitation projects for the rehabilitation of blighted areas in cooperation with the Federal government for financial assistance all pursuant to Act 344, Public Acts of 1945, as amended, in an area known as Neighborhood Development Area No. 1.

Whereas, the City of Lansing has prepared and adopted in Ordinance No. 428 a physical Development plan and a plan for Relocating Families and individuals who are to be displaced by development of said area. Further, the City of Lansing, acting by and through its Planning and Redevelopment Departments, has had consultation with the Citizens' District Council for District Area No. 1 within which the development area is located; and

Whereas, it is now necessary to modify and amend the development plan incorporated into the Ordinance pursuant to § 36-99.6;

Whereas, the City of Lansing, on Monday, August 29, 1977, conducted a public hearing pursuant to 1945 PA 344, as amended, concerning the modifications to amendments to the development plan;

Whereas, at the public hearing persons had opportunity to speak in support and opposition to the proposed modifications and amendments and evidence was introduced in support of the recommended changes, and said evidence, testimony and plans have been reviewed, by the Legislative body for the City of Lansing, the City Council;

Now, Therefore, Be It Resolved that the City Council makes the following findings of fact and determinations:

I. The prerequisite plans, statements and actions for undertaking redevelopment projects under Act 344, Public Acts of 1945, as amended, have been properly prepared and adopted by the local legislative body.

II. The Physical Development Plan will, through rehabilitation, asquisition, demolition, clearance, resale or replatting, protect the health, safety, morals and general welfare of the municipality; and preserve existing values of other property within such areas and will improve the character of the project area, the surrounding area and the entire community.

III. The modifications and amendments to the development plan will further improve the project area by:

A. Improving existing utilities, services, and offering additional public improvements as needed for the residents of the development area.

B. Eliminating substandard housing.

C. Encouraging increased community participation in the renewal process by offering additional financial services and incentives.

Wherefor, it is hereby found and determined:

I. That the modifications and amendments to the Development Plan will aid in the rehabilitation of the blighted area.

II. That the Development Plan as amended is sufficient for the rehabilitation of the blighted area and is in compliance with Act 344, Public Acts of 1945, as amended.

The findings and determinations herein above made are based upon the Master Plan of the City of Lansing; the proposed physical development plan as amended for the area described; the testimony and evidence

II. The Physical Development Plan will, through rehabilitation, acquisition, demolition, clearance, resale or replatting, protect the health, safety, morals and general welfare of the municipality; and preserve existing values of other property within such areas and will improve the character of the project area, the surrounding area and the entire community.

III. The modifications and amendments to the development plan will further improve the project area by:

A. Improving existing utilities, services, and offering additional public improvements as needed for the residents of the development area.

B. Eliminating substandard housing.

C. Encouraging increased community participation in the renewal process by offering additional financial services and incentives.

Wherefore, it is hereby found and determined:

I. That the modifications and amendments to the Development Plan will aid in the rehabilitation of the blighted area.

II. That the Development Plan as amended is sufficient for the rehabilitation of the blighted area and is in compliance with Act 344, Public Acts of 1945, as amended.

The findings and determinations herein above made are based upon the Master Plan of the City of Lansing; the proposed physical development plan as amended for the area described; the testimony and evidence introduced and received at the public hearing held on Monday, August 29, 1977.

The exhibits presented at that time include:

Exhibit No. 1—State Journal Publishing—Public hearing notice (July 29, 1977).

Exhibit No. 2—Affidavit of mailing public hearing notice (August 4, 1977).

Exhibit No. 3—Affidavit of delivery of proposed amendments to the Physical Development Plan to the City Clerk.

Exhibit No. 4—Affidavit of door to door delivery of public hearing notice (August 4, 1977 and August 25, 1977).

Subject: Emergency Purchase Order No. X17129 for Repairs to the South Grand Parking Ramp

Gentlemen:

One bid was received on Monday, September 12, 1977, for repairs to the South Grand Parking Ramp.

Due to deterioration of some of the concrete beams, cracks in the decks and the need to reseal the expansion joints, it is critical that repairs be made before freezing weather, which would further damage these areas.

We recommend acceptance of the bid submitted by Grunwell-Cashero in the amount of $18,500.00. Our experience with this company has always been excellent. An out of state consulting firm concurs with Grunwell-Cashero as to the emergency remedies necessary to deter the deterioration of this parking ramp.

This report is filed in accordance with Section 2-37 (1) (a) of the Code of the City of Lansing, Michigan.

Respectfully submitted,

VAUGHAN L. McKINCH, C.P.M.,
Purchasing Director,

SAM R. CLAY,
Property Manager.

Received and placed on file.

By Councilman Hull—

Resolved by the City Council of the City of Lansing:

Whereas, the State of Michigan and Shiga Prefecture entered into a sister state agreement in the fall of 1968, and

Whereas, the sister state agreement stated in part that "the two states will promote interchange in various fields of activities with the object of deepening a mutual understanding and working together to bring about mutual happiness and prosperity," and

Whereas, during the last decade nearly 2,000 persons have participated in people-to-people exchanges since the Shiga-Michigan sister state program began nine years ago, and

Whereas, since 1973 three groups of Shiga school teachers have come to Michigan to visit our schools and become acquainted with our school teachers and school administrators, and

Whereas, on Saturday, September 24, a group of 30 Shiga school teachers is scheduled to arrive at the Capital City Airport for a three day visit to Lansing, and

Whereas, while in Lansing they will visit elementary and junior high schools in our

September 19, 1977

Honorable Mayor and City Council

Members

Dear Colleagues:

Enclosed herewith is a proposal from Health Central of Michigan. They are requesting that the City of Lansing assist in supporting the development of a health maintenance organization (HMO) for the use of Lansing area residents. They received a $910,000 grant from the Federal government that requires that they match that with local monies in the amount of $91,000. Their purpose in coming to the City of Lansing is to assist them in raising a portion of that local match.

The City of Lansing Personnel Policy states that when an operating HMO exists in the city, City of Lansing employees have the option of belonging to a HMO or to continue their present health insurance. The City of Lansing, by assisting in the support of a HMO, would be helping to ensure that in fact this option is available to our employees as well as to the citizens of Lansing as a whole.

Health Central is requesting that we award a $27,000 contract to them for purposes of implementing the HMO. In return, the City will obtain several benefits if experience in other communities throughout the country provides a guide:

1. Sick leave among employees utilizing HMO's is reduced by approximately .55 of a day per employee per year.

2. If, at the end of five years of belonging to HMO, 20% of City of Lansing employees have in fact opted for a HMO, there are projected cost savings in health insurance in excess of $100,000 for City of Lansing. If membership goes higher, the savings also increases.

3. The HMO offers a broader range and more complete level of medical coverage than any conventional health insurance such as Blue-Cross-Blue Shield offers. Perhaps most prominent is the fact that the cost for normal preventive health care are covered by HMO membership while they are not covered by Blue Cross-Blue Shield.

The attached material explains more completely the benefits that can be expected to accrue for City of Lansing, its employees, and residents of the city. I think that they provide a definite opportunity for the city to cut its fringe benefit costs while at the same time increasing services for its employees. I ask that you seriously consider this proposal and cast an affirmative vote when it comes before you.

Tonight, I will ask that this be referred to the Committee on Finance for review and that they report back with a recommendation to the City Council at their earliest convenience.

Respectfully yours,

RICHARD J. BAKER,

REPORTS OF CITY OFFICERS AND BOARDS

City Treasurer submits report on condition of funds in Treasury as of August 31, 1977.

Received and placed on file.

September 21, 1977

Honorable Mayor and Members

of the Lansing City Council

Dear Mayor and Council Members:

The office of the City Treasurer is herewith submitting a summary of Real and Personal Property taxes spread on the July 1977 Tax Rolls, collections as of this date, outstanding balances, and percentages in each category.

Total Spread for Collection	
Real Property	$20,471,202.30
Personal Property	3,709,693.48
Total	$24,180,895.78
Taxes Collected Thru 9/20/76	
Real Property	$19,037,567.51
Personal Property	3,671,585.58
Total	$22,709,153.09
Delinquency 9/21/76	
Real Property	$ 1,433,634.79
Personal Property	38,107.90
Total	$ 1,471,742.69
% of Total Collected	
Real Property	92.9%
Personal Property	98.9%
Total	93.9%

Attached is a listing of 194 businesses delinquent in the payment of July 1977 Personal Property taxes as of this date. This compares with 198 delinquent businesses at the same time a year ago. The Personal Property delinquency of $38,107.90 represents a decrease of $23,169.29 or 37.8% over the year ago delinquency of $61,277.19, and is made up of $13,173 in delinquent City taxes; $3,554 in delinquent Community College taxes; and $21,380 in delinquent School taxes. The largest Personal Property delinquency as of this date is National Welding, which owes $5,383, representing 14.1% of the total delinquency.

On July 22, 1977 a hearing took place in Circuit Court relative to the petition of this office, for striking from the Tax Rolls, unpaid 1971 Personal Property taxes. Out of a total 1971 Personal Property levy of $9,245,814.24 due from 3,208 businesses, the stricken taxes totalled $892, due from 10 businesses, and included one bankruptcy and balances due from two businesses which had previously been sold by this office for unpaid taxes. Since 1971 was the first year a full-time personal tax collector had been employed in this office, the above figures favorably reflect the results of aggressive pursuit of personal property tax delinquents.

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

The attached listing is being submitted to you and to all department heads to accommodate Charter provisions which prevent the City from making a contract with anyone in default to the City. Updated listings will be submitted to you from time to time. Please feel free to contact this office at any time relative to the delinquency status of any of the businesses appearing in the listing.

The July 1977 Real Property delinquency of $1,433,634.79 represents a decrease of $455,344.73 or 24.1% from the $1,888,979.52 Real Property delinquency of a year ago. Of the total Real Property delinquency, $545,494 is due to the City; $128,214 due to the Community College; and $759,925 to the Lansing School District.

This year 192 Senior Citizens, Veterans and other eligible applicants filed affidavits with this office, permitting deferment (without penalty) of payment of their July taxes until December. This compares with 198 such affidavits filed a year ago.

An interesting observation, in view of the current GM Tax Abatement applications, is the fact that Oldsmobile and Fisher Body paid $2.9 million dollars, or 12.7%, of the July property taxes paid to date. That payment included $1.5 million dollars, or 41.6%, of the Personal Property taxes paid and $1.4 million dollars, or 7.3%, of the Real Property taxes paid.

Respectfully submitted,

HUGO J. HUFNAGEL,
City Treasurer,
Lansing, Michigan.

Received and placed on file.

Human Resources Advisory Board,

Honorable Mayor Gerald W. Graves

and Members of Lansing City Council

Tenth Floor, City Hall

Lansing, Michigan 48933

Dear Board Members, Mayor and City Council:

Much discussion has evolved around the need for a reorganization of Senior Citizen Programs. The Human Resources Department was previously advised by the City Council Community Development Committee to wait for a decision on the location of the C.D. funded Senior Citizen Center.

Since a decision has been made that it be located at the Civic Center and the construction is slated for completion by November of this year, a decision is in order.

In keeping with the H.U.D. regulations the Center construction, which was an eligible activity, was qualified by serving the C.D. census tracts. How those services will impact the C.D. target areas as they are generated from that building, or part of the City-wide services, remains a question.

In addition, closure of L.S.C.I and Centers No. 1 and No. 2 by September 30, 1978, to be transitioned to Kingsley and Miller, may impact on other funding sources and services for the Parks department as well as the Ingham County Health department. Future planning for C.D. funding for Senior Citizen Programs is also affected.

A clear cut policy, therefore, is needed as to the City's interest in negotiating a reorganization with the Tri-County Consortium Board as well as a directive assignment as to who the negotiating parties will be subsequent to that policy.

A primary factor is that the Tri-County Office on Aging is currently involved in the operation of programs, which had evolved when alternative agencies did not possess the ability to operate the nutrition programs. Nonetheless, that agency should not be involved in the business of operating programs.

A timely decision is important because the Tri-County Consortium Board is the body which has the ultimate responsibility for making such a decision.

Your cooperation in this regard is most appreciated.

Sincerely,

JACQUELINE WARR,
Director,
Human Resources Department,

HERBERT R. DAVIDSON,
Evaluation and Audit Supervisor, Internal Audit Department.

Referred to Committee on Community Development and Committee on Parks and Recreation.

September 23, 1977

Honorable Mayor Gerald W. Graves,

Mayor Pro-Tem William Brenke, and

Members of Lansing City Council

Tenth Floor, City Hall

Lansing, Michigan 48933

Dear Mayor, Mayor Pro-Tem and Council Members:

Due to the number of resignations of the Youth Development Corporation Board of Directors, we believe that Board has effectively dissolved itself and consequently, the Agency. It is our understanding that potentially only nine (9) Board members are active out of 21 members with positions being available for 24. According to the Bylaws, a quorum shall be a majority of those members active; however, these Bylaws existed at a time when the membership was composed of 21 out of 24 slots.

In addition, the Agency may have lost the ability to maintain internal control. Even if the Board could have continued to maintain a quorum, it is apparent that the turmoil existing within the Agency would not have been resolved. Such turmoil would have ultimately affected the program and its services. We, therefore, are recommending immediate suspension of all funds going to the Agency and termination of the Contract with same.

Furthermore, the image of the Agency has been irreparably damaged impairing its ability to remain a viable program in rendering services to the community. Likewise, there currently exist questionable areas of contract compliance:

1. The management plan was due 60 days after the execution of the Contract and has not yet been submitted.

2. Due to the quotes of the Director at the special meeting, there exists a potential violation of the Hatch Act.

3. On June 21, 1977, the Y.D.C. Board of Directors was given 30 days to resolve the conflicts.

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

4. On September 15, 1977, the Board was told to "take appropriate remedial actions by September 21, 1977 . . ." and put "closure" to "all derogatory issues, conflicts and problems." By their action, they are now continuing their own investigation. Such a resolution was not to the satisfaction of the Human Resources Department as stated in the boiler plate.

5. On June 28, 1977, Mr. Armitage (Board President and I did a handwritten agreement to endorse our joint commitment to the investigation undertaken by the Human Relations Department.)

The entire episode is extremely unfortunate because the employment status, acidemic status and probationary status of some of the varying clients and the innumerable innocent staff is left in the air.

We are proposing a number of alternatives to ensure continuation of the services or the reactivation of such services for these clients. We urge an immediate decision on the part of the City Council for policy formulation regarding the alternatives being put forth.

Alternative No. 1—Create a new nonprofit corporation.

Alternative No. 2—Establish an agreement with the remaining Board members that allows them to fill the Board themselves.

Alternative No. 3—Terminate it and do nothing.

Alternative No. 4—Institute immediate transition of the services with other agencies after determination as to their capability and willingness to assume the sub-corporate programs of the Agency.

Alternative No. 5—Establish a consortium board for youth services, as recommended by Councilman Blair, whose sole responsibility will be for the purpose of planning, and developing youth programs, and serving as the applicant agency for funds with the state of Michigan, Tri-County Manpower, and, and the City of Lansing but who will contract these services for operation and implementation services with other agencies in the Tri-County. In other words, their role will correspond to that of the Tri-County Manpower planning consortium or office.

Alternative No. 6—Implement Alternatives 4 and 5 simultaneously.

Staff support for assisting in the implementation of the Alternatives determined by the City Council shall be provided by the Human Resources department. Your immediate consideration and determination of the appropriate Alternative(s) is urged. In addition, we further recommend that any agencies being considered should give opportunity for interviews of existing staff members because there does exist within the staff of Y.D.C. competent and qualified people as well as dedicated staff persons in varying capacities.

It was the consensus of the resigning Board Members that a new non-profit corporation, or transition to existing agencies, be chosen.

The Human Resources Board made and unanimously supported the following motion:

"The Human Resources Advisory Board recommend to City Council that an immediate suspension of all funds to the Youth Development Corporation take place and, also, that Alternative No. 4 from the Human Resources Director's letter which states 'Institute immediate transition of the services with other agencies after determination as to their capability and willingness to assume the sub-corporate programs of the Agency.' be instituted immediately. In addition, any agencies being considered will be required to interview existing staff members because there does exist within the staff of Y.D.C. competent and qualified people as well as dedicated staff persons in varying capacities."

Due to the continuation of the investigation, the audit of the last year's contract has not been closed.

If termination of the Contract is decided, the C.D. Finance Officer, City Attorney, and myself feel that a Thirty (30) Day wind-down period is preferable.

Rationale

1. Close out of an agency requires that amount of time.

2. To search out new agencies and prepare contracts continuing services or establishing a new non-profit agency or consortium would all require at least thirty (30) days.

The Human Resources Director recommends the forming of a new nonprofit corporation because of the amount of time which can be saved in the transition.

The concept of this letter represents a joint concurrence of the Human Relations Director as well as the Human Resources Director.

Sincerely,

RICHARD LETTS,
Human Relations Director,

JACQUELINE WARR,
Director,
Human Resources Department.

Honorable Mayor Gerald W. Graves

and Members of City Council

Lansing, Michigan 48933

Dear Mayor Graves and
Council Members:

Pursuant to the City Council's February 7, 1977 budget policy to assist the Council in developing budgetary policies for Fiscal 78-79, the Planning Board hereby transmits a Consolidated Needs Statement.

The Consolidated Needs Statement is the result of incorporating the proposed City-wide Policies, the 1977 CIP Annual Report, the public's perceived needs and the recommendations of R/UDAT. Consolidating all of the above mentioned reports provides you with one document structured to assist you in developing budgetary policy.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Referred to Committee of the Whole.

ACT-20-77

Hazel Street

Honorable Mayor and Members
of City Council:

The Planning Board at their meeting of September 20, 1977 considered an offer by Mr. Lodis Roska to sell property to the City. The property is located in the 100 block of East Hazel Street and consists of about five (5) single family homes and a total area of 24,700 square feet.

The Planning Board conducted their review with respect to the location of this property in relation to other municipal property or planned activities which could benefit the public by the City's acquisition of the property.

The Board recommends that the City not purchase the subject property based on the fact that the City departments and other public organizations consulted have indicated no need for this particular property.

If you desire additional information regarding this proposal, please contact Mr. James Spackman or myself.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

of City Council:

The Planning Board, at their meeting of September 20, 1977, considered a proposal by Angelos J. Vlahakis to encroach into the right-of-way of East Michigan Avenue for the purpose of constructing a glass enclosed sidewalk cafe. This proposal is to utilize ten feet (10 ft.) of the public right-of-way in the 100 block of East Michigan Avenue in front of the existing restaurant.

The Planning Board conducted their review of this proposal under Act 285, Public Acts of 1931, and considered the location, character and extent of impact on the downtown area as well as the use and potential impairment of public use of the right-of-way.

The attached report describes the analysis and was adopted by unanimous vote of the Board and is hereby transmitted for your review. In addition to the recommendations regarding this request found on page 5 of the report, the Planning Board recommends that Mr. Vlahakis work closely with the Downtown Development Authority and the firm of Holmes and Black, Architects and Planners, who are in the process of preparing a development plan for the downtown area. It was further recommended that final construction plans be reviewed and approved by the

Planning Department prior to the issuing of any building permit.

If you desire additional information on this report and recommendation, please contact Mr. James Spackman or myself.

ACT-23-77

1108-1116 N. Washington Avenue

Honorable Mayor and Members
of City Council:

The Lansing Planning Board, at their meeting of September 20, 1977, considered a proposal by Jepson-Murray Advertising, Division of Aviso, Incorporated, to encroach into the right-of-way of North Washington Avenue for the purpose of construction of a decorative wall. Aviso's proposal is to utilize eight feet (8 ft.) of the right-of-way between the sidewalk and building to construct a decorative wall enclosing the entry to their two buildings in the 1100 block of North Washington Avenue.

The Planning Board's review, under Act 285, Public Acts of 1931, considered the location, character and extent impacts on the public's use of this right-of-way and the character of the proposal in relation to the existing development along North Washington Avenue.

The Planning Board adopted, by unanimous vote, the attached report and hereby transmit it for your review. This report contains numerous recommendations for City action to approve construction of such a decorative wall at this location. The Planning Board further recommended that: (1) landscaping be provided in accord with a detailed plan, which is to be submitted by the petitioners for approval by the Lansing Planning Department and the Forestry Division of the Department of Parks and Recreation, (2) final construction plans including facade materials be reviewed and approved by the Planning Department prior to the issuance of the appropriate building permits, and (3) that barrier free access for the physically handicapped be provided to both buildings at the time of construction.

If you desire additional information regarding this proposal, please contact Mr. James Spackman or myself.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

P-9-73

Brisbin Park Subdivision

Honorable Mayor and Members
of City Council:

The Planning Board, at their meeting of September 20, 1977, recommended recertification of the final plat of Brisbin Park Subdivision. This subdivision was approved by the Planning Board and City Council on August 12, 1974. Three years have lapsed and the plat has not been processed any further.

The State of Michigan requires that the municipal approval dates be not more than one (1) year old. Recertification of this plat will allow for continued processing and development of the land in question.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

2800 block Forest Road

Honorable Mayor and Members
of City Council:

The Planning Board, at their meeting of September 20, 1977, recommended that the petition by Karen Jackson to rezone property known as the vacant lot immediately east of 2828 Forest Road from "A-1" Single Family Residential District to "C-2" Family Residential District be denied.

The Board has found, based on testimony and evidence, that the existing duplex dwellings that are developed in this vicinity are located to the south to the interior and are not intermixed with any of the established single family homes. Past experience has shown that these duplexes have caused parking problems in terms of promoting on street parking and front yard parking.

The Board further believes that the existing "A-1" Family Residential zone allows reasonable use of the property and should be developed consistently with the existing single family homes on the south side of Forest Road.

This recommendation is with unanimous (7 yeas, 0 nays) support of the Board.

5020 South Cedar Street

Honorable Mayor and Members
of City Council:

The Planning Board at their September 20, 1977 meeting recommended that the request by U-Haul of Northeastern Michigan to rezone property at 5020 South Cedar Street from "F" Commercial and "J" Parking Districts to "G-2" Wholesale District be approved subject to the following:

1) That access to the site be limited to the existing curb cuts.

2) That the screening fence along the north property line be repaired.

3) That a detailed site plan be submitted by the petitioner for approval by the Planning Department, Traffic Engineer and the Fire Marshal indicating:

(a) existing and proposed structures,

(b) storage areas, (v) landscaping, screening and fencing (including proposed materials), (d) ingress, egress and proposed traffic circulation, (e) location of customer and employee parking, and (f) parking lot layout and number of spaces.

4) If landscaping is planned within the public right-of-way, that a planting permit be obtained from the Department of Parks and Recreation, Forestry Division.

5) That permits for underground storage of petroleum products be obtained from the Fire Marshal.

6) That a schedule for implementation of these conditions be submitted by the petitioner for approval by the Planning Department.

7) That a ten foot (10 ft.) wide planting strip be established along the Cedar Street frontage.

The Board believes that the proposed use of this property is consistent with the established commercial area along South Cedar Street and should not have any serious impact on adjacent development. The vote of the Board was unanimous in their recommendation.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Referred to Committee on Planning.

2343 South Cedar Street

Honorable Mayor and Members
of City Council:

The Planning Board, at their September 20, 1977 meeting, recommended that the request by Charles J. Forsberg to rezone property at 2343 South Cedar Street from "D-M" Multiple Dwelling District to "F" Commercial District be denied.

The Board believes that the site size is too small to promote any type of commercial or office development without seriously overdeveloping the property. The Board further believes that intense commercial development at this location could adversely affect the adjacent residential homes to the east. The Board feels that if the parcel were assembled with other properties to the north, which could promote a more comprehensive development plan, further consideration could be given in the future.

This recommendation is made with unanimous (7 yeas, 0 nays) support of the Board.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Referred to Committee on Planning.

300 Frandor Boulevard

Honorable Mayor and Members
of City Council:

The Planning Board at their September 20, 1977 meeting recommended that the petition by Frandorson Properties to rezone the entire Frandor Shopping Center complex lying north of the Sears and Roebuck store, commonly identified as 300 Frandor Boulevard, from "F" Commercial District and "J" Parking District to "F" Commercial District over the entire site be approved.

The Board recommends that the developer, in conjunction with the City of Lansing, seriously review the sidewalks adjacent to the site, bikeways adjacent to and within the site, and the traffic flow in and around the entire complex. The Board believes that the recent adoption of the Parking Schedule to the Zoning Code provides a necessary means for future development of this property without any threat of overdevelopment.

The Board unanimously (7 yeas, 0 nays) supported this recommendation.

Honorable Mayor and Members
of City Council:

The Waterfront Development Board has become aware of a log jam on the Red Cedar River near the Board of Water and Light settling ponds east of Aurelius Road. This jam deters public use of that portion of the river. Also the jam presents a hazard to boaters not adept at maneuvering through such obstacles.

The Board recommends that a department be directed to resolve this particular issue. The Board also recommends that funds be allocated on an annual basis to insure that the river system can be safely used by the public.

As there are increasing numbers of people using the river system, the Board feels an urgency in the resolution of this matter.

Sincerely,

RAMONA J. BRETZ,
Chairman,
Waterfront Development
Board.

Dear Mayor Pro-Tem and
Council Members:

On September 15, 1977, I participated in the official contract signing ceremony pertaining to a $20 million, 350 room Sheraton Hotel Complex, which will be located adjacent to the Long's Convention Complex on South Cedar Street in the City of Lansing. Construction is scheduled to commence in the Spring of 1978.

On Thursday, September 22, I participated in the ground breaking ceremonies for a major facilities expansion program by MAXCO, Inc. This firm, a Lansing based conglomerate comprising ten manufacturing and service companies throughout Michigan, is constructing an 8,000 square foot office complex on South Aurelius Road, adjacent to the Bishop Warehouse, which MAXCO, Inc., has purchased and is remodeling. The Complex will serve as MAXCO, Inc., corporate headquarters, as well as becoming offices for Triquet Paper, and Resource Control, Inc., a management consulting and computer service organization, and MAXCO subsidiary. At the ceremony, I was extremely pleased with the remarks of Max Coon, President of MAXCO, Inc., that the overall project was "a million dollar commitment to the soundness and future growth of our community."

Further, be advised that for several months negotiations were underway to have the E. F. Hutton Company locate its brokerage offices on the ground floor of the Plaza Hotel. Through a number of efforts, including those of the Lansing Metropolitan Development Authority, renovations are now underway and E. F. Hutton Company will be moving into the Plaza Hotel.

After one year of effort, with participation by the Lansing Metropolitan Development Authority, Pacific Storage Company

is presently constructing a mini-warehouse complex in the Midway Industrial Center on S. Aurelius Road. The Complex will consist of 11 separate units, under one roof, and will approximate $1 million in cost.

As of Thursday evening September 22, I was advised by officials of General Motors, that a decision was made in Detroit **not** to appeal the decision of the City Council regarding the failure of City Council to grant a certificate of exemption to the Oldsmobile Division of that firm. I have been assured that representatives of both Oldsmobile and Fisher Body will extend cooperation to the City of Lansing in the future.

The aforementioned is sent to you for informational purposes.

Whereas, non-profit agencies are eligible for funding under Title VI projects. This action is in conformity with the United States Department of Labor Manpower Administration directives;

Now, Therefore, Be It Resolved, that the City of Lansing agree to provide funding to the Metropolitan Lansing Fine Arts Council for the period of October 1, 1977 through September 30, 1978 in the amount of $29,563, Contract No. 894.67-30 for five positions.

Be It Further Resolved, that the City Council approve this resolution to provide funding for the Metropolitan Lansing Fine Arts Council and authorize the Mayor and City Clerk to sign a contract legalizing this transaction, upon approval as to form of said contract by the City Attorney and upon certification of the accounting procedures of the Metropolitan Lansing Fine Arts Council by the Finance Director.

Adopted by the following vote:

Unanimously.

By Community Development Committee—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing, and the United States of America have entered into an Agreement providing the City of Lansing with a Grant to plan and implement a comprehensive Community Development program; and

Whereas, the Lansing Community Development plan provides for the development of Crime Prevention Programs; and

Whereas, the City of Lansing, through the Human Resources Department, entered into a fifteen (15) month Contract with New Way In, Incorporated, effective from July 1, 1976 through September 30, 1977

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

to provide for a "Young Offender Treatment Residence"; and

Whereas, said Contract was amended on January 10, 1977 in order to adjust the funding match to an 82% - 18% L.E.A.A. - C.D. match; and

Whereas, the objectives of this program, as they relate to number of C.D. clients and to the percentage of successful program completion rate, were not based on past performance but on anticipated results, and must now be amended to bring them into alignment with more realistic and obtainable objectives; now, therefore, be it

Resolved, that the Mayor and the City Clerk are hereby directed to sign said proposed Contract Amendment on behalf of the City of Lansing, after approval as to form by the City Attorney.

Adopted by the following vote:

Yeas: Councilmen Adado, Baker, Belen, Brenke, Gunther, Hull, McKane—7.

Nays: Councilman Blair—1.

By Community Development Committee—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing and the United States of America have entered into an Agreement providing the City of Lansing with a Grant to plan and implement a Community Development Program; and

Whereas, the City of Lansing, through the Human Resources Department desires to engage the Tri-County Aging Consortium to perform various services and activities, and to accomplish certain objectives, in connection with said Community Development Program; and

Whereas, a proposed Contract has been developed by and between the City of Lansing, through the Human Resources Department and the Tri-County Aging Consortium to services for senior citizens (PN-398); and

Whereas, said proposed Contract (effective from October 1, 1977 through September 30, 1978) for a total compensation not to exceed Ninety-Seven Thousand, Six Hundred Fifty and 00/100 ($97,650.00) Dollars is hereby approved by the City Council of the City of Lansing; and

Whereas, approval of this Contract is subject to the Department of Housing and Urban Development (H.U.D.) approval of the proposed activities in the Lansing Community Development application, as well as, the availability of funds; now, therefore, be it

Resolved, that the Mayor and City Clerk are hereby directed to sign said proposed Contract on behalf of the City of Lansing, after approval as to form by the City Attorney and after certification as to the availability of funds by the Director of Finance.

Adopted by the following vote:

Yeas: Councilmen Adado, Belen, Blair, Brenke, Gunther, Hull, McKane—7.

Nays: Councilman Baker—1.

By Councilman Baker—

That the vote by which the resolution was adopted be reconsidered and that a unanimous roll call be cast.

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

Whereas, the City Council on July 28, 1975, adopted the Capital Improvements Program Planning and Budgeting Process as City Policy with the objective of Phase I being the assessment of the City's needs and the establishment of front end budgeting policy and guidance/direction prior to the preparation of the City's budget, and

Whereas, the City Council on July 6, 1976, adopted City Wide Goals and Development Objectives as the framework for developing City Wide Policies; and

Whereas, the City Council on February 7, 1977, adopted a resolution which established September 15th of each year as the date for the Finance Department to submit a report of the financial status of the City and to recommend budgetary policies and for the Planning Board/Department to submit an assessment of the City's needs and corresponding policy options/alternatives available to meet those needs; and

Whereas, on September 15, 1977, the Committee of the Whole received the required reports from the Finance and Planning Departments; and

Whereas, the Committee of the Whole concluded that in order to properly review and consider the previously mentioned reports, to receive additional comments and recommendations from the appropriate departments, agencies and boards, and to develop meaningful budgetary policies by October 31, 1977, it would be necessary to establish a schedule by which such review would take place;

Now, Therefore, Be It Resolved, that the City Council adopts the attached formal review schedule; and

Be It Further Resolved, that all appropriate City Departments, agencies and boards are directed to be present at the Council Meetings and be prepared to advise the Council regarding the policy options/alternatives presented and to recommend

Re: **James D. Blair and Robert Hull v City of Lansing and Lansing City Council 77-20811-AZ**

Dear Mayor and Council:

As you are aware, the above referenced matter was filed in the Ingham County Circuit Court on September 27, 1977. On that date the Honorable James T. Kallman issued a Temporary Restraining Order prohibiting the City of Lansing from taking any steps to place the issue of the sale of the Poxson Building on the November 8, 1977 ballot as directed by the City Council.

A hearing on whether the court's order keeping the question off the ballot should be continued is scheduled for Friday, October 7, 1977. It is essential that the defendants (City of Lansing and Lansing City Council) be represented by legal counsel at this hearing. However, since the plaintiffs are members of the City Council and instituted the action in their capacity of not only residents, taxpayers and registered voters of the City, but also in their capacity as members of the Lansing City Council, it is my opinion that this office is presently foreclosed from representing the defendants in this cause. Additionally I have been advised that I or members of my staff may be called as witnesses in this matter.

The circumstances presented by this situation is similar to that wherein outside legal counsel was retained in the case of **Baker v City of Lansing** after this office advised you:

> "The plaintiff in this matter is presently a member of the Lansing City Council. Lansing Charter, ch 7, §7.7(a) provides that the Department of Law shall be directly responsible to the City Council. Inasmuch as both the plaintiff and certain defendants are members of the City Council, a conflict of interest would arise as a result of the foregoing in the event that I or any member of my staff were to defend this matter."

A reading of the Code of Professional Responsibility of the State Bar of Michigan supports this conclusion.

Therefore, it is the recommendation of this office that Mr. Maurice E. Schoenberger be retained to represent the defendants in this matter at a rate of $45.00 per hour. That amount represents the average hourly rate which is charged by the local legal community and is very reasonable for an attorney with Mr. Schoenberger's experience and qualifications.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

REPORTS OF CITY OFFICERS AND BOARDS

September 29, 1977

Honorable Mayor and Members

of the Lansing City Council

Re: Claim of the City of Lansing against Mrs. Sadie Phillips

Dear Mayor and Council:

On September 6, 1977 the Lansing City Council referred a letter by Mr. Hugo Hufnagel, City Treasurer, requesting authorization to commence legal action against Mrs. Sadie Phillips to the City Attorney's office. A copy of that letter is attached for your information.

After reviewing Mr. Hufnagel's letter, it is my opinion that the City of Lansing has a valid legal claim against Mrs. Phillips and that, if it is necessary to obtain a judgment against Mrs. Phillips, that claim will be collectible.

Therefore, I request that the City Attorney's office be authorized by the City Council pursuant to Section 7.7 (a) (3) of the City Charter to initiate the appropriate legal action against Mrs. Phillips to obtain payment of her debt.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

By Councilman Adado—

That we concur in the recommendation of the City Attorney.

Carried.

Honorable Mayor and Members
of the Lansing City Council

Re: 100 Block, North Washington Avenue

Dear Mayor and Council:

This is to advise you that on Wednesday, August 28, 1977 the City of Lansing, pursuant to the authorization of the City Council, repurchased the 100 Block property from Indiana Mortgage & Realty Investors.

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

As a result of the purchase, the City of Lansing now has full title to the 100 Block property and is free to actively seek proposals for the development of the property.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

By Councilman Blair—

That this be referred to the Committee on Buildings and Properties.

By Councilman Hull—

That the above motion be amended and this be referred to the Committee on Community Development.

Honorable Mayor and City Council

City Hall

Lansing, Michigan

Gentlemen:

I have reviewed the request of the Oldsmobile Division for permission to occupy a portion of the Olds Ave. right-of-way for the installation of 5 underground fuel storage tanks and a fire main valve pit. These tanks are required in the operation of a new emmissions laboratory.

The tanks would be located on the North side of Olds Ave. between the curb and property line adjacent to their building No. 66.

I would recommend approval of this request providing the necessary provisions of the State Flammable Regulations are complied with, and that all utilities are contacted prior to installation to assure no conflict exists.

Respectfully submitted,

ROBERT R. BACKUS,
Director of Public Service.

Referred to Committee on Public Service and Highways.

Committee on City Affairs

Lansing City Council

Dear Councilman Belen:

Attached is an application for a parade permit from Eastern High School, to celebrate their homecoming scheduled for 6:30 P.M. on Friday, October 21, 1977.

This application has been approved by all the necessary departments. Our Traffic personnel estimate this parade will cost the City a total of $47.10, which represents three officers and three motorcycles for one hour.

This is being forwarded to you for final action.

Respectfully yours,

RICHARD A. GLEASON,
Chief of Police.

By Councilman Baker—

That permission be granted and this be under the direction of the Chief of Police.

Subject: B-77-823 Asphalt Paving—
Potter Park

Gentlemen:

Attached is the tabulation of three bids for asphalt paving at Potter Park, which were opened at 3:00 P.M., E.D.T. on Tuesday, September 27, 1977.

We recommend acceptance of the low bid submitted by the Rieth-Riley Construction Company with a base bid in the amount of $35,026.00 plus Alternate No. 2 at $1,690.50, Alternate No. 3 at $358.00, and Alternate No. 4 at $616.90. We would also like to recommend that an additional 25 square yards be added to Alternate No. 3 to complete the project. The low bidder has agreed to do this extra work at the same price of $17.90 per square yard. The grand total of $38,138.00 is within the budget.

Respectfully submitted,

Mayor Graves and Members of the

City Council

Lansing, Michigan

Mayor Graves and Members of the City Council:

This office has been informed by the Department of Health, Education and Welfare that a Consumer Education Grant proposal that was submitted for the Housing Assistance Foundation/Consumer Services Program on March 7, 1977 has been approved.

The objectives of the grant are designed to help alleviate some of the frustrations which the consumer encounters on a day-to-day basis and to help H.A.F./C.S.P. clientele maximize purchase power; raise the level of consumer awareness; establish and maintain a system for consumer protection; and enable clientele to develop money management skills.

The total amount of the grant is for $70,529.00; Federal share $43,669.00, H.A.F.'s share is $26,860.00 (in kind services—no hard cash).

The appropriation for all fifty states was 3.1 million for Consumers Education programs. H.A.F.'s/Consumer Services Program was one of five programs awarded in the State of Michigan. Two of the five programs awarded were continuation grants from last year which means this grant was one of three new awards for F.Y. '78.

The new funding will enable H.A.F. to expand the audience they now serve beyond residents of the Community Development areas and Department of Social Services recipients.

Special credit in our success in receiving the grant should go to Vivian Preston, Brenda Hull, Mabel French, Elizabeth Fields, Diana Algra and Jackie Warr.

Sincerely,

GEORGE S. LOKKEN,
Program Coordinator.

Tammany Hills No. 3

Preliminary Plat

Honorable Mayor and Members of City Council:

The Lansing Planning Board will hold a public hearing on Tuesday, October 18, 1977 at 7:30 p.m. in City Council Cham-

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

bers, Tenth Floor, City Hall, Lansing, to consider a request for preliminary plat approval of Tammany Hills No. 3 by Geert D. Mulder and Sons. This is not a matter of rezoning.

The proposed plat includes approximately 12.7 acres of land, to be subdivided into 26 lots. The proposed development consists of 14 duplexes and 13 four-plexes; a total of 80 dwelling units (approximately 6.3 dwelling units per gross acre). This property is zoned "CUP" Community Unit Plan. The property is located south of Forest Road, between Aurelius Road and I-496. Site plans are on file in the Planning Department for your review.

You are cordially invited to attend the hearing. This notification is in accord with Section 37-8 (2) of the Lansing Subdivision Regulations.

Sincerely,

ALAN E. TUBBS,
Director,
Lansing Planning Department.

Received and placed on file.

Honorable Mayor Pro-Tem and Members

of the Lansing City Council

City Hall

Lansing, Michigan

Dear Mayor Pro-Tem and
Council Members:

This is to advise that John C. Jaynes, Jr., a member of the Board of Water and Light has found it necessary to resign from said Board due to the fact that he is no longer a resident of this City. Therefore, I am submitting to you, for your consideration and confirmation, the name of Jack Sebolt, to fill said vacancy, which term expires in June of 1981.

Jack Sebolt is a high school graduate and attended several years at Michigan State University; he also has attended many courses in labor relations at Michigan State University and through the AFL-CIO.

He is a veteran, having served for over 2 years in the U. S. Navy in the Pacific Theatre, during World War II. Mr. Sebolt has been an employee of the U. S. Postal Department for the past 17 years and presently is employed as the National Business Agent (KIM Region), for the National Association of Letter Carriers. He is past Branch President and past State President of the National Association of Letter Carriers—AFL-CIO, a member of Branch No. 2555 NALC—AFL-CIO, and a member of the State Advisory Committee of Labor Program Services at Michigan State University.

Mr. Sebolt and his wife, Mary, have four children and reside at 234 Regent Street in the City of Lansing.

Trusting this recommendation meets your approval, I remain

Sincerely,

GERALD W. GRAVES,
Mayor.

Referred to Committee on Ordinance and Contracts and City Affairs.

RESOLUTIONS

By Committee on Community
Development—

Resolved by the City Council of the City of Lansing:

That the appointment of Harry D. Kost and Horacio Vargas, Jr., to the Human Resources Advisory Board, for terms expiring June 30, 1981, be confirmed.

Adopted by the following vote:

Unanimously.

By Committee on Community
Development—

Resolved by the City Council of the City of Lansing:

That the appointment of Donald S. Lysakowski to the Citizens District Council, Northside, N.D.A. No. 3, Development Area, and William T. Smith to the Citizens District Council, Northside, N.D.A. No. 3, Peripheral Area, terms expiring March, 1980, be confirmed.

Adopted by the following vote:

Unanimously.

By Committee on Community
Development—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing has contracted with the Downtown Development Authority for planning services for the South Washington Project Area; and,

Whereas, the original contract period was effective from August 1, 1976 through March 31, 1977; and,

Whereas, the original contract period was extended from March 31, 1977 to September 30, 1977; and,

Whereas, the Downtown Development Authority has hired professional staff and is performing on the contract and has requested that the contract be extended to

enable the Downtown Development Authority to fulfill the contracts full scope of services; and,

Whereas, it has been determined that it is desirable to revise the budget sheet in the original contract; now, therefore, be it

Resolved, that said contract between the City and the Downtown Development Authority is hereby extended from September 30, 1977 to March 31, 1978; and,

Be It Further Resolved, that the proposed revised budget sheet hereto attached be approved.

Adopted by the following vote:

Unanimously.

By Committee on Finance—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing is currently entering the development phase of the Fiscal 1978-1979 budget, and

Whereas, the City Council has indicated its desire to have an integrated budget development process for all local, state and federal funds, and

Whereas, the Committee on Finance has developed a schedule of events for the development, and

Whereas, the Committee on Finance wishes to provide a comprehensive schedule and has, for that purpose, included in the comprehensive schedule the Mayor's budget review schedule established by the Mayor's Office.

Now, Therefore, Be It Resolved, that the attached schedule of events for the development of the Fiscal Year 1978-79 budget be adopted.

Adopted by the following vote:

Unanimously.

By Committee on Parks and Recreation and Finance Committee—

Resolved by the City Council of the City of Lansing:

Whereas, an option to purchase riverfront property commonly referred to as the "Silver Lead Property" for $30,000; has been obtained by Mr. Clay; and,

Whereas, this option to purchase expires on October 11, 1977; and,

Whereas, upon evaluation by the Parks and Recreation, Buildings and Properties and Finance Committees, it appears that the purchase price is reasonable; and,

Whereas, the acquisition of this property is important to the completion of our riverfront development project; and,

Whereas, the Economic Development Administration, through a grant, has authorized the utilization of $74,500.00 for improvements on the property; and,

Whereas, Mr. O'Leary of the Silver Lead Company agrees to "coordinate, within reason, the landscaping of the adjacent property to the east of subject and owned by the Optioner, with the landscaping to be provided by the Optionee on subject property";

Now, Therefore, Be It Resolved, that the City of Lansing authorizes the purchase of said property for $30,000; and,

Be It Further Resolved, that $31,000, to cover purchase and closing costs, be transferred from the Emergency Fund Account No. 101-941-000-963 to Riverfront Development Land Acquisition's Account No. 101-936-827-971.

Adopted by the following vote:

Unanimously.

By Committee on Community Development—

Resolved by the City Council of the City of Lansing:

Whereas, the real property acquisition procedures to be followed in the acquisition of property with the use of Community Development funds, as set forth at Section 42.135 of the Federal Register dated February 20, 1975, require that an immovable fixture appraisal be prepared in cases of the acquisition of a property containing a business operation, and

Whereas, the HUD Relocation Handbook, Chapter 6, Section 2, Paragraph 6-23 (f), dated February, 1975, requires that business concerns be provided with an immovable fixture appraisal and a listing of movable fixtures, including an estimate of fair market value and salvage value, and

Whereas, the Development Plan for the Capitol Commons Area, as adopted by the Lansing City Council, specifies that the business property located at 627-629 West Lenawee Street shall be acquired by the City of Lansing, and

Whereas, a proposal to provide the above-stated required services has been received from S. M. Dix Associates, Inc., for an amount not to exceed One Thousand Dollars ($1,000.00).

Now, Therefore, Be It Resolved, that the Mayor and City Clerk be and are hereby authorized and directed to execute a contract with S. M. Dix Associates, Inc., for an amount not to exceed One Thousand Dollars ($1,000.00) for the provision of said services for the business property

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

located at 627-629 West Lenawee Street, after approval as to form by the City Attorney and certification as to the availability of funds, in account No. 255-936-645-974 by the Finance Director.

Adopted by the following vote:

Unanimously.

By Committee on Finance—

Resolved by the City Council of the City of Lansing:

Whereas, the City Council of the City of Lansing recognizes the need to supply emergency and supplemental immunization services to the residents of the City of Lansing;

Whereas, the City Council seeks to provide health education services for employees of the City of Lansing; and

Whereas, the City Council of the City of Lansing acknowledges that Health Central, a recognized health maintenance organization licensed under 1974 PA 264, MCLA 325.901; MSA 14.1280 (1), will have staff, facility, and expertise to provide immunization services and health education services; now, therefore, be it

Resolved, that the City of Lansing enter into the contract with Health Central for immunization services and health education services attached hereto and; be it

Further Resolved, that the Mayor and City Clerk be authorized and directed to execute a contract with Health Central on behalf of the City of Lansing after approval as to form of the contract by the City Attorney and certification as to the availability of funds by the City Controller.

Adopted by the following vote:

Unanimously.

The Committee on Community Development—

Resolved by the City Council of the City of Lansing:

That the Mayor and City Clerk be and are hereby authorized and directed to execute a Contract for Professional Services with Preservation/Urban Design/Incorporated for architectural services for the North Lansing Historic Commercial District Facade Restoration Program for an amount not to exceed $19,860, after approval as to the form of the contract by the City Attorney and certification of the availability of funds in Account No. 253-842-302-801 by the Finance Director.

Adopted by the following vote:

Unanimously.

By Committee on Community Development—

Resolved by the City Council of the City of Lansing:

Whereas, BILD has received an offer to purchase property located at 1020 W. Lenawee Street from Jonathan Watts; and

Whereas, pursuant to Section 4 of the contract dated April 13, 1977, by and between BILD and the City of Lansing, BILD cannot sell property without the prior approval of the Lansing City Council; and

Whereas, the Council Committee on Community Development, at its meeting on September 14, 1977, did review this proposed sale of BILD property and did recommend that the Lansing City Council approve this proposed sale; and

Whereas, the Lansing City Council, at its meeting held on September 19, 1977, did table the resolution approving this proposed sale, and at its meeting on September 26, 1977, did remove this item from the table and referred it back to the Council Committee on Community Development for further study and consideration; and

Whereas, the Council Committee on Community Development, at its meeting held on September 27, 1977, did further review this proposed sale and again reach the conclusion that it should be approved for the following reasons:

1. While it is reasonable to anticipate that public activities may occur in the area between Logan and Butler Streets at some future time, it is just as reasonable to anticipate that such public activity is at least five to ten years away.

2. Sale of this property will provide a housing unit which may be utilized by a family in Lansing until the course of public activity in the block between Logan and Butler Streets is determined and implemented.

3. Sale of this property will result in continuing tax revenue from this property until the course of public activity in the block between Logan and Butler Streets is determined and implemented.

4. Sale of this property will eliminate additional holding expenses, such as maintenance and insurance costs;

Now, Therefore, Be It Resolved by the Lansing City Council that the proposed sale of BILD-owned property located at 1020 W. Lenawee Street to Jonathan Watts in accordance with his offer dated August 30, 1977, be and is hereby approved by the Lansing City Council.

By Committee on Planning—

Resolved by the City Council of the City of Lansing:

P-9-73

Brisbin Farms Subdivision

Whereas, the final plat of Brisbin Farms Subdivision was approved by City Council on August 12, 1974; and

Whereas, said Subdivision did not get recorded because of changes in development plans; and

Whereas, the developer is now requesting that the municipality recertify this plat to comply with the requirements of Act 288, P.A. 1967; and

Whereas, the Planning Board, at their meeting of September 20, 1977, took action and recertified this plat and forwarded their position to the City Council; and

Whereas, the Planning Committee of Council and the Public Service and Highways Committee of Council have reviewed this matter and recommend that the City Council recertify this plat;

Now, Therefore, Be It Resolved, that the Council of the City of Lansing gives recertification to this plat.

Adopted by the following vote:

Unanimously.

Councilman Blair asked if the original developers were developing the subdivision and wanted it noted as to this.

By Committee on Planning—

Resolved by the City Council of the City of Lansing:

SJ-4-77

6009, 6021 South Pennsylvania Avenue

More particularly described as:

Lot 49, except the north 120 feet; also that part of the east 37.5 feet of vacated Pennsylvania Avenue adjacent and parallel to the west property line, Midway Industrial Center No. 2, City of Lansing, Ingham County, Michigan.

Whereas, P. A. Bullock, Marketing Manager for National Bank of Detroit—Commerce Bank, has requested permission to erect an identification sign upon the above described premises. Said sign shall have a height of twenty feet, ten inches (20' 10") and the sign face will be eight feet (8') square. Location of the sign will be twenty feet (20') back from the front property line, approximately in the middle of the lot; and

Whereas, the proposed location of the sign is in the "J" Parking District; and

Whereas, pursuant to Chapter 36, Section 36-4 (9) of the Code of Ordinances of the City of Lansing, the Planning Department has reviewed this request; and

Whereas, the Planning Department believes that the type of sign proposed is in keeping with the general intent of Section 36-41 (9) which is to allow advertising signs within the "J" Parking District for commercial and professional office type uses along this area, provided the sign is constructed in accord with the Lansing Sign Ordinance and a sign permit is obtained; and

Whereas, the Planning Committee of City Council has reviewed the report of the Planning Department and concurs therewith;

Now, Therefore, Be It Resolved, that the Council of the City of Lansing approves and allows the erection of the above described advertising sign on the above described property subject to the issuance of the proper Sign Permits and in accord with the Sign Ordinance; and

Be It Further Resolved, that the location of this sign not be closer than twenty feet (20') to the front property line on Pennsylvania Avenue.

CITY COUNCIL ROOMS

Lansing, Michigan

October 10, 1977

The City Council of the City of Lansing, Michigan, met in regular session and was called to order by Mayor Graves.

Present: Councilmen Adado, Baker, Belen, Blair, Brenke, Gunther, Hull, McKane—8.

Absent: None.

The Clerk announced that a quorum of the Council was present.

Invocation was given by Councilman Belen.

Pledge of Allegiance was given by Danial Madrano.

Resolved by the City Council of the City of Lansing:

That the rule prescribed in Sec. 5.5 (g) of the Charter relative to considering business not on the agenda, be waived.

Carried.

Councilman Baker asked that Resolution No. 4 be considered at this time in regard to House Bill 4227—Redlining.

Carried.

By Councilmen Baker and Hull—

Resolved by the City Council of the City of Lansing:

Whereas, the practice of "redlining" residential neighborhoods by financial institutions is a leading contributor to the decline and death of cities, and

Whereas, financial institutions including banks, savings & loan companies as well as the Federal Government through FHA and VA have in the past denied mortgage and home improvement loans for arbitrary and

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

capricious reasons unrelated to the credit worthiness of the individual or the economic value of the property, and

Whereas, such arbitrary and capricious practices include the denial of home improvement loans and mortgages because:

1. The Age of the structure is over 30 years old,
2. The racial, ethnic or religious composition or trends of a neighborhood,
3. The geographical location of the property,
4. The size of the mortgage or home improvement loan being requested is less than an arbitrary floor set by the institution, and

Whereas, other arbitrary and discriminatory practices include requiring higher down payments, shorter pay back time and/or higher interest rates in redlining areas, and

Whereas, such practices deny residents of Lansing and Michigan the basic right to choose where they wish to live, and

Whereas, such practices particularly affect cities such as Lansing where two-thirds of the housing stock is over 30 years old and most neighborhoods are racially and ethnically integrated, and

Whereas, senior citizens often live in these older, established neighborhoods and because of redlining, often times cannot sell their homes when they retire, and

Whereas, at the present time residents who are denied mortgage or home improvement loans do not have the right to receive in writing the reasons for the denial or to appeal such denials, and

Whereas, such practices as set forth above are not presently illegal in Michigan and are not subject to legal sanctions, and

Whereas, unless such practices are banned and eliminated, the efforts Lansing and all other cities are making to revitalize their cities are doomed to failure, and

Whereas, the necessity for legislation to ban redlining in Michigan has been recognized throughout the State of Michigan, and

Whereas, HB-4227 has been introduced in the Michigan State Legislature, passed by the House of Representatives and now is before the Michigan Senate, and

Whereas, the Honorable Governor of Michigan, William G. Milliken, the Majority and Minority leaders of both the House and Senate have indorsed HB-4227 and have urged its passage, and

Whereas, the State Wide Coalition on Redlining, the Lansing Coalition on Redlining and Reinvestment, the Michigan Catholic Conference, the Jewish Community Council, the Michigan State UAW, the Michigan AFL/CIO, the Urban League, the NAACP, the League of Women Voters, the West Side Neighborhood Association, the Grand Rapids Easttown Community Association, the Saginaw United Neighborhoods Association, the Detroit Womens Conference of Concerns, the Detroit Coalition on Redlining, the Pontiac Citizens Coalition, the Michigan Education Association, Michigan NOW, and the City of Detroit, as well as dozens of other neighborhood organizations and public interest groups throughout Michigan have all indorsed HB-4227 and have urged its passage.

Now, Therefore, Be It Resolved that the Lansing City Council hereby joins with the Governor and the Michigan Legislative leadership as well as neighborhood, labor, religious, and other public spirited organizations throughout the State of Michigan in indorsing HB-4227 and urges the Michigan Senate to promptly pass the Anti-Redlining Bill so as to ban all mortgage and home repair loan redlining forever.

Adopted by the following vote:

Unanimously.

Councilman Baker asked to be excused at this time so that he could take a copy of this resolution over to the "House of Representatives" who were meeting at this time.

Carried.

Re: Claim of William E. Kagey in the amount of $198.19

Dear Mayor and Council:

This letter is in response to a claim submitted by Mr. William E. Kagey, 504 Laurel Lane, East Lansing, Michigan, and referred to the Department of Law for investigation and recommendation.

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

The facts disclose that claimant is the owner of a duplex at 2016 and 2018 Wood Street, Lansing, Michigan. On August 19, 1977 claimant's tenants telephoned a plumbing company concerning a couple inches of sewage that had backed up into their basement. After spending approximately two hours at the residence, the plumber could not find anything plugging the drains or sewers.

As a result of the intense fumes that circulated through the duplex, tenants of the claimant had to spend the night in a motel.

The next morning, the tenants contacted the Department of Public Service of the City of Lansing to come out and check the City trap.

This office has been informed by the Department of Public Service that it answered the call of the tenants and found the main sewer plugged. The sewer was opened up the same day and the department also informed this office that they had no knowledge of any previous sewer back-up at the scene. In addition, they informed us that the sewer was last cleaned in 1964.

A city is bound to use caution in establishing a system of drainage; and if there is negligence in not providing reasonably efficient means to carry off the water that would be expected to accumulate by reasons of its gutters, waters collected and cast upon premises which otherwise would not have been invaded, the City is liable for the damage. Seaman v City of Marshall, 116 Mich 327; 74 NW 484 (1898). That rule of law is still in effect today.

My previous experience with the Department of Public Service in claims against the City for sewage back-up is that the department cleans sewers approximately every other year. In this instance, most likely due to an oversight or lack of complaint, the department did not clean the sewer for approximately thirteen (13) years.

Under these particular circumstances, it is the recommendation of this office that Mr. Kagey's claim for $198.19 be allowed.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

By Councilman McKane—

That we concur in the recommendation of the City Attorney and the City Clerk be and she is hereby directed to draw a warrant on the City Treasurer in the amount of $198.19 payable to William E. Kagey.

Re: Claim of Janice Howell in the amount of $75.00

Dear Mayor and Council:

The above captioned matter was referred to this office for investigation and recommendation.

The claimant alleged that while passing under the overpass on Logan Street at Washtenaw Street her car was sprayed by a construction company doing painting work on the overpass for the city.

Upon investigation by this office we were advised that the construction company had the appropriate insurance to cover any damage done to the automobile. The claimant was supplied with the address of the insurance company involved and she has indicated that she would pursue her claim with the insurance company instead of the City of Lansing.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

Re: Lansing Fire Fighters Association et al v Board of Trustees of the City of Lansing Policemen's and Firemen's Retirement System

Dear Mayor and Council:

On November 19, 1976, plaintiffs filed an action in Ingham County Circuit Court challenging the method of computing pension benefits.

Under the retirement plan presently in effect, a member's pension is based upon the monthly average of the compensation paid a member during the period of 24 highest consecutive months of the member's credited service immediately preceding the date of retirement.

The central issue in the case was whether or not the lump sum payments paid a member upon retirement for accrued vacation pay and unused sick-time should be included in the average compensation for the previous 24 months prior to retirement. To include such lump sums in the 24 month average would substantially increase pension benefits. The other issue in the case was whether the retirement date of a member should be the actual date of retirement or whether the date should be the last day a member was on the payroll.

It was plaintiffs' position that such lump sum payments should be included in the prior 24 month period. However, from a reading of the applicable Charter provi-

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

sions, it was the Board's position that pension benefits were to be based upon the average monthly rate of compensation paid to an employee irrespective of the extraordinary lump sum payments for accrued vacation and sick-time. It was also the Board's position that any other interpretation of the Charter would arbitrarily and artificially inflate final average compensation to the detriment of other employees whose retirement benefits were computed without the inclusion of the extraordinary payments.

After the respective parties submitted briefs on the question and after oral arguments were held, the Court determined that although the date of retirement should be the actual date or last day the member was on duty, the Court agreed with the position of the Board that the lump sums paid for accrued vacation and unused sick-time were not to be included in the compensation average for the previous 24 months prior to the actual retirement date.

Mayor Gerald W. Graves and

Members of the Lansing City Council

Dear Mayor Graves and Council Members:

Attached for your information is a copy of the grants which have been funded or

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

approved for funding for the City of Lansing for calendar year 1977. The total monies received or authorized for receipt equals $5,706,377. The amount of local cash and in-kind services required for match for the preceding amount is $1,487,567 of which the major portion will be $1,239,200 required as match for the Capitol Commons Project. The Finance Director is currently undertaking a study to determine from what accounts monies will be drawn for the Capitol Commons local match. Within the next couple of weeks, Council and Mayor will receive a recommendation for the Capitol Commons funding.

The attached spread sheet lists only the individual or primary staff involved with the respective grants listed. Mayor and Council should be advised that many other individuals and city staff were involved in these grants. Mr. Dowsett, Mr. Tubbs, Mr. Backus, Mr. Bodwin, Mr. Sharp, Mrs. Warr, Mr. Stonehouse, Mr. Sanderson, Chief Gleason, Chief Barratt, Mr. Severy, Mr. Finley, Mr. Letts and their staffs played significant roles in the preparation of and providing technical input for these grant applications.

As we move into a new grant year, it is respectfully requested that Mayor, Council and Department Heads contact this office for research on funding of other projects.

Sincerely,

GEORGE S. LOKKEN,
Program Coordinator.

Referred to Mayor and Committee of the Whole.

October 3, 1977

Mayor Gerald W. Graves and

Members of the Lansing City Council

Dear Mayor Graves and Council Members:

This is to advise Mayor and Council that the City of Lansing has been awarded a Special Arts Project Program grant from the Michigan Council for the Arts. This is a grant for $3,250 and will be matched with $3,250 of in-kind services (no hard match) from the Parks and Recreation Department and other supporting art agencies in the metropolitan area. The money will permit the City to sponsor a one month long art show next summer (1978) which will present works of art by Lansing metropolitan area artists. The show will be juried with cash awards granted. A brochure will be prepared. The idea for this grant was generated by Councilman Hull who asked this office to explore the possibility of obtaining funding for an art show during the summer of 1978.

In the application, I was requested to provide a brief statement that outlined the justification for funding. I expressed that justification as follows: "Local officials recognize the need to broaden the awareness of its citizenry of the value of creative arts. The Greater Lansing Metropolitan Art show will create an opportunity for the community to participate in creative arts activities by submitting works for display or by touring the show. The City of Lansing recognizes and supports the concept that art is one of the most encompassing categories which affect our existence and shall attempt to keep citizens ever mindful of the role art plays in the world about us. Art is an essential ingredient of instilling a sense of pride and cultural achievement in the community and local officials desire to perpetuate cultural development."

I also indicated that the goals to be achieved by this project include:

1. To educate the greater Lansing area on the value of art.

2. To reveal unknown local artists and highlight the display of talent by focusing upon forms of creative arts from within the community.

3. To encourage the continuation and expansion of the creative arts field through making available prize awards to local artists and/or sponsoring agencies representing the artist.

4. To acquire important works of art for the Capital City and to preserve works of art for future generations.

5. To enhance the cultural image of Lansing as the Capital City of the State of Michigan.

Mr. Finley and other representatives from the art community will proceed to work out how the $3,250 can be best utilized. In my grant request, it was envisioned that the majority of this money would be used for the award of prizes. Mr. Finley will subsequently keep you advised as to the status of this project.

Sincerely,

GEORGE S. LOKKEN,
Program Coordinator.

Lansing, Michigan

Gentlemen:

The Board of Public Service to whom was referred the request of Ms. Janice Williams, Manager, Medical Credit Union, to have the City of Lansing pave the alley in the 1900 block of Michigan Ave. at no charge to the abutting property owners, recommends that the previous policy of the City stating that all costs for the paving of alleys be assessed to the abutting property owners.

Respectfully submitted,

BARBARA GARLOCK,
Secretary.

Referred to Committee on Public Service and Highways.

Honorable Mayor and

Members of City Council:

The Planning Board, at their meeting of October 4, 1977, recommended that the request for a Special Use Permit by the Lansing Police Department to establish a helicopter hangar, landing pad and pistol range facility on property located on Airport Road, immediately north and adjacent to the Capitol City Airport, be approved subject to:

1) Final clearance of the site and site plan by the Federal Aeronautics Administration.
2) Issuance of septic and drilling permits by the appropriate authorities.
3) Compliance with the requirements of the Lansing Zoning Code.
4) Compliance with the requirements of the Fire Marshal and all other responding agencies.
5) Approval of final construction by the Fire, Building and Planning Departments to assure that all Codes have been met prior to occupancy of the facility.

The Planning Board found that the use would be compatible with the development in the vicinity and would have no measurable impact on adjacent properties. Please find attached a copy of the Planning Department report prepared for this request, which further defines the basis for the Planning Board's recommendation of approval.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Dear Mayor Pro-Tem

and Council Members

After 17 long years of waiting, the City is on the verge of seeing two major office buildings started in the Capitol Complex Area, something I have championed ever since I took office.

I was advised last Monday that the Governor would submit the construction package to the Joint Capital Outlay Committee of the Michigan Legislature today, and I was again contacted by the Governor's Office yesterday as to the certainty. The two buildings to be given priority are the same as approved by the State Building Commission, upon my recommendation, on July 12, 1977. The buildings will cost between 85 and 95 million dollars, the primary occupants to be the Department of Education and the Department of Social Services.

The following information, was provided to me Thursday by the Office of the Governor:

Ottawa Street Office Building:

(a) Size: approximately 465,000 gross sq. ft., exclusive of parking

(b) Anticipated primary occupant: Department of Education

(c) Estimated cost: approximately $40-45 million

(d) Status: schematic drawings have been developed and are awaiting legislative approval

(e) Time to complete: planning 12 months; construction 30-36 months

Kalamazoo Street Office Building:

(a) Size: approximately 510,000 gross sq. ft., exclusive of parking

(b) Anticipated primary occupant: Department of Social Services

(c) Estimated cost: approximately $45-50 million

(d) Status: schematic drawings have been developed and are awaiting legislative approval

(e) Time to complete: planning 12 months; construction 30-36 months

Governor William G. Milliken is presenting to the Joint Capital Outlay Committee (House and Senate), of the Michigan Legislature, these buildings as priorities to be constructed under the $400 million proposal originally supported by the State Building Commission and approved in 1976 by the Legislature.

The final decision, since the building needs of the State of Michigan are greater than the funds available, by law will be made jointly between the Legislature and the Executive Office.

Sincerely,

GERALD W. GRAVES,
Mayor.

Honorable Mayor Pro-Tem and Members

of the Lansing City Council

City Hall

Lansing, Michigan

Dear Mayor Pro-Tem

and Council Members:

On May 7, 1975, and October 8, 1975, I vetoed your attempts to continue the ill-handled Capitol Commons and advised that it was a mistake to continue the project in the manner it was being handled. Unfortunately, you overrode the vetoes.

On November 10, 1975, I wrote:

"In a communication to you, dated November 3, 1975, I advised of the concerns of FHA officials of the problems surrounding the Embassy Apartments, the failure of BILD in the past and the lack of an overall package by BILD for the future. Now, to further advise you, I am attaching a most recent communication received by my office, which relates to the area already mentioned.

The key of the communication dated November 5, 1975, from the Federal Housing Administration of the Department of Housing and Urban Development is contained in the second paragraph, and which in part reads as follows:

'. . . Without a definitive legally binding commitment of specific duration to accomplish the objectives of the Capitol Commons project, this high risk area is not eligible for HUD/FHA mortgage insurance.'

In short, you are being commended for your 'good intentions' on one hand, and advised of your failures, on the other. Before you in the not too distant future, therefore, is a major decision, which simply stated means that you must take away Community Development funds from other needed projects or abandon the Capitol Commons in total. As a reminder, the following is a quote from my most recent veto message pertaining to BILD and Capitol Commons:

'To date, $1.2 million has been spent by BILD on all projects, plus $604,000 for administration through June 30, 1975, and you allocated an additional $12,600 for each month of July, August and September, 1975. More than $567,000 has been spent for the acquisition of 48 parcels within Capitol Commons, not including relocation costs.

The contract now involved provides for a total of $676,395 for acquisition purposes far beyond that needed to complete Phase I. As earlier mentioned, relocation costs in the amount of $254,174 are provided above this amount. In June, 1975, BILD estimated that the acquisition costs for 19 parcels would run approximately $345,600, or $18,189.47 per parcel. It is obvious, therefore, that you are going far beyond the completion of Phase I. I have been advised, as of this date, that there are no marketable parcels presently in Capitol Commons, that there are no written proposals from any developers, and that the completion of Phase I MIGHT present a marketable parcel. I object to this approach and it indicates to me that you are putting more good money after bad.

In reviewing this approach, I also note you are providing $2,320 for 7 out-of-town trips for BILD employees, plus an additional $2,390 for 5 more trips. To this I object.

In short, I am of the opinion that you made a mistake in accepting the original proposal from Model Cities to proceed with BILD and I am of the opinion that you are making a mistake by continuing the project. BILD was not considered a priority by your Technical Committee and it was recommended that the project, if it were to be continued, should be transferred to the Department of Housing and Redevelopment. In the face of a shortage of funds, you are not only continuing BILD but proceeding even beyond the so-called Phase I with no logical proposal on the table detailing from where additional funds will be forthcoming.

Therefore, I recommend that you cancel the BILD contract and transfer acquisition and relocation funds to the Department of Housing and Redevelopment and charge that department with the responsibility to appraise, acquire, relocate, demolish and/or rehabilitate the parcels scheduled for acquisition and rehabilitation in the area described as Phase I in the contract, and to assume control of the net cash assets of the BILD Corp. and utilize those funds ($250,000 - $500,000) for Community Development needs on the eastside through established City departments and procedures, or drop the project in total and admit to bad management on the part of the Liaison Committee of the City Council.'

This time you listened.

As a result, staff members of the City and I went to Washington, D.C., and met with U. S. Senator Donald Riegle, Congressman Robert Carr and Robert C. Embry, Jr., Assistant Secretary of the U. S. Department of Housing and Redevelopment. My aim was to do Capitol Commons—and, do it right, with the necessary financing to complete the whole project of acquiring land and making it readied for developing.

It has been determined that approximately $3 million is necessary to do what must be achieved. At the meeting in Washington, Assistant Secretary Embry considered, and later confirmed (see attached), the possibility of the Federal Government putting in $1,800,000. This left $1.2 million to be contributed by the City of Lansing. I recommend the following to you:

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

The City currently has $600,000 earmarked in Community Development Block Grant funds for acquisition in Capitol Commons project area. The remaining $600,000 would need to be appropriated from other City funds and would be used to address various public improvement needs in Capitol Commons as follows:

Storm Sewers	$152,000
Sanitary Sewers	110,000
Underground Electrical	25,000
Street Vacations—Local	40,000
Street Resurfacing—Major	63,000
Street Resurfacing—Local	62,000
Curb & Gutter Construction—Local	13,000
Curb & Gutter Construction—Major	9,000
Sidewalks	21,000
Contingency for Steamline Extension	105,000
	$600,000

Even though these public improvements would be undertaken during the summer construction seasons of 1978, 1979 and 1980, it is probably necessary that the entire additional $600,000 be appropriated now to demonstrate "commitment" on the part of the City.

After considering the variety of public improvement work elements involved I would recommend funds be appropriated from the following City fund resources.

General Fund		
Storm Sewers	$152,000	
Sidewalks	21,000	
Underground Electrical	25,000	
Contingency for Steamline or Other Use	105,000	
		$303,000
Act 51—Major Street Fund		
Resurfacing	63,000	
Curb & Gutter Construction	9,000	
		$ 72,000
Act 51—Local Street Fund		
Resurfacing	62,000	
Curb & Gutter Construction	13,000	
Street Vacations	40,000	
		$115,000
Sewage Disposal System Fund		
Sanitary Sewers	110,000	$110,000
Total		$600,000

I urge your approval of the aforementioned and request that you immediataely advise U. S. Senator Riegle, Congressman Robert Carr and Assistant Secretary Embry.

Sincerely,

GERALD W. GRAVES,
Mayor.

Referred to Committee of the Whole.

RESOLUTIONS

By Committee on Public Service and Highways—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing has, pursuant to Act 344, prepared and adopted a Master Plan which is sufficiently advanced as to indicate areas in need of rehabilitation and also has addressed consideration of the District Area surrounding the below-described development area; and

Whereas, the City of Lansing has also prepared a physical Development Plan and a plan for Relocating Families and Individuals who are to be displaced by development of said area. Further, the City of Lansing, acting by and through its Planning and Redevelopment Departments, has had consultation with the Citizens' District Council for District Area No. 3 within which the proposed below-described development area is located; and

Whereas, the City of Lansing, on Monday, September 19, 1977, conducted a public hearing pursuant to Act 344 PA 1945, as amended, concerning:

I. Whether said proposed project area is in fact blighted

II. Whether there is a feasible method or plan for relocating families and individuals to be displaced by the development of said project area

III. The adoption of the proposed physical Development Plan as may be amended for said area.

Whereas, at the public hearing persons spoke in support and opposition to the proposed development project and evidence was introduced in support of the determination of blights, relocation, and development plan as may be amended and said

testimony, evidence, and plans and the proposed plans have been reviewed by the legislative body for the City of Lansing, the City Council.

Now Therefore Be It Resolved that the City Council makes the following findings of fact and determinations:

I. The prerequisite plans, statements and actions for undertaking redevelopment projects under Act 344, Public Acts of 1945, as amended, to-wit: a master plan which as been properly prepared and adopted by the local legislative body.

II. That the area generally described as:

Neighborhood Development Area No. 3:

Commencing at the intersection of the center line of Grand River Avenue and the west line extended of Lot 298 of Highland Park Subdivision in the City of Lansing, thence northerly on said west line to the northwest corner of said Lot 298, thence easterly along said line to the northeast corner of Lot 301 of said subdivision, thence northeasterly to the southwest corner of Lot 38 of Capitol Heights Subdivision, thence northerly along the west line of Lots 38 through 83 to the northwest corner of Lot 83 of said subdivsion, thence westerly to the southwest corner of Lot 1 of Franklin Heights Subdivision, thence northerly to the northwest corner of Lot 11 of said subdivision, thence easterly 10 feet on the north line of Lot 11, thence northerly to the center line of Whyte Street, thence westerly on the center line 43 feet, thence northerly to the south line of Lot 4 of Cushion Replat, that point being the northwest corner of Lot 5 of Cushion Replat No. 2, thence westerly on said line extended to the center line of Massachusetts Avenue, thence northerly along said center line for 32 feet, thence westerly to the east line of Lot 232 of Highland Park Subdivision, that point being 132 feet north of the southeast corner of Lot 232, thence northerly to the northeast corner of Lot 232 of said subdivision, thence westerly to the northwest corner of Lot 231 of said subdivision, thence southerly 247.5 feet on the west line of Lot 231, thence westerly to the center line of New York Avenue, thence southerly on the center line for 37.5 feet, thence westerly 211 feet to the east line of Lot 9 of Block 1 of Ballard's Addition, thence northerly to the northwest corner of said lot, thence westerly along the north line of said lot extended to the east line of Lot 7 of Block 2 of Ballard's Addition, thence southerly to the southeast corner of Lot 11 of said Block 2, thence south 33 feet to the center line of McKinley Street, thence westerly 99 feet, thence southerly 33 feet to the northwest corner of Lot 1 of Block 3 of Ballard's Addition and continuing southerly to the southwest corner of Lot 5, thence southerly 3.96 feet to the center of the vacated alley, thence westerly on the center line of the vacated alley to the west lot line extended north of Lot 14, thence southerly along the west line of Lot 14 to the center line of North Street, thence easterly along the center line 99 feet, thence southerly to the northwest corner of Lot 14, Block 3 of Handy Home Addition and continuing southerly along the west lot lines in said block of Lots 14 through 1 extended to the center line of Drury Lane, thence easterly 33 feet on the center line, thence southerly to a point 33 feet east of the northwest corner of Lot 20 of Block 2 of Handy Home Addition, thence westerly to the northwest corner of Lot 20, thence southerly to a point 13.5 feet south of the southwest corner of Lot 6 of said block, thence easterly 66 feet to the east line of Lot 2, thence southerly along said line for 66 feet, thence easterly 66 feet to the east line of Lot 1 of said block, thence southerly on the east line of said Lot 1 extended to the center line of Grand River Avenue, thence easterly on said center line to the place of beginning is blighted as evidenced by the presence of physical and environmental factors and deficiencies:

A. The physical conditions of residential structures in Neighborhood Development Area No. 3 were derived from the housing inspections undertaken by teams of trained inspectors from the City Building Department, the Zoning Division of the Planning Department and the Fire Prevention Bureau in January, February and March, 1977. The housing inspection teams checked the structural (foundation, walls, roof, stairs, chimneys, etc.), mechanical (plumbing, heating, ventilation, etc.) and electrical service, (wiring, lighting, etc.) elements of each residential building and recorded code violations of the "Lansing Uniform Housing Code" and/or deficiencies in each of the elements. 218 of the 285 housing structures were inspected, of which 216 were found to contain deficient elements. The numbers and degrees of deficiencies were used to determined a housing condition rating for the structures.

The following criteria were used for rating conditions of the inspected structures:

1. Standard (good)—In order to qualify as a standard structure, the following conditions must apply:

   a. No code violations of hazardous nature in the primary elements.

   b. No code violations with serious deficiencies in the primary elements.

   c. No code violations of hazardous nature in the mechanical or electrical elements.

   d. One code violation of hazardous nature in the secondary element plus two minor deficiencies or any combination of deficiencies in the minor elements not to exceed 12 penalty points (as defined in Lansing's Code Compliance Survey, Housing Inspection Information Booklet, May, 1975).

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

2. Deteriorating (fair)—The following conditions must apply:

   a. No code violations of hazardous nature in the primary elements.

   b. Not more than one code violation with serious deficiencies in the primary element plus a combination of minor deficiencies not to exceed 30 penalty points.

   c. One code violation of hazardous nature in the mechanical and electrical elements plus other deficiencies in the other elements not to exceed 30 penalty points.

   d. A combination of code violations and minor deficiencies in the secondary and minor elements not to exceed 30 penalty points.

3. Substandard (poor)—The following conditions must apply for masonry or concrete structures:

   a. One code violation of hazardous nature in the primary elements except foundation or load bearing wall plus code violations and/or deficiencies in the other elements not to exceed 62 penalty points.

   b. One code violation with serious deficiencies in the primary element plus a combination of code violations and deficiencies in the other elements not to exceed 62 penalty points.

   c. Any combination of code violations and deficiencies not to exceed 62 penalty points.

4. Substandard (poor)—The following conditions must apply for frame structures:

   a. One code violation of hazardous nature in the primary elements plus major and minor deficiencies in the primary or other elements not to exceed 62 penalty points.

   b. Not more than three code violations of hazardous nature in the mechanical or electrical elements plus limited or minor deficiencies in the other elements not to exceed 62 penalty points.

   c. Any combination of code violations and deficiencies not to exceed 62 penalty points.

5. Critical (very poor)—The following conditions must apply for masonry or concrete structures:

   a. One code violation of hazardous nature in the foundation or load bearing wall (primary elements).

   b. All other code violations and deficiencies with penalty points exceeding 62 points.

6. Critical (very poor)—The following conditions must apply for frame structures:

   a. Two code violations of hazardous nature in the primary elements.

   b. All other code violations and deficiencies with penalty points exceeding 62 points.

B. In addition, the housing inspectors checked the structure, the accessory buildings and their immediate surroundings to determine whether there were existing conditions which constitute fire or health hazards and if immediate corrections were necessary. The types of land uses whether single, multi-family residential or non-residential uses for each structure, accessory structure and parcel were verified to determine their conformance with the City Zoning Ordinance.

   The following criteria were used for rating environmental conditions (fire, health and land use):

   1. Adequate —

      a. Not to exceed 6 code violations with hazardous nature or 12 code violations with limited deficiencies.

      b. Any combination of deficiencies not to exceed 24 penalty points (as defined in Lansing's Code Compliance Survey, Housing Inspection Information Booklet, May, 1975).

   2. Deficient —

      a. Not to exceed 15 code violations with hazardous nature or 30 code violations with limited deficiencies.

      b. Any combination of deficiencies not to exceed 60 penalty points.

   3. Hazardous —

      a. All code violations and deficiencies with weights exceeding 60 penalty points.

C. Other information obtained by the housing inspectors included housing characteristics such as the total number of rooms, bedroom and bathrooms, the number of floors and parking spaces for each residential structure. The housing inspectors also obtained data on the number of persons living in the structure, to determine overcrowding conditions. The kind of occupancy, whether owner, renter or vacant, was also recorded for each residential building.

D. The inspection information was evaluated by the Planning Department staff to determine the physical quality of the housing stock and the environmental conditions of the Neighborhood Development Area. All of the residential structures and parcels were evaluated based on assigned weights for every code violation or deficiency in each element. The code violations and deficiencies for

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

each structure and parcel were analyzed to determine the type of activities needed to correct code violations and improve conditions in the Neighborhood Development Area.

III. The City Council further finds that the proposed physical Development Plan as may be amended for said area will, through rehabilitation, acquisition, demolition, clearance, resale or replatting, protect the health, safety, morals and general welfare of the municipality; and preserve existing values of other property within such areas and will improve the character of the project area, the surrounding area and the entire community by:

A. Providing, through public and private efforts, improved housing conditions that are decent, safe and sanitary, as well as desirable for habitation, thereby encouraging investment and maintenance by homeowners.

B. Providing community facilities, including open space and recreational facilities where necessary.

C. Improving existing utilities, services, and offering additional public improvements as needed for the residents of the development area.

D. Rehabilitating those residential structures which are economically feasible and improving the environment within the area by replanning, rezoning, enforcing zoning codes, and by closing and widening streets in the area where needed.

E. Encouraging permanent residency in the area through the improvement of amenities and accomodations for family living.

F. Developing a convenient, efficient, and safe circulation system for pedestrians, automobiles and busses, separating pedestrian and motorized vehicles wherever possible.

G. Improving the tax base of the area by encouraging private investment on the broadest possible basis.

H. Eliminating substandard housing with particular emphasis on the elimination of overcrowding and unsuitable uses which caused the area to become blighted.

I. Encouraging active community participation throughout the renewal process.

IV. The Development Plan as may be amended designates, among other things, the location and extent of all streets, and other public facilities within the area, and designates the location, character, and extent of the categories of public and private land uses proposed for and within the area, such as residential, recreational, business, open spaces and others and includes a feasible method and plan for relocation of families who will be displaced from the area in decent, safe and sanitary dwelling accommodations and without undue hardship to such families. The plan further designates the location, extent, character and estimated cost of the improvements contemplated for the area, such as widening, opening, vacating or closing of streets, alleys, and walkways; location of watermains and other public utilities; paving of streets; site improvements to the public elementary school and other appropriate public improvements.

V. The plan as may be amended further includes estimates of the number of persons residing in the development area and the number of families and individuals to be displaced; a survey of their income and racial composition; a statistical description of the housing supply in the community, including the number of private and public units in existence or under construction, the annual rate of turnover of the various types of housing, and the range of rents and sale prices; an estimate of the total demand of housing in the community; and the estimated capacity of private and public housing available to displaced families and individuals.

VI. The City Council further finds that the Planning Department of the City of Lansing has compiled the prerequisite statistics and data relating to families and individuals within the project area; racial composition, age, income, present tenancy and relocation preferences. Persons within the project area have been interviewed and a survey of available housing in the community has been made. The Plan for Relocation of Families and Individuals included within the Development Plan appears to be adequate for the relocation of the estimated 12 households within the proposed project area. Said plan further contains the data, statistics and estimates required by Act 344, Public Acts of 1945, as amended. The Plan for Relocation of Displaced Families and Individuals demonstrates that standard housing units are and/or will be available to the displaced families and individuals and rents and prices within their financial means in reasonable convenient locations and no less desirable than the development area with respect to utilities and facilities.

VII. It is further found and recommended that the Redevelopment Department be designated the local agency to provide information concerning private and public housing available to displaced families and individuals and to advise and assist in their relocation.

VIII. The City Council further finds that

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

the plans, statements and actions made by the City of Lansing with regard to rehabilitating the above-described area shall not have the effect of promoting or perpetuating racial segregation in housing.

Wherefore, it is hereby found and determined:

I. That the above-described area is a blighted area.

II. That there is a feasible method for relocating families and individuals who will be displaced from the area.

III. That the Development Plan as may be amended is sufficient for the rehabilitation of the blighted area and is in compliance with Act 344, Public Acts of 1945, as amended.

The findings and determinations herein above made are based upon the Master Plan of the City of Lansing; the proposed physical development plan as may be amended for the area described; the testimony and evidence introduced and received at the public hearing held on Monday, September 19, 1977.

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

Whereas, the Michigan Office of Highway Safety Planning has informed the City of Lansing that a Youth Driver Enforcement/Information Project Grant is available and has been funded by the U. S. Department of Transportation; and,

Whereas, the purpose of this grant will be directed toward the youthful driver (ages 15 - 24 years) with a goal of reducing their accident involvement by 15%; and,

Whereas, this project will utilize a selective traffic enforcement team which will be deployed in areas within the City of Lansing identified as high accident zones; and,

Whereas, this project totaling $726,819 will be funded by two grants as follows:

Department of Transportation Grant	$652,349
Office of Highway Safety Planning Grant	21,816
City of Lansing Indirect Cost Share	52,654
	$726,819

Now, Therefore, Be It Resolved that the Mayor and City Council authorizes the Mayor and the Lansing Police Department to accept and sign all grant contracts with the Michigan Office of Highway Safety Planning pertaining to subject grants involved with the Youth Driver Enforcement/Information Program after approval by the City Attorney as to form; and,

Be It Further Resolved that the Finance Director is authorized to establish all accounts necessary to support subject grants and to transfer $24,766 from the Emergency Fund Account No. 101-941-000-969 to an account or accounts designated for the purchase of four police vehicles, office equipment and uniforms for two officers.

By Committee of the Whole—

Reolved by the City Council of the City of Lansing:

Whereas, the City of Lansing has agreed to construct a piece of sculpture known as "Windlord" for display in the City of Lansing; and

Whereas, the City of Lansing presently has available the necessary materials to begin construction of "Windlord"; and

Whereas, to construct "Windlord," it is necessary to obtain use of an enclosed area suitable for work on "Windlord"; and

Whereas, Reniger Construction Company is ready and willing to lease a portion of a certain warehouse located at 200 Mill St., Lansing, Michigan, to the City of Lansing for the purpose of constructing "Windlord" at a rental of one dollar ($1.00) per month, on a month-to-month basis, provided the City of Lansing shall maintain the premises and pay the cost of all utilities thereon for the term of the lease; and

Whereas, that premises is suitable for the construction of "Windlord"; now, therefore, be it

Resolved, that the City of Lansing be and hereby is authorized to enter into an agreement to lease the premises located at 200 Mill Street, Lansing, Michigan, from Reniger Construction Company on a month-to-month basis for a period of time no greater than one (1) year at a rental of one dollar ($1.00) per month on substantially the same terms as are set forth in the proposed lease agreement for the premises, a copy of which is attached hereto; and be it

Further Resolved, that the Mayor and City Clerk are hereby authorized and directed to sign an agreement for the rental of the 200 Mill Street premises subject to approval as to form by the City Attorney and certification as to the availability of funds by the Director of Finance.

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

Whereas, a Notice of City Wide Public Hearings was placed in the Lansing State Journal announcing a schedule of public hearings to be conducted on September 6, 7, 8, 1977 for the purpose of providing the citizens of the City of Lansing the opportunity to express their perceived City wide needs and their preferences, and to assist in the selection of priorities for the use of all funds available to the City of Lansing during the Fiscal Year commencing on July 1, 1978 and ending on June 30, 1979; and,

Whereas, the ad indicated that if individuals conuld not attend any of the scheduled public hearings that their comments be mailed to the Citizens Participation Division for inclusion in the overall recapitulated needs assessment; and,

Whereas, the results of the comments made during the public hearings, and those received through the mail, were recapitulated by the Mayor's Executive Assistant for Community Development and were submitted to the Planning Department for presentation to the City of Lansing's Planning Board for its consideration; and,

Whereas, the City of Lansing's Planning Board transmitted its Consolidated Needs Statement to the City Council on September 22, 1977;

Now, Therefore Be It Resolved, that the City Council has reviewed the Consolidated Needs Statement and requests that the Mayor, in accordance with the Community Development Ordinance, direct all implementing departments and the Office of Community Development to prepare the Fiscal Year 1979 Community Development Block Grant Program recommendations in conformance with appropriate guidelines for submission to the City's Planning Board no later than October 24, 1977.

By Committee on Planning—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing has been informed that certain monies may be available from the National Endowment for the Arts under a "Livable Cities" category grant; and,

Whereas, these monies can be utilized to conduct a design study for neighborhoods within metropolitan areas; and,

Whereas, the City of Lansing is in need of market-design recommendations for Capitol Commons and the peripheral areas adjacent,

Now, Therefore, Be It Resolved that the Program Coordinator is authorized to submit a grant application for $30,000 to the National Endowment for the Arts to specifically fund a design and market study for the area from St. Joseph on the south to Kalamazoo on the north to Logan Street on the west and Capitol Avenue on the east; and,

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

Be It Further Resolved that a match share of $30,000 for this grant will consist of $20,000 of in-kind services to be provided by staff personnel from the Lansing Planning and Housing and Redevelopment Departments and MSU School of Planning and Landscape Architecture; and a hard cash match, estimated to be $10,000, to be provided from the Capitol Commons General Fund Account No. 101-936-645-974 which currently has $10,000 available for marketing and redevelopment activities; and,

Be It Finally Resolved that the Program Coordinator is authorized to submit this grant to the National Endowment for the Arts and should funding be approved, the Mayor and City Clerk are authorized to sign the subsequent contractural documents after approval by the City Attorney as to form.

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing has acquired title to the eastside of the 100 Block of North Washington Square, and

Whereas, the City intends to use the 100 Block for parking until such time as a feasible development proposal is received for the property, and

Whereas, the zoning code of the City requires parking lots to be paved and landscaped, and

Whereas, a plan to make these improvements has been prepared by the City's Parks and Recreation, Traffic, Public Service and Planning Departments and concurred therein by the Planning Committee of City Council,

Now, Therefore, Be It Resolved that the City Council authorize the paving, landscaping and fencing of the 100 Block according to the plans attached, and

Be It Further Resolved that funds in the amount of $42,000 be transferred from the Emergency Fund Account No. 101-941-000-963 to Account No. 101-936-812-974 to finance these improvements and

Be It Further Resolved that the Public Service Department is directed to increase the Spartan Asphalt Paving Company's 1977 blacktop contract No. P.S. 74050 to blacktop the site, and

Be It Finally Resolved that the Parks and Recreation Department is directed to proceed with the installation of the landscaping and fencing improvements.

Whereas, by petition duly filed on the 27th day of June, 1977, this council was petitioned to change the following described property from "E-1" Drive-In Shop and "B" One Family Residence Districts to "F" Commercial District all as set forth in the Zoning Code of this city, and

Whereas, due notice as required by law has been given for a public hearing on said petition, and

Whereas, at such hearing held on the 6th day of September, 1977, all parties interested therein were heard and given due consideration, and

Whereas, the property involved is described as:

Z-25-77 — 1410 West Mt. Hope and 1833 Pattengill Avenues,

more particularly described as:

Lots 20 and 21 of Weldon S. Addition, City of Lansing, Ingham County, Michigan,

from "E-1" Drive In Shop and "B-1" One Family Residential District to "F" Commercial District.

Whereas, pursuant to Act 207, P.A. 1921, the Planning Board advised the City Council to deny this request as filed and further recommended Lot 21 of Weldon S. Addition, City of Lansing, Ingham County, Michigan, be rezoned from "B-1" One Family Residential District to "E-1" Drive In Shop District subject to certain conditions and that Lot 20 of Weldon S. Addition, City of Lansing, Ingham County, Michigan, remain in its present zoning classification of "E-1" Drive In Shop District; and

Whereas the Planning Committee of Council, to whom was referred the report of the Planning Board, concurred therewith;

Now, Therefore, Be It Resolved that the Council of the City of Lansing ordains that the petition to rezone the above described property from "E-1" Drive In Shop District and "B-1" One Family Residential District to "F" Commercial District be denied; and

Be It Further Resolved that Lot 21 of Weldon S. Addition, City of Lansing, Ingham County, Michigan, be rezoned from "B-1" Family Residential District to "E-1" Drive In Shop District; and

Be It Further Resolved that a landscape screening and fencing plan be submitted to and approved by the Planning Department prior to the issuance of Building Permits; and that this plan shall be implemented before an Occupancy Permit is issued.

By Councilman Belen—

Resolved by the City Council of the City of Lansing, that the Ordinance providing that the Code of Ordinance, City of Lansing, Michigan, be amended by adding a new Article XIV containing section to be numbered 36-116 through 36-139 to Code (Development Plan for Community Development project known as NDA No. 3), be now passed.

Adopted by the following vote:

Unanimously.

ORDINANCE NO. 469

AN ORDINANCE OF THE CITY OF LANSING, MICHIGAN, PROVIDING THAT CHAPTER 36 OF THE CODE OF ORDNANCES, CITY OF LANSING, BE AMENDED BY ADDING A NEW ARTICLE XIV CONTAINING SECTIONS TO BE NUMBERED 36-116 THROUGH 36-139 TO SAID CODE.

The City of Lansing Ordains:

Section 1. That Chapter 36 of the Code of Ordinances of the City of Lansing, Michigan, be amended by adding a new Articel XIV containing new sections to be numbered 36-116 through 36-139 inclusive to read as follows:

ARTICLE XIV. DEVELOPMENT PLAN, AS MAY BE AMENDED, FOR COMMUNITY DEVELOPMENT PROJECT TO BE KNOWN AS NEIGHBORHOOD DEVELOPMENT AREA NO. 3 WITHIN NEIGHBORHOOD DISTRICT AREA NO. 3.

Sec. 36-116. Plan established.

Pursuant to Act 344, Public Acts of 1945, as amended, a physical development plan, as may be amended, has been prepared by the Lansing Planning Board and staff under Sec. 2A-28 of the Code of City Ordinances for the City of Lansing; also pursuant to said Act 344, a public hearing was held on September 19, 1977 prior to: a determination that the development area, hereinafter described, as a blighted area; a determination that there is a feasible method for relocating families and individuals who will be displaced from the area; and the adoption of a physical development plan, as may be amended, for said development area. Also, pursuant to said Act 344, the Lansing City Council, subsequent to the public hearing, made certain findings of fact and determination, more fully set forth by a resolution of the City Council dated October 10, 1977 that:

(1) The requisite plans, statements and actions for under taking redevelopment projects under Act 344, Public Acts of 1945, as amended, have been prepared and adopted by the local legislative body.

(2) The physical development plan, as may be amended, will through rehabilitation, acquisition, demolition, clearance, resale, or replatting, protect the health, safety, morals, and general welfare of the municipality; and preserve existing values of other property within such areas and will improve the character of the project area, the surrounding area and the entire community.

(3) The area described herein is blighted.

(4) There is a feasible method for relocating families and individuals who will be displaced from the area.

(5) The physical development plan, as may be amended, is sufficient for the rehabilitation of the blighted area and is in compliance with Act 344, Public Acts of 1945, as amended.

Sec. 36-117. Area encompassed.

The physical development plan, as may be amended, for Neighborhood Development Area No. 3, hereinafter also called NDA No. 3, encompasses consideration of the neighborhood district area generally described as Citizens District Area No. 3:

accommodations and without undue hardship to such families.

The plan, as may be amended, further designates the location, extent, character and estimated cost of the improvements contemplated for the area, such as widening, opening, vacating or closing of streets, alleys, and walkways; the location of water mains and other public utilities, paving of streets, acquisition and construction of green belts, street tree planting, and other appropriate public improvements.

Sec. 36-119. **Information included in plan.**

The physical development plan, as may be amended, further includes estimates of the number of persons residing in the development area and the number of families and individuals to be displaced; a survey of their income and racial composition; a statistical description of the housing supply in the community; including the number of private and public units in existence or under construction, the annual rate of turnover of the various types of housing, and the range of rents and sale prices; an estimate of the total demand

estimate of the total demand for housing in the community; and the estimated capacity of private and public housing available for displaced families and individuals.

Sec. 36-120. **Plan, as may be amended, for relocation of displaced individuals and designation of local administrative agency.**

The physical development plan, as may be amended, further includes a feasible plan for relocation of families and individuals who will be displaced by said development plan. The Housing and Redevelopment Department of the City of Lansing is hereby designated as the local administrative agency to provide information concerning private and public housing available to displaced families and individuals and to advise and assist in their relocation.

Sec. 36-121. **Incorporation of plan, as may be amended.**

The physical development plan, as may be amended, for Neighborhood Development Area No. 3 is attached hereto and made a part hereof and is hereby approved and adopted pursuant to: The Resolution of Findings of Facts and Determinations approved by the Lansing City Council on and Public Act 344 of 1945, as amended, and as filed in the office of the Lansing City Clerk.

Sec. 35-122. **Financial assistance to local units of government authorized under the Housing and Community Development Act of 1974.**

Under the provisions of Title I of the Housing and Community Development Act of 1974, as amended, the Secretary of the Department of Housing and Urban Development is authorized to provide financial assistance to local units of government for undertaking and carrying out housing rehabilitation and community development activities.

Sec. 36-123. **Grant agreement for financial assistance under act executed between the City of Lansing and the United States.**

The City of Lansing has entered into a grant agreement for financial assistance under the Housing and Community Development Act of 1974 with the United States of America, acting by and through the Secretary of Housing and Urban Development, pursuant to which federal funds were provided for carrying out this physical development plan, as may be amended.

Sec. 36-124. **City's application for additional financial assistance under the Act.**

The City of Lansing is eligible to receive additional financial assistance under the Housing and Community Development Act of 1974 and proposes to enter into future grant agreements with the Department of Housing and Urban Development for the undertaking of, and making available additional financial assistance for, this housing rehabilitation project.

Sec. 36-125. **Community Development Neighborhood Development Area No. 3 identified.**

It is desirable and in the public interest that the City of Lansing undertake and carry out the housing and community development activities in Neighborhood Development Area No. 3 (herein also called the "development area") identified as:

Neighborhood Development Area No. 3: Commencing at the intersection of the center line of Grand River Avenue and the west line extended of Lot 298 of Highland Park Subdivision in the City of Lansing, thence northerly on said west line to the northwest corner of said Lot 298, thence easterly along said line to the northeast corner of Lot 301 of said subdivision, thence northeasterly to the southwest corner of Lot 38 of Capitol Heights Subdivision, thence northerly along the west line of Lots 38 through 83 to the northwest corner of Lot 83 of said subdivision, thence westerly to the southwest corner of Lot 1 of Franklin Heights Subdivision, thence northerly to the northwest corner of Lot 11 of said subdivision, thence easterly 10 feet on the north line of Lot 11, thence northerly to the center line of Whyte Street, thence westerly on the center line 43 feet, thence northerly to the south line of Lot 4 of Cushion Replat, that point being on the northwest corner of Lot 5 of Cushion Replat No. 2, thence westerly on said line extended to the center line of Massachusetts Avenue, thence northerly along said center line for 32 feet, thence westerly to the east line of Lot 232 of Highland Park Subdivision, that point being 132 feet north of the southeast corner of Lot 232, thence northerly to the northeast corner of Lot 232 of said subdivision, thence westerly to the northwest corner

Sec. 36-126. Development area studies by city; criteria used; findings.

The City of Lansing, through its Planning Board and staff, has made detailed studies of the location, physical condition of structures, land use, environmental influences, social, cultural and economic conditions of the development area. The City has determined that the area is a blighted area and that it is detrimental and a menace to the safety, health, and welfare of the inhabitants and users thereof, and of the locality at large, because of the blight as evidenced by the presence of physical and environmental factors and deficiencies.

The City of Lansing, through its Planning and Building Departments, has caused physical inspections to be made of 218 structures within the neighborhood development area and said physical inspections showed 216 of 218 inspected structures, within a total of 285 structures in the development area, to have deficient elements relating to the City of Lansing Housing Code.

Major building components were examined to determine their respective condition and quality. One or more deficient building component(s) constitutes a structure with deficiencies.

The City of Lansing has also determined that: there exists a conglomerate and incompatible mixture of land uses such as residential and commercial; and that parking and traffic circulation in the area are additional day-to-day problems to the occupants and the community.

The City Council further finds that the proposed physical development plan, as may be amended, for said development area, through acquisition, demolition, clearance, rehabilitation, resale of residences and resale or transfer of property, will protect the health, safety, morals and general welfare of the municipality; preserve existing values of other property within or adjacent to such development area; and will improve the character of the development, the surrounding district area, and the entire community. The members of this governing body have been fully appraised by the Planning Board and staff and are aware of these facts and conditions.

Sec. 36-127. Physical development plan, as may be amended, prepared.

There has been prepared and referred to the City Council of the City of Lansing (herein also called the governing body) from the Planning Board and its staff for review a physical development plan, as may be amended, also known as the Physical Development Plan for Neighborhood Development Area No. 3, dated July 28, 1977, with revisions of September 19, 1977 and consisting of sixty (60) pages and four (4) exhibits.

Sec. 36-128. Development area to be redeveloped for predominantly residential uses.

The development area, which is predominantly residential in character, is to be redeveloped and rehabilitated for predominantly residential uses under the Neighborhood Development Area No. 3 plan, as may be amended.

Sec. 36-129. Neighborhood Development Area (NDA) No. 3 plan approved by city.

The Neighborhood Development Area plan, as may be amended, also known as the development plan, as may be amended, is hereby approved by the governing body of the City of Lansing, as further evidenced by the copies of said body's duly certified resolution regarding findings of fact and determinations of blight, feasible methods of relocating families and individuals and sufficiency of the development plan, as may be amended, to rehabilitate the blighted area, by the City of Lansing on October 10, 1977 and, also attached hereto.

Sec. 36-130. General plan prepared; purpose.

A general plan (master plan) has been prepared by the City and used in the preparation of this development, as may be

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

amended, and as a guide for the general development of the locality as a whole.

Sec. 36-131. **Report of Lansing Planning Board respecting physical development plan, as may be amended.**

The Lansing Planning Board, which is the duly designated and acting official planning body for the locality, has submitted to the governing body its report and recommendations respecting the Neighborhood Development Area No. 3 (development plan), as may be amended, for the development area and has certified that the physical development plan, as may be amended, conforms to the general plan for the locality as a whole, and the governing body has duly considered the report, recommendations, and certifications of the planning body.

Sec. 36-132. **Changes in street patterns, etc., will be required under development plan, as may be amended.**

The NDA No. 3 plan (development plan) as may be amended, for the development area prescribes certain land uses for the development area and will require, among other things, changes in vacating and removal of specified portions of alleys, the establishment of new street patterns, the location and relocation of water mains and other public facilities, and other public action.

Sec. 36-133. **Program prepared for relocation of displaced individuals and families.**

The local administrative agency, the Housing and Redevelopment Department of the City of Lansing, has prepared and submitted a program for the relocation of individuals and families that may be displaced as a result of carrying out the redevelopment and rehabilitation activities in accordance with the development, as may be amended.

Sec. 36-134. **Information and data respecting the relocation program submitted.**

There have also been presented to the governing body information and data respecting the relocation program which has been prepared by the local administrative agency as a result of studies, surveys, and inspections in the development area and the assembling and analysis of the data and information obtained from such studies, surveys and inspections.

36-135. **Governing body's knowledge and consideration of relocation proposals.**

Members of the governing body have general knowledge of the conditions prevailing in the development area and of the availability of proper housing in the locality for the relocation of individuals and families that may be displaced from the development area and, in the light of such knowledge of local housing conditions, have carefully considered and reviewed such proposals for relocation.

Sec. 36-136. **Official action respecting relocation program and development plan, as may be amended, for the project required.**

It is necessary that the governing body take appropriate official action respecting the relocation program for NDA No. 3 in conformity with the grant agreement for financial assistance between the City of Lansing and the United States of America, acting by and through the Secretary of Housing and Urban Development.

Sec. 36-137. **Provision of financial assistance to property owner for rehabilitation of residences.**

The governing body is aware that residents and property owners within the development area may need financial assistance to defray the costs of rehabilitating structures therein. A Community Development Financial Services Program will be available to residents and property owners to improve the condition of the housing stock of the development area by means of incentive rebates, guaranteed loans, grants, credit counseling and debt consolidation and refinancing through the Housing and Redevelopment Department.

Sec. 36-138. **Governing body's knowledge of conditions imposed under Act.**

The governing body is cognizant of the conditions that are imposed in the undertaking and carrying out of Community Development projects with federal financial assistance under Title I of the Housing and Community Development Act of 1974, including those prohibiting discrimination because of race, color, creed, or national origin.

Sec. 36-139. **Official action of governing body.**

Now, therefore, be it further ordained by the City Council of the City of Lansing:

(1) That it is hereby found and determined that the development area is a blighted area and qualifies as an eligible development area under Act 344, Public Acts of 1956, as amended.

(2) That the Neighborhood Development Area No. 3 plan (development plan), as may be amended, for the development area, having been duly reviewed and considered, is hereby approved, and the City Clerk of the City of Lansing and is hereby directed to file said copy of the NDA No. 3 plan (development plan), as may be amended, with the minutes of this meeting.

(3) That it is hereby found and determined that the objective of this development plan, as may be amended, can be substantially achieved through rehabilitation of most residences in the development area, combined with the acquisition of twelve (12) severely deteriorated residential structures, and one (1) commercially used property, and construction of public improvements.

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

(4) That it is hereby found and determined that the NDA No. 3 plan, as may be amended, for the development area conforms to the general plan of the City of Lansing.

(5) That it is hereby found and determined that the financial aid provided, and to be provided, pursuant to grant agreements for federal financial assistance from the Department of Housing and Urban Development pertaining to this housing rehabilitation project is necessary to enable the project to be undertaken in accordance with the development plan, as may be amended, for the development area.

(6) That the redevelopment and rehabilitation of NDA No. 3 for predominantly residential uses is necessary for the proper development of the community as a whole.

(7) That it is hereby found and determined that the development plan, as may be amended, for the development area will afford the maximum opportunity consistent with the sound needs of the locality as a whole, for the rehabilitation of the area by private property owners through the Financial Services Program administered by the City of Lansing.

(8) That it is hereby found and determined that the development plan, as may be amended, for the NDA No. 3 gives due consideration to the provision of adequate park and recreational areas and facilities, as may be desirable for neighborhood improvement, with special consideration for the health, safety, and welfare of children residing in the general vicinity of the site covered by the area.

(9) That it is hereby found and determined that the program for the proper relocation of individuals and families displaced in carrying out the development plan, as may be amended, in decent, safe and sanitary dwellings in conformity with acceptable standards is feasible and can be reasonably and timely effected to permit the property execution and completion of the housing rehabilitation project; and that such dwellings or dwelling units available or to be made available to such displaced individuals and families are at least equal in number to the number of displaced individuals and of the locality as a whole, for the removal of public utilities and facilities than the dwellings of the displaced individuals and families in the development area, are available at rents or prices within the financial means of the displaced individuals and families, and are reasonably accessible to their place of employment.

(10) That, in order to implement and facilitate the effectuation of the development plan, as may be amended, hereby approved, it is found and determined that certain official action must be taken by this body with reference, among other things, to the vacating and removal of alleys, and other public ways, the establishment of new street patterns, the location and relocation of water mains and other public facilities, and other public action and accordingly, this body hereby (a) pledges its cooperation in helping to carry out the development plan, as may be amended; (b) requests the various officials, departments, boards and agencies of the locality having administrative responsibilities in the premises likewise to cooperate to such end and to exercise their respective functions and powers in a manner consistent with the development plan, as may be amended; and (3) stands ready to consider and take appropriate action upon proposals and measures designed to effectuate the development plan, as may be amended.

(11) That additional financial assistance under the provision of Title I of the Housing and Community Development Act of 1974, as amended, is necessary to enable the land in the development area to be renewed and rehabilitated in accordance with the physical development plan, as may be amended, for Neighborhood Development Area No. 3, and accordingly, the filing by the City of a future application or applications requesting such financial assistance under Title I of the Act is hereby approved.

(12) That the implementing departments, when dealing with households with limited financial resources, and when such structure does not qualify for acquisition, may find it necessary to issue deferred loan amounts which are in excess of the average deferred loan amount for that neighborhood. This form of deferred loan assistance provided to these financially limited households, since the approval of the original development plans for previous NDA's has been necessary and proper in the achievement of neighborhood rehabilitation standards for the area.

(13) Authorize the new Financial Services Program to be administered by the Department of Housing and Redevelopment and all agreements to be executed by the Director of Housing and Redevelopment after approval of the formal agreements by Lansing City Council, and approval as to form by the City Attorney and certification as to availability of funds by the Director of Finance.

Section 2. All ordinances or parts of ordinances inconsistent with the provisions hereof are hereby repealed.

Section 3. This ordinance shall become effective thirty (30) days after adoption unless given immediate effect by the Lansing City Council.

ORDINANCE NO. 470

AN ORDINANCE OF THE CITY OF LANSING, MICHIGAN, PROVIDING THAT CHAPTER 11 OF THE CODE OF ORDINANCES, CITY OF LANSING, MICHIGAN, BE AMENDED BY REVISING SECTIONS 11-1, 11-2, 11-3, 11-4, 11-5, 11-6, AND 11-7 AND BY ADDING A NEW SECTION TO BE NUMBERED 11-8 TO SAID CODE.

The City of Laning Ordains:

Section 1. That Chapter 11 of the Code of the City of Lansing, Michigan, be amended by revising Section 11-1, 11-2, 11-3, 11-4, 11-5, 11-6, 11-7 and by adding a new Section to be numbered 11-8 to read as follows:

Chapter 11

Civil Defense: Emergency Services

Sec. 11-1. Definitions.

(a) Emergency Services shall mean the preparation for and the carrying out of all emergency functions, other than functions for which the military forces are primarily responsible, for protection against and to minimize and repair injury and damage resulting from enemy attack, sabotage, or other hostile action, or by disaster.

(b) Disaster shall mean any condition seriously affecting or threatening public health, welfare, or security as a result of severe fire, explosion, flood, tornado, hurricane or a man caused disaster.

(c) Emergency shall mean a condition resulting from enemy attack or disaster, as defined, which cannot be handled by normal day to day operating personnel and facilities.

(d) Emergency Services shall mean any person who serves without compensation in the emergency services organization.

Sec. 11-2. Department; Creation, Organization.

A department of emergency services is hereby created utilizing to the fullest extent personnel and facilities of existing city departments and agencies. The Mayor shall be responsible for its organization, administration, and operation. The organization shall consist of the following:

(1) A department of emergency services within the executive department of the city government. There shall be an executive head of the department of emergency services, appointed in the manner provided in the charter for the appointment of the majority of administrative official specifically enumerated in the charter and with approval of the executive board, who shall be known as the executive director of emergency services, and such assistants, clerical help, other employees and emergency services volunteers as are deemed necessary to the proper functioning of the organization. The executive director of emergency services shall, with the approval of the mayor, appoint an assistant executive director of emergency services who shall perform the duties of the executive director during his temporary absence or incapacity.

(2) An executive board with responsibility for financial services, law enforcement, fire control, utility, engineering services and such other services deemed necessary shall be appointed by the mayor. These shall, so far as possible, be additional duty assignments to existing city department head personnel, and it is the intent of this chapter that emergency services and disaster assignments shall be as nearly consistent with normal duty assignments as possible. The mayor shall be the chairman of the emergency services executive board.

(3) The employees, equipment, and facilities of all city departments and agencies suitable for, or adaptable to emergency services and designated by the mayor to participate in the emergency services activity.

(4) Special services organized and administered through the Ingham County Board of Commissioners.

(5) Emergency services volunteers, including persons and private agencies or governmental units offering services to the organization.

Sec. 11-3. Powers and duties of mayor.

(a) In the event of actual or threatened enemy attack or natural disaster, the mayor, or in his absence or inability to serve, the mayor pro tem, as conservator of the peace shall:

(1) Declare that an emergency situation exists within the city thereby placing in effect the emergency services and disaster control plan required by this chapter, and if necessary, request a state of emergency declaration from the Governor of the State.

(2) As soon as may be thereafter, convene the City Council to perform such legislative and administrative functions as the situation may demand.

(3) Request the State, its agencies or political subdivisions to send aid if the situation is beyond the control of the regular and emergency city forces.

(4) Have the power to command services and the use of equipment, and facilities for such work and duties as the city may require to aid the regular and volunteer city forces in time of emergency.

(5) Promulgate such emergency regulations as may be deemed necessary to protect life and property and conserve critical resources, and such regulations may be invoked when necessary for tests of emergency services and disaster plans. All such regulations shall be subject to approval of the council as soon as practicable subsequent to promulgation.

(b) The mayor, or in his absence or inability to serve, the mayor pro tem, shall have power to order emergency services forces to the aid of the state or political subdivisions thereof subject to council review as soon as practicable.

Sec. 11-4. Powers and duties of executive director.

(a) The executive director shall be executive head of the department of emergency services, and shall have the responsibility for the organization, administration and operation of the emergency services and disaster control organization subject to the direction and control of the mayor and the emergency services executive board.

(b) The executive director of emergency services shall be responsible for public relations, information and education regarding all phases of emergency services.

(c) The executive director shall be responsible for the development of an emergency services and disaster control plan, and upon adoption by the executive board, shall be responsible for such implementation and revision of the plan as to maintain it on a current state of readiness at all times.

(d) The executive director shall coordinate all activities for emergency services and disaster control, and shall maintain liaison and cooperate with all other interested and affected agencies, public and private.

(e) The executive director shall coordinate the recruitment and training of volunteer personnel and agencies to augment the personnel and facilities of the city for emergency services purposes.

(f) The executive director may issue proper insignia and papers to emergency services workers and other people directly concerned with emergency services.

Sec. 11-5. Defense and disaster control plan.

A comprehensive emergency services and disaster control plan shall be adopted by resolution of the council upon the recommendations of the mayor and the emergency services executive board. In the preparation of this plan, as it pertains to city organization, it is the intent that the services, equipment, facilities and personnel of all existing departments and agencies shall be utilized to the fullest extent possible. When approved it shall be the duty of all municipal departments and agencies to perform the functions and duties assigned by the plan and to maintain their portion of the plan in a current state of readiness at all times.

Sec. 11-6. Suspension of conflicting ordinances, orders, rules and regulations.

At all times while the orders, rules and regulations made and promulgated pursuant to this chapter shall be in effect, they shall supersede all existing ordinances, order, rules and regulations insofar as the latter may be inconsistent therewith.

Sec. 11-7. Violations.

It shall be unlawful for any person willfully to obstruct, hinder or delay the emergency services organization in the enforcement of any order, rule or regulation issued pursuant to this chapter or to do any act forbidden by any order, rule or regulation issued pursuant to the authority contained in this chapter. It shall likewise be unlawful for any person to wear, carry or display any emblem, insignia or any other means of identification as to a member of the emergency services organization of the city unless authority to do so has been granted to such person by the proper officials.

Sec. 11-8. Federal surplus property.

(A) The emergency services executive director is hereby designated as the person responsible for accepting federal surplus property with the power and full authority to sign for such surplus property. The mayor shall provide a written statement to appropriate federal officials designating the current name of the executive director as responsible for complying with the provisions of this article.

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

(B) The executive director is responsible for the accountability and will maintain the necessary records for all surplus property obtained for emergency purposes until relieved from accountability by state and federal authorities.

(C) The executive director is further authorized to direct payment of services charges for surplus property to complete all transactions.

(D) Misappropriation or unauthorized private use of such public property while still accountable is subject to prosecution under federal and state stature.

Section 2. All ordinances or parts of ordinances inconsistent with the provisions hereof are hereby repealed.

Section 3. This ordinance shall take effect thirty days after passage unless given immediate effect by the City Council.

By Councilman Adado—

That we reconsider the following resolution that was referred to the Committee on Finance.

Adopted by the following vote:

Yeas: Councilmen Adado, Belen, Brenke, Gunther, McaKne—5.

Nays: Councilmen Blair, Hull—2.

By Committee on Planning—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing has acquired title to the eastside of the 100 Block of North Washington Square, and

Whereas, the City intends to use the 100 Block for parking until such time as a feasible development proposal is received for the property, and

Whereas, the zoning code of the City requires parking lots to be paved and landscaped, and

Whereas, a plan to make these improvements has been prepared by the City's Parks & Recreation, Traffic, Public Service and Planning Departments and concurred therein by the Planning Committee of City Council,

Now, Therefore, Be It Resolved that the City Council authorize the paving, landscaping and fencing of the 100 Block according to the plans attached, and

Be It Further Resolved that funds in the amount of $42,000 be transferred from the Emergency Fund Account No. 101-941-000-963 to Account No. 101-936-812-974 to finance these improvements and

Be It Further Resolved that the Public Service Department is directed to increase the Spartan Asphalt Paving Company's 1977 blacktop contract No. P.S. 74050 to blacktop the site, and

Be It Finally Resolved that the Parks and Recreation Department is directed to proceed with the installation of the landscaping and fencing improvements.

By Councilman Adado—

That in paragraph 3—the word "landscaped" be deleted and in paragraph—5 the words "landscaping and fencing" be deleted and the amount of $42,000.00" be changed to read $27,000.00 plus $620.00 for the paving.

The amendment was adopted by the following vote:

Yeas: Councilmen Adado, Belen, Brenke, Gunther, McKane—5.

Nays: Councilmen Blair, Hull—2.

The resolution as amended lost by the following vote:

Yeas: Councilmen Adado, Belen, Brenke, Gunther, McaKne—5.

Nays: Councilmen Blair, Hull—2.

By Councilman Belen—

That this meeting stand adjourned.

Carried.

Re: Max R. Miller, Workers Compensation

Dear Mayor and Council:

On November 3, 1975, Max R. Miller, then an employee of the Department of Parks and Recreation, allegedly injured his back during the course of his employment while driving a city tractor which became involved in an automobile accident.

Since the time of the accident the city has been paying Mr. Miller worker compensation benefits.

Where a third party injures a city employee during the course of his employment, the City is entitled under the workers compensation act to be reimbursed less any attorney fees for its workers compensation payments from any monies that the employee may recover from the third part for the injury.

Mr. Miller, through his attorney, notified the city of his intention to initiate a third party suit against the driver of the other vehicle involved in the accident. After negotiations between Mr. Miller's attorney and the insurance carrier for the third party it was agreed that the case should be settled. As a result of this settlement the city is entiled o be reimbursed for the workers compensation benefits paid to Mr. Miller less any attorney fees involved.

As of this date the city has paid approximately $8,000 in workers compensation benefits in this case. In accordance with the workers compensation act the city is entitled to a reimbursement of $6,250. This amount represents the payments paid to Mr. Miller less the attorney fees involved and is all the city has a right to collect.

In order to facilitate the settlement of the case and to collect the sum due the city, it is my recommendation that the City Council authorize and direct the Mayor and City Clerk to sign the attached release forms provided by Hawkeye Security Insurance Company.

Respectfully submitted,

TIMOTHY W. SANDERSON,
Cit Attorney.

Re: Request for authorization of summary eviction procedures of tenant at 1121 Lathrop Street (NDA No. 2—East Side)

Dear Mayor and Council:

The City of Lansing owns the above captioned premies. The tenant was given ninety (90) days written notice to quit on March 22, 1977. However, the tenant has wilfully continued possession of the premises beyond the ninety-day period allowed in the lease for the premises.

It is necessary for the Housing and Redevelopment Department to have possession of the premises so it can proceed with the execution of the development plan for Neighborhood Area No. 2 (East Side).

Therefore, in order to secure possession of the premises, it is hereby requested that the City Council, pursuant to Lansing Charter, ch 7, §7.7(3), authorize this office to commence summary eviction proceedings in the Lansing District Court for possession of the premises at 1121 Lathrop Street in NDA No. 2.

Re: Canvass of votes for the November 8, 1977 election.

Gentlemen:

The City Charter in Section 13.11 reads, "That, if any of such persons are candidates for office at an election to be canvassed, such person shall not be a member of the Board of Canvassers at such election and the Council shall designate a person to act in his stead," (this would apply to myself).

I am therefore asking that the County Board of Canvassers canvass the City of Lansing along with the School Board Members which they will be canvassing.

Thanking you, I am

Honorable Gerald W. Graves

and Members of City Council

City of Lansing

Lansing, Michigan 48933

Dear Mayor Graves and Council Members:

Re: Proposed exchange of property

The Park Board since September, 1975, has been working closely with the owners of the Front Page restaurant relative to a proposal they have submitted involving an exchange of property. During this period several alternatives have been studied with the most favorable adding river frontage to Tecumseh Park, in exchange for property to the north and the west of the restaurant which abuts Gier Park. Earlier this year the Council authorized an appraisal of these properties. This appraisal has now been completed and has been reviewed by our Department staff, the Property Manager, and the representatives of the Front Page. It is our consensus opinion that the appraisal reports findings are acceptable, and the exchange as proposed in that report be considered by City Council.

There are three basic actions which I am recommending be taken.

1. City Council authorize that the proposed disposal of City property be placed on the ballot for the next general election.

2. The City Council take action relative to the vacating of the Harris Street right-of-way in accordance with standard procedure.

3. That the City authorize a lease to the Front Page for a term not to exceed that period between now and one day after the general election in which this item will be voted on: The purpose of such lease being to allow the restaurant use, improvement, and maintenance of the area for customer parking. A stipulation of the lease must be that if the vote does not authorize the sale of this property that the City will immediately reclaim the area and allow no future encroachment on the park property.

The Park Board has reviewed this matter and will take formal action on October 19, 1977. I encourage your prompt consideration.

Sincerely,

DOUGLAS FINLEY,
Parks and Recreation Director.

Honorable Mayor Gerald W. Graves,

Mayor Pro-Tem Willam Brenke, and

Members of Lansing City Council

Tenth Floor, City Hall

Lansing, Michigan 48933

Dear Mayor Graves and Council Members:

In an attempt to preserve the current and future funding, and ensure continuation of referral services for youth as provided by the Youth Development Corporation, I have held a meeting with several agency representatives who have been involved with Y.D.C. in either of the aforementioned capacities.

I informed them that while the City Council has not established a policy my impressions are that the Mayor and a concensus of the City Council do not wish to have these services jeopardized and are desirous of continuing them without disruption. Perhaps while decisions are pending on Y.D.C., a resolution to that effect should be adopted.

All of the agencies indicated that they are pleased with the program performance. This opinion concurs with the former and current Board members and, likewise, is that of the Human Resources Department and Evaluation office. Our office, more than ever before, intends to monitor that aspect extremely close.

Following are comments of the agency representatives:

A. Tri-County Manpower Director:

1. The staff have recommended proceeding with the new contract.
2. Future projections indicate the potential of two major additional grants for Y.D.C. could be a recipient; if their status changes, alternatives will be sought.
3. Their last contract performance and new proposal merit their receiving the new contract.
4. The Board indicated continuation of the contract on October 6, 1977 with a strong monitoring requirement.

B. Court Representatives

1. Courts, while in a quandry over what to do, have been pleased with their services.
2. They expect an expansion of the need for this kind of service because of the increased emphasis on diversion programs for youth being established.
3. They will continue to refer youth because of their satisfaction with Y.D.C.'s services.

C. State representatives of the Office of Criminal Justice Programs:

1. If the regional, or State, representatives receive a letter ratifying my designation at Project Director of the Juvenile Information System, they will abide by the City's request. In most instances, however, they do prefer to have the Director be the one directly affiliated with the Project.
2. If, however, the grant went to Y.D.C. and the Project Director was the Agency Director, and funds were terminated by the City to Y.D.C., there is a strong possibility the grant would be terminated. Much would depend on if Item No. 1 was followed, and if the possible new agency demonstrated the ability to continue. Furthermore, their office would have to be involved in the transitioning.
3. Their funding of this application, as opposed to the Family Counseling Unit, can best be explained by the attached letter rejecting the Family Counseling Unit.
4. The Juvenile Information System will be used as a State-wide model.

D. The Lansing Manpower Office indicated that their current contract is still in force and with the exception of the one negative placement, they appear to be performing in accordance with contract terms.

This letter is being provided to keep you informed about the program performance and service elements to clients of Y.D.C.

Relative to the W.O.R.C. Program, this letter shall serve as a notice to the Program Coordinator that we should begin to develop that grant immediately.

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

Finally, I should state that my meeting further ratifies my opinion about keeping the service components together, as opposed to spreading them among several agencies. This should apply no matter which alternative is selected.

Sincerely,

JACQUELINE WARR,
Director,
Human Resources Department.

City of Lansing

Dear Mayor and Council Members:

On September 12, 1977, City Council adopted a resolution relative an allegation by Mr. Walter Jones that unfair utility rates were levied by the Board of Water and Light. This resolution was forwarded to the Chief Executive Officer of the Board with a recommendation of City Council that the Board of Water and Light review their electric utility meter service and billing rates.

The following action was taken by our Board, at its meeting of October 10, 1977:

That in accordance with the recommendation contained in the resolution adopted by City Council on September 12, 1977, a review has been made and a determination made by staff and concurred in by consultants that the present policy is fair and equitable, and that no consideration be given to a change in policy at this time. Further that City Council be so advised. Adopted unanimously.

Referred to Committee on Public Service and Highways.

October 13, 1977

Honorable Mayor and

Members of the City Council

City of Lansing

Lansing, Michigan

Dear Mayor and Council Members:

At its regular meeting of October 10, 1977, the Board of Water and Light took the following action:

ELECTRIC i

That $205,000 be authorized to construct temporary overhead electric facilities across the Grand River in the vicinity of Kalamazoo Street to replace five underground primary circuits installed in a duct bank in Kalamazoo Street Bridge which is being demolished and rebuilt (only piers of existing bridge will remain).

The Kalamazoo Bridge project is estimated to cost approximately $1.84 million excluding cost of utility adjustments. The bridge project is being funded $1.34 million by the City and $500,000 by the Department of State Highways (federal funds).

The Board's cost of electric utility adjustments connected with this bridge project (installation and removal of temporary, and installation of permanent facilities) is estimated to be approximately $500,000. To date the Department of State Highways has not approved reimbursing any part of the Board's cost. Public Service Department indicates they will recommend to City Council that the Board's cost of temporary facilities be reimbursed from the $500,000 federal funds.

The city has requested additional federal funds. If the total bridge project became a federal project, then the Board will be reimbursed 72.3% of their total cost.

The present plans call for a bid letting in mid-February 1978 with demolition work late winter. To meet this anticipated schedule, it is necessary that Board work start this fall. Funds to cover the cost of constructing temporary facilities were included in Fiscal 1978 Capital Additions Budget. The approximately $300,000 cost for installing permanent facilities will be included in subsequent fiscal years budget.

By Board Member Ray—

Seconded by Board Member Jessop

That Electric, item i, of the General Manager's recommendations be taken out of the general presentation and acted on independently; to wit, that it be approved subject to funding reimbursement by the City Council from federal funds, state funds, and/or city agencies.

Motion adopted by the following vote:

Unanimously.

Respectfully submitted,

BOARD OF WATER AND LIGHT,
Donna Smieska, Secretary.

The Planning Board requests an additional 90-day extension of time to complete the technical study of the Paulson Park Property. This request for time extension is in accordance with Section 36 of the Lansing Zoning Code.

The Board of Water and Light is undertaking soil borings on the property and will analyze the stability of the ground for use as a park and its value for mining. This technical information has not been previously obtained by the City and is essential for the Planning Board to formulate recommendations regarding the use of Paulson Park.

If I can provide additional information regarding this request, please contact me.

Lansing, Michigan

Dear Mayor Pro-Tem

and Council Members

Michigan's Capital City once again led most other cities in the Nation in crime decreases, according to the F.B.I. Uniform Crime Report released Tuesday. For the first 6 months of 1977, the F.B.I. report shows that crime decreased 24% in Lansing, while the average decrease for cities of 100,000 to 250,000 population was 8%.

Crime for other Michigan cities listed shows Ann Arbor down 16%; Dearborn down 15%; Flint down 13%; Livonia down 21%; Detroit down 20%; and Warren down 14%. The City of Grand Rapids had an increase in crime of 2% resulting from crime dealing with property.

A check of 178 cities nationally shows that Lansing ranks fourth in crime reduction slightly behind Columbus, Georgia, and Springfield and New Bedford, Massachusetts.

The Lansing crime decrease situation, however, is an exception amongst other cities because it has experienced crime decreases in each of the years from 1970 through 1976, as well as for the first 6 months of 1977.

GERALD W. GRAVES,

Dear Mayor Pro-Tem

and Council Members:

This office has been advised by Patricia Villegas that she no longer desires to serve as a member of the Citizens' District Council for Neighborhood Development Area No. 3 (Peripheral Area). Therefore, I am submitting to you, for your consideration and confirmation, the name of Bruce Tracy, to fill said vacancy, which term expires in March of 1980.

Bruce Tracy graduated from Brooklyn Technical High School in New York, received a Bachelor of Arts Degree in English from Eastern Nazarene College in Boston, Massachusetts, and a Master's and Ph.D. in English from Michigan State University. He is currently teaching at Michigan State and he and his wife have a consulting firm for typing and technical writing.

He is a member of St. Paul's Episcopal Church, the Northside Neighborhood Association and Modern Language Association.

Mr. Tracy and his wife, Emmy, and 4 children reside at 813 E. North Street in the City of Lansing.

Trusting this recommendation meets with your approval, I remain

Sincerely,

GERALD W. GRAVES,
Mayor.

Referred to Committee on Community Development.

Honorable Mayor Pro-Tem and Members

of the Lansing City Council

City Hall

Lansing, Michigan

Dear Mayor Pro-Tem

and Council Members:

This office has been advised by Robert

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

E. Evans, a member of the Traffic Board, that he is no longer eligible to serve on said Board as he has moved out of the City of Lansing. Therefore, I am submitting the name of Roland Arnold to you, for your consideration and confirmation, to fill this vacancy, which term expires June 30, 1979.

Mr. Arnold came to Lansing in 1922 from Marine City, Michigan, where he graduated from that City's high school. He is retired from Lundberg Screw Products, Inc., after 26½ years of service. He is a member of UAW Retirees Local 724, serves on the Executive Board of the Area UAW, is a delegate to the UAW Region 1C Council, is a member of the Advisory Committee for the Day Care Center for the Elderly of the Catholic Social Services. He is a past member of the Equal Opportunity Committee of Ingham County and a member of Unity Church.

Mr. Arnold and his wife, Dessie, reside at 1401 E. North Street in the City of Lansing.

Trusting this recommendation meets your approval, I remain

Sincerely,

GERALD W. GRAVES,
Mayor.

Referred to Committee on Public Safety.

RESOLUTIONS

By Councilman Robert Hull—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing repaid, by mistake, property taxes in the amount of $456.14 to Sadie Phillips of 3124 North Turner Street, Lansing, Michigan, that were in fact not owed to her; and

Whereas, Sadie Phillips, after having cashed the refund, has now acknowledged that the repayment constituted a mistake; and

Whereas, Sadie Phillips has agreed to repay the amount of $456.14 to the City of Lansing in $20.00 installments commencing on October 28, 1977 and due every two weeks thereafter until the entire amount is repaid, with time being of the essence, and;

Whereas, settlement of the matter will avoid the initiation of legal action against Sadie Phillips, as earlier authorized by the Council; now, therefore, be it

Resolved, that the City of Lansing is hereby authorized to enter into the settlement agreement with Sadie Phillips, a copy of which is attached hereto. And be it

Further Resolved that the Mayor and Clerk of the City of Lansing are directed to execute said agreement upon approval as to form by the City Attorney.

Adopted by the following vote:

Unanimously.

By Committee on Buildings and Properties—

Resolved by the City Council of the City of Lansing:

That the City Assessor be, and he is hereby directed to spread on the July, 1978 Tax Rolls (U-14), the cost of correcting the hazardous and unsanitary conditions of properties in the year 1977, in the amount of $2,278.50, as reported this date by the Building Commissioner and as per the attached list.

Adopted by the following vote:

Unanimously.

By Committee on Planning—

Resolved by the City Council of the City of Lansing:

Whereas, it is necessary to hold public hearing prior to the Council approval of Industrial Facilities Exemption Certificates for the following petitioner,

Industrial Development District No. 6

Petitioner: Spartan Die Co., Inc.
2443 S. Rundle Street
Lansing, Michigan

Therefore Be It Resolved that the City Clerk give at least 10 days notice of a public hearing when all persons interested may attend and make any objections they may have to the approval of the certificate and

Further Resolved that the City Clerk notify the legislative body of each taxing unit which levies ad valorem property taxes in the City and be it

Further Resolved that such hearing shall be held at the Council Chambers in the City Hall on the 31st day of October 1977 at 7:00 P.M. and that notice of such hearing be published in a publication of general circulation of said City.

Adopted by the following vote:

Unanimously.

By Committee on Buildings and Properties—

Resolved by the City Council of the City of Lansing:

Whereas, certain property in the Fairfield Gardens Subdivision in the City of Lansing, County of Ingham, was conveyed to the

City of Lansing by John L. and Beverly Leighton on July 24, 1975; and

Whereas, the City has been taxed since said conveyance by the County of Ingham; and

Whereas, upon acceptance and recordation of said deed said property may be held exempt from taxation upon application to the Assessor's Office; and

Whereas, the City Attorney and Director of Parks have recommended acceptance of the property, now, therefore, be it

Resolved, that said property is hereby accepted by the City and the City Attorney is authorized and directed to record the deed with the County Register of Deeds.

Adopted by the following vote:

Unanimously.

By Committee on Planning—

Resolved by the City Council of the City of Lansing:

Whereas, the Jepson-Murray Advertising Company (AVISO), at 1108-1116 N. Washington, has requested the City to grant permission to encroach eight (8) feet into the Public Right of Way for the purpose of constructing a decorative wall; and

Whereas, the Planning Board has reviewed, in accordance with Act 285 of P.A. of 1931, the location, character and extent of impacts of the AVISO proposal on the public's use of this Right of Way and the character of the proposal in relation to the existing development along North Washington Avenue; and determined no significant adverse impact; and

Whereas, the Planning Board unanimously approved the AVISO request and submitted a report outlining requirements for certain actions by the City in approving the construction of the decorative wall; and

Whereas, the Planning Board further recommended that:

1) Landscaping be provided in accord with a detailed plan which is submitted by the petitioner for approval by the Planning Department.

2) Final construction plans including facade materials and type of pedestrian warning device to be used to review and approved by the Planning Department prior to issuance of the appropriate building permits.

3) Barrier free access for the physically handicapped be provided to both buildings at the time of construction; and

Whereas, the Planning Committee concurs with the recommendation of the Planning Board; and

Now Therefore Be It Resolved that the City Council approves the request by AVISCO to use the east eight (8) feet of the Public Right of Way and the City Attorney be directed to prepare an agreement granting AVISCO a five (5) year permit to construct and maintain the proposed decorative wall in the Right of Way with provisions which shall provide for:

1) The acquisition and maintenance of appropriate liability insurance against injury or damage for the term of the permit.

2) Placing the responsibility for maintenance and/or removal of the structure at the commercial property owners expense due to obsolescence or required public use or at the expiration of the permit.

3) Renewal of the contract in the absence of circumstances precluding the continuance of the structure.

4) Prohibition of use of the portion of the Public Right of Way enclosed by said wall for any other purpose.

5) Provisions for snow removal and storage.

6) Such provisions as are recommended by the Planning Board to include plan review and approval requirements, landscaping plans and pedestrian safety measures.

7) Directing the Planning Department to initiate the appropriate study to examine the public necessity to retain ownership of that portion of the Right of Way used by AVISO for the decorative wall.

And Further Be It Resolved that the Mayor and City Clerk be directed on behalf of the City to sign the agreement with AVISO, Inc., permitting use of the Public Right of Way subject to approval of the City Attorney as to form.

Adopted by the following vote:

Unanimously.

By Councilman Brenke—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing has applied for an Urgent Needs Grant to complete the acquisition of properties and site preparation for Capitol Commons; and,

Whereas, the City of Lansing is in receipt of a copy of the letter from Mr. Robert C. Embry, Jr., Assitstant Secretary, Planning and Development to Senator Donald W. Riegle, Jr., wherein Mr. Embry indicates that there is a good possibility that $1,760,800 of "Urgent Needs" funds may be available to the City of Lansing providing the City of Lansing commits $1,239,200 of Community Development Block

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

Grant funds or other monies to support this Capitol Commons project; and

Whereas, the Mayor and appropriate City Departments have recommended that the City of Lansing appropriate the required "local match" in order to complete this project and have also presented to the City Council recommendations for financing the $1,239,200; and

Whereas, these recommendations were referred to the City Council Committee of the Whole; and

Whereas, the recent passage of Community Development legislation requires that the City of Lansing act promptly in expressing its intent to complete Capitol Commons; and

Whereas, the Council Committees on Finance and Community Development have reviewed and approved the recommendation regarding completion of Capitol Commons and the recommended transfer which will provide the needed $1,239,200 and the Committee of the Whole did not have a meeting scheduled which would allow a decision in a timely manner

Now, Therefore Be It Resolved that the Lansing City Council Committee of the Whole is discharged of the responsibility of acting upon the recommendations regarding Capitol Commons in order that the City of Lansing may respond to the Department of Housing and Urban Development and Senator Riegle promptly.

Adopted by the following vote:

Unanimously.

By Councilmen Brenke, Hull, Blair, McKane, Belen, Baker, Gunther and Adado—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing has applied for an Urgent Needs grant to complete the acquisition of properties and site preparation for the Capitol Commons; and,

Whereas, the City of Lansing is in receipt of a copy of the letter from Mr. Robert C. Embry, Jr., Assistant Secretary, Planning and Development to Senator Donald W. Riegle, Jr., wherein Mr. Embry indicates that there is a good possibility that $1,760,800 of "Urgent Needs" funds may be available to the City of Lansing providing the City commits $1,239,200 of Community Development Block Grant funds or other monies to support the Capitol Commons project;

Now, Therefore, Be It Resolved that the Mayor and City Council reaffirm their intent to complete the Capitol Commons project and hereby substantiate that intent by utilizing the below listed accounts for the City's match share:

Currently Appropriated:

General Fund No. 101-936-645-974 Capitol Commons	$ 45,000
Community Development Grant No. 255-936-645-974 Capitol Commons	200,000
Community Development Grant No. 255-841-645 844 Capitol Commons	33,000
	$278,000

To Be Appropriated:

Community Development Grant —Contingency 1st or 3rd years	$ 322,000
Act 51—Major St. Fund	72,000
Act 51—Local St. Fund	115,000
Sewage Disposal System	110,000
General Fund	342,200
Total City Share	$ 961,200
Total City Share	$1,239,200

and,

Be It Further Resolved that the Program Coordinator is authorized to communicate to Senator Riegle, Representative Carr and Mr. Embry the City of Lansing's resolve to complete the Capitol Commons project and commit the funds as identified above to that purpose; and,

Be It Further Resolved that should Mr. Embry accept this approach that the Mayor and City Clerk are authorized to sign all subsequent HUD contractural documents pertaining to these specific Urgent Needs funds for Capitol Commons, after approval by the City Attorney as to form, and certification as to availability of funds by the Finance Director pertaining to the Capitol Commons project; and,

Be It Finally Resolved that the Council Committees on Community Development will be responsible for providing legislative guidance to the Housing and Redevelopment Department for implementation and/or policy guidance relating to the Capitol Commons Project.

By Councilman Blair—

That the resolution be amended as follows:

In the fifth (5th) paragraph the word "Further" be changed to read "Finally" and the last line after the word "project" a period be placed and strike out the word "and," and that the last paragraph be deleted in full.

Carried.

By Councilman Adado—

Resolved by the City Council of the City of Lansing:

Whereas, the City Council of the City of Lansing desires to encourage business establishments to locate and remain in the Central Business District; and

Whereas, the Bonnie & Clyde Restaurant and Lounge, 316 East Michigan Avenue, is an ongoing business seeking to provide better service for its customers; and

Whereas, better service will be provided by valet parking, now, therefore,

Be It Resolved that the Traffic Engineer be directed to remove the three meters directly in front of the Bonnie & Clyde Restaurant and Lounge and install no parking signs for a period of 90 days pursuant to Section 31-12 of the Code of the City of Lansing so as to allow for valet parking.

By Councilman Baker—

That this be referred back to the Committee on Public Safety.

Lost by the following vote:

Yeas: Councilmen Baker, Hull—2.

Nays: Councilmen Adado, Belen, Blair, Brenke, Gunther, McKane—6.

By Councilman McKane—

That in the last paragraph 90-days be changed to 30-days.

Carried.

By Councilman Baker—

That in the last paragraph — 3rd line after the word "signs" insert "4:00 p.m. to 2:00 a.m."

Lost by the following vote:

Yeas: Councilmen Baker, Hull—2.

Nays: Councilmen Adado, Belen, Blair, Brenke, Gunther, McKane—6.

The resolution as amended was adopted by the following vote:

Yeas: Councilmen Adado, Belen, Blair, Brenke, Gunther, Hull, McKane—7.

Nay: Councilman Baker—1.

By Committee on Parks and Recreation—

Resolved by the City Council of the City of Lansing:

Whereas, the Park Board and the Department of Parks and Recreation have proposed since 1968 the acquisition of property and the development of vehicular access to Hunter Park from its southwesterly most corner; and

Whereas, funds have become available and were appropriated for the purchase and development of the first year budget of the Community Development Program; and

Whereas, this project has been reviewed and favorably reported on by the Traffic Department and the Planning Department as well as having been reviewed and approved by the Park Board and the Planning Board;

Now, Therefore Be It Resolved, the funds appropriated in account number 258-936-642-974 be authorized for acquisition and all other acquisition related costs, for demolition and for site development in accordance with the Department of Housing and Urban Development guidelines; and

Be It Further Resolved, the Mayor and City Clerk be authorized and are hereby directed to sign required contractual documents necessary to implement this project.

By Councilman Adado:

That this be referred back to the Committee on Parks and Recreation and Committee on Buildings and Properties.

Carried.

By Committee on Community Development—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing through the Housing and Redevelopment Department has entered into a Contract with Greater Lansing Urban League on October 1, 1976, in the amount of Forty Nine Thousand One Hundred Fifty-five Dollars ($49,155.00) to provide a Senior Citizens Home Repair Service.

Whereas, the City of Lansing through the Housing and Redevelopment Department and Greater Lansing Urban League do mutually agree to amend said contract project objective by reducing the number of homes to receive minor repairs and extending the time of performance of the contract,

Now, Therefore, Be It Resolved that the Mayor and City Clerk are hereby authorized and directed to sign said proposed amendment of said contract on behalf of the City of Lansing.

Adopted by the following vote:

By Committee on Community Development—

Resolved by the City Council of the City of Lansing:

Whereas, on March 10, 1977, a proposal to purchase and redevelop Parcel 7, Urban Renewal Project No. 2, Mich. A-6 was submitted to the City of Lansing by F/S Development Company; and

Whereas, a public hearing on this proposed sale of land was held by the Lansing City Council on June 20, 1977; and

Whereas, on July 11, 1977, the Lansing City Council provided, by resolution, a period of ninety (90) days for the F/S Development Company to provide evidence of project feasibility and marketability and proposal modifications as appropriate; and

Whereas, the F/S Development Company has made a good faith effort to provide this information and has expended nearly $15,000 in FHA processing fees; and

Whereas, the information which has been submitted represents a marketable and financially feasible development which provides housing for both the elderly and for moderate-income families and individuals; and

Whereas, the feasibility of the elderly and market rate units is dependent on the availability of Federally-assisted financing, the status of which is not the responsibility of the proposed developer or the City of Lansing; and

Whereas, the Developer has expressed his intention to initiate development subject to obtaining the necessary financing; and

Whereas, based on discussions with FHA, it is reasonable to anticipate that actions are forthcoming relative to federal assistance for this project;

Now Therefore Be It Resolved that, the City of Lansing provides ninety (90) days from the date of adoption of this resolution, for the F/S Development Company to resolve the essential issues of subsidies for the proposed elderly units and financing for both the elderly and market-rate units, subject to the conditions stated in the Council Resolution of July 11, 1977, regarding the F/S Development Company.

Adopted by the following vote:

By Committee on Community Development—

Resolved by the City Council of the City of Lansing:

That the Mayor and City Clerk are hereby authorized to execute Change Orders No. 1 for the contracts with Hannibal S. Abood and Terrell R. Oetzel for the purpose of adding appraisal for a vacant parcel at 506 S. Pine Street to their contracts to provide appraisal services with the City of Lansing for the acquisition of property in the Capitol Commons Development Area. The respective contracts shall be increased by $400.00 for Mr. Abood and $300 for Mr. Oetzel, after certification as to availability of funds in Account No. 255-936-645-974, and approval as to form by the City Attorney.

Adopted by the following vote:

By Committee on Community Development—

Resolved by the City Council of the City of Lansing:

Whereas, 737 and 815 W. Kalamazoo Street were rehabilitated by BILD Corporation prior to the initiation of Capitol Commons; and

Whereas, investigation of the possibility of moving these structures revealed infeasible costs and no adequate locations; and

Whereas, these structures in their present condition are a blighting influence on the neighborhood; and

Whereas, these two properties are part of the first development phase of Capitol Commons; and

Whereas, the Board of Directors of BILD Corporation has approved the demolition of these two structures,

Now, Therefore Be It Resolved that the Mayor and City Clerk are hereby authorized to enter into a contract with Ace Wrecking Company to demolish the structures at 737 and 815 W. Kalamazoo Street for Two Thousand Nine Hundred Fifty Dollars ($2,950.00) subject to certification as to availability of funds in Account No. 101-936-645-974 and approval as to form by the City Attorney.

ZONING

By Councilman Baker—

Whereas, by petition duly filed on the 20th day of June, 1977, this council was petitioned to change the following described property from "D" Apartment District to "D-1" Professional Office District all as set for in the Zoning Code of this city, and

Whereas, due notice as required by law has been given for a public hearing on said petition, and

Whereas, at such hearing held on the 6th day of September, 1977, all parties interested therein were heard and given due consideration, and

Whereas, the property involved is described as:

Z-23-77 — 229 East St. Joseph,

more particularly described as:

The south 46.2 feet of the east 42 feet of Lot 4, Block 156, Original Plat, City of Lansing, Ingham County, Michigan,

from "D" Apartment Shop District to "D-1" Professional Office District.

Whereas, pursuant to Act 207, Public Acts of 1921, the Planning Board advised the City Council to deny this request; and

Whereas the Planning Committee of Council, to whom was referred the report of the Planning Board, concurs therewith;

Now, Therefore, Be It Resolved that the Council of the City of Lansing ordains that the petition to rezone the above described property from "D" Apartment Shop District to "D-1" Professional Office District be denied.

Adopted by the following vote:

By Councilman Brenke—

Resolved by the City Council of the City of Lansing:

Whereas, Monday, October 24, 1977 is the 32nd anniversary of the United Nations Charter adopted to prevent war and encourage a peaceful existence for all nations; and

Whereas, continuing efforts have been made to develop a progressive economic and social existence for all nations; and

Whereas, vital contributions have been made by the organization for the maintenance of world peace; and

Whereas, the entire world has benefited greatly from the vital contributions in other areas of concern such as human rights, health, education and hunger;

Now, Therefore, Be It Resolved that Monday, October 24, 1977 be proclaimed United Nations Day in the Cty of Lansng and an observance be held at Cty Hall; and

Be It Further Resolved that the City Council shall affix its signature to this proclamation making it official that the United Nations be so honored.

By Councilman Terry J. McKane—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing has acquired title to the eastside of the 100 block of North Washington Square, and

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

Whereas, the City intends to use the 100 Block for parking until such time as a feasible development proposal is received for the property, and

Whereas, the zoning code of the City requires parking lots to be paved and landscaped, and

Whereas, a plan to make these improvements has been prepared by the City's Parks and Recreation, Traffic, Public Service and Planning Departments and concurred therein by the Planning Committee of City Council, and

Whereas, it is desirous that the non-recoverable portion of these improvements estimated at $35,000.00 be amortized over a two year period by increasing the parking rate for the 100 Block lot,

Now, Therefore, Be It Resolved that the City Council authorize the paving, landscaping and fencing of the 100 Block according to the plans attached, and

Be It Further Resolved that funds in the amount of $42,000 be transferred from the Emergency Fund Account No. 101-941-000-963 to Account No. 101-936-812-974 to finance these improvements and

Be It Further Resolved that upon completion of the blacktopping portion of lot improvements, the parking rate for the 100 Block parking lot be increased to 15¢ per ½ hour for the 1st two hours, 25¢ per one hour thereafter with a maximum per diem rate of $2.00, and

Be It Further Resolved that the Public Service Department is directed to increase the Spartan Asphalt Paving Company's 1977 blacktop contract No. P.S. 74050 to blacktop the site, and

Be It Finally Resolved that the Parks and Recreation Department is directed to proceed with the installation of the landscaping and fencing improvements.

By Councilman Adado:

That the resolution be amended as follows—in the eighth (8th) paragraph last line the rate of $2.00 be changed to read $1.50.

Lost by the following vote:

Yeas: Councilmen Adado, Brenke—2.

Nays: Councilmen Baker, Belen, Blair, Gunther, Hull, McKane—6.

The resolution was adopted by the following vote:

Unanimously.

By Councilman Blair—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing by agreement with the Redevelopment, Parks and Traffic Departments has allowed Lansing Community College use of the area on the southeast corner of Grand and Saginaw for faculty and student parking, and

Whereas, this agreement was intended to be temporary, and terminate upon completion of the College's Parking Ramp Facility, and

Whereas, the College has requested an extension on the use of the parking area through the completion of the 1977-78 Winter semester,

Now, Therefore Be It Resolved, the City of Lansing authorizes a lease for the period from October 1, 1977 to April 1, 1978 for the Colleges continued use of the parking area on the southeast corner of Grand and Saginaw; with the college agreeing to pay $6.75 per space, per month (108 spaces) which will generate sufficient revenue to sod the area, making it available for park usage during the summer of 1978. Site maintenance will be the continued responsibility of the Community College; and

Be It Finally Resolved, that the resolution of this council regarding the same subject appearing at page 938 of the Official Proceedings of October 3, 1977 be and is hereby recinded.

Adopted by the following vote:

Unanimously.

Stan Rusiecki, 6966 S. Washington Ave., spoke, re: rezoning Z-30-77, 6900 S. Washington Ave.

That the report of the Committee be adopted.

Adopted by the following vote:

Unanimously.

October 20, 1977

Honorable Mayor

and City Council

City Hall

Lansing, Michigan

Subject: B-77-830 Under Tailgate Spreaders

Gentlemen:

Attached is the tabulation of six bids for the purchase of four (4) new tailgate spreaders, which were opened at 3:00 P.M., E.D.T. on Tuesday, September 27, 1977.

We recommend acceptance of the third low bid submitted by the Truck and Trailer Equipment Company for a grand total in the amount of $4,998.28. Terms are "Net 10 Days." The low bids as reviewed by Public Service did not meet specifications; therefore, the third low bidder is recommended.

Respectfully submitted,

VAUGHAN L. McKINCH,
Purchasing Director,

ROBERT R. BACKUS,
Public Service Director.

Referred to Committee on Public Service and Highways.

LS-23-77

6433 Rosedale

Honorable Mayor and

Members of City Council:

The Planning Board at their October 18, 1977 meeting recommended that the request by Dennis Krum to further divide Lot 21 of Supervisor's Plat of Elwood Farms, which would give an additional five feet to the existing 44 feet by 120 feet parcel that was cut out of the north side of this lot prior to subdivision ordinance control be approved.

The Board found that the property at 6433 Rosedale is of adequate size to allow the five feet to be severed and attached to the 44 foot by 120 foot parcel to the north. It was further found that there are several parcels in the neighborhood that have 55 feet of frontage and are developed with snigle family homes. Therefore, the division will not establish a precedent for the area and the lots created will be compatible with existing development in the vicinity.

This recommendation received unanimous (6 yeas, 0 nays) support of the Board.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Referred to Committee on Planning.

October 20, 1977

LS-24-77

3326 Parkview Avenue

Honorable Mayor and

Members of City Council:

The Planning Board, at their meeting of October 18, 1977, recommended that the request by David Andrus to split a lot into two separate, buildable parcels, which is contrary to Subdivision Regulations requiring a minimum width of 70 feet on corner lots, be denied.

The Board found that the lot division would create an interior lot at a corner lot below the minimum requirements of the Subdivision Ordinance and, therefore, felt that the division would create overdevelopment of this corner and would not be in the interest of the community.

This recommendation received unanimous Board support.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

ACT 250

Urban Redevelopment Corporation Act

Honorable Mayor and

Members of City Council:

The Planning Board, at their October 18, 1977 meeting, recommended to City Council that an ordinance to process requests to utilize Act 250, Public Acts of 1941 as amended, the Urban Redevelopment Corporation Act, be prepared and adopted.

Act 250 makes provisions for the City to give tax abatement to private corporations that redevelop a substandard area of the City. The Planning Board believes that Act 250 can encourage private redevelopment of areas determined to be substandard by the Planning Department.

A request to utilize Act 250 has been submitted to the City by the Step Corporation for property located just south and east of the Stepanovich Market at the intersection of Pennsylvania and Oakland. Further processing of the request is not possible until the necessary ordinance is prepared and approved.

It is further recommended that City Council appoint a municipal supervisory agency for the project as required by the Act. Further information on the requirements of the legislation will be submitted at your request. These recommendations were made by unanimous vote.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Referred to Committee on Ordinance and Contracts and City Affairs and City Attorney.

ACT-24-77

2000 East Michigan Avenue

Honorable Mayor and

Members of City Council:

The Lansing Planning Board at their regular meeting of October 18, 1977, completed review of a proposal to expand the commercial center parking area on the south side of the 2000 block of East Michigan Avenue. The project will improve patron and service access, circulation and increase parking at this neighborhood commercial center. Funds for the project were included in the first year Community Development Budget.

The Planning Board's review under the provisions of Act 286, P.A. of 1931, included the location, character and extent impacts of the proposed parking lot expansion on the commercial center and the residential neighborhood to the south. The project is supported by the businessmen in this commercial area, the East Side Commercial Club and the Eastside Neighborhood Organization.

The Board recommends that the City Council authorize the following actions in regards to the project.

1) That six (6) residential structures be acquired, (three fronting on Fairview and three on Clemens) to expand the parking area to 104 spaces.

2) That an architect be employed to prepare detailed construction plans in accordance with the preliminary design plans prepared by the Planning Department to include landscaping, screening, parking spaces and drives, paving and lighting. Such plans are to be reviewed by the Planning Department and approved prior to issuing the building permit.

3) That a petition be initiated by the City to rezone the property to permit a parking lot.

In making the above recommendations, the Planning Board did consider a proposal which would have required the acquisition of eight homes (4 deep on both Clemens and Fairview) and provided the 136 spaces required by the zoning code. The Board realizes that its recommendations do not fulfill the full requirements of the Code however the Board weighed this against the possible effects of parking extending too far into an established residential neighborhood. The staff was directed to examine additional alternatives in cooperation with the businesses and residents on the Eastside and make a report back to the Board.

The above recommendations received the unanimous approval of the Planning Board.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Z-37-77

5600 block of South Logan Street

Honorable Mayor and

Members of City Council:

The Planning Board, at their meeting of October 18, 1977, recommended that the request by Sam Bofysil to rezone property in the 5600 block of South Logan Street from "A-1" Family Residential District to "F"

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

Commercial District to allow professional office and commercial development be denied as filed, and that the portion of the property lying north of Hughes Road containing approximately 4.5 acres be rezoned from "A-1" Family Residential to "D-M:1" Multiple Dwelling District and that the portion of the property lying south of Hughes Road and containing approximately one (1) acre be rezoned from "A-1" Family Residential to "C-2" Family Residential District.

The Board believes that there is adequate land zoned and available for commercial development in this area to meet the needs of the community. The Board further believes that if the property were zoned commercial, that there could be an adverse impact on the adjacent residential development from the standpoint of increased traffic and activity, noise, dust, odors, etcetera.

The Board believes that this alternate recommendation which they have suggested for this property will promote reasonable use of the land and is found to be in conformance with the Logan Street Policy, which was adopted by the Planning Board in July of 1968.

At the October 4, 1977 public hearing a petition was submitted containing 15 signatures of area residents opposing the change to "F" Commercial and encouraging the retention of the "A-1" Family Residential District. This recommendation received unanimous (6 yeas, 0 nays) Board support.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Referred to Committee on Planning.

October 20, 1977

Z-38-77

1407 West Holmes Road

Honorable Mayor and

Members of City Council:

The Planning Board, at their October 18, 1977 meeting, recommended that the request by James D. Holden to rezone property at 1407 West Holmes Road from "A-1" Single Family Residential District to "F" Commercial District to maintain an office for his electrical contracting business in the present structure be denied.

The Board has found that with the exception of Logan Center and a few office uses on the north side of West Holmes Road, the surrounding area on the south side is predominantly residential in nature. The Board further believes that if commercial zoning is encouraged at this location as proposed, it will promote piecemeal development and could deter development of adjacent parcels in accord with the existing zoning. More importantly, piecemeal zoning generally promotes an intermixture of unrelated uses which is not in the public interest.

At the public hearing of October 4, 1977 a petition was submitted to the Board with 39 signatures opposing rezoning to an "F" Commercial District. This recommendation received unanimous (6 yeas, 0 nays) support of the Board.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Referred to Committee on Planning.

October 20, 1977

Z-39-77

4729 South Pennsylvania Avenue

Honorable Mayor and

Members of City Council:

The Planning Board, at their meeting of October 18, 1977, recommended that the request by Doug Willingham to rezone property at 4729 South Pennsylvania Avenue from "A-1" Family Residential District to "D-1" Professional Office District to sell the property for development of a professional office use be denied.

The Board found that this area of South Pennsylvania Avenue is developed in a residential nature and is quite stable. The Board believes that a change of zoning as proposed constitutes spot zoning and could have the affect of stimulating other requests for non-residential uses in the vicinity and actually threaten the stability of the residential neighborhood.

At the October 4, 1977 public hearing a petition was submitted containing 33 signatures of area residents opposing the rezoning for reasons of (1) no privacy, (2) noise factor, (3) lot too small for ample parking and building and (4) entranceways will endanger children using crosswalks. Also a previously submitted opposing petition dated September 9, 1974 was presented. A letter was received from the petition (dated October 17, 1977) stating a willingness to provide a deed restriction to disallow multiple residential units on this property.

This recommendation is made with unanimous (6 yeas, 0 nays) Board support.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Letter (a)

Honorable Mayor Graves and

Members of City Council

Gentlemen:

Concern regarding heavy truck traffic has been expressed by residents on Alpha St. south of Mt. Hope, and on High St. north of Grand River Ave. On Oct. 12, 1977 the Traffic Board recommended that trucks be prohibited from using Alpha St. between Mt. Hope Ave. and Tisdale St., and that trucks be prohibited from using High St. between Grand River Ave. and McKinley St.

Truckers that are currently using Alpha St. between Tisdale and Mt. Hope should proceed west on Tisdale to Pennsylvania Ave., and then proceed north to Mt. Hope Ave. Truckers using High St. to get to Lake Lansing Road should continue west to Larch St., then north on Larch to McKinley and east on McKinley back to High St.

The recommendation by the Traffic Board was by unanimous vote.

Respectfully submitted,

LANSING TRAFFIC BOARD,
Raymond O. Severy,
Secretary.

By Councilman Adado—

That we concur in the recommendation of the Traffic Board.

Letter (b)

Honorable Mayor Graves and

Members of City Council

Gentlemen:

The Lansing Traffic Board reviewed the request for traffic control at the intersection of Stonewood and Hillgate. Traffic surveys show that less than 200 vehicles per day use Stonewood St. and that the speed of traffic is less than 30 mph.

On Oct. 3, 1977 City Council ordered in stop signs on Stonewood at Hillgate to control the speed of traffic on Stonewood. The Traffic Board after reviewing the engineering data unanimously recommended for City Council consideration that the stop signs be removed.

The problem in this area is not with the volume or speed of traffic, it is that there are no sidewalks in this subdivision. The Traffic Board recommended that sidewalks be installed so that pedestrians will not have to walk in the street.

Respectfully submitted,

LANSING TRAFFIC BOARD,
Raymond O. Severy,
Secretary.

Letter (c)

Honorable Mayor Graves and

Members of City Council

Gentlemen:

Because of an oversight the No Parking area on the south side of Washtenaw St. adjacent to the Commerce Center Building has not been added to our No Parking ordinance. To correct this deficiency the Traffic Board unanimously recommended that No Parking At Any Time be allowed on the south side of Washtenaw St. from Capitol Ave. to the west property line of the Commerce Center Building.

Honorable Mayor and City Council

City Hall

Lansing, Michigan

Gentlemen:

The Board of Public Service, Planning Board and Traffic Board submits the following recommendations to the Lansing City Council on the Edgewood Boulevard Extension, and approval of the AB Alignment as submitted by the Engineering Firm of Wilbur Smith and Associates.

1) The Boards concur with the consultants preferred alternative known as Alignment AB. This includes implementation of the recommendations contained in Section 3 through 10 on pages 27 and 28 of the consultant's report as follows: **Section III**—That between Cedar Street and Logan Street, Alignment AB (revised) be the Preferred Alternative (Figure 7). Basically, it provides the required level of transportation service, while conforming to most of the desirable attributes postulated during the study. It is anticipated impacts that are equal to or better than the other two alignments.

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

**Section IV—That pedestrian safety be a prime consideration when designing the facility. These measures must include pedestrian crosswalks and overpass(es) and fencing, particularly in the Woodbridge Commons and Highlands Cooperative Areas and the Moore Living Center. Further, it is suggested that representatives of these areas participate in determining the features to be incorporated into designing the facility. Section V—That the right-of-way for the facility on new location be from a minimum of 105 feet to a maximum of 120 feet.

Section VI—That Edgewood Road between Washington Avenue and the new facility be cul-de-sac at Washington Avenue to avoid intersection conflicts. Section VII—That Richard Road south of existing Edgewood Road be cul-de-sac at the new facility to avoid intersection conflicts.

Section VIII—That approximately 1,800 feet of Edgewood Boulevard in the Highlands and Woodbridge Commons Cooperative areas be reconstructed to correct for vertical geometry deficiencies.

Section IX—That access to the facility be by permit only and further that the permit must be reviewed and approved by the Department of Planning, Public Service and Traffic Safety.

Section X—It is further suggested that implementation of the comprehensive improvement be as follows:

First—Accept and approve the Alignment AB concept;

Second—Design and purchase right-of-way for the entire Alignment;

Third—Construct that part of the improvement from Cedar Street to and including intersectional improvements at Washington Avenue; and

Fourth—Construct that part of the improvement from Washington Avenue to Logan Street. Included in this segment is the Logan Street—Miller Road—Grovenburg Road intersection improvement.

**Special emphasis should be given to Section 4 of these recommendations during design phase of the project. These include adequate pedestrian crosswalks and overpasses, screening and protective fencing for that portion of the project which flows through Woodbridge Commons and Highland Cooperative. The design phase of the above features will be prepared in consultation with the residents of the area.

2) That the Boards concur with the staffs, and request Council to authorize the implementation of Phase 3 of the consultant's agreement with Wilbur Smith and Associates, Inc., which is dated October 21, 1976. This phase will result in a detailed design of Edgewood Blvd. from Cedar on the East to Logan Street on the West.

3) That the Boards concur with the staffs, and request City Council to authorize the Public Service Department to proceed with the submission of a program to the Michigan Department of State Highways and Transportation for Federal Urban System Funds.

4) That the Planning Board conduct a cost feasibility study to determine whether or not the property located on the North and South sides of LaBelle Street West of the Edgewood Blvd. extension should be acquired.

5) That the Planning, Public Service and Traffic Departments in coordination with the consultant, evaluate the traffic patterns North of Edgewood Blvd. in the Grovenburg-Logan area, and recommend appropriate improvements within the design study report. Prior to formally adopting these recommendations, they should be discussed with the residents in the area affected.

Respectfully submitted,

BARBARA GARLOCK,
Secretary,
Board of Public Service,

ALAN E. TUBBS,
Secretary,
Planning Board,

RAYMOND O. SEVERY,
Secretary,
Traffic Board.

Referred to Committee on Public Service and Highways, Committee on Planning and Committee on Public Safety.

Honorable Mayor Pro-Tem and Members

of the Lansing City Council

Tenth Floor, City Hall

Lansing, Michigan 48933

Dear Mayor Pro-Tem

and Council Members:

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

In a letter to you, dated August 10, 1977, I vetoed a proposed contract with the Community Design Center. The matter was then referred to the Community Development Committee of City Council for follow up action and a committee report on my recommendation. As of this writing no action has taken place to date. This is another case of unnecessarily delaying administrative and management activities.

In my veto message I stated, "I concur with City administrators in this matter and strongly recommend that appropriate departments be given policy guidance to commence implementation of the scope of services formally contained in the proposed CDC contract. Additionally, I recommend that action be taken to approve an Architect IXA for the Building Department without further delay." I further stated that, "too this approach will eliminate the 'political swirl' created by, and for CDC. It will facilitate our efforts to improve the Community Development Department service, eliminate time expended being 'bounced around' between CDC and the City Council, and will provide the full capabilities for achitectural design in the Neighborhood Development Districts."

Councilman Baker requested that another proposal be prepared by the Community Design Center for submission to the Community Development Committee of City Council. On the date this proposal was to have been submitted, no one showed up from the Community Design Center and the matter was tabled until a future meeting. The matter has never been removed from the table since the Community Design Center has not yet completed a proposal. I suggest to you that this matter should be laid to rest, and that action be taken immediately in support of my original recommendation in my veto message. The committee system is an excellent means of conducting the many facets of City Council business, however, committees should act within a reasonable period of time and report back to City Council with their recommendations accordingly.

Once again I would like to remind you that a substantial savings, somewhere in the vicinity of $80,000 to $100,000, could be realized and consequently reflect a significant reduction in current Community Development administration costs. I deem it entirely appropriate at this time to cut Community Development administrative costs whenever and wherever we can. This is a step in that direction and during the next three years the community Development Program appropriations for the City of Lansing funding will be reduced by approximately 50%. If we do not begin facing this type of problem at this time, then when will we start?

Your attention to this matter will be appreciated.

Sincerely,

GERALD W. GRAVES,
Mayor.

Recently I demanded a report from the Youth Development Corporation, through the Human Resources Department, because of persistent rumors that a truck used by YDC was implicated in breaking and entering in East Lansing. Attached is a communication from YDC pertaining to that matter. I have since been advised that the East Lansing Police Department had, in fact, received a complaint involving the vehicle, with the correct make, year, color and license number. The complainant, after looking through the mug files of the East Lansing Police Department, picked out a photograph of an employee of YDC assigned to the vehicle. A warrant for larceny has been issued by the Office of the Ingham County Prosecutor.

RESOLUTIONS

By Councilmen Blair and Hull—

Resolved by the City Council of the City of Lansing:

That the bid submitted by Brown Brothers, Incorporated, for Contract No. 1 of the Lansing Riverfront Development Local Public Works Project (EDA Project No. 06-51-22487, B-77-831) be approved and accepted as the best and lowest acceptable bid, subject to approval of said bidder and proposed subcontractors by the Economic Development Administration of the U. S. Department of Commerce, as evidenced by EDA approval to Form ED-530, Parts A and B; and

Be It Further Resolved that the Mayor and City Clerk be and are hereby authorized and directed to execute a contract with Brown Brothers, Incorporated, on behalf of the City of Lansing, according to said bid presented and specifications on file, upon approval as to form of the contract and bonds and insurance policies by the City Attorney, and upon certification as to the availability of funds in Account Nos. 181-840-000-974 and 181-936-828-974 by the Finance Director, and upon approval of EDA in the manner herein specified, and

Be It Finally Resolved that said contract shall not be valid or binding upon the City of Lansing unless and until executed by the Mayor and City Clerk.

Adopted by the following vote:

Unanimously.

By Committee on Buildings and Properties—

Resolved by the City Council of the City of Lansing:

That the City Assessor be, and he is hereby directed to spread on the July, 1978 Tax Roll (L-13), the cost of cutting weeds in the year 1977, in the amount of $2,260.00, as reported this date by the Building Commissioner.

Adopted by the following vote:

Unanimously.

By Committee on Buildings and Properties—

Resolved by the City Council of the City of Lansing:

Whereas, the Lansing Building Commissioner determined on December 28, 1976, that the building located at 1247 Leslie St., Lansing, Michigan, was an unsafe or dangerous building as defined in Section 9A-13 of the Lansing Uniform Housing Code and the housing law of Michigan, and

Whereas, the Building Commissioner issued a notice to David Alexander and Henry Hursey, owners, as appears from the last local tax assessment records, requesting them to appear at a hearing to show cause why the building should not be demolished or otherwise made safe; and

Whereas, a hearing before the Hearing Board was held March 10, 1977, at which hearing David Alexander and Henry Hursey, did appear, and the Hearing Officers determined that the building did not meet minimum housing code standards and ordered the building demolished or otherwise made safe; and

Whereas, said Hearing Officers have filed a report of their findings and order with the Lansing City Council, and have requested the City Council to take appropriate action under Section 9A-13 of the Lansing Uniform Housing Code and the housing law of Michigan, to require that said building be demolished or otherwise made safe; now, therefore be it

Resolved, that a hearing be scheduled for November 14, 1977 at 7:00 o'clock, at the chambers of the Lansing City Council, to review the findings and order of the Hearing Officers, and to approve, disapprove, or modify said order, and that the owner shall have the opportunity to appear at the hearing and show cause why the aforesaid building should not be demolished or otherwise made safe; now therefore be it further

Resolved, that written notice of the time and place of said hearing shall be personally served or mailed by certified mail, return receipt requested, to said owner in whose name the property appears according to the last local tax assessment records; and that said notice shall be served or mailed at least ten (10) days prior to said hearing.

By Committee on Buildings and Properties—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing does hold title to property described as:

The East 10 feet of Lot 30, Kudner's Subdivision, City of Lansing, Ingham County, Michigan,

and

Whereas, the property is not required for street right of way, utility service lines or other valid use by the City; and

Whereas, the Buildings and Properties Committee has recommended that this property be deeded to the adjacent property owner on the east in order to reinstate the property on the tax rolls,

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

Now, Therefore, Be It Resolved that the Mayor and City Clerk are hereby authorized and directed to execute a Quit Claim Deed in the following manner:

To: Lowden J. Henderson and Thalia M. Henderson
936 Holten Street
Lansing, Michigan

being deeded upon the receipt of One ($1.00) Dollar.

Adopted by the following vote:

Yeas: Councilmen Adado, Baker, Belen, Brenke, Gunther, Hull, McKane—7.

Nay: Councilman Blair—1.

By Committee on Parks and Recreation—

Resolved by the City Council of the City of Lansing:

Whereas, on July 5, 1977 the City Council authorized a contract with the Popular Arts Workshop for the painting of a commemorative bicentennial mural on a wall of the Shiawassee Bridge, and

Whereas, the mural was to be completed by October 15, 1977 but because of weather conditions completion by that date has not been feasible, and

Whereas, it is the recommendation of the Popular Arts Workshop to postpone completion of the mural until warm weather will allow for the proper curing of paint,

Now, Therefore Be It Resolved, the contract with the Popular Arts Workshop for the bicentennial mural be extended for a period of seven months to terminate on May 15, 1978.

Adopted by the following vote:

Unanimously.

By Councilman Richard Baker—

Resolved by the City Council of the City of Lansing:

Whereas, the Board of Water and Light, in its capacity as billing agent for the City of Lansing Sewage Disposal System, has on occasion encountered situations requiring the refund of sewerage charges, and

Whereas, these refunds receive prior authorization from the Director of Public Service, and

Whereas, it is the intention of the City of Lansing to treat the customers of the Sewage Disposal System in a fair and equitable manner,

Now Therefore Be It Resolved, that the Public Service Director shall authorize the Board of Water and Light to pay simple interest at the rate of five percent on amounts to be refunded, in addition to the amount of the refund, should one of the two following situations occur:

1) The refund arises from a payment made twelve months or more prior to the date of the refund.

2) The refund arises from a series of payments, the first of which was made twelve months or more prior to the date of the refund.

Adopted by the following vote:

By Councilmen Hull, Belen, Baker, Brenke, Blair, and McKane—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing is the Capital City of Michigan and contains within its boundaries the seat of Michigan government; and

Whereas, the actions of state government have profound effect upon the City of Lansing; and

Whereas, it is desirable to maintain a close and positive working relationship with the Michigan legislature, the Executive branch and state government in general;

Now, Therefore, Be It Resolved that the City Council declares its intent to secure the services of a highly qualified legislative agent to work under the direction of the City Council and the Mayor; and

Be It Further Resolved that the Committee of the Whole shall establish policy relating to the securing of the services of a legislative agent, to establish the lines of authority between the Council and the legislative agent, and the procedures for directing the efforts of the legislative agent.

Adopted by the following vote:

Unanimously.

By Community Development Committee—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing and the United States of America have entered into an Agreement providing the City of Lansing with a grant to plan and implement a Community Development Program; and

Whereas, the City of Lansing through the Human Resources Department desires to engage El Renacimiento, Incorporated, to perform various services and activities and to accomplish certain objectives, in connection with said Community Development Program; and

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

Whereas, the City of Lansing, through the Human Resources Department desires to enter into a new Non-expendable Property Use Contract with El Renacimiento, Incorporated to provide for a Spanish news publication, effective from July 1, 1977 through June 30, 1978; now, therefore, be it

Resolved, that the Mayor and the City Clerk are hereby directed to sign said proposed Contract on behalf of the City of Lansing, after approval as to form by the City Attorney.

Adopted by the following vote:

By Committee on Personnel—

Resolved by the City Council of the City of Lansing:

Whereas, pursuant to the Federal Water Quality Act the City of Lansing has constructed and staffed a tertiary water treatment plant which includes the operation and maintenance of special sludge incineration machines and processes; and

Whereas, City personnel now classified as Utility Man IIIAB and assigned to the Wastewater Treatment Plant will, during the week of November 1, 1977, conclude a contractually specified training period in the operation and maintenance of these machines; now

Therefore Be It Resolved that effective November 1, 1977 the City Personnel Director is authorized and he is hereby directed to reclassify three (3) positions of Utility Man IIIAB, assigned to the Wastewater Treatment Plant, to Plant Operator IVA provided that an appropriate Committee on Finance Resolution is adopted transferring the necessary $1,335 to cover the anticipated increased costs for the remaining two thirds of the current fiscal year.

ZONING

By Councilman Baker—

Whereas, by petition duly filed on the 6th day of June, 1977, this council was petitioned to change the following described property fron "A" One Family Residence District to "C" Two Family Residence District all as set forth in the Zoning Code of this city, and

Whereas, due notice as required by law has been given for a public hearing on said petition, and

Whereas, at such hearing held on the 6th day of September, 1977, all parties interested therein were heard and given due consideration, and

Whereas, the property involved is described as:

Z-20-77 — Northwest corner Waverly/Glenburne and Southwest corner Waverly/Limerick Circle.

More particularly described as:

Lots 1, 2, 3 and 4 and 14, 15 and 16 Glenburne Subdivision, City of Lansing, Ingham County, Michigan,

from "A-1" Family Residential District to "C-2" Family Residential District.

Whereas, pursuant to Act 207, P.A. 1921, the Planning Board advised the City Council to deny the request as filed and further recommended that Lots 1 through 4, inclusive, be rezoned from "A-1" Family Residential District to "C-2" Family Residential District and the balance of the property, being Lots 14, 15 and 16 of Glenburne Subdivision, fronting on Limerick Circle remain in their present zoning classification, which is "A-1" Family Residential District; and

Whereas the Planning Committee of Council, to whom was referred the report of the Planning Board, did not concur therewith but recommended that Lots 1, 2, and 3 of Glenburne Subdivision be rezoned from "A-1" Family Residential District to "C-2" Family Residential District and the balance of the property, being Lots 4, 14, 15 and 16 of Glenburne Subdivision remain in their present zoning classification, which is "A-1" Family Residential District, and further that no building permits for duplex dwellings (two family homes) be issued for Lots 1, 2 or 3 until such time that documents are submitted to the Building and Planning Departments which show that the deed restrictions for the property have been modified to allow two family homes on Lots 1, 2 and 3;

Now, Therefore, Be It Resolved that the Council of the City of Lansing ordains that the petition to rezone the above described property from "A-1" Family Residential District to "C-2" Family Residential District be denied; and

Be It Further Resolved that Lots 1, 2 and 3 of Glenburne Subdivision be rezoned from "A-1" Family Residential District to "C-2" Family Residential District and the balance of the property, being Lots 4, 14, 15 and 16 remain in their present zoning classification, which is "A-1" Family Residential District; and further that no building permits for duplex dwellings (two family homes) be issued for Lots 1, 2 and 3 until such time as documentation is submitted to the Building and Planning Departments which shows that the deed restriction for this property have been modified to allow two family homes on Lots 1, 2 and 3.

By Councilman Gunther—

Convenience Outlets are, for the purpose of this Code, duplex receptacles.

Branch circuits that supply appliances or other convenience outlets shall not supply fixed lighting and shall be 20 amp rated, with not more than 10 convenience outlets on any one branch circuit.

Article 210-25 (b). Dwelling Type Occupancies, is hereby amended by adding the following:

All convenience outlets in kitchens, dining rooms, and breakfast rooms shall be rated at five (5) amperes per outlet and circuits shall be installed accordingly.

At least one outlet for each four (4) linear feet of work surface with at least one outlet to serve each work surface kitchen counter top area, these outlets to be 3 wire, 115/230 volt, 20 ampere branch circuit, equipped with the split-wired receptacles. These receptacles (devices) shall be 20 ampere rated.

A separate 115 volt appliance circuit supplying only one outlet rated at twenty (20) amperes shall be installed in each laundry area. Such outlet shall be not more than three (3) feet from the hot and cold water supply installed for the laundry machine.

All new basements shall have two (2) general purpose duplex receptacles installed on opposite walls.

Article 210-25 (c). Guest Rooms, is hereby amended by adding the following:

Multiple dwelling occupancies of wood frame construction used as dwellings and the feeders for those units may be wired by any approved method stipulated in the National Electrical Code.

Article 210-26 (a). Dwelling Type Occupancies, is hereby amended by adding new subsection (a) to Exception No. 1, as follows:

(a) In habitable rooms where Exception No. 1 is applied, all closets shall have an approved light, wall switch control.

Article 210-26. Lighting Outlets Required, is hereby amended by adding new subparagraph (c) as follows:

(c) Stairway Lighting. All stairways shall have adequate lighting with multiple switch control.

Article 220-2 (d). Loads for Additions to Existing Installations, is hereby amended by adding new subparagraph (3) as follows:

(3) Existing residential buildings. Any addition or remodeled or rebuilt parts of existing residential buildings shall be wired in accordance with the electrical ordinance.

Article 230-31. Size and Rating, is hereby amended by adding the following:

Service conductors shall have ampacity not less than the rating of the main service switch or the combined ratings when more than one service switch is permitted.

Article 230-50 (a). Service Entrance Cables, is hereby amended by adding the following:

Service conductors for any commercial or industrial buildings shall be enclosed in heavy wall, galvanized or aluminum conduit, or approved PVC and intermediate conduit, or may be a bus-duct assembly approved for service installations.

Service conductors for any residential installation shall be enclosed in rigid galvanized, aluminum conduit, electrical metallic tubing, intermediate conduit or approved PVC.

Article 230-71. Maximum Number of Disconnects, is hereby amended by adding new subparagraph (c) as follows:

(c) Service Entrance Conductors. A single set of over-current protective devices

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

and a disconnecting means shall be installed for each set of service entrance conductors for single family dwellings.

Article 230-72 (c). Location, is hereby amended by adding the following:

Service equipment shall be located not less than thirty-six (36) inches from any inside gas meter.

Article 230-77. Indicating, is hereby amended by adding a new paragraph as follows:

All electrical installations shall have the installer's or contractor's name permanently attached to the service entrance panel. The above shall be completed before a final inspection is called for.

Article 240-24 (b). Occupant to Have Ready Access, is hereby amended by adding a new paragraph as follows:

Any building used for more than one (1) occupancy shall have each occupancy wired with separate circuits and the circuit protection shall be accessible at all times to the occupant it serves.

Article 300-1. Scope, is hereby amended by adding a new subparagraph (c) as follows:

(c) Permanent Wiring in Commercial and Industrial Buildings. In commercial and industrial buildings, all permanent wiring shall be rigid conduit or electrical metallic tubing, intermediate conduit, approved PVC, except buildings of wooden frame construction may be wired with flexible metallic conduit when a separate grounding conductor is installed with the conduit or feeder conductors.

Article 422-8. Flexible Cords, is hereby amended by adding a new subparagraph (d) as follows:

(d) Under-sink Garbage Disposal Units. Under-sink garbage disposal units shall be wired with a separate circuit terminating with an overcurrent running protective device of the proper rating and a plug-in receptacle. The disposal unit shall be connected through a three-wire cord and grounding type plug cap.

Article 424-3. Other Articles, is hereby amended by adding a new subparagraph (a) as follows:

(a) Mechanical Equipment Wiring. Motors on mechanical equipment shall be individually protected, controlled by externally operated switches and independently of other circuits. Disconnecting means shall be accessible external to the unit. Exposed wiring shall be protected in conduit within seven (7) feet of floor. Flexibility where essential is limitedly permitted to controls. The fuseholder and switch shall be within five (5) feet of unit and floor.

A permanently energized 120 volt receptacle shall be located within twenty-five (25) feet of the equipment for service and maintenance purposes.

Low voltage wiring of 50 volts or less within a structure, shall be installed in a manner to prevent physical damage. Such wiring, exposed to weather, shall be installed in conduit approved for exterior use.

Article 700-6. Systems, is hereby amended by adding a new subparagraph (f) as follows:

(f) Auxiliary Lighting System. The owner or operator of every theater, motion picture house, night club, private club, dance hall, restaurant, department store, school, hotel, motel, multiple dwelling or any other place of assembly with a rated capacity of fifty (50) or more people when occupied after sunset or requiring electrical lighting during daylight hours, shall provide and maintain an auxiliary lighting system, separate from the regular system and adequate to provide illumination for orderly evacuation of the premises in the event of interruption of the normal lighting system, and shall maintain such system as set forth in this Article 700, except that paragraphs 700-6 (c) and (d) shall not be considered as meeting the requirements of this Code for the purpose of this paragraph.

Section 2. All ordinances or parts of ordinances inconsistent with the provisions hereof are hereby repealed.

Section 3. This ordinance shall become effective ninety (90) days after the date of passage.

REPORTS OF CITY OFFICERS AND BOARDS

October 27, 1977

Honorable Mayor and Members

of the Lansing City Council

Re: Claim of Mrs. George B. Wight in the amount of $179.26

Dear Mayor and Council:

The above captioned matter was referred to this office for investigation and recommendation.

In this situation the claimant, who is a monthly permit holder at the South Grand ramp, asserts that as she was leaving the street level of the parking area at the south exit of the ramp on September 8, 1977 at approximately 5:45 p.m. that her car struck an overhead sign which was hinging down resulting in damage to the right corner of the windshield and roof of her vehicle.

Presently the state law provides that governmental agencies such as the City of Lansing have the obligation to repair and maintain public buildings and structures under their control and that they are liable for bodily injury and property damage resulting from the dangerous or defective condition of a public building or structure provided that the governmental agency had actual or constructive knowledge of the defect and had a reasonable time after acquiring knowledge to repair the condition but failed to do so. MCLA 691.1406; MSA 3.996(106).

The Traffic Department has advised this office that it had received no complaints regarding the sign prior to the alleged incident in question and that workmen noticed the condition of the sign upon returning to work the morning of September 9 and undertook immediate repairs of the sign.

Based upon the information supplied by the Traffic Department it is apparent that the city did not have either actual or constructive notice of the condition of the sign at the time the accident allegedly occurred and upon obtaining notice, promptly undertook appropriate repair.

Therefore applying the facts presented to the applicable statute discussed above, it is the opinion of this office that the City of Lansing is not liable as a matter of law and that the claim in question should be denied.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

By Councilman Adado—

Re: Claim of Mr. and Mrs. Lee Dibble in the amount of $10.16

Dear Mayor and Council:

The above capitoned matter was referred to this office for investigation and recommendation.

In this matter the claimants alledge that the front bedroom window of their home located on Wood Street was broken by an errant golf ball from the Groesbeck Golf Course.

The Director of Parks and Recreation has informed this office that Groesbeck Golf Course is operated at a profit.

Currently the state law provides that municipalities are not immune from liability for personal injury or property damage when engaged in an activity conducted for profit. Further, there has been no evidence presented which would indicate that the incident in question did not happen and prior experience would indicate the probability of such an accident occurring.

Therefore, based upon the foregoing it is the recommendation of this office that the claim in question be paid.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney,

By Councilman Adado—

That we cnocur in the recommendation of the City Attorney and the City Clerk be and she is hereby directed to draw a warrant on the City Treasurer payable to Mr. and Mrs. Lee Dibble in the amount of $10.16.

Gentlemen:

Subject: Community Design Center — Non-Expendable Equipment

As you know, the subject of continued contracting with the Community Design Center has been under consideration by several Council committees for some time. During this time, we have been able to account for non-expendable equipment purchased by this agency in the past by relying on the non-expendable clause in the building rental contract, which will expire on October 31, 1977.

We were hopeful that a City Council decision would have been made by this time, and that the equipment issue would be handled during that process. At this point, we need direction on whether to proceed to recover said equipment, or to continue awaiting your decision. Moving the equipment to city storage facilities will be an expensive proposal and we would not want to have to subsequently move the equipment back to the Community Design Center.

Your policy guidance on this matter will be appreciated.

Five bids were received for a new street flusher. The low bid submitted by Rhynard Truck was an incomplete bid as it was for the cab and chassis only. The lowest and best bid that most nearly met our specifications and would guarantee that we could use calcium chloride for dust control without affecting the warranty was that submitted by the Chausse Mfg. Company, Inc., for a total delivered price in the amount of $30,942.00. This price includes $1,451.00 in excise tax which will be deducted making their net bid $29,491.00. for the purchase of abandoned railroad right-of-way; and,

Whereas, the railroad right-of-way extending from the south end of the riverfront drive adjacent to Alex's Restaurant and extending further south to the Grand Trunk Rail line is available for purchase; and,

Whereas, the acquiring of this railroad right-of-way is in conformance with the City of Lansing's Riverfront Acquisition and Riverfront Development Program; and,

Whereas, the acquisiiton of this abandoned railroad property could be easily converted to recreational use for the Red Cedar Hiking/Biking Path and provide additional river frontage for recreational purposes and support the proposed "Salmon Fishing on the Grand" project; and,

Whereas, the monies provided for this acquisition and preparation of the railroad property for recreational purposes will be available on a 90%-10% match of which 10% can be provided by in-kind and/or hard match dollars; and,

Whereas, the estimated acquisition cost for the total link of the abandoned property and bike paths and other construction costs will total an estimated $1,150,000 of which the city's match share of 10% or $115,000 could be provided from Urban System Funds;

Now, Therefore, Be It Resolved that the Program Coordinator is authorized to prepare and submit a preliminary application for funds to acquire and develop the above indicated railroad right-of-way.

Adopted by the following vote:

Unanimously.

By Councilmen Brenke and Blair—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing has been informed that certain monies may be available through Title V of the Older American *Act; and,*

Whereas, these monies could be used to make certain modifications to the Miller Road Community Building, such modifications would allow the buildings to be converted for use as a South End Senior Citizens Center; and,

Whereas, costs of these modifications will be an "estimated" $165,000 of which 25% of the "estimated" total cost or $41,250 will be provided by a cash match by the City of Lansing; and,

Whereas, monies available for the necessary modifications currently are available in the Parks and Recreation Department Miller Road Accounts No. 249-720-631-971 ($6,000) and No. 249-720-639-974 ($6,200) with the balance of $29,050 to be provided by the Federal General Revenue Sharing Estimated Revenues Account No. 249-000-000-160;

Now, Therefore, Be It Resolved that the Parks and Recreation Director and the Finance Director, as appropriate, are directed to reserve the monies as indicated in the accounts above for the specific purpose of providing the city's match share for this grant application and, if the grant is approved, to take the appropriate action to transfer the above monies to an appropriate account as designated by the Finance Director; and,

Be It Further Resolved that the Program Coordinator, in coordination with the Parks and Recreation Director, is authorized to prepare and submit a grant application; and,

Be It Finally Resolved that should this grant application be approved for funding, that the Mayor and City Clerk are authorized to sign all subsequent contractural documents for acceptance of this grant after approval by the City Attorney as to form.

Gentlemen:

Subject: Redevelopment Proposals Received for Parcel 6, Project No. 1, Mich. R-87

This is to advise you that the Housing and Redevelopment Advisory Board, at its meeting held on October 25, 1977, did review and consider each of the two (2) redevelopment proposals that have been received for Parcel 6, Project No. 1, Michigan R-87. Parcel 6 is located at the southeast corner of the intersection of Shiawassee Street and the Washington Square Mall, having 132 feet of frontage on the Mall. A summation of each of the two proposals is as follows:

1. Hallmark Development Company

On September 23, 1977, a proposal to purchase and redevelop the subject property was received from Hallmark Development Company, whose current address is 501 South Capitol Avenue, Lansing, Michigan. Hallmark proposes to construct a two story building, plus basement, containing roughly 25,000 gross square feet. The building facade would be brick with color tones to blend with nearby buildings, accented with gold and solar glass. The proposed uses include retail, business offices, food and residential, in a combination to be defined at a later date when actual tenancy is determined. The architectural work on the proposal submission was done "in-house" and final plans and specifications would be sealed by Architects International. The proposed starting date would be early summer of 1978. The capital investment of the basic structure has been estimated at $500,000 and site improvements at $125,000 for a total of $625,000. The proposed building is L-shaped, covering roughly 80% of the site. Financing would be either self, pension funds, or savings and loan, to be determined on the basis of the most attractive bid available on the money market at the time. Hallmark Development has stated, in writing, that this is the minimum they would do on this project. Verbally, they have stated that they might be able to construct a larger facility depending on tenancy. A good faith deposit of $2,145 (5% of the $42,900 land sale price) has been received.

2. Vector Construction, Inc.

On October 21, 1977, a proposal to purchase and redevelop the subject property was received from Vector Construction, Inc., whose current address is P.O. Box 19039, Lansing, Michigan. Vector proposes to construct a four-story building, plus basement, containing roughly 66,000 gross square feet. The building facade would be brick on all exposed sides, color coordinated with the surrounding mall architecture, with an insulated glass antrium, structurally supported by a steel and aluminum frame, on the building face fronting on the Washington Square Mall. The proposed use of the building is executive office accommodations. The architectural work is to be done by Manson, Jackson and Kane, with Mr. William Kane being the principal architect. The proposed starting date would be Spring, 1978, with a scheduled completion period of twelve months. The capital investment, including all architectural, mechanical, electrical, labor and materials, is estimated by Vector to be roughly $2,500,000. The proposed building would cover 100% of the site, with a portion of the atrium possibly being located in the mall right of way. Vector advises that the required financing has not been obtained, but that efforts are presently underway to secure same. A good faith deposit of $2,145 (5% of the $42,900 land sale price) has been received.

At its meeting on September 27, 1977, the Housing and Redevelopment Advisory Board referred the Hallmark proposal to its Proposal Review Committee for review and study. On October 11, 1977, the Proposal Review Committee met to consider the proposal and requested departmental staff to ask Hallmark to make every effort to clarify its building plans and amplify the building. By letter dated October 20, 1977, Hallmark Development responded that it "could develop proper drawings" only if the proposal was conditionally accepted by the City of Lansing and Hallmark was provided "some legal right to represent the land for one hundred and twenty days."

On October 25, 1977, the Proposal Review Committee again met. At this meeting, Hallmark's response and the Vector proposal were both reviewed. The Proposal Review Committee decided to recommend to the Housing and Redevelopment Advisory Board that the Board recommend to the Lansing City Council that although both proposals are conceptually in accordance with the development objectives expressed in the Urban Renewal Plan for Parcel 6. the Vector proposal should be conditionally accepted, subject to further review of the working drawings and specifications when they are available and also subject to the negotiation of the terms and conditions of a contract for sale of land for private redevelopment, by and between Vector Construction, Inc., and the City of Lansing, for the following reasons:

1. The Vector proposal contains more than twice the square footage of the Hallmark proposal and the Vector proposal would provide four (4) times the amount of tax base as the Hallmark proposal; that is $2,500,000 versus $625,000.

2. The Vector proposal appears to provide an opportunity to generate a more architecturally significant building than does the Hallmark proposal.

This recommendation is consistent with the departmental staff position on this matter.

The Housing and Redevelopment Advisory Board, at its meeting held on October 25, 1977, received the above recommendation of the Proposal Review Committee and unanimously concurred therein, after suspending its rules to receive comments from the representative of Hallmark Development. Hallmark's representative explained its position

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

on this matter and again stated that additional architectural drawings would not be provided until it was provided site control so tenancy could be finalized.

The Board further requested that the staff make every effort to attempt to interest Hallmark Development in other sites available.

It should be fully understood that both proposals lack firm financing arrangements at this point. Both proposals have the potential to result in successful and acceptable developments. The Housing and Redevelopment Advisory Board and the Housing and Redevelopment staff recommend that the Lansing City Council instruct us to work with the Vector proposal for the reasons set forth above, and that the good faith deposit received from Hallmark be promptly refunded if you concur with the recommendation contained herein. We are prepared to attempt to work with Hallmark, if you determine to reject our recommendation. Hallmark has verbally advised several staff members that its proposal on Parcel 6 was a "trial run" and could result in additional development of other available urban renewal parcels, and we have no reason, at this point, to doubt these intentions. However, on the basis of the proposals now in hand, our recommendation has been made.

We urge your timely consideration of this matter.

Sincerely,

City of Lansing, Michigan,
Housing and Redevelopment
Advisory Board,

RONALD G. STONEHOUSE,
Secretary.

Mr. William Brenke, Mayor Pro Tem

and Council Members

10th Floor, City Hall

Dear Mr. Brenke and Councilmen:

Attached is an application for a License as a Public Driver for Hailey Lewis Garnart. A check of the criminal history on this subject shows that there are four outstanding warrants, plus numerous criminal charges still pending. Also on his record is a conviction for a felony in Clinton County, that is, Uttering and Publishing non-sufficient funds over $50.00, the date of this sentence being September 6, 1974.

In compliance with the ordinance, I recommend that his license application be disapproved.

Sincerely,

RICHARD A. GLEASON,
Chief of Police.

Honorable Mayor Pro-Tem and Members

of the Lansing City Council

City Hall

Lansing, Michigan

Dear Mayor Pro-Tem

and Council Members:

This office has been advised by the Community Development Office, that Gilbert Salazar has not attended meetings of the Citizens' District Council NDA No. 3 (Peripheral Area), since June; letters forwarded to him by the Community Development Office have received no reply. Therefore, I am submitting to you for your consideration and confirmation, the name of Fr. Thomas McCloskey to fill said vacancy, which term expires in March of 1980.

Fr. McCloskey was born and raised in Howell, Michigan, until his eighth year of school whereupon he entered Sacred Heart Seminary in Detroit; upon completion of his studies at the minor seminary, he transferred to St. John's Seminary in Plymouth, Michigan. After ordination in 1969, Fr. McCloskey was assigned to St. Michael's Church in Flint, was subsequently transferred to St. John's Church in Fenton, and on July 1, 1976, assumed his present duty as Pastor of Cristo Rey Center.

Fr. McCloskey is very familiar with the area, having been instrumental in 1966, in the moving of Cristo Rey from a downtown location to its present site. Since returning to Cristo Rey last year, Fr. McCloskey is kept busy working with the residents in the area and in the performance of his Church duties and responsibilities.

Fr. McCloskey resides in DeWitt, but maintains his official address at Cristo Rey, 1314 Ballard Street, Lansing, Michigan.

Trusting this recommendation meets your approval, I remain

Sincerely,

GERALD W. GRAVES,
Mayor.

RESOLUTIONS

By Councilmen William Brenke, Robert Hull and Louis Adado—

Resolved by the City Council of the City of Lansing:

That the bid submitted by Brown Brothers Construction, Inc., for the East Michigan Avenue Tree Well Preparation Public Works Project (EDA Project No. 06-51-22492, B-77-851), be approved, and accepted as the best and lowest acceptable bid in the amount of $29,692.90, subject to approval of said bidder and proposed subcontractors by the Economic Development Administration of the U.S. Department of Commerce, as evidenced by EDA approval to Form ED-530, Parts A and B; and

Be It Further Resolved that the Mayor and City Clerk be and are hereby authorized and directed to execute a contract with Brown Brothers Construction, Inc., on behalf of the City of Lansing, according to said bid presented and specifications on file, upon approval as to form of the contract and bonds and insurance policies by the City Attorney, and upon certification as to the availability of funds in Account No. 184-936-823-974 by the Finance Director, and upon approval of EDA in the manner herein specified, and

Be It Finally Resolved that said contract shall not be valid or binding upon the City of Lansing unless and until executed by the Mayor and City Clerk.

Adopted by the following vote:

Unanimously.

By Committee on Finance—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing in creating the Tri-County Office on Aging is responsible for the accounting of said office; and

Whereas, on November 15, 1976, the City Council did authorize the Mayor and City Clerk to enter into a cooperative agreement with the Tri-County Office on Aging for said accounting services; and

Whereas, said cooperative agreement has expired on September 30, 1977 and a new 12 month agreement has been negotiated between the Office on Aging and the City Controller's Office; and

Whereas, the terms and conditions of said agreement do meet with the approval of the Controller:

Now, Therefore Be It Resolved, that the Mayor and City Clerk are hereby directed to sign said cooperative agreement after the approval as to form by the City Attorney.

Adopted by the following vote:

Unanimously.

By Committee on Buildings and Properties—

Resolved by the City Council of the City of Lansing:

That the City Assessor be, and he is hereby directed to spread on the July, 1978 Tax Roll (L-13), the cost of cutting weeds in the year 1977, in the amount of $1,975.00, as reported this date by the Building Commissioner.

to the State of Michigan on the 2nd day of May 1977 through nonredemption from the county treasurer May 4, 1976 tax sale.

Whereas, said lands are now under the jurisdiction of the Department of Natural Resources and may be withheld from the first sale at which they are scheduled to be offered for the purpose of redemption on behalf of the former owner as provided for in Section 131c of Act 206, Public Acts of 1893, as amended.

Now Therefore Be It Resolved by the City of Lansing that application is hereby made to the Department of Natural Resources to withhold said lands from sale, and,

Be It Further Resolved that said City of Lansing does hereby authorize the county treasurer to collect all delinquent taxes on said lnads if application is made by the owner thereof during the period for which said lands are withheld from sale by this application.

CERTIFICATION

I hereby certify that the above is a true and correct copy of a resolution offered and adopted by the City of Lansing on the 31st day of October, 1977.

THEO FULTON,
Clerk of Lansing.

Adopted by the following vote:

Unanimously.

By Committee on Public Safety—

Resolved by the City Council of the City of Lansing:

That the appointment of Roland Arnold, term expiring June 30, 1979, and John J. Vlahakis, term expiring June 30, 1981, to the Traffic Board, be confirmed.

By Committee on Public Service and Highways—

Resolved by the City Council of the City of Lansing:

That the request of the Cathey Company to reduce the North 25 ft. of the 50 ft. Weigman Drain Easement that extends across the South side of Lot 12, Rensen Center Subdivision, be approved.

Be It Further Resolved that the City Clerk be directed to have said abandonment of that portion of the Weigman Drain easement recorded with the Registrar of Deeds upon the approval as to form by the City Attorney.

Adopted by the following vote:

Unanimously.

By Committee on Public Service and Highways—

Resolved by the City Council of the City of Lansing:

Whereas property located in the 4700 block of Bristol Road was rezoned from A-1 Family Residential District to CUP District, Ordinance No. 1548, May 17, 1971, and

Whereas in said rezoning change the Council of the City of Lansing requested that an improved walkway be provided across the proposed development to the Reo Elementary School site; and

Whereas said approved plan for this project designates the walkway to be established along the south line of the property; and

Whereas said walkway was never fully developed; and

Whereas it is now necessary to secure easement for the development of the walkway in the future as necessity demands;

Now, Therefore, Be It Resolved that the City Attorney's office is hereby directed to negotiate with the property owner and attempt to secure a ten foot (10') wide easement along the south property line for the purpose of providing pedestrian access from the Bristol Road area to the Reo Road Elementary School site. Approved plans for this project are on file in the Planning Department office.

Adopted by the following vote:

Unanimously.

By Committee on Buildings and Properties—

Resolved by the City Counci lof the City of Lansing:

Whereas, Section 3.1 (b) (1) of the City Charter provides for the abatement of con-

ditions which may be dangerous to the health, safety, morals, and welfare of the inhabitants of the City, and;

Whereas, the Charter also provides that all costs for the abatement of such conditions shall be charged as a special assessment against the real property on which the hazard or nuisance is located, and;

Whereas, there is a significant cost incurred by the City to administer this responsibility, to include conducting inspections, researching property records, sending notifications, conducting pubilc hearings, maintenance of records, and applying costs to tax rolls;

Now Therefore Be It Resolved that effective January 1, 1978, the following fees be established:

Weed Cutting and Trash Removel—Seventy Dollar ($70.00) Service Charge per each effected property,

Removal of a Dangerous Building—Two Hundred Seventy Dollars ($270.00) for each effected property, and;

Be It Further Resolved, that such fees shall be added to all other costs incurred for the removal of dangerous conditions, and that the total cost shall be assessed against the real property on which the hazard or nuisance was located, and;

Be It Further Resolved, that such administrative charges be reviewed annually to insure they reflect the actual cost for administering this work.

Adopted by the following vote:

Unanimously.

By Committee on Public Safety—

Resolved by the City Council of the City of Lansing:

Whereas, the Lansing Fire Department has traditionally accepted for repair and maintenance the fire equipment of surrounding government fire departments; and

Whereas, the Lansing Fire Department performs said repair services at cost in accommodation of the other departments who are not sufficiently equipped; and

Whereas, the Lansing Fire Department is adequately staffed and equipped to perform fire equipment repairs; and

Whereas, the City Attorney has issued an opinion regarding such fire equipment repairs, and recommended a form agreement limiting the liability of the City in such repair transactions; now, therefore, be it

Resolved, that the Lansing Fire Chief and his Assistant Chief are authorized to accept for repair non-city owned fire equipment, provided, that the city is released of any potential liability by execution of a waiver of liability form to be drafted and/or approved by the City Attorney.

Adopted by the following vote:

Unanimously.

By Community Development and Finance Committees—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing and the United States of America have entered into an Agreement to plan and implement a Community Development Program; and

Whereas, the Lansing Community Development plan provides for a comprehensive consumer program through the Housing Assistance Foundation/Consumer Services Program (PN-305); and

Whereas, the City of Lansing, through the Human Resources Department, entered into a Contract (PN-305) with the Housing Assistance Foundation/Consumer Services Program, effective from October 1, 1977 through September 30, 1978, in the amount of Forty-four Thousand, Eight Hnudred and Fifty ($44,850.00) Dollars; and

Whereas, the City of Lansing, through the Human Resources Department and the Housing Assistance Foundation/Consumer Services Program, mutually desire to revise the budget of said Contract, effective November 1, 1977, as follows:

FROM:

9417	Rent	$809.00

TO:

9001	Full Time Personnel	$704.00
9109	Fringe Benefits	105.00
	Total	$809.00

and

Whereas, the maximum compensation of Forty-four Thousand, Eight Hundred and Fifty and 00/100 ($44,850.00) Dollars remains unchanged for the Housing Assistance Foundation/Consumer Services Program's Contract effective October 1, 1977 through September 30, 1978; now, therefore, be it

Resolved, that the Mayor and City Clerk are hereby directed to sign said proposed Contract Amendment on behalf of the City of Lansing, after approval as to form by the City Attorney, and certification by the Fiscal Director as to availability of funds.

By Councilman McKane—

That this resolution be referred to the Committee on Finance.

By Councilman Hull—

Resolved by the City Council of the City of Lansing:

Whereas, a number of citizens and organizations express their pride and affection in their nation or state by displaying a flag; and

Whereas, it is the opinion of the City Council that many citizens and organizations would display a City of Lansing flag were such flags readily available; and

Whereas, the flag of the City of Lansing is not available for purchase to these citizens and organizations wishing to display it;

Now, Therefore, Be It Resolved that the Purchasing Director is requested to investigate the securing of an economic quantity of flags of the City of Lansing, and an appropriate distribution system for making City of Lansing flags available to those wishing to purchase said flags, and

Be It Finally Resolved that the Purchasing Director shall report his findings and recommendations to the Committee of the Whole for such action as may be appropriate.

By Committee on Planning—

Resolved by the City Council of the City of Lansing:

LS-24-77

3326 Parkview Avenue

More particularly described as:

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

The south 100 feet of Lots 200, 201 and 202 of Cedarbrook Subdivision, City of Lansing, Ingham County, Michigan

Whereas David Andrus has requested to divide the south 100 feet of Lots 200, 201 and 202 of Cedarbrook Subdivision into two parcels which would not conform to the minimum width requirements of the Subdivision Ordinance, Chapter 37; and

Whereas the Planning Board has reviewed this request and recommend that this request for lot division be denied; and

Whereas the Planning Committee of Council, to whom was referred the report of the Planning Board, concurs therewith;

Now, Therefore, Be It Resolved that the Council of the City of Lansing denies the request to divide the south 100 feet of Lots 200, 201 and 202 of Cedarbrook Subdivision into two parcels.

Adopted by the following vote:

Unanimously.

By Committee on Planning—

Resolved by the City Council of the City of Lansing:

LS-23-77

6433 Rosedale

and 6435 Rosedale

Whereas a request has been made to divide the property located at 6433 and 6435 Rosedale, more particularly described as:

The south 60 feet of the north 104 feet of the west 125 feet of Lot 21, Supervisor's Plat of Elmwood Farms, City of Lansing, Ingham County, Michigan;

and

Whereas the proposed division will create one lot which will have less than the minimum width as required by the Subdivision Ordinance, Chapter 37 of the Code of Ordinances; and

Whereas the Planning Board has reviewed this request and advised the City Council to approve the lot division; and

Whereas the Planning Committee of Council, to whom was referred the report of the Planning Board, concurs therewith;

Now, Therefore, Be It Resolved that in accord with Section 37-27 of the Subdivision Control Ordinance approval is given to divide the property as follows:

Parcel A—The south 55 feet of the north 104 feet of the west 125 feet of Lot 21, Supervisor's Plat of Elmwood Farms, City of Lansing, Ingham County, Michigan. (6435 Rosedale)

Parcel B—The north 49 feet of the west 125 feet of Lot 21, Supervisor's Plat of Elmwood Farms, City of Lansing, Ingham County, Michigan. (6433 Rosedale)

The above land descriptions are subject to any utility easements, as may be required by the Board of Water and Light and the Public Service Department. The applicant, however, stipulates and understands that if the lot split is granted by the City of Lansing, it does not necessarily mean that the applicant may proceed with the division of property. The applicant further understands that there may be some private restrictions contained in his deed or plat restrictions, which may or may not be recorded with the Registrar of Deeds, which run with the land. The applicant further understands that the City does not have any power or authority over these restrictions.

Adopted by the following vote:

By Committee on Planning—

Resolved by the City Council of the City of Lansing:

ROW-12-73

Amendment to Easement requirements for that portion of Olds Avenue, Division Street and Pine Street as officially vacated by the City Council at their meeting of January 28, 1974.

Whereas the City Council, at their meeting of January 28, 1974, officially vacated portions of Olds Avenue, Division and Pine Streets and in the second to the last paragraph of the resolution easement rights for public utility purposes were retained by the City of Lansing and the Board of Water and Light; and

Whereas in a letter dated October 5, 1977, Argonaut, a division of General Motors, has respectfully requested the City to review this matter and if they concur, amend the resolution of January 28, 1974 to extend those easement rights to Michigan Bell Telephone Company and Consumers Power Company; and

Whereas the Planning Committee of Council, who has reviewed the request and recommends that the resolution as adopted on January 28, 1974 be amended to include Michigan Bell Telephone Company and Consumers Power Company and any other utilities;

Now, Therefore, Be It Resolved that the Council of the City of Lansing officially amends the resolution of January 28, 1974 relating to the second to the last paragraph, which shall now read:

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

"Be It Further Resolved that the above described parts of Olds Avenue, Division Street and Pine Street as vacated are hereby subject to an easement for public utility purposes to be used for the continued maintenance of existing utility facilities located therein by the City of Lansing, Board of Water and Light, Michigan Bell Telephone Company, Consumers Power Company and any other public utility."

By Councilman Baker—

Resolved by the City Council of the City of Lansing:

Whereas, in accord with Act 28, P.A. 1977 of the State of Michigan, the Michigan Department of Social Services has referred a request by Nancy J. Bryant, representing the Maple Lodge, for the licensing of foster care facility to house a maximum of six (6) foster adults upon the premises known as 601 West Maple Street, more particularly described as:

Case No. FCF-4-77

3301-09-306-171

Lots 8 through 13 inclusive, Assessor's Plat No. 88, City of Lansing, Ingham County, Michigan; and

Whereas upon review by the Planning Department, it was discovered that the proposed facility is located within 1500 feet of the Pych Family Care Home, presently licensed for the care of one (1) foster adult upon the premises known as 745 Wisconsin Street; and

Whereas in accord with the provisions of Act 28, P.A. 1977, the State licensing agency shall not license a proposed residential facility when another state licensed residential facility exists within 1500 feet unless permitted by local zoning ordinances; and

Whereas under Section 36-42(12) of the Lansing Zoning *Code, state licensed* residential facilities are not allowed in any district except by Special Use Permit; and

Whereas the City of Lansing cannot, therefore, recommend the licensing of this facility until and unless a Special Use Permit is granted by the City Council in accord with Section 36-42(12);

Now, Therefore, Be It Resolved that the City Council of the City of Lansing does not recommend the licensing of the proposed foster care facility on the above described premises; and

Be It Further Resolved that the Clerk is hereby directed to return the license application notice to the Michigan Department of Social Services indicating that the license is not recommended.

By Councilman Baker—

That this resolution be referred back to the Committee on Planning for a period of one week.

Carried.

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

Whereas, the City Council is responsible for the establishment of policy for the City of Lansing, and

Whereas, the City Council is desirous of establishing policies relative to the budget and financial management, and

Whereas, the Committee of the Whole has carefully reviewed the recommendations made by the Director of Finance,

Therefore, Be It Resolved, that the following will be the policy of the City Council:

1) That no special projects or grants be applied for or accepted without joint review and assessment by Finance and the implementing department(s) with a written report made to the Mayor and the Council.

2) (a) That to provide greater administrative flexibility in budget administration the Council will adopt a less restrictive level of budget detail after review of the more specific breakdown of accounts. Specifically, the City Council will adopt an **Operating Expense** line which would include supplies, vehicle expenses, dues and subscriptions, board expenses, telephone, repair and maintenance, etc. To be excluded shall be salaries, wages, fringe benefits, contract items, equipment, utilities, conferences and workshops.

Further, that changes within the more specific detail be made through administrative procedure between the department and the Finance Office and that the Finance Department be required to submit a quarterly report of all such changes to the Finance Committee.

(b) That the City Council will only consider as interim transfers 1) emergencies not able to be anticipated at budget, 2) new or expanded program requirements that result from action by other agencies, 3) grant administration and 4) realignment of appropriations on bid or contractual items. All other items are to be considered in the regular budget cycle.

3) Capital Improvements:

(a) That building, development and major facility rehabilitation projects will be treated separately from requests for purchase of capital equipment items so that long range, capital development policies and strategies can be better formulated.

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

(b) Funding for equipment shall be done on a regular basis through the establishment of equipment replacement schedules and the establishment of a reserve for that purpose.

(c) All Capital Improvement proposals shall be evaluated within the framework of City policy and priorities. The desired level of total City investment in the Capital Improvement Program will be established by Council on a minimum three (3) year basis.

(d) All C.I.P. projects will be rated on a weighting scale.

(e) Capital projects will all be evaluated City-wide regardless of source of funding. Many projects undertaken with Act 51, Sewage Disposal, Community Development and other federal funds have substantial impact on other operations' annual budgetary requirements. All of these factors need to be assessed both in terms of relative priorities and the City's overall capabilities to sustain expanded facilities, resultant overhead, management and personnel costs. Funding determinations, including bonding options, will be the second phase of project evaluation. A staff review process in which Finance, Planning and the implementing department(s) staff issue a joint assessment of feasibility, operating and financial impact prior to project approval will be required.

Unanimously.

By Councilmen Belen, Baker, Brenke, Adado, McKane, and Gunther—

Resolved by the City Council of the City of Lansing:

Whereas, the Human Resources Department and Human Resources Advisory Board recommended Human Resources Policies and Consolidated Needs on October 24, 1977 as an amendatory to the Planning Department's Physical Master Plan Policies and Consolidated Needs Statements; and

Whereas, a Special Technical Committee was formed on September 19, 1977 who supplemented the Human Resources Policies and Needs for compilation of a Human Service Policy and Consolidated Needs Statement; and

Whereas, three meetings have been called for presentation of the aforementioned Policy and Consolidated Needs documents; and

Whereas, such documents provide General Guidance to the Human Resources Department, Police Department, Fire Department, Manpower Office, and Parks Department for Human Services Program Development for the City of Lansing and the preparation of long-range plans and general budget preparation; and

Whereas, certain departments, boards, as well as the City Council have not finally adopted said policies;

Now, Therefore, Be It Resolved that the City Council authorizes these departments to continue the preparation of a Human Service Master Plan; and

Be It Further Resolved that the individual departments involved are encouraged and requested to review these Policies for expansion, additions, modifications, and/or deletion as are deemed appropriate to increase the general well-being of the City as a whole, and transmit those changes to the City Council, and

Be It Finally Resolved that each department is hereby encouraged to prepare Program Recommendations and budgets consistent with the referred policies along with any modifications as part of their department budgets for consideration in the FY '79 Budget Submission.

Adopted by the following vote:

Unanimously.

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

Whereas, The Lansing Planning Board on August 16, 1977 adopted City Wide Physical Development Policies and recommended them to the City Council for adoption; and

Whereas, The Lansing City Council has reviewed these policies, and has, following discussion, modified, added to and deleted from the Policies recommended by the Planning Board; and

Whereas, The City Council desires to provide general guidance for the Physical Development of the City and the preparation of budgets to support that development; and

Whereas, The City Council on October 3, 1977 resolved to provide policy guidance for budget preparation on October 31, 1977;

Now, Therefore, Be It Resolved, that the City Council adopts the attached policies for the Physical Development of the City as long range guidelines for the development of the City; and

Be It Further Resolved, that the Lansing Planning Board is directed to prepare program recommendations for the FY 1979 budget which are consistent with these guidelines; and

Be It Further Resolved, that the individual Department's and Citizen Boards are encouraged and requested to review the Physical Development Policies as they apply to their Department and adopt these with such modifications, additions and deletions as they feel are appropriate to increase the general well being of the City as a whole, and to transmit those changes to the City Council, and

Be It Finally Resolved, that the City's operating and maintenance as well as Capital Budgets for FY-79, as prepared by the various City Departments and agencies, be developed in a manner consistent with those policies.

Adopted by the following vote:

Unanimously.

By Councilman Adado—

SUBJECT: Sale of City Property Near Airport and State Roads (Capital City Airport)

The City of Lansing as you are aware owns 87.37 acres of land on the Southeast corner of Airport and State Roads adjacent to the Capital City Airport which was placed on the ballot recently and approved for sale by the voters. It is my recommendation that the City of Lansing retain the westerly 13 acres of the parcel (lands closest to the southeast corner of Airport and State Roads) for future construction of a police pistol range/helicopter hangar facility. It is also my recommendation that the City sell the balance of the property or 74.37 acres to the Capital Region Airport Authority who has had the property professionally appraised and made an offer of approximately $950 per acre or $70,400, which is considered to be a "fair market price."

Your Committee's immediate consideration and recommendation to Council in this matter would be appreciated.

Bemark Subdivision No. 1

Final Plat

Honorable Mayor and

Members of City Council:

The Planning Board at their meeting of November 1, 1977, recommended that the final plat of Bemark Subdivision No. 1, be approved subject to the following conditions:

1) That the Deed or Abstract accompanied by an attorney's opinion as to the marketability of the land or a Certificate of Title Insurance be submitted to the City Clerk prior to the signing of the plat and the affixing of the Municipal Seal.

2) That final security be posted in the amount specified by the Public Service Department and the Department of Parks and Recreation.

3) That final clearance from the Board of Water and Light be obtained for the development.

The proposed plat consists of two lots, each approximately 6,000 square feet in area, both lots are zoned for one family dwellings.

The Board found that the final plat was in conformance of the approved preliminary plat and could be served by the necessary utilities.

November 4, 1977

Honorable Mayor and

Members of the City Council

Gentlemen:

A number of my constituents residing on or near Jerome Street (between Pennsylvania and Marshall), have indicated to me their concern over the number of speeding cars and trucks traveling Jerome Street. They advise that at peak traffic hours and upon hospital shift changes, it is not possible to carry on conversations in the living room of their houses.

Inasmuch as Jerome Street is, as the residents correctly point out, a residential area, it seems that we should be able to resolve some of their noise and traffic problems by slowing down the traffic, removing the trucks from residential streets, and encouraging the use of Michigan Avenue.

The residents further point out that between Pennsylvania and Marshall there are two traffic lights on Jerome Street as opposed to four lights on Michigan Avenue, and believe that this contributes to both the excessive speed and volume of traffic on Jerome Street.

I would request that the Traffic Board and the Committee on Public Safety review the above stated problem and implement actions necessary to resolve the problem.

Yours very truly,

ROBERT J. HULL,
Councilman - First Ward.

Referred to Traffic Board and Committee on Public Safety and Chief of Police.

RESOLUTIONS

By Committee on Public Safety—

Whereas, the Capital Area Transportation Authority has submitted for approval a list of proposed Bus Shelter locations along city streets; and

Whereas, the shelters when installed will provide transit patrons protection from the weather, and make public transportation more attractive to present and potential users;

Now, Therefore Be It Resolved that the City Council approves the bus shelter locations on the attached list, and that shelters may be placed at those locations after the Capital Area Transportation Authority has obtained the necessary permits from the Michigan Department of State Highways and Transportation for shelters located on state trunklines, and has obtained easements for shelters to be located on private property; and

Be It Further Resolved, that the shelters shall be located a minimum of 3 feet from the curb unless otherwise approved by both the Public Service Department and the Traffic Department; and

Be It Finally Resolved that this approval is granted on the condition that the Capital Area Transportation Authority shall hold the City of Lansing harmless and indemnify any and all liability arising out of or in connection with the placement of the bus shelters.

By Councilman Adado—

That this be referred back to the Committee on Public Safety.

Carried.

By Community Development Committee and Councilman McKane—

Resolved by the City Council of the City of Lansing:

now, therefore, be it

Resolved, that the Mayor and City Clerk are hereby directed to sign proposed Contract Amendment on behalf of the City of Lansing, after approval as to form by the City Attorney and after certification by the Fiscal Director as to the availability of funds.

By Councilman Adado—

That the resolution be amended as follows:

That in the second column of figures the $4,000.00 figure be changed to read $4,321.00.

Carried.

The resolution as amended was adopted by the following vote:

Unanimously.

By Councilman Hull—

Resolved by the City Council of the City of Lansing:

Whereas, by resolution adopted on January 19, 1976, the Lansing City Council established a policy directing the acquisition of Penn Central rights-of-way to complement and complete public improvements such as riverfront development and hiking-biking pathways; and

Whereas, by resolution adopted on October 31, 1977, the Lansing City Council authorized the submission of a grant application to the U. S. Department of Interior, Bureau of Outdoor Recreation, seeking federal funds for the purchase of abandoned railroad rights-of-way located south of the southern boundary of Riverfront Park to the point where said right-of-way meets the Grand Trunk Western line; and

Whereas, Penn Central Properties has now advised that a portion of this right-

of-way is now available for sale and the City of Lansing is one of three parties that has expressed an interest in purchasing same; and

Whereas, Penn Central Properties will not withhold from sale that portion of the right-of-way located between the southern boundary of Riverfront Park and the south line of Michigan Avenue until such time as the City of Lansing applies for and receives a federal grant to enable the purchase of this portion of the right-of-way, due to its obligations to the Reorganization Court, the Trustees in Reorganization, and the creditors of Penn Central Transportation Company; and

Whereas, private ownership of this portion of the subject right-of-way would block, or substantially delay, the completion of the proposed public improvements;

Now, Therefore Be It Resolved by the Lansing City Council that the Mayor and City Clerk be and are hereby authorized and directed to execute an Agreement with the Trustees of the Property of Penn Central Transportation Company and Penn Central Properties whereby the City of Lansing will purchase abandoned railroad right-of-way located between the southern boundary of Riverfront Park and the south line of Michigan Avenue for a purchase price of $2.00 per square foot or a maximum of $25,000, after approval as to the form of said Agreement by the City Attorney, and certification as to the availability of funds by the Finance Director; and

Be It Further Resolved that the Finance Director be and is hereby authorized and directed to make a transfer of funds in the amount of $26,000, covering the $25,000 purchase price and $1,000 for title services, survey, and miscellaneous closing costs, to enable the Housing and Redevelopment Director to finalize said purchase of land.

Adopted by the following vote:

By Committee on Planning—

Resolved by the City Council of the City of Lansing:

Whereas, On June 7, 1977, the Michigan Department of Social Services requested the City of Lansing to comment on an application to license a Foster Care Facility at 1812 Mary Avenue; and

Whereas, Representatives of the Fire, Building and Planning Departments inspected the facility at 1812 Mary Avenue and found that it did not comply with the adopted Building and Fire Codes of the City of Lansing; and

Whereas, On August 22, 1977, the City Council resolved to recommend to the Michigan Department of Social Services that the application to license the facility at 1812 Mary Avenue be denied until all local Building and Fire Codes are met; and

Whereas, the City's formal complaint was filed with the Director of the Michigan Department of Social Services, in compliance with the stipulations of Act 396 of the Public Acts of 1976 which requires that DSS respond within 45 days; and

Whereas, On October 25, 1977, sixty-three days following his receipt of the City's complaint, the Director of the Michigan Department of Social Services sent a letter to the City, resolving the complaint, in accordance with Act 397 of the Public Acts of 1976; and

Whereas, The Planning Committee has reviewed this letter and finds that the Director of the Michigan Department of Social Services has resolved that the facility at 1812 Mary Avenue need not comply with the local Codes and Ordinances to receive State Licensure; and

Whereas, It is an adopted Policy of the City of Lansing that all residential facilities, including facilities of the type proposed at 1812 Mary Avenue, will meet the provisions of local Codes and Ordinances to assure the safety and welfare of the Foster Clients housed therein,

Now, Therefore, Be It Resolved, That the City of Lansing, officially protests the decision of the Director of the Michigan Department of Social Services and requests that said Director cause a hearing to be held, pursuant to Act 306 of the Public Act of 1969, regarding licensure of the facility at 1812 Mary Avenue, and

Be It Further eRsolved, That the Director of the Lansing Planning Department transmit this resolution, by certified mail, to the Director, Michigan Department of Social Services; and

Be It Further Resolved, That the Director ment of Law represent the interests of the City at the Act 306 public hearing when such hearing is convened by the Director, Michigan Department of Social Services.

Adopted by the following vote:

Unanimously.

By Councilman Baker—

Resolved by the City Council of the City of Lansing:

Whereas, in accord with Act 28, P.A. 1977 of the State of Michigan, the Michigan Department of Social Services has referred a request by Nancy J. Bryant, representing the Maple Lodge, for the licensing of foster care facility to house a maximum of six (6) foster adults upon the premises known at 601 West Maple Street, more particularly described as:

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

Case No. FCF-4-77

3301-09-306-171

Lots 8 through 13 inclusive, Assessor's Plat No. 38, City of Lansing, Ingham County, Michigan;

and

Whereas upon review by the Planning Department, it was discovered that the proposed facility is located within 1500 feet of the Pych Family Care Home, presently licensed for the care of one (1) foster adult upon the premises known as 745 Wisconsin Street; and

Whereas in accord with the provisions of Act 28, P.A. 1977, the State licensing agency shall not license a proposed residential facility when another state licensed residential facility exists within 1500 feet unless permitted by local zoning ordinances; and

Whereas under Section 36-42 (12) of the Lansing Zoning Code, state licensed residential facilities are not allowed in any district except by Special Use Permit; and

Whereas the City of Lansing cannot, therefore, recommend the licensing of this facility until and unless a Special Use Permit is granted by the City Council in accord with Section 36-42 (12);

Now, Therefore, Be It Resolved that the City Council of the City of Lansing does not recommend the licensing of the proposed foster care facility on the above described premises; and

Be It Further Resolved that the Clerk is hereby directed to return the license application notice to the Michigan Department of Social Services indicating that the license is not recommended.

Adopted by the following vote:

Unanimously.

By Committee on Buildings and Properties—

Resolved by the City Council of the City of Lansing:

Whereas, the Lansing Police Department Pistol Range was eliminated due to the needs of the Public Service Department; and

Whereas, fire arms training is essential both for the protection of the citizens of Lansing and the certification of the officers to protect the City; and

Whereas, the Helicopter Unit is essential in the prevention of crime and apprehension of criminal suspects; and

Whereas, the Helicopter Unit is now temporarily housed in a rented hangar; and

Whereas, it is economically and operationally desirable to have a city-owned hangar facility; and

Whereas, construction now of a joint pistol range-helicopter hangar facility on city-owned property at the airport will produce a savings in rent, fuel costs and construction costs;

Now, Therefore, Be It Resolved that the City Council awards the construction contract for this facility to the lowest and best bidder as recommended by the Purchasing Director and the Chief of Police; and

Be It Further Resolved that the Finance Director be and he is hereby instructed to make the proper transfer of funds, and

Be It Finally Resolved that the Mayor and City Clerk are hereby directed to sign this said contract on behalf of the City of Lansing after approval as to form by the City Attorney.

ZONING

By Councilman Baker—

Whereas, by petition duly filed on the 15th day of August, 1977, this council was petitioned to change the following described property from "F" Commercial and "J" Parking Districts to "G-2" Wholesale District all as set forth in the Zoning Code of this city, and

Whereas, due notice as required by law has been given for a public hearing on said petition, and

Whereas, at such hearing held on the 31st day of October, 1977, all parties interested were heard and given due consideration, and

Whereas, the property involved is described as:

Z-34-77 — 5020 S. Cedar Street,

more particularly described as:

Commencing 696 feet east and 281.97 feet north of the southeast ¼ post Section 33, thence north 126.33 feet thence east 599.7 feet to the centerline South Cedar Street thence south 205 feet thence west 305.50 feet thence north 84 feet thence west to the point of beginning, Section 33, T4N, R2W, City of Lansing, Ingham County, Michigan,

from "F" Commercial District and "J" Parking District to "G-2" Wholesale District.

Whereas, pursuant to Act 207 Public Acts 1921, the Planning Board advised the City Council to approve this request subject to conditions, and

Whereas, the Planning Committee of Council, to whom was referred the report of the Planning Board and concurred therewith,

Now Therefore Be It Resolved, that the Council of the City of Lansing ordains that the petition to rezone the above described property from "F" Commercial District and "J" Parking District to "G-2" Wholesale District be approved, subject to the following conditions:

1) That access to the site be limited to the existing curb cuts.

2) That the screening fence along the north property line be repaired.

3) That a detailed site plan be submitted by the petitioner for approval by the Planning Department, Traffic Engineer and the Fire Marshal indicating: (a) existing and proposed structures, (b) storage areas, (c) landscaping, screening and fencing (including proposed materials), (d) ingress, egress and proposed traffic circulation, (e) location of customer and employee parking and (f) parking lot layout and number of spaces.

4) If landscaping is planned within the public right-of-way, that a planting permit be obtained from the Department of Parks and Recreation, Forestry Division.

5) That permits for underground storage petroleum products be obtained from the Fire Marshal.

6) That a schedule for implementation of these conditions be submitted by the petitioner for approval by the Planning Department.

7) That a ten foot (10') wide planting strip be established along the Cedar Street frontage.

REPORTS OF CITY OFFICERS AND BOARDS

November 9, 1977

Honorable Mayor and Members
of the Lansing City Council

Re: Claim of John S. Little for $108.63 for alleged damages to vehicle on roadway

Dear Mayor and Council:

This office is in receipt of a claim letter and copies of receipts for auto repair work in the above matter.

The Public Service Department has advised this office that although there was a road construction project at the time and place described by the plaintiff, the Michigan Department of State Highways initiated that project and employed a private contractor—Muskingum Construction Company, 18071 James Couzens Highway, Detroit, Michigan 48077. Under these conditions the responsibility for any damage claimed rests with the Michigan Department of State Highways or its contractor. The claimant has been advised by this office to submit his claim to the contractor in question.

Therefore it is the recommendation that the claim be denied.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

By Councilman Blair—

That we concur in the recommendation of the City Attorney and said claim be denied.

Carried.

November 10, 1977

Honorable Mayor and Members

of the Lansing City Council

Re: Claim of Mrs. Marjorie Higgins in the amount of $14.50

Dear Mayor and Council:

The above matter was referred to this office for investigation and recommendation.

The claimant in this matter asserts that the city did not properly spray a walnut tree located directly behind her residence in Clifford Park, that the tree bore a substantial number of walnuts which dropped to the ground and that subsequently a juvenile picked up one of the walnuts laying on the ground and threw it at a storm door breaking the glass.

The Department of Parks and Recreation has advised this office that it is the Department's policy to spray such trees in an effort to prevent the trees from bearing walnuts. The particular tree in question was sprayed but it was evidently too late in the season to prevent an accumulation of walnuts.

Pursuant to state law municipalities are not liable for property damage which results from the exercise of a governmental function MCLA 691.1407; MSA 3.996(107). The maintenance and operation of parks has been deemed to be a governmental function.

Therefore, since the tree was located in a park and inasmuch as the claim is based on maintenance activities in connection with the operation of a park, it is the recommendation of this office that the claim be denied.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

By Councilman Blair—

That we concur in the recommendation of the City Attorney and said claim be denied.

Carried.

November 10, 1977

Honorable Mayor and Members

of the Lansing City Council

Re: Claim of Mark Rosekrans in the amount of $48.00

Dear Mayor and Council:

The above captioned matter has been referred to this office for investigation and recommendation.

Based upon the information contained in the claimant's letter as well as the police reports the facts surrounding the incident complained of are as follows: On August 23, 1977 a police officer answered a call at 1321 W. Jolly Road concerning a report that the claimant's motorcycle had been stolen. The officer responding to the call took the vehicle identification number off of the sales slip (3005883) and placed it on the LEIN the same day. Subsequently it has been determined that the vehicle number on the sales slip was incomplete. On the same day, at a later time, two officers stopped a motorcycle for a traffic violation. Since there was no license plate on the motorcycle, the officers checked the cycle serial numbers with the LEIN reports to determine whether or not the motorcycle was stolen. The officers in their LEIN request inadvertantly recorded the vehicle number as 6005886. Consequently the report came back that the vehicle was not stolen. However the bike was taken by the officers to a local storage garage for a further determination as to proof of ownership. Thereafter on September 27, 1977

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

another officer while making a routine inspection at the storage garage had the claimant's vehicle pointed out to him. A complete vehicle identification number check was made with the Secretary of State's office and it was discovered that the claimant was the registered owner of the motorcycle.

As a result of the delay in notifying the claimant concerning the whereabouts of his motorcycle, the vehicle was stored longer than necessary which resulted in a storage charge of $48.00.

There are strong equities to support this claim since it is apparent that the delay in contacting the claimant was caused by error in recordation and reporting. However, MCLA 691.1407; MSA 3.996(107) provides that all governmental agencies including municipalities are immune from liability which results from the exercise of a governmental function. The Lansing Police Department's conduct and procedure in this case falls within the ambit of this statute.

Therefore it is the recommendation of this office from a legal standpoint that the claim in question be denied.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

By Councilman Blair—

That we concur in the recommendation of the City Attorney and said claim be denied.

Subject: Emergency Purchase Order Number X17563 for repairs to the City Jail (Re: No. 77-866)

Gentlemen:

Two bids have been received for repairs to the door locking system and other security items in the City Jail. The situation is such that in the event of a fire or other emergency creating a power failure, the electric door system cannot be operated manually.

We recommend acceptance of the low bid submitted by Fries Correctional Equipment, Inc., in the amount of $24,370.00 plus an additional $700.00 for a five (5) year warranty contract, making the total amount authorized $25,070.00. This amount shall be budgeted to Account No. 101-263-109-931. American Institutional Maintenance Corporation had quoted $33,664.00.

The Mayor advises that this purchase order cannot be initiated unless the necessary funds are transferred immediately. If such funds are transferred, the purchase order will be forwarded at 8:00 A.M., Tuesday, November 15th.

This report is filed in accordance with Section 2-37 (1)(a) of the Code of the City of Lansing, Michigan.

Respectfully submitted,

ORDINANCE NO. 476

AN ORDINANCE OF THE CITY OF LANSING, MICHIGAN, PROVIDING THAT THE CODE OF ORDINANCES, CITY OF LANSING, MICHIGAN, BE AMENDED BY REVISING SECTION 30-5 OF SAID CODE.

The City of Lansing ordains:

Section 1. That the Code of Ordinances of the City of Lansing, Michigan, be amended by revising Section 30-5 to read as follows:

Sec. 30-5. Driver's license—required, application, qualifications of driver, fee badge, expiration date, hearing.

No person, whether owner or employee, shall drive a public taxicab within the city without having first obtained a license as a public driver from the city clerk.

(1) **Application, contents, approval; fee.** Application for a city public driver's license shall be made upon blank supplied by the

office of the city clerk, shall have attached thereto three (3) sets of full fingerprints, and such applicant must state thereon that he is a citizen of the United States, or permanent resident alein, a resident of the state, eighteen (18) years of age and upwards, of sound physique being without uncorrectable defective sight or hearing and able to operate a motor vehicle safely, able to read, write, and speak the English language, and not addicted to the use of intoxicating liquors or to drugs, which application shall be subscribed and sworn to before a notary public and filed with the city clerk. The city clerk shall submit within five (5) days all applications to the chief of police for his review and recommendation for approval or disapproval. A recommendation of disapproval by the chief of police shall be for cause only. The following may constitute cause for a recommendation of disapproval.

(a) Applicant is physically or mentally unfit to operate a public taxicab safely.

(b) Applicant is not eighteen (18) years of age or older.

(c) Applicant is addicted to the use of intoxicating liquors or drugs.

(d) Applicant does not possess a valid current State of Michigan chauffeur's license.

(e) Applicant possesses a driving record of such nature as to indicate that he is unfit in the interest of public safety to operate a taxicab.

(f) Applicant has failed to complete the application in full.

(g) Applicant has been convicted of a violation of this Chapter within five (5) years of the recommendation of disapproval.

(h) Applicant has been convicted of a felony within five (5) years of the recommendation of disapproval.

If the chief of police recommends disapproval of an application for the license, he shall put in writing his reason for said recommendation of disapproval and shall attach such reasons to the application form. He shall then forward the application, with the attached reasons for recommendation of disapproval if applicable, to the city council for its review and final approval or disapproval. Such application shall be forwarded within fourteen (14) days after receipt by the police chief. A hearing shall be scheduled for public driver's license applicants if the application is for renewal of an existing public driver's license and, (i) the police chief has recommended disapproval, or (ii) council does not concur in the police chief's recommendation for approval. In the event of council denial of a new license application, and regardless of the police chief's recommendation, there shall be given with the denial a written notice of applicant's right to request a hearing within ten (10) days of the date of receipt of said denial. Council shall only disapprove a license for one of the reasons set forth above. If the council does approve the application, the city clerk shall issue a public driver's license to the applicant upon payment of the fee as set by resolution.

Section 2. The effective date of this ordinance shall be 30 days after its adoption.

Section 3. All ordinances or parts of ordinances inconsistent with the provisions hereof are hereby repealed.

City Hall

Lansing, MI 48933

Dear Mayor and Council Members:

The Planning Board at its regularly scheduled meeting of November 1, 1977 reviewed the proposal to convert the CATA building on Mill Street to an automobile museum for the City of Lansing.

The Board finds the proposal consistent with the adopted plans of the City and believes the museum will be a very positive contribution to our continued efforts to revitalize downtown Lansing.

The Board wishes to add its endorsement to the proposal and offer assistance to make the museum a reality.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Referred to Committee on Buildings and Properties.

Letter (b)

Honorable Mayor Graves and

Members of City Council

Gentlemen:

In December 1976, City Council authorized three parking meters in front of Bonnie & Clyde's Restaurant on East Michigan Ave. to be capped for the use of valet parking. That authorization was not permanent. On Oct. 17, 1977 City Council passed a resolution authorizing removal of the three meters and erection of No Parking signs for a 30 days period during which a permanent solution could be agreed upon. The authorization expires November 16, 1977.

If valet parking is to be allowed at this location, two possibilities appear to exist. The first is the solution of removing the three meters permanently and having it be a no parking zone that can be used for valet parking during the evening hours.

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

This situation exists in front of Alex's on the north side of Michigan Ave. The second solution which would be to allow parking from 8 A.M. until 3 or 4 P.M. in the afternoon. The area could then be used for valet parking thru the evening hours.

To be consistent with the situation currently existing in front of Alex's the Traffic Board unanimously recommended that the three meters in question be removed, and that no parking at any time be allowed.

Respectfully submitted,

LANSING TRAFFIC BOARD,
Raymond O. Severy,
Secretary.

By Councilman Adado—

That authorization for parking be extended until the first Sunday in December (December 5, 1977).

By Councilmen Adado and McKane—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing has been chosen by the Office of Criminal Justice Programs as a model test site for a Fully Automated 911 Centralized Dispatch and Law Enforcement Management System; and

Whereas, upon total implementation, this system will provide the State of Michigan and the Law Enforcement Assistance Administration with a model system that could be transferred to other police agencies throughout the United States; and

Whereas, in order to implement an integrated 911 Dispatch and Law Enforcement Management System (LEMS), a grant application for the Management System has been prepared for Federal funding under the Crime Control Act of 1973; and

Whereas, the Law Enforcement Management System cost of $136,224 will be provided on a 90% ($122,602) Federal basis with 5% ($6,811) being provided by the State of Michigan and 5% ($6,811) being provided by the City of Lansing.

Whereas, the project cost for the Council approved Computer Aided Dispatch and 911 Emeregency System grant have increased which necessitates a supplemental program cost adjustment to those existing grants; and

Whereas, a supplemental program cost of $361,051 will be provided on a 90% ($324,946) Federal basis with 5% ($18,053) being provided by the State of Michigan and 5% ($18,053) being provided by the City of Lansing, with a 52% reimbursement of the local match from participating 911 agencies, and;

Whereas, an additional local match (minus existing 911 match) of $20,688 is necessary in order to fund the supplemental program costs and the Law Enforcement Management System; and

Whereas, the grant cost for the Council approves Unit Status Data System has been increased due to technical ramifications; and

Whereas, the Office of Criminal Justice Programs and the Tri-County Planning Commissions has committed $81,635 in 1979 Federal funds and $4,538 in State Funds for the Unit Status Data System grant with a project period commencing October 1, 1978; and

Whereas, an additional $14,890 of local cash match will be required on October 1, 1978; and

Now Therefore, Be It Resolved, by the City Council of the City of Lansing:

That the Law Enforcement Management Grant application and supplemental program cost be approved and the Office of Criminal Justice Programs and Law Enforcement Assistance Administration (LEAA) be assured of full compliance by the City of Lansing with regulations of said agencies in regard to the activities to be carried out as assisted by said grants; and

Be It Further Resolved, that the Finance Director is directed to establish all accounts necessary and to transfer $35,579 into the appropriate grant accounts.

Be It Further Resolved, that the Mayor and Project Director are hereby authorized and directed to sign the LEMS grant and supplemental program applications.

Adopted by the following vote:

Unanimously.

Honorable Mayor and Members
of the Lansing City Council

Re: Claim of Sam Fakoury in the amount of $90.00

Dear Mayor and Council:

The above claim was referred to this office for investigation and recommendation.

Based upon the facts alleged in the claim letter and the report from the Department of Parks and Recreation, it appears that on October 13 and 14, 1977 dead limbs were removed from a tree adjacent to the claimant's home. Buttropes were used to lower the large limbs from the tree. Additional ropes could not be utilized because of the decayed condition of the tree. As a result, the large limbs were difficult to control even with the exercise of due care and during this operation a limb swung down and damaged some roof shingles and a yard light lens.

In light of the foregoing it appears that there is no evidence of negligence on the part of the city. Further, MCLA 691.1407; MSA 3.996(107) provides that all governmental agencies including municipalities are immune from liability which results from the exercise of a governmental function. The activities of the Department of Parks and Recreation in this case fall within the protection of the statute.

Therefore, it is the recommendation of this office that the claim in question be denied.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

By Councilman Adado—

That we do not concur in the recommendation of the City Attorney and the City Clerk be and she is hereby directed to draw a warrant on the City Treasurer in the amount of $90.00 payable to Sam Fakoury.

Honorable Mayor and Members

of the Lansing City Council

Re: Claim of Mrs. Thelma Dewey in the amount of $66.00

Dear Mayor and Council:

The above captioned claim was referred to this office for investigation and recommendation.

Based upon the claimant's letter and a report from the Fire Chief it appears that on October 12, 1977 the claimant summoned a Fire Department ambulance in an emergency situation. At the time, all of the city's ambulances were on other emergency calls. Consequently the Fire Department summoned Lansing Mercy Ambulance Service which responded to the claimant's situation. The claimant thereafter received a bill for $66.00 for the private ambulance service rendered.

Where as here an inhabitant of the city requests emergency ambulance service from the city and all other city operated ambulances are unavailable to respond to the call and thereafter the city requests a private ambulance to respond to the call, the city pursuant to Lansing Charter, ch 7, §7.16(e) is responsible for the cost of the private ambulance service.

Therefore, it is the recommendation of this office that the claim be allowed and that the check paying the cost of the ambulance service be forwarded directly to Lansing Mercy Ambulance Service in behalf of the claimant.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

By Councilman Adado—

That we concur in the recommendation of the City Attorney and the City Clerk be and she is hereby directed to draw a warrant on the City Treasurer in the amount of $66.00 payable to Mercy Ambulance Service.

Carried.

Dear Mayor, Councilmen,
Chairperson Stabenow and Commisioners:

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

We would like to jointly point out the need for both governmental bodies to establish a policy for contracting with outside agencies.

The recent contract of both units with Health Central is an example of this need. We, however, in no way wish to imply that we are opposed to Health Central receiving funding. We, simply, feel that the governmental units of the City and County have two appropriate departments to which such contracts should be referred and through whom such contracts should be let.

This procedure is important to ensure coordination, reasonable contract terms, monitoring of services, and thorough analysis of the services in context of the entire field. In this instance, for example, the Health Delivery System of the community and, more specifically, the Ingham County Health Programs are affected.

We urge your adoption of a resolution to initiate this procedure when contracting with outside agencies other than the City for Human Service Programs through the Human Resources department. Any Health Care Program should be contracted through the County Health department as far as the County is concerned.

Sincerely,

JACQUELINE WARR,
Director,

Department.

Subject: B-77-862 Pickup Truck w/snow Plow

Gentlemen:

Attached is a tabulation of four bids for the purchase of one (1) new four-wheel drive pickup truck with a snow plow for use by the Traffic-Parking Division, which was opened at 3:00 P.M., E.S.T. on Tuesday, November 15, 1977.

Due to the long lead time in ordering a pickup truck with a snow plow (approximately ten weeks), we recommend that a truck in stock at University Oldsmobile which most closely meets our specifications be accepted in the amount of $6,627.00. Terms are "Net 30 Days." Funds for this vehicle are in Account No. 585-536-000-977.

November 10, 1977

Honorable Mayor and

Members of City Council:

Mr. Richard Neller presented plans regarding an automotive museum, to the Waterfront Development Board at their November 8, 1977 meeting.

The Board understands that the museum would be located in the CATA bus garage on Mill Street after that facility has been vacated. Additionally, the museum would display automobiles, both new and old, on a periodically changing program.

The Waterfront Development Board supports this proposal as we feel it adds a people-oriented use along the waterfront that will contribute to the attractiveness of that waterfront. Additionally, the Board feels that the CATA garage provides an excellent location for such a museum because of its relationship to the recently completed Riverwalk Link Project, its closeness to the Central Business District and to the developing Riverfront Park.

We hope our support helps expedite this proposal and we wish to be kept informed of its progress.

Sincerely,

RAMONA BRETZ,
Chairman,
Waterfront Development
Board.

Letter (a)

Honorable Mayor Graves and

Members of City Council

Gentlemen:

The Traffic Board was referred a letter from the Northeast Neighborhood Association requesting that signs be erected at the intersection of E. Grand River Ave. with Hayford St. such that all traffic northbound on Hayford would have to turn left on Grand River and all traffic exiting the parking lot would have to turn west on Grand River Ave.

A search of the accident file reveals that there have been no accidents at this intersection resulting from traffic on Hayford or exiting from the driveway since 1973. Traffic wishing to cross N. Grand River at this point either to enter the parking lot or to exit the parking lot and to go south on Hayford St. can do so when the traffic light at Foster St. is red for traffic on Grand River Ave. Analysis of the accident record and sight distance at this intersection shows that no undue hazard exists.

The Traffic Board unanimously recommended that the request from the Northeast Neighborhood Association to not allow traffic to cross Grand River Ave. at this point be denied.

Raymond O. Severy,
Secretary.

Re: Proposed Exchange of Gier Park Property to Front Page Restaurant

Gentlemen:

The Parks Department has recommended the exchange of city property in the 2700 block of N. East Street (Gier Park) to the owners of the Front Page Restaurant.

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

The Board of Water and Light is concerned about the loss of a municipal well located on the property being considered for exchange.

The Board of Water and Light obtained permission from the Park Board to construct a well at this location on March 6, 1950 with concurrent approval from the State Health Department for isolation from possible source of contamination (see attached sketch). Loss of jurisdiction over the property for well isolation will place the city in violation of Michigan Act No. 399, P.A. 1976. This Act requires an isolation for wells and loss of control over the isolation area will necessitate abandonment of the well.

Since the Board can ill afford the loss of any water production, provisions must be incorporated in the exchange agreement whereby the recipient of the property (owner of Front Page Restaurant) reimburse the Board of Water and Light for relocating this well.

To relocate the well in Gier Park (per attached sketch) will cost an estimataed $28,000.00. If the Parks Department will not grant permission to relocate the well as proposed in Gier Park, the cost of relocation is estimated to be $62,000.00 including land purchase and transmission main.

The Planning Department and Parks Department were made aware of this situation in 1976 and to date we have not been assured that the Board's relocation cost have been incorporated in the proposed property exchange.

We feel the Board of Water and Light's interests have been overlooked by other city departments and hereby request the City Council to protect the city's water supply and incorporate the relocation of this well in the property exchange agreement.

Very truly yours,

E. F. BRUSH.

Referred to Committee on Parks and Recreation and Committee on Buildings and Properties.

River Point

Honorable Mayor and

Members of City Council:

The Planning Board has completed its locational review under Act 285, P.A. of 1931, the offer to the City by the Walter Neller Company to sell the waterfront property known as "River Point." This property is located at the mouth of the Red Cedar at the Grand River. The review concludes that structural development on the parcel would likely be impossible due to flood plain restrictions, and that the City's ownership would allow continuation of imaginative development of the riverfront.

The Planning Board recommends that the City acquire the "River Point" property being offered by the Neller Company. It is further recommended that the purchase price be negotiated within the normal appraisal procedures used by the City.

If I can provide further information regarding this proposal, please contact me.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Sunset Hills No. 10

Preliminary Plat

Honorable Mayor and

Members of City Council:

The Planning Board at their meeting of November 15, 1977 recommended that the tentative preliminary plat of Sunset Hills No. 10 be approved as shown on the revised plan, providing that the following changes are made:

1) That Aragon and Cumberland be connected as a public street.

2) The Board endorses the 4.6 acre park site, providing that that section of Colchester extending from Northwest Avenue to Beacon Hill be eliminated. The Board does not believe that this section of the street would be necessary to serve the park.

3) If it is determined that the park site is not necessary and is eliminated by further study by the Parks Department, the Board would recommend that the 4.6 acre park site be subdivided as originally shown. The original plan showed this property to be divided into 14 lots, with one large lot containing the existing farm house.

Approval of this plat is also subject to the following:

(1) The final plat be developed with all public improvements as required by the Lansing Subdivision Regulations and the Michigan State Plat Act.

(2) That all lots shall be graded so surface water will drain therefrom so as not to adversely affect adjacent properties.

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

(3) The developer utilize an underground electrical distribution system as specified in Section 37-33.1 of the Lansing Subdivision Regulations.

(4) Necessary easements be provided for the installation of utilities.

(5) A Soil Erosion and Sedimentation Plan be submitted to the Director of Public Service for approval.

(6) Compliance with requirements of the Fire Department be shown.

(7) All other requirements of the responding agencies be complied with.

(8) This tentative approval of the preliminary plat is effective for a period of twelve months.

The Board believes that the above recommendations will promote development which is compatible with the neighborhood and that the extension of Aragon Drive to Cumberland Road will provide the necessary link to Cumberland Elementary School, which is the focal point of this entire residential neighborhood.

This recommendation was by unanimous vote of the Board.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Tammany Hills No. 3

Preliminary Plat

Honorable Mayor and

Members of City Council:

The Planning Board, at their meeting of November 15, 1977, recommended that the tentative preliminary plat of Tammany Hills No. 3 be approved. The proposal is to subdivide this property, which consists of twelve (12) acres which will facilitate development of an approved Community Unit Plan which consists of thirteen (13) fourplex units and fourteen (14) duplex units.

The Board recommended approval of this tentative preliminary plat ubject to the following conditions:

(1) The final plat be developed with all public improvements as required by the Lansing Subdivision Regulations and the Michigan State Plat Act.

(2) All lots shall be graded so surface water will drain to the street.

(3) The developer utilize an underground electrical distribution system as specified in Section 37-33.1 of the Lansing Subdivision Regulations.

(4) Necessary easements be provided for the installation of utilities.

(5) The storm drainage plan must be submitted and approved by the Public Service Department.

(6) A Soil Erosion and Sedimentation Plan be submitted to the Director of Public Service for approval.

(7) Approval of a landscape, screening and fencing plan by the Planning Department.

(8) Residential street should be only thirty feet (30') curb-to-curb and collector streets should be thirty-six (36') curb-to-curb.

(9) Compliance with requirements of the Fire Department be shown.

(10) All other requirements of the responding agencies be complied with.

(11) That this is a tentative approval of the preliminary plat for a period of twelve (12) months.

The Board found that the proposed plat is in accord with the approved Community Unit Plan and will allow development as proposed. This recommendation received a unanimous vote.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

4713, 4723, 4729 South Cedar Street

Honorable Mayor and

Members of City Council

The Planning Board, at their meeting of November 15, 1977, recommended that the petition by Paul V. Spagnuolo to rezone property at 4713, 4723 and 4729 South Cedar Street from "A-1" Family Residential District to "F" Commercial District be denied as filed, and further recommended that the property be rezoned from "A-1" Family Residential District to "D-1" Professional Office District.

The Board recognizes the difficulty in anyone developing this property for "A-1" Family Residential because of its size and relationship to South Cedar Street, a ma-

jor arterial. However, the Board believes that "F" Commercial zoning would introduce types of uses that could adversely affect the established single family area to the north and east. The Board believes that "D-1" Professional Office zoning will promote reasonable use of the site and will allow development to occur which is in the best interests of the community.

The Board further recommends that before any new or redevelopment of this area occurs that the necessary site plans be submitted to and approved by the Planning Department. Said site plans shall indicate the necessary landscape, screening and fencing, location of existing and proposed buildings, off street parking and ingress and egress to the site.

This recommendation was by unanimous vote.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

5106 South Logan Street

Honorable Mayor and

Members of City Council:

The Planning Board at their meeting of November 15, 1977, recommended that the petition by Michael Skory to rezone property at 5106 South Logan Street from "E-2" Drive In Shop District to "F" Commercial District be approved, subject to a detailed site plan being submitted by the petitioner for approval by the Planning Department and Traffic Engineer indicating the following; (a) ingress and egress and proposed traffic circulation, (b) parking lot layout and number of spaces and with permanent wheel stops around the perimeter, (c) landscape, screening, and fencing, and (d) storage areas including location of screened trash receptacles.

The Board found that the change in zoning will promote a land use which is in accord with the Logan Street Policy Plan and the Board believes that if the necessary site improvements are made, there should be little or no impact on adjacent properties.

This recommendation was by unanimous (7 yeas, 0 nays) vote of the Board.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

426 East Northrup

Honorable Mayor and

Members of City Council:

The Planning Board at their meeting of November 15, 1977 recommended that the petition by the Soderberg Brothers Construction Company to rezone property at 426 East Northrup from "A-1" Family Residential District to "E" Apartment Shop District be approved. The applicant proposes to develop the site with offices, small antique shop and an apartment building.

The Board recommendation of approval is subject to a site plan being submitted to and approved by the Planning Department which would include a detailed landscape, screening and fencing plan, location of ingress and egress to the site, location of existing and proposed buildings, and parking lot layout showing the number of spaces and permanent wheel stops being provided around the perimeter, location of storage areas, including the type of screening around the trash receptacles.

The Board found that nearly all the land fronting on Cedar Street north and south of this property has been zoned and developed in a commercial nature. The Board would point out that the parcel in question is somewhat unique in terms of relationship to Cedar Street from other parcels and has a land elevation higher than the Cedar Street grade, and its orientation is to Northrup, a residential collector street. The natural features of this site, which consist of mature tree growth along Cedar Street and additional tree growth within the site, tend to give it some protection from the adverse influences of Cedar Street and adjacent commercial uses. However, the pressures from the adjacent strip commercial uses exist and have made this property less desirable as a single family home site.

The Board believes that the recommended change of zoning will allow reaonable relief to the adverse pressures of Cedar Street and adjacent strip commercial zones and at the same time allow the developer to carry out his proposal, which is intended to preserve the existing home and use as many natural features of the site as possible.

The Board believes that the proposed change will have little impact on the adjacent residential homes and traffic movements at this intersection of Cedar and Northrup.

This recommendation is made with a 6 yeas, 1 nay vote of the Board.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

526-528 West Maple Street

Honorable Mayor and

Members of City Council:

The Planning Board, at their November 15, 1977 meeting, recommended that the petition by Michael J. Cavanaugh to rezone property at 526-528 West Maple from "C-2" Family Residential District to "D-1" Professional Office District be denied.

The Board found that the site was developed for commercial purposes several years ago and off street parking was not required and adequate setbacks were not provided. As a result of this, overdevelopment of the site occurred and restricted the use of the land. It was further found that the site has remained vacant for more than two years and has lost its non-conforming status and, therefore, cannot be used for anything but a single family residential unit.

The Board does not believe that the change of zoning is in the best interests of the community because the site is overdeveloped and to encourage intense use of this site will only compound problems within the immediate area, which have been expressed by many of the citizens who own property in this vicinity. These problems consist primarily of on street parking. It was further pointed out at the public hearing that they have invested a substantial amount of money in the area to retain the residential character and feel that this residential character should be retained.

This recommendation received unanimous (7 yeas, 0 nays) Board support.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

City Hall

Lansing, Michigan

Dear Mayor Pro-Tem

and Council Members:

Attached is a communication of great concern forwarded to my office by Herman W. Coleman, Executive Director, Michigan Education Association. The communication deals with its recent, unfortunate experiences at the Civic Center. Inasmuch as the Civic Center is under the direct control of the City Council, and not the Office of the Mayor, I am forwarding this matter to your attention, with hopes that you will, with the Civic Center Board, investigate it as soon as possible. A report should then be made to the Michigan Education Association, attention of Executive Director Herman W. Coleman.

Also attached is a copy of my reply to Herman W. Coleman.

On March 21, 1977, you named William Lewis to serve as a representative of the Mayor's Office on the Ad Hoc Committee for the 100 Block. As you are aware, Mr. Lewis has returned to Georgia. Therefore, I am requesting that you approve the name of Max Coon, to serve as my representative on the Ad Hoc Committee.

Mr. Coon is most willing to serve in this capacity, and his appointment is enthusiastically endorsed by the Chairman and other members of the Ad Hoc Committee. His presence will bring added stature, competence and experience to the Committee. As you recall, it was the Ad Hoc Committee which named him to represent them in the negotiontions for the return of the 100 Block to the City. His work in the negotiations was outstanding.

Trusting this meets you rapproval, I remain

November 17, 1977

Honorable Mayor Pro-Tem and Members

of the Lansing City Council

City Hall

Lansing, Michigan

Dear Mayor Pro-Tem

and Council Members:

In the past, you have provided a News Room directly behind the main telephone switchboard on the ground floor of City Hall. I am in accord with a News Room, but the current situation presents security problems. For example, at a meeting called by myself and attended by Deputy Police Chief Charles Reifsnyder and Officers James Gleason and John Hemstreet of the Crime Prevention Unit, some security problems discussed were:

1. Easy access to the room.
2. Key control (how many have a key?).
3. Users or occupants to this room fail to properly secure the room when not in use.
4. The phone lines to all of City Hall are exposed.
5. Maintenance is using this room to store equipment.

Since the phone lines are completely exposed, the possibility of sabotage or eavesdropping is open for speculation. Also, if there were a fire in that room, the entire telephone communications of City Hall would be wiped out.

Therefore, the following recommendations are imperative for the safety and security of City Hall personnel and the telephone communications system.

1. Strictly limit the personnel allowed in this News Room.
2. Re-key the lock and then adjust the locking mechanism like a "storeroom lock" where the outer knob is always free.
3. Have each person sign for a key that must have a key.
4. Conform with the Fire Marshal's recommendations of February 5, 1976, page seven, under Charter Commission. (At the time the News Room was used by the Charter Commission) —that recommendation states "provide an approved separation between office area and City Hall communications equipment."
5. Conform with the Fire Marshal's recommendations of June 22, 1977, page two, under First Floor, that states, "it is recommended that the telephone equipment in the News Room be protected with a material offering one hour resistance to fire to protect City Hall communications."
6. Since the News Room is located within the Police Building's jurisdiction, the room should be turned back over to the Police Department for the storage of Police records.

Trusting you will give this matter your immediate attention, I remain

Sincerely,

GERALD W. GRAVES,
Mayor.

By Committee on Finance—

Resolved by the City Council of the City of Lansing:

Whereas, the City Council did adopt a City of Lansing travel reimbursement policy on March 11, 1974, and did amend said policy on April 26, 1976, and

Whereas, it is deemed desirable to again revise the travel reimbursement policy to reflect the effect of inflation on travel costs,

Now Therefore Be It Resolved, that the City of Lansing travel reimbursement policy be amended to read as follows:

An employee shall not receive reimbursement for more than the amount expended.

All expenditures submitted for reimbursement shall be supported by receipts except where receipts cannot be reasonably obtained.

Expenditures not supported by receipts may be disallowed for reimbursement at the discretion of the Finance Director. Mileage reimbursement shall be made at the rate of 15 cents per mile for both intra-city and inter-city driving.

Reimbursement for individual meals shall be allowed to a maximum limit within the state of $2.50 for breakfast, $4.00 for lunch and $8.00 for dinner; and for Detroit and out-of-state, $3.00 for breakfast, $4.50 for lunch, and $9.00 for dinner.

The maximum daily food allowance of $14.50 within the state and $16.50 for Detroit and out-of-state may be utilized by the employee in any combination of meals, however, receipts must support the reimbursement requested.

Meals tips shall be allowed to a maximum of 15% of the eligible meal costs.

Lodging shall be allowed to a maximum of $26.00 per day in-state and $33.00 per day in Detroit and out-of-state.

Higher accommodation rates may be reimbursed with the prior approval of the Finance Director.

Air travel shall be reimbursed at the air coach rate.

No reimbursement shall be made for liquor, toilet articles, valet, reading material or other personal items purchased while traveling on City business as determined by the Finance Director.

Adopted by the following vote:

Unanimously.

By Committee on Planning—

Resolved by the City Council of the City of Lansing:

Whereas it is necessary to hold a Public Hearing on the proposed establishment of a Lansing Plant Rehabilitation District No. 8—Robert R. Campbell, Inc.—901 River Street.

Therefore, Be It Resolved that the City Clerk give at least 10 days notice of a Public Hearing when all persons interested may attend and make any objections they may have to such proposed districts.

Resolved further that such hearing shall be held at the Council Chambers in the City Hall on the 5th day of December, 1977 at 7:00 P.M. and that notice of such hearing be published in a publication of general circulation of said City.

Adopted by the following vote:

Unanimouly.

By Committee on Planning—

Resolved by the City Council of the City of Lansing:

Whereas, the Lansing City Council has established a Lansing Industrial Development District No. 6 in the City of Lansing, pursuant to Act 198, 1974 and

Whereas, Spartan Die Company, Inc., has submitted an application for an Industrial Facility Exemption Certificate in said Industrial Development District No. 6, and

Whereas, a hearing was held on Spartan Die's application for an exemption certificate on October 31, 1977 at which time all interested persons had an opportunity to be heard, and

Whereas, Spartan Die has met the requirements for said exemption certificate as required in Public Act 198, and

Whereas, this Council finds that the granting of this exemption certificate, considered together with the aggregate amount of Industrial Facilities Exemption Certificates previously granted and currently in shall not have the effect of substantially impeding the operation of the City of Lansing nor impariing the financial soundness of taxing units levying ad valorem property taxes in the City of Lansing; see memorandum of the Finance Director dated November 4, 1977 attached hereto;

Now, Therefore, Be It Resolved that the Council of the City of Lansing approve the application from Spartan Die Company, Inc. for an exemption certificate in Lansing Industrial Development District No. 6.

Adopted by the following vote:

Unanimously.

ORDINANCE NO. 477

AN ORDINANCE OF THE CITY OF LANSING, MICHIGAN, PROVIDING THAT THE CODE OF ORDINANCES, CITY OF LANSING, MICHIGAN, BE AMENDED BY REVISING SECTION 5-35 OF SAID CODE.

The City of Lansing ordains:

Section 1. That Section 5-35 of the Code of Ordinances of the City of Lansing, Michigan, be amended so that such section shall read as follows:

Sec. 5-35. Hearing procedures; basis for council action.

In the case of an impending revocation or denial of a license, the City Council shall schedule a hearing without undue delay. Applicant shall be given twenty (20) days notice of hearing, which notice shall include:

(a) A statement of the date, hour, place and nature of the hearing;

(b) A statement of the legal authority and jurisdiction under which the hearing is to be held;

(c) A reference to the particular sections of the ordinance and rules involved; and

(d) A short and plain statement of the matters asserted.

At the hearing, any party may appear in person, by agent or attorney. The applicant or licensee or his representative shall be given an opportunity to present oral and written arguments on issues of law, policy and fact, and shall have the opportunity to cross examine witnesses.

The City Council shall grant or deny the application or revoke or not revoke the license based upon the evidence presented within fifteen (15) days after the hearing. Written notification of the decision, including the reasons therefor, shall be given to the applicant or licensee.

Any applicant or licensee aggrieved by the decision of the City Council shall have the right to appeal to Circuit Court as prescribed by law. If Council action is not taken within the prescribed fifteen day (15) period, the licensee may continue his/her operation and the City Council shall be estopped from either denying or revoking a license based upon the facts produced. This estopple will not prohibit subsequent Council action on the alleged violations.

Section 2. All ordinances or parts of ordinances, inconsistent with the provisions hereof are hereby repealed.

Section 3. This ordinance shall become effective thirty (30) days after its adoption by the Council unless made immediately effective by the City Council.

By Councilman Hull—

Resolved by the City Council of the City of Lansing:

This ordinance being for the immediate preservation for the public peace, health or safety shall take effect upon its passage.

Carried.

DATE: 11-21-77

TO: Lansing City Council

FROM James W. Dowsett, Finance Director and Secretary to the Employee's Retirement System

SUBJECT: Proposed Amendments to the Ordinance Governing the Employee's Retirement System Re: Credited Service

The Board of Trustees of the Employee's Retirement System is recommending an amendment to the Ordinance which would limit to four years the period of time within which a member returning to the system could decide to repay contributions in order to re-establish prior service credit time. The current ordinance has no time limit. The Board of Trustees has established an interest rate of 8% per annum to be credited on refunds of accumulated contributions to terminating members and/or repayments from members desiring to re-establish service credit time. It is the feeling of the Board that a member should not be permitted to defer the repayment option indefinitely, thereby earning a rate higher than 8% on these funds rather than paying them into the system to be invested.

Additionally, the Board recommends that references to credited service currently contained in the membership section of the Ordinance be consolidated in a separate 'Credited Service' section.

To accomplish the aforementioned changes the Board of Trustees, at a meeting held October 27, 1977, recommended the following specific changes to the existing Ordinance. These proposed changes have been reviewed by the City Attorney for appropriateness and completeness.

1) Move existing Section 26-15.(c) to be prefixed as Section 26-15.(d).

2) Add new Section 26-15.(c) "A member who ceases to be employed by the City in a membership position shall thereupon cease to be a member."

3) Delete Section 26-16.(a). (This is later addressed under Section 26-18.)

4) Change the caption for Section 26-16. to read "Re-employment of a Retirant" and retain the existing language of that section for Section 26-16.(a).

5) Add new Section 26-18(b) and (c) restating language deleted under Section 26-16.(a) as follows. Also, prefix existing language of Section 26-18. with an (a).

"(b) Credited service shall be forfeited and no longer in force in the event the individual's accumulated contributions are withdrawn from the employee's savings fund and paid to the individual or a beneficiary (including an estate), except as provided in Section 26-28.

(c) A member may have forfeited credit service restored to his/her account upon satisfaction of each of the following conditions:

(1) Membership recommences within 4 years from and after the last date of termination of membership:

(2) The retirement system is paid the total amount of accumulated contributions previously withdrawn plus regular interest from the date(s) of withdrawal to the date(s) of repayment shall be made in accordance with subsection (E) of Section 26-34."

6) Restate Section 26-34.(e) as follows:

"In addition to the contributions dededucted from the compensation of a member as hereinbefore provided, a member shall, in order to qualify for prior service credit, deposit in the employees savings fund, by a single payment or by an increased rate of contribution as determined by the board of trustees, the accumulated contributions, if any, he withdrew therefrom, together with regular interest from the date of withdrawal to the date of repayment. Repayment shall be made in accordance with the rules the board of trustees shall from time to time determine. The rules shall not require full repayment prior to the date which is 1 year following the date of renewed membership nor shall the rules permit full repayment to extend beyond the date which is 4 years following the date of renewed membership. If a member dies prior to completion of repayment and leaves a spouse, the spouse may pay the balance due within 60 days of the member's death. In no case shall any member be given credit for service rendered prior to the date he withdrew his accumulated contributions until he repays to the employees savings fund all amounts due such fund by him.'

I suggest that this letter be referred to the Finance Committee, Ordinance and Contracts Committee and City Attorney for review at this time. Attached is the recommendation letter dated October 7, 1977 from Gabriel, Roeder, Smith & Company for your further information.

requested study on commitment patterns as "allegedly mentally ill" in the area over the past fifty years.

The Police Board considered this matter at their regular meeting on November 15, 1977, and after reading the report submitted by Deputy Chief Martin Campbell, a copy of which is attached, determined that no action was necessary.

Respectfully yours,

RICHARD A. GLEASON,
Chief of Police.

Members of City Council

10th Floor, City Hall

Dear Mr. Brenke and Councilmen:

Attached is an application for a Public Drivers License by Enrick Hilliard. On his record are two convictions for felonies within the past year.

On March 1, 1976, he was convicted for Delivery of Heroin, sentenced to three years probation and six months in the County Jail.

On May 10, 1976, he was convicted for Uttering and Publishing, received two years probation.

Therefore, I recommend that his application for a Public Drivers License be denied.

Sincerely,

RICHARD A. GLEASON,
Chief of Police.

Dear Mayor and Council Members:

At the request of Mayor Graves and Councilman Louis Adado, Chairman of the Public Safety Committee, the traffic circulation experiment for NDA No. 3 will be postponed until further consideration can be given to the needs expressed by Motor Wheel Corporation and A.I.W. Local 182.

A committee composed of persons from Citizen's District Council No. 3, the Planning Department, the Traffic Department and representatives from Motor Wheel and Local 182 will attempt to find solutions to the expressed problems.

Sincerely,

ALAN E. TUBBS,
Planning Director.

By Councilman Adado—

That we cocnur in the recommendation of the Planning Director and that this be held up until the special committee reports back on solution.

Carried.

Lansing, Michigan

Dear Members of Lansing City Council:

Citizens District Council No. 3 has passed a motion asking the Lansing Parks Dept. and City Council to fence the property belonging to the City that is bounded on the North East end of the City Limit by Porter Park and Bancroft Park.

We the residents of the NDA No. 3 would like to make it difficult for any child to enter the gravel pit that exists on the adjacent property.

We realize children of all ages climb fences, however a fence would help to deter them.

Your consideration in this matter would be appreciated.

Sincerely,

KAREN WOODS,
Secretary,

Dear Mayor Graves and Council Members:

The Lansing Planning Board held a special meeting on November 22, 1977 to finalize the Growth and Development Program Recommendations for the 78-79 Budget

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

Year. The enclosed report entitled, "Growth and Development Program Recommendations—Fiscal Year 78-79" represents the Planning Board's recommendations for your consideration. The report is broken down into five major program categories and further subdivided within those categories. The Planning Board is well aware that not all of these programs can be funded by the City during this next fiscal year. Therefore, the Planning Board is recommending to you the following priority order for considering these program recommendations. The Board also ranked in order of descending priority the various sub-categories under each program area.

1. ECONOMICS
   - A. Existing Industrial Development
   - B. Convention Center
   - C. Central Business District
   - D. Employment
   - E. New Industrial Development
2. HOUSING
   - A. Central Area Housing
   - B. Existing Housing
   - C. Senior Citizen Housing
   - D. New Housing
   - E. Low Income Housing
3. PUBLIC SERVICES AND FACILITIES
   - A. Community Development and Public Improvements
   - B. Public Safety
   - C. Sanitation System
   - D. Utility System
   - E. Circulation System
4. COMMUNITY FACILITIES
   - A. Parks and Recreation
   - B. Hospitals
   - C. Residential Treatment
   - D. Education
   - E. Cultural Arts
5. TRANSPORTATION
   - A. Environmental Transportation
   - B-1. Public Transportation
   - B-2. General Transportation
   - C. Non-Motorized

Prior to making these recommendations, the Planning Board considered the following:

1. The City-wide Growth and Development Policies adopted by the City Council.
2. The Consolidated Statement of Needs which resulted from the City-wide hearings and input from various City departments.
3. The recommendations from the Community Development Technical Committee for the Fourth Community Development Program Year.
4. Comments received at the Public Hearing held by the Planning Board concerning these program recommendations on November 15.

Not included in this report are the Board's recommendations regarding Human Resources Programs for Fiscal 78-79. The Mayor requested the Planning Board to withhold these program recommendations for two weeks in order to give the Human Resources Department and Board time to modify its program recommendations. Recommendations regarding Human Resources Programs from the Planning Board will be forthcoming at that time.

The Planning Board wishes to express its thanks to the many departments, citizens and agencies in this community for their input, suggestions regarding these program recommendations. The Planning Board is enthused about the process undertaken this year and believes it will lead to a more coordinated and responsive development program for the City of Lansing.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Referred to Committee of the Whole and the Mayor.

Honorable Mayor and Members

of the Lansing City Council

Dear Mayor and Council:

Please be advised that the City of Lansing Economic Development Corporation, by resolution of its Board of Directors on November 23, 1977, has authorized the immediate transfer of title to the John Bean property, located at 1305 S. Cedar Street to Truck Properties, Inc. in exchange for a cash payment of $260,000 plus accrued interest. The immediate transfer and payment will terminate the existing land contract between EDC and Truck Properties whereby Truck Properties is entitled to pay for the property in $4,000 monthly installments over a number of years.

It is the feeling of EDC that the immediate consummation of this sale will best encourage the continued use of this property for job-producing activities and addi-

Dear Mayor and Council:

On November 23, 1977 at a meeting of its Board of Directors, the Lansing Economic Development Corporation approved the appended resolution designating the West 110 feet of the South 133 feet of Block 97, Original Plat, City of Lansing, Ingham County, Michigan as a project area for the purpose of seeking development of an office building on that land. A certified copy of that resolution is attached hereto.

We hereby request that the Lansing City Council take such steps as are necessary to approve this project area designation by ordinance, after public hearing as is required by Section 8 of the Economic Development Corporations Act of 1974 (1974 PA 338).

Thank you for your consideration.

Lansing, Michigan

Dear Mayor Pro-Tem and

Council Members:

In the most recent meeting of the Downtown Development Authority, discussion centered on downtown improvements and portions of the report which should be before you some time in late December or early in the year of 1978. Regarding this matter, I requested of the consultant, the Warren Holmes-Kenneth Black Company, means to immediately improve some additional parking in the downtown area. As a result, Duncan M. Black has submitted the following recommendations, for immediate action, and these are as follows:

1. That all through traffic in the 400 block of South Washington be eliminated.
2. That CATA be allowed to continue on South Washington in the 400 block.
3. That metered parking be used at this time. We realize that metered parking is not the best, however, because of the problem with the parking lot in the middle of the block we feel that it would be best to stay with meters until the entrance to the parking lot off of Washington can be formally closed.
4. If traffic must be maintained in the 400 block of South Washington then we recommend that angle parking be used for ease of getting in and out of the parking spaces.

Herewith are three prints of parking studies for the above referenced block, the prints are as follows:

1. Layout of the existing parking for 19 cars.
2. Layout for 60° angle parking for 48 stalls.
3. Layout of 90° parking for 63 stalls.

Should you have a need for additional information, please feel free to contact me or contact Duncan M. Black, the Warren Holmes-Kenneth Black Company.

Trusting this meets your early approval, so that if implementation is to be done, such can be accomplished before the upcoming holiday season.

Sincerely,

GERALD W. GRAVES,
Mayor.

Honorable Mayor Pro-Tem and Members

of the Lansing City Council

City Hall

Lansing, Michigan

Dear Mayor Pro-Tem and

Council Members:

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

For a number of months, the Finance Committee of the City Council has discussed the possibility of transferring the Federal Program Coordinator, and staff, under the direction of the Mayor. This would be proper and I am requesting that that move be made:

—The activities of the Federal Program Coordinator, and staff, are, basically, an administrative function;

—Under the present situation, programs are being researched and transmitted directly to the City Council, by-passing the Office of the Mayor.

When assigned to my office:

—The Federal Program Coordinator, and staff, could utilize the space now being occupied by the Manpower Director, an office which is now splintered, but hopefully would be united in another location;

—The Program Coordinator, now an XI (salary range of $25,047 to $28,625) should be re-classified downward to a level of IX (salary range of $17,892 to $21,-467).

The aforementioned would be in line with the Administrative Assistant position in the Office of the Mayor, the Deputy Finance Director, the Assistant Building Commissioner, the Labor Relations Supervisor, Administrative Assistant to the Public Service Director, but slightly below the City Treasurer, the Deputy Assessor, the Building Commissioner, Deputy Personnel Director, and Assistant Planning Director. Repeatedly, the efforts of the Federal Program Coordinator, have been to receive basic information and programs from various departments and not one of working with raw materials. In short, it is a position of gathering completed information from various departments and inserting such information into grant requests—in some instances, the basics are completed with those basics only having to be transferred to the proper grant request forms.

Trusting this meets your approval, I remain

Sincerely,

GERALD W. GRAVES,
Mayor.

Honorable Mayor Pro-Tem and Members

of the Laning City Council

City Hall

Lansing, Michigan

Dear Mayor Pro-Tem and

Council Members:

During the past, the City Council has considered and/or approved many projects and programs that had not been reviewed by the Chief Executive. It is amazing to me that, as has happened on numerous occasions, members of the Council have criticized my administration for failure to provide administrative direction to departments and policy recommendations to Council when the Council has actively by-passed such a process. If the City of Lansing is to maintain its financial stability and provide good services to our citizens at the least cost, it is essential that there be a high level coordination of the efforts of all City departments and operations. It is the responsibility of my office to lead this effort.

I, therefore, have two requests of the City Council. First, I request that the Council refrain from approving new programs or projects unless they are presented with a recommendation from my office. Secondly, I again request that the Council promptly consider revision of the Ordinance relative to the Community Development program, as requested approximately eleven monhs ago. The Community Development program management is the responsibility of my office. Therefore, the administrative structure should provide the lines of authority and communication that I believe are imperative to proper administration.

I request that the Council review and act on both of these items at its next Committee of the Whole.

Sincerely,

GERALD W. GRAVES,
Mayor.

Under the new Housing and Community Deevlopment Act of 1977, an Urban Development Action Grant Program has been established to provide assistance to severly distressed cities. The thrust of these grants, is to stimulate private investments within such communities with the goal of creating job opportunities, revitalizing local economies and reclaiming deteriorating neighborhoods. The action grants are new discretionary programs under the U. S. Department of Housing and Urban Development.

Adopted by the following vote:

Unanimously.

By Committee on Community Development—

Resolved by the City Council of the City of Lansing:

That BILD Corporation is hereby authorized to enter into a lease agreement in substantially the form attached hereto, with General Motors Corporation, Oldsmobile Division, to provide a temporary parking area from December 1, 1977, to May 31, 1978, on Block 141, Original Plat of the City of Lansing, Ingham County, Michigan, after approval as to the form of the lease agreement by the City Attorney.

Adopted by the following ovte:

Unanimously.

By Committee on Community Development—

Resolved by the City Council of the City of Lansing:

Whereas, on September 23, 1977, a proposal to purchase and redevelop Parcel 6, Project No. 1, Mich. R-87, was received from Hallmark Development Company; and

Whereas, on October 21, 1977, a proposal to purchase and redevelop the same property, which is located at the southeast corner of the Washington Square Mall and Shiawassee Street, having 132 feet of frontage on the Mall and 100 feet of frontage on Shiawassee Street, was received from Vector Construction, Inc.; and

Whereas, by letter dated October 27, 1977, the Housing and Redevelopment Advisory Board did recommend to the Lansing City Council that the proposal received from Vector Construction Inc. be conditionally accepted, due to:

1. The Vector proposal contains more than twice the square footage of the Hallmark proposal and the Vector proposal would provide four (4) times the amount of tax base as the Hallmark proposal; that is, $2,500,000 versus $625,000; and

2. The Vector proposal appears to provide an opportunity to generate a more architecturally significant building than does the Hallmark proposal;

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

Now, Therefore Be It Resolved by the Lansing City Council that the proposal from Vector Construction, Inc. be accepted, subject to:

1. Review and approval of the final working drawings and specifications for this facility by the Housing and Redevelopment Advisory Board and the Lansing City Council; and
2. Review and approval, by the Lansing City Council, of the terms and conditions of a contract for sale of land for the property.

Be It Further Resolved that the Housing and Redevelopment Director is authorized to negotiate the terms and conditions of a contract for sale of land for private redevelopment with Vector Construction, Inc. and that the land shall be removed from the market while these negotiations occur; and

Be It Finally Resolved that the Housing and Redevelopment Director is hereby authorized and directed to refund to Hallmark Development Company its good faith deposit in the amount of $2,145.00.

Adopted by the following vote:

Unanimously.

By Committee on Community Development—

Resolved by the City Council of the City of Lansing:

Tht the appointment of Father Thomas McCloskey to the Citizens' District Council for NDA No. 3 (Northside) as a peripheral area representative for a term expiring in March, 1980, be confirmed.

Adopted by the following vote:

Unanimously.

By Committee on Personnel—

Resolved by the City Council of the City of Lansing:

That effective November 28, 1977 the City Personnel Director is authorized and directed to establish the following positions as recommended in the Mayor's Budget for FY 77-78, but being currently held in abeyance by subsequent Council action and having been referred to the Committee on Personnel for final resolution:

I—One Clerk IIB position within the Personnel Department section of the Classification and Compensation Plan.

II—One Accountant VI position within the Finance Department section of the Classification and Compensation Plan.

Motion by Councilman Blair that a division be made in the voting.

Carried.

The following vote was taken on the Clerk IIB position within the Personnel Department.

Adopted by the following vote:

Yeas: Councilmen Adado, Baker, Belen, Brenke, Gunther, Hull, McKane—7.

Nay: Councilman Blair—1.

The following vote was taken on the Accountant VI position within the Finance Department.

Adopted by the following vote:

Unanimously.

By Committee on Planning—

Resolved by the City Council of the City of Lansing:

SUP-4-77

Whereas on August 17, 1977 the Lansing Police Department, pursuant to Sections 36-42(1) and 36-42(5), filed an application to obtain a Special Use Permit for the purpose of constructing a helicopter hangar/pistol range facility on the property located adjacent to and north of the Capital City Airport, more particularly described as:

The south 660 feet and west 500 feet of the north half of the northwest fractional quarter of Section 31 to the middle of the Highway, containing 87.74 acres, more or less, all in T5N, R2W, Michigan (located adjacent to the Capital City Airport on the north);

and

Whereas on September 20, 1977 a public hearing was held and following that public hearing, at their meeting of October 4, 1977 the Laning Planning Board recommended to the City Council that the application be approved, subject to conditions; and

Whereas the Planning Committee of the City Council, to whom the report of the Planning Board was referred, concurs therewith;

Now, Therefore, Be It Resolved that the Council of the City of Lansing approves this special use permit as recommended by the Planning Committee subject to:

1) Final clearance of the site and site plan by the Federal Aeronautics Administration,
2) Issuance of septic and drilling permits by the appropriate authorities.
3) Compliance with the requirements of the Lansing Zoning Code.

Resolved by the City Council of the City of Lansing:

P-10-77

Tammany Hills No. 3 Subdivision Preliminary Plat

Whereas the preliminary plat of Tammany Hills No. 3 Subdivision has been submitted for tentative approval; and

Whereas the Planning Board, pursuant to Act 285, P.A. 1931, has approved and recommended that the City Council tentatively approve the preliminary plat subject to the following conditions:

1) That the final plat be developed with all public improvements as required by the Lansing Subdivision Regulations and the Michigan State Plat Act.

2) That all lots shall be graded so surface water will drain to the street.

3) That the developer utilize an underground electrical distribution system as specified in Section 37-33.1 of the Lansing Subdivision Regulations.

4) That necessary easements be provided for the installation of utilities.

5) That the storm drainage plan must be submitted and approved by the Public Service Department.

6) That a Soil Erosion and Sedimentation Plan be submitted to the Director of Public Service for approval.

7) That a landscape, screening and fencing plan be approved by the Planning Department.

8) That residential streets be only thirty feet (30') curb-to-curb and collector streets be thirty-six feet (36') curb-to-curb.

9) That compliance with requirements of the Fire Department be shown.

10) That all other requirements of the Fire Department be shown.

11) That this is a tentative approval of the preliminary plat for a period of twelve (12) months; and

Whereas the Planning Committee of Council reviewed the report of the Planning Board and concurred therewith;

Now, Therefore, Be It Resolved that the preliminary plat of Tammany Hills No. 3 Subdivision is hereby tentatively approved subject to conditions 1 through 11, as set forth above; and

Be It Further Resolved that the City Clerk be, and she is hereby directed to, attach this approval to the plat and return it to the Proprietor.

Carried.

By Committee on Public Service and Highways—

Resolved by the City Council of the City of Lansing:

Whereas, the Board of Water and Light, in a letter dated October 13, 1977, has expressed its concern for funding of the temporary and permanent electrical work required for the reconstruction of the Kalamazoo Street Bridge and

Whereas, the electrical work is an integral part of the bridge construction and should be included in the total project cost and

Whereas, the cost of electric utility adjustments is approximately 20% of the total project costs and

Whereas, the exact amount of the Federal Funds for this project is of this date unknown and

Whereas, certain preliminary relocation work must be done prior to the advent of cold weather,

Now, Therefore, Be It Resolved, that the Board of Water and Light shall receive a proportionate share of any Federal Funds that are or will be allocated to the reconstruction of the Kalamazoo Street Bridge and

Be It Further Resolved, that said proportionate share shall not exceed 20% of the federal allocation.

Re: Snell Environmental Group Design of Crego Park

The City Council has authorized the development of a Master Plan for long range improvements to Crego Park and Fidelity Lake. The design of this facility will prepare us to submit applications for State and Federal assistance on the development of Crego Park, as well as to develop for full-

est utilization the 13 acre lake which represents the most unique feature on the property.

I have recently interviewed local design firms that have sufficient staff size to manage the landscape architectural aspects of this project. The final work will be the result of both this design, and hydrological/engineering studies necessary for lake development.

Following these interviews I am recommending the firm of Snell Environmental Group for design of the Crego facility. The Snell group has not only a very adequate landscape architectural component, but also provides the engineering capability and related experience to deal with the development of Fidelity Lake. I consider their knowledge in the water research and usage area as an extremely significant attribute, and one not matched by other local firms.

Snell Environmental Group has had considerable amount of experience in working with federal requirements of the Land and Water Conservation Fund (which represents the best source of federal monies for the development of Crego Park). They have been contracted by the Department of Interior to do an Isle Royal National Park Study as well as the design of a special model project funded under the Land and Water program.

The Snell Environmental Group proposal represents that most economically advantagous to the City and it is within the budget appropriation.

Thank you.

Gentlemen:

The Lansing City Council, when appropriating funds for the Eastside Fire Station, directed that the basement be developed for community/recreational usage. This construction has now been completed, and according to Fire Chief Barratt is available for our programming. Unfortunately, when the architect was directed to design the basement no programming statement was developed which would have given him basic direction in order to assure its fullest and most effective utilization. I have been informed by Mr. Haskell that this decision was based on the existing economic conditions, therefore only a very basic room was constructed.

The Eastside Fire Station facility would be ideal for housing the senior citizen programming currently located at Resurrection School. This senior center was previously located at the Hayford Fire Station, but was relocated when that building was no longer structurely adequate for programming. The Eastside facility would also be ideally used for the scheduling of neighborhood meetings, scout groups, and recreational oriented non-profit clubs.

Before effective utilization of the Eastside Fire Station can be made a small kitchen, storage space, and room dividers should be installed as part of the basic facility. Additional equipment will need to be acquired before any type of programming could take place. This would include folding tables, chairs, etc.

I am respectfully recommending that the project architect be commissioned to work with Parks and Recreation in the development of a program statement for the community room of the Eastside Fire Station, and that they prepare drawings and cost estimates for construction of the improvements recommended in this correspondence.

Thank you.

Sincerely,

DOUGLAS FINLEY,
Director,
Parks and Recreation
Department.

Re: Use of the Genesee Center

Gentlemen:

As part of the office reorganization in City Hall, certain members of the recreation division were transferred from Genesee Center to our fourth floor offices. In addition, most of the cultural arts/crafts programs previously housed at Genesee have been relocated to the Gier and Kingsley Community Centers. Because of these shifts the budgetary appropriations for maintenance and utilization of the Genesee Center were appropriately reduced.

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

Currently, the department is fully utilizing one-half of the Genesee facility. Portions of both the ground floor and the second floor are used for the storage of recreational materials, supplies and equipment. In addition, the Genesee Center still houses supervisory and the custodial crews which maintain nine recreational buildings.

There has been a senior citizen program operating at the Genesee Center one day a week. Participants in this program have been consulted and have agreed to move this activity to the Kingsley facility which offers a wider range of recreational activities.

During the last several weeks I have been contacted by representatives of Lansing Community College who have requested utilization of the auditorium, and other portions of the Genesee Center. The building would be used in their cultural arts programs and is apparently superior to another facility they are currently renting. We have met on site and inspected the structure to review the feasibility of mutual use.

It is our recommendation that consideration be given to minor remodeling of the ground floor so all Parks and Recreation utilization could be confined to that area. Further, that the Community College be leased usage of the second floor area with any improvements required for their utilization be the responsibility of the college. Finally, it is recommended that the Property Manager of the City of Lansing establish contractual arrangements in the best interest of the City and that maintenance responsibility of the structures heating plant, utility services, etc. be that of his office.

Thank you.

DOUGLAS FINLEY,
Director,
Parks and Recreation
Department.

Re: Plumbing and Electrical Services for the City

Gentlemen:

The Department of Parks and Recreation currently handles the maintenance responsibility for both water and electrical services in excess of 80 locations. Many of these involve buildings which range in scale from our community centers and swimming pools, to small park shelters and public restrooms. Most of these services (both water and electrical) were installed many years ago and require annual maintenance and repair work. This normal deterioration is compounded by vandalism which has resulted in large plumbing/electrical repair charges as well as the temporary closure of some facilities.

Prior to recent retirements we had employees in our parks division who were qualified to do the repair and maintenance work on plumbing and electrical services. Unfortunately, we have been unable to fill these relatively low level classified positions with qualified specialists. During the preparation of our budget recommendations, consideration has been given to establishing personnel positions to deal specifically with these two areas. Whereas, it is my impression that the Parks and Recreation Department contract expenses in both these areas is significant; it does not represent a larger expense than the cost of hiring for our own department usage such personnel. I do, however, feel that when our expenses are considered along with the similar expenses of other departments they collectively represent an expense greater than the employment of staff to handle plumbing and electrical needs for the City.

It is my recommendation that this matter be appropriately referred so that research may be done on the feasibility of establishing such positions to serve the City of Lansing. These positions could be established under the office of Property Manager and would serve the various city departments that are currently contracting for this type of work. If a favorable advantage exists, consideration should be given to budgeting for these positions.

General responsibility of the electrician and the plumber would include the preparation of plans and cost estimates, securing materials, installation and/or the inspection of installation (by contractors or by department crews), obtaining permits, and establishing preventative maintenance programs to be carried on by the various operating departments.

Thank you.

Sincerely,

DOUGLAS FINLEY,
Director,
Parks and Recreation
Department.

Tammany Hills No. 4
Preliminary Plat

Honorable Mayor and

Members of City Council:

NOTICE
HEARING ON A PROPOSED
SUBDIVISION

The Lansing Planning Board will hold a public hearing on Tuesday, December 20, 1977 at 7:30 p.m. in City Council Chambers, Tenth Floor, City Hall, Lansing, Michigan to consider the proposed subdivision known at Tammany Hills No. 4. This is not a matter of rezoning.

The property under consideration consists of approximately 21.33 acres and is located west of I-496 and south of Forest Road, City of Lansing. The proposed subdivision of Geert D. Mulder and Sons, Incorporated consists of 132 garden apartments, 4 fourplex units, 2 fiveplex units, 2 model apartments and community facilities, including a pool. All five lots are zoned Community Unit Plan.

This notification is in accord with Section 37-8 of the Lansing Subdivision Regulations. You are cordially invited to attend this hearing.

Sincerely,

ALAN E. TUBBS,
Director,
Lansing Planning Department.

Received and placed on file.

Honorable Mayor and Council Members

City of Lansing

Lansing City Hall

Dear Friends:

As you know, the Lansing Charter Commission has determined that it will submit a final proposal to the Lansing voters, probably in August of 1978.

We now conclude that our operating costs for the period until submission of the proposal for a vote will be as follows:

Office Expense, including Secretary	$4,800.00
Legal Consultant	$1,700.00
Total	$6,500.00

We anticipate approximately $1,500.00 of unexpended funds in existing accounts which means the budget needed for the next several months, and hopefully the remaining life of the Commission, will be $5,000. The above does not include the cost of whatever publication the law requires and as you know that question has been raised with the State Attorney General.

We would propose to follow the pattern you followed last spring and present that expense item to you once the cost of the publication can be determined in accordance with the statutory requirements.

If there are any questions regarding the above budget figures, I or the Commission would be happy to meet with you or the appropriate committee.

For the Commission,

THOMAS C. WALSH,
Chairperson.

Referred to Committee on Finance.

Dear Mayor Pro-Tem

and Council Members:

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

In a communication to you, date of February 5, 1976, I requested "that the City of Lansing immediately submit a Title IX Economic Adjustment Program Grant request to the Chicago office of the Economic Development Administration," the goal being to (a) complete an economic dislocation strategy plan for Lansing and, (b) to eventually "be the recipient of $2,500,000 to $3,000,000," as a result of such plan. You did approve the resolution I submitted to you directing me to submit a proposal.

In a communication to you, date of November 5, 1976, I advised of the approval of the Economic Adjustment Program Grant in the amount of $50,000 from the U. S. Commerce Department, and requested your acceptance of the grant and approval by you of a proposed Policy Committee to deal with the matter. You approved the requests.

In a communication to you, date of May 2, 1977, I requested your approval of a contract for a consultant to do the Economic Adjustment Plan, the consultant to be the firm of Zuchelli, Hunter and Associates. This too you approved.

Now, I wish to advise that Donald E. Hunter of Zuchelli, Hunter and Associates is prepared to present to you at your Committee of the Whole on Thursday, December 8, the Economic Adjustment Grant Draft-Final Report—with this will be some necessary decisions on your part. Too, if a Grant Request is to be prepared and submitted to the Federal Government in a proper manner, time is of essence.

Therefore, I urge you to approve the request for a presentation to be made at the Committee of the Whole session on December 8. Please advise.

Sincerely,

GERALD W. GRAVES,
Mayor.

Referred to Committee of the Whole.

December 2, 1977

Honorable Mayor Pro-Tem and Members

of the Lansing City Council

City Hall

Lansing, Michigan

Dear Mayor Pro-Tem

and Council Members:

In the recent past, Richard Shuler, an officer of the Lansing Police Department, was terminated by the Board of Police Commissioners for violation of terms of probation, those being a condition of employment.

Richard Shuler then requested a hearing of the Mayor, pursuant to MCLA 35.401 et. seq., MSA 4.1221 et. seq., commonly referred to as the Veteran's Preference in Employment Act. The employee-petitioner was granted the Veteran's Preference Hearing and was represented at that Hearing by George V. Warren, Esq., and the Lansing Police Department was represented at the Hearing by William L. Mackay, Esq. As Mayor, I named Timothy W. Sanderson, City Attorney, to serve as the Hearing Officer.

The charges against petitioner were outlined in a letter from myself to petitioner dated May 13, 1977. Those charges were stated in the letter as follows:

"You have been accused of official misconduct by reason of having violated Lansing Police Department General Orders, Rules and Regulations, §X, Disciplinary Code, in that you have violated the terms of your probation as imposed by the Board of Police Commissioners on October 5, 1976, by having partaken of alcoholic beverages.

"You have adidtionally violated a term of your continued employment with the Lansing Police Department by having partaken of alcoholic beverages during the two years immediately following October 5, 1976, after having agreed, as a condition of continued employment as an officer by the Police Department, not to partake of alcoholic beverages for two years immediately following October 5, 1976."

The issues at hand were as follows:

1. Is petitioner a "veteran" entitled to a hearing within the meaning of the Veterans Preference in Employment Act?
2. Did the Police Board of Commissioners have the authority to impose the probation in question?
3. Was the probation imposed upon the petitioner by the Police Board concerning the proscription against consuming intoxicants unconstitutional or unlawful?
4. Was the probation imposed upon the petitioner a term of his continued employment?
5. Was the evidence presented to support a finding that petitioner engaged in "official misconduct"?

It was the conclusion of the Hearing Officer that the Board of Police Commissioners ruled properly.

I have carefully reviewed the Transcript of Hearing, Hearing Officer Report, exhibits submitted and Briefs of Counsel. I concur with the findings of the Hearing Officer.

Sincerely,

GERALD W. GRAVES,
Mayor.

Honorable Mayor Pro-Tem and Members

of the Lansing City Council

City Hall

Lansing, Michigan

Dear Mayor Pro-Tem

and Council Members:

The City Charter, as amended, provides that you shall name the Standing Committees, the membership to which shall be named by the Mayor, and those committees shall be designated by you on the first Monday in the month of January following each regular City election, or within two (2) weeks thereafter.

In the past, you designated eight (8) Standing Committees, but under the past Mayor Pro-Tem additional Standing Committees were named, including but not limited to, Manpower (CETA), Cable TV, Community Development, etc. In actuality, these so-called special committees were in fact Standing Committees and should be appointed, according to the Charter, by the Mayor and not by the past Mayor Pro-Tem. The aforementioned committees are not special committees according to Mason's Legislative Manual, Section 643(2) and Section 644 (1), (2), (4) and (5). In short, these sections contain the following:

—". . . but the matters which require some special consideration are often referred to special or select committees. The selection of special committees, therefore, differs from that of standing committees, and because of the different nature of their duties they have no regular meetings, and when their special work is completed, they are discharged. . . ."

—"When a special committee is appointed for a specific purpose, it continues to exist until the purpose assigned to it has been fulfilled, unless sooner discharged. When the final or complete report of a special or select committee has been received by the house, the committee is thereby disolved or ceases to exist without any motion to that effect being made. When the report is only partial, the committee is not discharged until the final report is received."

—"A special or select committee may be dissolved by discharging or rescinding the order or motion providing for it."

—"A special committee expires at the end of a session of the legslature unless continued by resolution."

—"When a committee is discharged, the chairman should promptly return to the secretary or chief clerk all papers that have been entrusted to the committee."

I am, therefore, urging you to reorganize your committee structure, the goal being (a) that the illegally constituted special committees be named as Standing Committees or incorporated into Standing Committees and, (b) that I will receive the actual Standing Committees in accordance with the Charter provisions so that the membership can be named as soon thereafter as posible.

Please do not construe this as any attempt of the Mayor to add power of any sort. It should be construed as a constructive suggestion to meet the legal requirements of the City Charter and Mason's Legislative Manual, under which you operate.

Sincerely,

GERALD W. GRAVES,
Mayor.

Referred to Committee of the Whole.

RESOLUTIONS

By Committee on Public Service and Highways—

That the low bid of McNamara Construction Co. for Joni's Circle, Storm and Sanitary Sewers, PS 14101, in the amount of $66,768.00, be accepted.

An additional 15% in the amount of $10,015.20 is hereby authorized to be encumbered by the Controller for contingencies, making the total encumbered amount under this Contract, $76,783.20.

After the award, the successful bidder shall be required to execute the contract as specified within ten days after the prescribed forms are presented to him for signature as stipulated in Instruction to Bidders of the Contract.

Be It Further Resolved That the Mayor and City Clerk be directed to execute a contract with the said McNamara Construction Co. on behalf of the City of Lansing according to the said bid presented and the specifications on file, upon approval of the contract, and of the bonds and insurance policies by the City Attorney, and upon certification of the City Controller as to the availability of funds.

This contract will be funded under the following Account Numbers:

Adopted by the following vote:

Unanimously.

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

That the appointment of John Petroff and Philip Gannon to the Economic Development Corporation who are representative of the project area to be occupied by the Reid & Reid Building, be confirmed.

Adopted by the following vote:

Unanimously.

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

That the appointment of Max Coon to serve as the Mayor's representative on the Ad Hoc Committee for the 100 Block No. Washington Sq., be confirmed.

Adopted by the following vote:

Unanimously.

By Committee on Buildings and Properties—

Resolved by the City Council of the City of Lansing:

Whereas, on January 3, 1977, the City Council of the City of Lansing unanimously adopted a resolution approving the sale to the highest bidder of a parcel of land in Block 1, Plat of Oakcrest Subdivision (3000 Block of South Cedar Street); and

Whereas, subject parcel was acquired by Warranty Deed February 8, 1956 for future alley purposes; and

Whereas, subject property was never dedicated as an alley; and

Whereas, it has been found that there is no future need for a public alley at this location; and

Whereas, the legal description described in the resolution of January 3, 1977 was incorrect.

Now, Therefore, Be It Resolved that the City Council of the City of Lansing does hereby rescind the resolution approved at the Council proceedings of January 3, 1977 and does hereby approve the sale to the highest bidder of the property legally described as:

Commencing 40 feet East and 10 feet South of Northwest corner Lot 1, Oak Crest Subdivision, part of the SW¼ of the SE¼, Section 28, T4N, R2W, City of Lansing, Ingham County, Michigan as recorded in Liber 5 of Plats, Page 44, Ingham County records, thence South 150.125 feet, thence East 20 feet, thence North 150.125 feet, thence West 20 feet to point of beginning.

Adopted by the following vote:

Unanimously.

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing incurs both direct costs and indirect costs while conducting the City's business, and

Whereas, the federal government allows the recovery of these costs as they relate to federal grants and programs, and

Whereas, the City of Lansing has authorized the development of an Indirect Cost Plan which would be accepted by the federal government as a basis for reimbursement of costs, and

Whereas, such an Indirect Cost Plan also serves to identify costs of separately funded City operations, and

Whereas, the Finance Committee has reviewed the purpose and use of this Indirect Cost Plan and concurs with the recommendation of the Finance Director, and

Whereas, the City desires to recover general tax dollars wherever feasible,

Therefore, Be It Resolved, that the City of Lansing use its Indirect Costs Plan in all applicable cases, and

Be It Also Resolved, that to assure reasonable use of this mechanism in order to properly identify, recognize, and recover costs, the following procedures recommended by the Finance Director govern the use of the Indirect Cost Plan:

1) That each program and/or fund be assessed as to the potential impact of indirect cost recovery;

2) That in those cases where there are insufficient funds to allow indirect cost recovery, that the Indirect Costs be budgeted and that a General Fund subsidy equal to this amount be allocated. This will not change the dollars needed in total, but will allow more accurate representation of costs;

3) That in those cases where the recovery of indirect costs would have an adverse effect on the program itself due to the limiting of remaining resources, the recovery of cost be partially or completely waived. Ac-

curate cost representation should be accomplished through appropriate budgetary and accounting treatment;

4) That items 2 and 3 be determined on the basis of assessments made by the affected departments and the Finance Department and that these assessments be presented to the appropriate Committees of Council for review.

Be It Finally Resolved, that the Mayor shall utilize this policy in preparation of the FY 78-79 budget recommendation.

By Committee on Planning—

Resolved by the City Council of the City of Lansing:

Whereas, pursuant to Ordinance 373, the Director of the Planning Department has designated Emil Winnicker as person responsible for affixing violation notices on motor vehicles, trailers or watercraft parked or placed in violation of said Ordinance; and

Whereas, City Council has found such person of suitable capacity;

Now, Therefore, Be It Resolved that Emil Winnicker is hereby authorized to affix, violation notices on motor vehicles, trailers, or watercraft found placed or parked in violation of Ordinance 373.

By Councilman Baker—

Resolved by the City Council of the City of Lansing:

SJ-6-77

5827 South Pennsylvania Avenue

More particularly described as:

Lot 34 except the south 40.20 feet and the north 38.40 feet, Midway Industrial Center No. 2, City of Lansing, Ingham County, Michigan

Whereas Oliver Fretter has requested permission to erect a permanent sign on the above described premises for the purpose of advertising a commercial use on the property (appliance store); and

Whereas the Planning Department has reviewed this request in accord with Section 36-41(9) and has found that the type of ground sign proposed is characteristic of other commercial uses in the vicinity; and

Whereas the intent of the Zoning Code will allow at least one identification sign for commercial type operations; and

Whereas it has been the policy of the City Council to require these signs to be set back substantially from the public right-of-way in this area; and

Whereas the Planning Committee of Council has reviewed the request and believes that one identification sign at this location is in keeping with the general intent of the Zoning Code providing it is set back comparable to the sign to the south which is located 79 feet back from the face of the curb on Pennsylvania Avenue;

Now, Therefore, Be It Resolved that the Council of the City of Lansing approves of an identification sign at this location, providing it is set back 79 feet from the face of the curb on Pennsylvania Avenue; and that the proposed sign is erected in accord with the Sign Code.

By Committees on Planning and Public Service and Highways—

Resolved by the City Council of the City of Lansing:

P-9-77

Sunset Hills No. 10

Preliminary Plat

Whereas the preliminary plat of Sunset Hills No. 10 has been submitted for tentative approval; and

Whereas the Planning Board, pursuant to Act 285, P.A. 1931, has approved and recommended that the City Council tentatively approve the preliminary plat, subject to conditions; and

Whereas the Planning Committee of Council and Public Service and Highways Committee of Council have reviewed the report of the Planning Board and concur therewith;

Now, Therefore, Be It Resolved that the preliminary plat of Sunset Hills No. 70 is hereby tentatively approved subject to the following conditions:

1) That the final plat be developed with all public improvements as required by the Lansing Subdivision Regulations and the State of Michigan Plat Act.

2) That all lots shall be graded so surface water will drain therefrom so as not to adversely affect adjacent properties.

3) The developer utilize an underground electrical distribution system as specified in Section 37-33.1 of the Lansing Subdivision Regulations.

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

4) Necessary easements be provided for the installation of utilities.

5) A Soil Erosion and Sedimentation Plan be submitted to the Director of Public Service for approval.

6) Compliance with requirements of the Fire Department be shown.

7) All other requirements of the responding agencies be complied with.

8) The land being platted as shown on the revised preliminary plat submitted, dated November 21, 1977 and containing 96 single family lots.

9) Cumberland Road shall be extended west to intersect with Beacon Hill.

10) That the area lying between Beacon Hill and Burns Road, originally set aside for the extension of Cumberland Road, be dedicated to the City of Lansing for park purposes.

11) That the property owner have full title of the property that is designated as Sunset Hills Park before it is transferred to the City of Lansing.

12) That the area proposed to be identified as Sunset Hills Park be so identified on the face of the final plat.

13) This tentative approval of the preliminary plat is effective for a period of twelve (12) months; and

Be It Further Resolved that the Clerk be, and she is hereby, directed to attach this approval to the plat and return it to the Proprietor.

REPORTS OF CITY OFFICERS AND BOARDS

December 8, 1977

Honorable Mayor and Members

of the Lansing City Council

Lansing, Michigan

Re: Claim by Michigan Millers Insurance Company as subrogee for Neal Dye in the amount of $60.00

Dear Mayor and Council:

The above captioned matter was referred to this office for investigation and recommendation.

Claimant submitted a claim to his insuror, Michigan Millers Insurance Company, on November 4, 1977 in the amount of $60.00 for damage to his automobile from tar sprayed during road repairs by the City. Claimant's automobile was allegedly parked in the Civic Center parking lot near the street. The insuror now seeks reimbursement for the amount paid.

The Public Service Department reports that a City crew was working on the street around the Civic Center at the time, but was unaware of the damage.

The applicable statute provides in pertinent part:

"Except as in this act otherwise provided, all governmental agencies shall be immune from tort liability in all cases wherein said governmental agency is engaged in the exercise and discharge of a governmental function . . ." MCLA 691.1407.

The maintenance of public streets is required by sections of the above cited act. That a governmental function was being performed by the Public Service Department is clear and based upon the above cited statute, the City is immune from liability in this matter.

Therefore, based upon the foregoing, it is the recommendation of this office that the claim be denied.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

By Councilman Adado—

That we concur in the recommendation of the City Attorney and said claim be denied.

Carried.

December 8, 1977

Honorable Mayor and Members

of the Lansing City Council

Lansing, Michigan

Re: Claim of Lorene Sleeth for $31.40

Dear Mayor and Council:

The above capitoned matter was referred to this office for investigation and recommendation.

Claimant states that, while visiting Potter Park on August 13, 1977 during the daylight hours, she tripped over the top of three steps leading to a building overlooking the duck pond. Claimant allegedly fell on her face and required a dental x-ray and replacement of an eyeglass lens.

The Parks and Recreation Director and the Supervisor of the Zoo have reported that the steps in question have been maintained in good repair without report of an accident for about 20 years. The top step is a few inches higher than the first two steps because of the cement overlay of the building floor, however, there is no door at the entrance and the top step is in full view and merely requires reasonable observation by pedestrians.

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

The soverign immunity statute of this state provides in pertinent part:

"Governmental agencies have the obligation to repair and maintain public buildings under their control when open for use by members of the public. Governmental agencies are liable for bodily injury and property damage resulting from a dangerous or defective condition of a public building if the governmental agency had actual or constructive knowledge of the defect and, for a reasonable time after acquiring knowledge, failed to remedy the condition or to take action reasonably necessary to protect the public against the condiiton. Knowledge of the dangerous and defective condition of the public building and time to repair the same shall be conclusively presumed when such defect existed so as to be readily apparent to an ordinarily observant person for a period of 90 days or longer before the injury took place . . ." MCLA 691.1406

There is no evidence that the City had actual or constructive knowledge of a defect, latent or otherwise, and no degree of negligence is claimed as a result of this alleged mishap. In fact, the steps in question have never been the subject of a complaint or a claim.

Therefore, based upon the foregoing, it is the recommendation of this office that the claim be denied.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

Re: Claim of Robert C. Bullard in the amount of $69.16

Dear Mayor and Council:

The above captioned matter was referred to this office for investigation and recommendation.

The facts disclose that on November 5, 1977 at approximately 3:20 a.m. Mr. Bullard, 6050 Daft Street, Lansing, Michigan, was allegedly driving in the right hand southbound lane of Logan Street just north of the Mt. Hope intersection when his car struck a chuck hole. Mr. Bullard alleges that the rims of both his tires on the right side of the vehicle were damaged as a result of this accident. The claimant submitted an estimate from University Olds for $69.16 covering the cost of replacing the rims.

MCLA 691.1403; MSA 3.996(103) states:

"No governmental agency is liable for injuries or damages caused by defective highways unless the governmental agency knew, or in the exercise of reasonable diligence should have known, of the existence of the defect and had a reasonable time to repair the defect before the injury took place. Knowledge of the defect and time to repair the same shall be conclusively presumed when the defect existed so as to be readily apparent to an ordinarily observant person for a period of 30 days or longer before the injury took place."

The Public Service Department has indicated that there were no reports of the defective condition reported to its office. The Public Service Department was not notified of a defect in that location until 18 hours after the alleged incident in question.

Therefore applying the facts to the statute quoted above, it is the recommendation of this office that Mr. Bullard's claim be denied.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

Re: Claim of Robert K. Hosley in the amount of $11.50

Dear Mayor and Council:

The above captioned matter was referred to this office for investigation and recommendation.

Claimant states that on November 3, 1977, he had parked in the Grand Avenue parking ramp and had taken the stairs to the second floor. After leaving the ramp, claimant allegedly noticed cement dust on his glasses, hat and coat.

The City Property Manager submitted his findings to this office and reports a claim of approximately $11.50 for damages to clothing. The Property Manager also reports that cement repairs were being made at the time of the alleged damage and that claimant was aware that the ramp was under repair since he had used that area of the ramp on three or four days prior while the work was being done. The con-

tractor, Grunwell-Cashero of 525 Filley Street, Lansing, had marked off the work area and, in addition, City employees were assigned to redirect vehicles and pedestrian traffic. Claimant denies observing any warning device or blockade and states that the City employees stood by and permitted claimant to use the stairwell which was under construction.

Since all available evidence indicates that proper precautions were taken by the City, and since the contractor is primarily responsible for securing a safe work site, it is recommended that claimant be referred to the contractor and that his claim to the City of Lansing be denied. Claimant was advised to pursue his claim with the contractor.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

Re: Claim of Gerald Boda for $87.90

Dear Mayor and Council:

On July 29, 1977, the motorcycle of Gerald Boda, 1415 Hillcrest, Lansing, Michigan, was stolen from his residence. On July 30, 1977, it was recovered by the Lansing Police Department, however, some of the parts were found to be missing.

On either August 1, or August 2, 1977, an officer of the Lansing Police Department was dispatched to pick up the motorcycle bag with connecting parts of the motorcycle. The bag and parts were placed in the trunk of the police vehicle but were never submitted to the department quartermaster. At the present time, the motorcycle bag and connecting parts are missing and presumed lost.

The Lansing Police Department has informed this office that there is strong evidence that the motorcycle bag and connecting parts were those missing from the claimant's vehicle.

MCLA 691.1407; MSA 3.996(107) states:

"Except as in this act otherwise provided, all governmental agencies shall be immune from tort liability in all cases wherein the governmental agency is engaged in the exercise or discharge of a governmental function. Except as otherwise provided herein, this act shall not be construed as modifying or restricting the immunity of the state from tort liability as it existed heretofore, which immunity is affirmed."

In the instant matter, the Police Department was clearly engaged in a governmental function. Therefore, the City as an entity is protected from liability in this matter. However, it should also be noted that this protection does not extend to employees of the municipality.

There are strong equities under the facts of this case which would merit payment of the claim, however, from a purely legal standpoint insofar as the City is concerned, it is the recommendation that this claim be denied.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

Re: Request for authorization of summary eviction procedures of tenant at 1010 McCullough Street (NDA No. 2—East Side)

Dear Mayor and Council:

The City of Lansing owns the above captioned premises. The tenant was given a ninety (90) day written notice to quit on August 31, 1977 which expired on December 1, 1977. However, the tenant has wilfully continued possession of the premises beyond the ninety-day period allowed in the lease.

It is necessary for the Housing and Redevelopment Department to have possession of the premises so it can proceed with the execution of the Development Plan for Neighborhood Development Area No. 2 (East Side).

Therefore, in order to secure possession of the premises, it is hereby requested that the City Council, pursuant to Lansing City Charter, ch 7, §7.7(3), authorize this office to commence summary eviction proceedings in the Lansing District Court for possession of the premises at 1010 McCullough

Honorable Gerald W. Graves and

Members of the Lansing City Council

City Hall

Lansing, Michigan

Dear Mayor Graves and Council Members:

The Lansing Planning Department has reviewed the resolution of the Economic Development Corporation dated November 23, 1977 regarding the proposed Reid and Reid Building.

The Planning Department finds this proposal to be in basic conformance with the Central City Development Plan, the City's Master Land Use Plan, and the proposals for use of Urban Renewal property, as approved by the Lansing Planning Board. However, the Planning Board does not take any formal action at this time, according to Public Act 338 of 1974.

The Planning Board (which is referred to the the "local public agency" in the legislation) is charged with reviewing a Project Plan for any EDC project making its recommendations to the City Council. A public hearing should also be held by City Council following submission of the Project Plan. Hence, at this time, the City Council should direct the EDC and Reid and Reid to prepare a Project Plan, the elements of which are specified in Section 8 of the legislation. Planning Department assistance is available to answer technical questions related to the Project Plan.

Sincerely,

DAVID L. PURVIS,

Honorable Gerald W. Graves and

Members of the Lansing City Council

Lansing, Michigan

Dear Mayor Graves and Council Members:

The Planning Board reviewed the attached "Community Development Strategy Plan for Program Years 4, 5 and 6" at their meeting on December 6, 1977. The Board approved the concept of the Plan which designates a proportion of the anticipated Community Development funds for Housing, Public Improvements, Other Physical Activities, Human Services and Administration. The plan concept also desig-

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

nates particular areas of the City for such activities and when those activities should be initiated.

This plan was developed, reviewed and approved by an interdepartmental Community Development Coordinating Committee, organized by the Office of Community Development. However, since the plan was written, particular changes in the plan have been made and approved by both the Community Development Coordinating Committee and the Planning Board. Those changes are as follows:

1) The proposed acquisition activities for the NDA No. 3 expansion area along Case St., Drury Lane, Ballard and Walker Streets should be initiated during the fourth program year instead of during the fifth year as originally planned. The reasons for this change is to assist the proposed traffic diversion activities for the area and to also provide potential expansion space for nearby industrial development. This change will necessitate that the activities proposed for NDA No. 4 be programmed over both the fourth and fifth years instead of being programmed during the fourth year only.

2) Regarding the rehabilitation loan program, the original plan designated that $500,000 of Community Development funds be made available over three years city-wide rehabilitation activities. It was proposed that $170,000 of Community Development funds be utilized during the fourth year for this city-wide program.

   At this time it is proposed that the $170,000 be more specifically allocated as follows:

   a) $100,000 for loans within the peripheral area immediately adjacent to the designated housing activity areas.

   b) $70,000 for loans on a city-wide basis.

Since the plan was written and considered by the Planning Board, an adjusted budget figure was made available to the office of Community Development.

The figures below were provided by the Office of Community Development based on recommendations from the Community Development Technical Coordinating Committee which assumed the following.

1. No personnel layoffs
2. A 10% reduction in operating costs, and
3. No indirect costs to be charged to the block grant.

These figures are as follows:

	Program Allocation	Project Allocation
a. General Administration	$ 705,272	—0—
b. Housing	2,252,186	$1,794,475
c. Public Improvements	279,081	198,163
d. Other Physical Improvements	198,163	198,163
e. Public (Human) Services	1,009,298	561,462
	$4,444,000	$2,752,263

Realizing that the budget figures were subject to change the Planning Board approved the concepts embodied in the plan with the amendments listed in 1 & 2 above as the direction for the second three year program.

Sincerely,

ALAN E. TUBBS,
Secretary,
Planning Board.

Gentlemen:

Re: Michigan Avenue Street Tree Planting—EDA Grant

The principal provision of the EDA Grant for Michigan Avenue involved the planting of 220 trees between Mifflin Street and Grand Avenue. Working with the Public Service Department, Snell Environmental Group, and the utility companies we have identified the most functional planting locations. Prior to approving the contract for excavation of any of the planting pits I sent a letter to all businesses, and to property owners on Michigan Avenue. This letter was not sent strictly to those who would be having a tree placed in front of their property, but to all properties on Michigan. The purpose of this letter was to inform everyone of the project and to encourage them to contact us if problems existed with the planting locations as had been marked on the concrete prior to issuance of the letter.

We received a wide variety of phone calls on this matter and followed up each call with a visitation by a member of our Forestry Division and a representative from the architectual firm. Most of the concerns were resolved by discussing the species and shape of tree to be planted; our tree maintenance program; or by making some adjustment in location to resolve legitimate problems unique to that particular site.

On the attached sheet you will find a listing of properties which the owner and/or

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

tenant have expressed (following our contact) that they still do want a tree planted. On the right hand column is a statement on why each particular site has been determined by the owner/tenant as one which should not be utilized. These represent seventeen (17) of the total 220 trees to be planted.

It is my personal impression following inspection of each of these sites that none of the concerns as noted on the attached sheet are unique to those particular owner/tenants, and that have not been previously accepted by the majority of businesses involved in the other 203 planting locations. Please understand that their have been unique circumstances which we recognized and adjustments have already been made on those particular cases.

I am recommending that for the purpose of establishing as much continuity as is feasible on Michigan Avenue that the City Council direct that these planting locations be utilized. I feel that it is in the best interest of the City that we avoid, where possible, large conspicuous breaks in the planting of Michigan Avenue. Uniformity is extremely desirable to create the effect recommended in the RUDAT and other planning studies which promoted this project.

There are several locations where pits will be installed but no tree planted until current or planned building construction is completed. The most noteable case is that of Sparrow Hospital.

Thank you.

DOUGLAS FINLEY,

Members of the City Council

City of Lansing

Dear Mayor and Council:

In the Capitol Improvements Budget $50,000 (Account No. 101-936-796-986) has been appropriated for Criminal Justice Facility Study. During the last several months the Site Committee (of the Board of Police Commissioners) and staff members of the Police and Planning Departments have been investigating consulting firms to perform the Criminal Justice Facility Study.

Based upon a unanimous vote of the Board of Police Commissioners, it is recommended that the firm of Coquillard, Dolgner, Dundon & Argenta be contracted by the City of Lansing to perform the Criminal Justice Facility Study. This firm was selected based upon their proposal, interview presentation, references, previous experience and on-site visitations.

Coquillard, Dolgner, Dundon & Argenta (C/D/D/A) will perform the Criminal Justice Facility Study for a fee of $41,000 which is $9,000 less than the budgeted amount. C/D/D/A is superior to the other firms investigated in the following areas:

1. Full service firm requiring no outside consultant(s) to perform work.
2. In house experience with the programming and design of Criminal Justice Facility Complexes.
3. Proposal demonstrated a clear understanding of the problem and has required no revisions in direction or cost.
4. Site visitations illustrated that C/D/D/A acquires its work through competitive selection.
5. C/D/D/A has the ability to work with a restricted site and provide effective design.
6. C/D/D/A was rated among the top four firms in the nation with regard to programming a complex scientific laboratory.
7. C/D/D/A has received recognition at the national level for courtroom design.
8. C/D/D/A has received recognition from private industry for innovative use of materials in jail design.

Therefore, the Board of Police Commissioners recommends and requests that Coquillard, Dolgner, Dundon & Argenta be engaged to perform the Criminal Justice Facility Study.

Very truly yours,

December 7, 1977

The Honorable Mayor Pro-Tem and

Members of City Council

Tenth Floor—City Hall

Lansing, MI 48933

Dear Mayor Pro-Tem

and Council Members:

During the next few weeks, some very important decisions are going to have to be made in respect to the City of Lansing's Community Development Block Grant Program (CDBG). With an approximate fifty-percent reduction in Federal CDBG program funds in the second three year program, some very significant program adjustments are going to have to be made which may cause considerable local public reaction. It is important for all of us to understand where we have been in the program and where we are today in order to address the problems intelligently.

High administrative costs were inherited by the CDBG program because of a decision in 1974 to "grandfather" in all former Model Cities employees in an attempt to continue Public (Human) Services programs at the level that they had previously been geared up to perform. Other staff members were added to the structure in order to carry out the primary objectives under the regulations governing the implementation of the Housing and Community Development Act of 1974. Ideally, it would have been far better to have been able to "gear up" for activities as plans were completed for implementation.

I shall not go into a discussion of the Community Development Ordinance adopted by City Council in 1974 which has lead to many deficiencies during the past two and one-half years in implementation of the program. We are all aware of the problems, and I trust that we will do something about correcting this situation in the near future.

City staff members and my office have tried to provide advice to City Council members in the past in regard to changes that needed to be made in implementation of the program. Many times, our recommendations were not taken seriously. In May of 1976, I forwarded a letter to the Mayor Pro-Tem and members of the Lansing City Council, wherein I stated as follows:

"During a meeting with the Community Development Committee for City Council on Friday, April 30, 1976, the Office of Community Development was provided policy guidance by the Committee which I believe is contrary to the intent of the Community Development Act of 1974 and contrary to the best interest of the citizens of the City of Lansing. Policy guidance given the Executive Assistant to the Mayor for Community Development consisted of his making of every effort possible to expand human services to any Census Tract in the City of Lansing that the regulations could be stretched to include. I have no objection to providing human services to individuals where it is necessary and appropriate, but I cannot in good conscience agree to a "blank check" approach to providing these services when in fact we do not know as of this date what the human services needs are. After five years of Model Cities operations and almost one year of Community Development, this City still has not identified the human services needs accurately without question.

"The intent of the Community Development Act seems to me to be relatively simple in that it was intended that eligibility of public services be dependent on such services being "necessary to the operation and the success of the basic physical activity," or supportive of only those activities assisted with Community Development Block Grant funds. In order to meet the test for "necessary and appropriate," supportive services, such as human services, must be necessary to the operation and the success of a basic physical activity or, be appropriate to supplement a basic physical activity. Examples of such activities include job training for area residents working on neighborhood rehabilitation projects, counseling and health services for those served by neighborhood facilities and senior centers; and aid in establishing profit and nonprofit housing corporations to sponsor housing projects in the community. These restrictions were considered reasonable by Congress in view of the Bill's primary objective of eliminating and preventing slum, blight, and deterioration, providing housing for lower income families, and providing facilities and services. Housing counseling, for example, is considered eligible if it offers an opportunity to maintain neighborhood improvements at the level that they are improved through the program. It was pointed out by H.U.D. officials during the

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

meeting on our current application ineligible activities on April 29, 1976, that specific emphasis was to be on housing.

"Allocations made to specific projects under the Model Cities Programs were intended to initiate human services activities until other funds could be obtained from either Federal, State or Local resources. Although some funds have been obtained for this purpose, no human service agency has been able to achieve independence from the City of Lansing, as was originally planned.

"I expressed to you my concern regarding the proliferation of human services throughout the City in a letter to the City Council, dated April 9, 1976, and pointed out that the Human Resources Department currently has had difficulty in pulling back their services and adapting them only to approved Community Development areas which indicates that we may already be over funded in the human services activities to be conducted in approved areas. Further, a properly conducted survey has not been completed by the Planning Department identifying appropriate human services needs where physical activities are taking place, or will take place. It might well be necessary to increase services in some of those areas not yet properly surveyed, but who can say? It is necessary to know exactly what the needs are in each of the target areas identified in the Community Development Program. It appears that all the neighborhood district areas are not being completely served at this time and that it may be necessary to expand services in the East, North, and South sides of the City. The Citizens' District Councils have not had an opportunity to express their desires. The Physical Development Plan for Neighborhood Development Area No. 1 should be completed about May 10, 1976, and shortly thereafter the Citizens' District Council No. 1 will be facted with the problem of determining what human services they believe are necessary to support the physical activities going on in their neighborhood.

"We cannot ignore the evaluation reports that have been prepared on human services projects which indicate that we have a great deal of adjusting to do in providing client services in the Community Develop- areas where physical activities are going on.

"I cautioned Council not to be stampeded into making irrational decisions concerning the expansion of human services activities in the City of Lansing. I recommended that a very definitive determination of the needs be achieved prior to any decision making on the Council's part. City Council should take a very good look at the apportionment of services that are being provided with C.D. funds in the four neighborhood district areas. Further, I suggested that extreme caution should be exercised not to expand human services activities just for the sake of justifying current fund expenditures when in the near future it will be necessary for the Human Resources Department and the City Council to start cutting back on services.

"At this point in time, I strongly urge City Council, to require a complete accurate assessment of the human services needs in the City of Lansing before adding new Census Tracts. If we spread human services activities throughout too many Census Tracts we place ourselves in a position of not supporting the Community Development physical activities as they should be supported in order to be eligible. I recommend that we attempt to justify those services that are currently provided for in our application and that no effort be made to expand those services until an accurate assessment has been completed. Funds for services that did not qualify at this time should be placed in the contingency line item in the budget of the application to be allocated at a later date, after a definite needs determination. Unless these recommendations are heeded, the City may face the possibility of H.U.D. once again declaring the entire human service program ineligible.

"The revised CDBG Application is due to the Detroit H.U.D. Office no later than Monday, May 10, 1976. This will be your only opportunity to modify the CD committee guidance if you so desire."

Many of us have been concerned about cutting back on Community Development staff and placing people on the unemployment roles, however, I would like to point out to you the contents of a memorandum sent to all CD funded departments by Mr. Cascarilla, dated June 25, 1975, subject: Employee Acknowledgement forms for Federal funding. This form was to have been completed on all partially or totally CDBG funded employees and it stated as follows: "This document is to certify and affirm that I, ... do understand and acknowledge that my acceptance of this position, whose tenure is predicated on Federal funding, is subject to termination upon the discontinuance of these funds and I accept this work with full knowledge of this contingency." The form was to be signed, dated, and witnessed.

This means to me that reductions in personnel were recognized to be of necessity in future years if Federal funds decreased, or became depleted. Everyone who was "grandfathered" into the program at that time knew what the circumstances were under which they were being employed.

Congress discussed for many months the possibility of changing the formula for authorizing CDBG funds to accommodate new communities coming into the program and those currently funded. It was not until April, 1977 that it became reasonably clear that the City of Lansing would only receive about a $460,000 increase in the second three year program. Under the original CDBG six year authorization plan we were to receive approximately fifty percent less funds than the first three year program. It had been hoped that new funds would be "pumped" into the program that would afford us an increase in the authorized amount and at least equal to our third year funding of $6,196,000. We made repeated attempts to encourage this but nothing was happening in our favor

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

and action was initiated through Congressional and key organizational channels to request a change in the policies being proposed.

Letters were sent to Senator Robert Griffin, Senator Donald Reigle, Representative Robert Carr, Chairman Neil Goldschmidt of the Mayor's Task Force for advising and making policy recommendations to the U.S. Department of HUD, and all seventeen members of the Mayor's Task Force. I quote, in part, the only significant response received which was from Representative Robert Carr, dated May 19, 1977.

"The new bill authorized $14.5 billion over the next three years for the Nation's housing programs. The City of Lansing will receive $10 million dollars of that money over the same three year period. While this represents some reductions from past funding levels, **it must be remembered that many of the old categorical grant programs such as Model Cities which provided much of those funds have been in the phase out process since 1974.**

"While the "holdharmless' funds are being phased out of the Community Development Program, Lansing will continue to be eligible for Federal funds to complete already funded categorical programs which are being phased out under the new legislation.

"In summary, while Lansing may indeed be losing some Federal funds these are funds from programs which were, in effect, abolished three years ago and which have simply been undergoing a phase out process." (Boldface added for emphasis.)

Since it became obvious that we were not going to be getting any help, on August 18, 1977, the Office of Community Development sent an interoffice communication to all CD funded departments, including the program coordinator, subject: Federal and State grants needed to supplement the CD Program. This IOC stated as follows:

"It is very important that I emphasize the need at this time for all of us to investigate State and Federal programs for possible grants in support of future City of Lansing Community Development activities.

"You are aware that during the second three year CDBG Program that our authorized funds have been cut by approximately fifty percent when compared to the first three years. Unless we can come up with additional funds for implementing the Community Development activities, drastic cuts will have to be made which will include a very close look at present administrative costs for implementing the program as it now exists.

"The Community Development Briefing Book contains a section, beginning at the page Q-1, which is a complete list of HUD programs which are available to the City of Lansing. In addition, I have attached a copy of a special report on Federal grants which summarizes a number of Federal grant programs used by counties. Please review all such material available to us, and begin the preparation of applications for all possible grants that the City might receive in support of Community Development activities.

This is an important matter, and I ask your complete cooperation in expeditiously pursuing this matter. If this office can be of any assistance, please do not hesitate to ask. Further, please keep this office informed on the action(s) you are taking to obtain funds from other sources."

The Executive Assistant to the Mayor for Community Development has received no response in respect to the above interoffice communication.

Now I would like to present to you what has happened thus far in planning for the second three year program for Community Development and the fourth program (FY 79) in particular. Basically, the process requires public hearings to determine the needs as they are perceived by the citizens; the submission of a consolidation of these needs to the Planning Board for Program Recommendations; the establishment of policy guidance by the City Council; submission of program recommendations by the Planning Board, prioritized and with recommended budgets for programs; consideration of the recommendations made by the Planning Board to the Mayor and City Council; followed by the City Council's adoption of its programs, priorities, and program budget allocations. The Executive Assistant to the Mayor for Community Development then takes the adopted program recommendations and works in coordination with various City Departments involved to prepare projects and budgets to implement the programs adopted for presentation to the Mayor and City Council. Once this process is completed, the City of Lansing's CDBG application is prepared and submitted for A-95 Review by March 3, 1978 and to the Detroit Area Office of HUD by April 17, 1978.

On September 27, 1977, the Planning Department completed an analysis of data collected concerning the first three years of the CDBG program implementation and progress. The report states in part that:

"The original intention of concentrating the housing effort in small specified areas of the City has not been adhered to completely. The addition of entire census tracts for rehabilitation funding has produced a substantial number of loans and grants (82) outside the Neighborhood Development Areas. This suggests that a large percentage of our efforts are not being placed within our selected areas. **This is a definite digression from the policy first adopted by the technical planning committee and the City Council, even though that policy was modified later.**

"The policy for Community Development shall be a containment strategy that attempts to arrest deterioration and blighting influences in residential areas that are worthy of preservation.

"During the first years of the program, City efforts will be focused on areas defined as **neighborhood preservation areas and City service deficiency areas.**

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

"Summarizing this strategy, it appears that the initial desired direction was to reduce not only the physical problems of neighborhoods primarily covered by housing conditions, streets, sidewalks, and sewer conditions, but also to **reduce the social, health, and environmental problems** that are basically derived from the people problems within the neighborhood. Thus the intent was to take necessary steps to resolve the various problems which would result in arresting blighting influences in the neighborhoods and would also result in promoting a suitable neighborhood living environment.

"However, the data does not indicate that these programs have achieved the desired goal of "arresting blighting influences in the Neighborhood" or if we have promoted a 'suitable living environment'." (Boldface added for emphasis)

For the past two years it has been impossible to get specific figures on the number of clients being served by type of service within each of the NDAs even though repeated requests have been directed to the Evaluation Office and the Human Resources Department. City Council has been advised on numerous occasions of the ramifications connected with extending Public (Human) Service activities throughout fifteen census tracts rather than concentrating them on supporting physical activities taking place in the NDAs.

The Office of Community Development has requested copies of numerous types of projects implemented in other cities that were successful in upgrading their neighborhoods, both physically and socially. These have been shared with other city departments, and in our view, the only important newly initiated project which has directly impacted upon the NDAs initiated by the Human Resources Department has been the Neighborhood Beautification and Cleanup Program which was begun only a few months ago.

It was never intended under the Housing and Community Development Act of '74 that the CDBG Program continue activities previously funded under the former Model Cities program beyond its Fifth Program Year, that was a local decision. It must be remembered that all of the former Model Cities projects were designed with the full intent of their becoming totally self-sufficient. Only one has partially succeeded, the Model Cities Credit Union, and the future of this agency remains in a doubtful status.

Despite all of my objections, after policy had been adopted by the City Council concerning the continuation at the current level of all Public (Human) Services activities, I and several staff members went to the Detroit Area Office of HUD and encourgaed them to qualify all of our Public (Human) Services activities through a unique "stretching" of the regulations.

On October 6, 1977 the Planning Department published its Results of Interviews Conducted report. This report covered the perceptions of individuals regarding the implementation and progress during the first Three Year Program of CDBG. In the human resources section of that report, it was interesting to note that out of the ten individuals interviewed and asked what they thought the intent and expectations of human services programs were, two indicated that the program was to **coordinate with and directly support the housing program**; four mentioned an intended maintenance aspect of the program (**provide a maintenance program, provide services to those houses which were assisted through the rehabilitation program, provide supportive services to maintain the level of the neighborhood is brought up, to assist families and maintaining improvements provided under CD**); four mentioned that **the program was simply a continuation of Model Cities** (one of those four indicated that this was unfortunate). In respect to what has actually been done, three mentioned that **they didn't know what has been done or is being done.** In regard to direction for the future, two mentioned that a home maintenance program is needed, and two mentioned that beautification programs are needed.

The Consolidated Needs Statements, prepared by the Planning Department on September 22, 1977 was approved by City Council on October 10, 1977.

The Citly Council on October 31, 1977, adopted policy for the development of the Fiscal Year 1978-79 budget. This city-wide policy included growth in housing, transportation, economics, public facilities, and community facilities. Although a special committee had been established for the purpose of developing human service policy and a consolidated needs statement, the results of the committee's report have not yet been considered by City Council an no policy guidance was provided to the Director of Human Resources Department for preparation of human services program recommendations under the CDBG program. The problem facing us is that we cannot continue all programs at the current level because our Fourth Program Year allocation under CDBG to the City of Lansing is only seventy-two percent of the Third Program Year. This represents a reduction from $6,196,000 down to 4,444,000 dollars. In addition, it appears that the regulations are now becoming more definitive toward zeroing in on the original intent of the legislation, in that, preservation areas are now being more clearly defined as Comprehensive Neighborhood Revitalization Areas (CNRA). The newly proposed regulations specify that two-thirds of the total clients to be served with Public (Human) Services type activities must reside within the CNRAs; one-third of the CDBG clients may be served outside of these areas. During the next ten days, or so, we will be attempting to get a more specific definition of what a CNRA consists of. If we cannot get an adequate answer from the Detroit Area Office of HUD, we will go to the Chicago Regional Office, and if not successful there, we will go to Washington, D.C. It is imperative that the definition be clearly defined before we can continue with the planning process and avoid wasting a lot of city staff time.

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

Based upon the CD Coordinating Committee program recommendations for Fiscal Year 1979, the Human Resources Department has proposed that one or two existing projects continue to be funded with CDBG program funds and has added several new projects, also utilizing CDBG funds which altogether total $619,339.

In addition, the Human Resources Department has proposed that selective activities, previously CDBG funded, would be carried on through the use of other fund sources, including Lansing general funds. These would total, if all were funded, approximately $900,000. The total possible proposed project costs for Fiscal Year 1979, thus are $619,000 (CD), plus $900,000 (other sources), bringing the known total to approximately $1,500,000.00.

It should be pointed out that the CD Coordinating Committee did not adopt the rationale and strategy proposed by the Human Resources Department Director. They listened and took no action.

During the CD Coordinating Committee meeting on November 10, 1977, program recommendations for FY 79 were presented by the Planning Department and the Human Resources Department. I was present at that meeting and expressed my concern about where funds would come from to support expanded Public (Human) Service activities and what amounts were being recommended. Mr. Tubbs indicated that comments could be made by all departments and/or individuals concerned at the Public Hearing before the Planning Board November 15, 1977. Previous correspondence from the Planning Department indicated that the Mayor and the City Council would make actual decisions as to which programs should be funded during budget deliberations.

The Human Resources Advisory Board presented its "City-wide" program recommendations and priorities in a letter to the Mayor and City Council dated November 14, 1977 as follows:

(1) Child and Family Services

(2) Health Services

(3) Crime Prevention Services

(4) Educational Services

(5) Information and Referral Services

(6) Recreation Services

(7) Employment Services

(8) Transportation

(9) Housing Services

Although there appears to be an understanding that the Public (Human) Services to be provided under the new proposed CD regulations will have to be concentrated in selected Comprehensive Neighborhood Revitalization Areas, such as our Neighborhood Development Areas, none of the Citizens' District Councils (3), or the Citizens' Coordinating Council were contacted to determine what they perceived as needs within their respective NDAs. To pass this off by saying they were invited to the Public Hearings, is considered unacceptable. We are concerned here with specific, officially established, neighborhoods which have specific needs which must be addressed. Certainly, recommendations for programs within the NDAs with their priorities would have been in order. These, no doubt, would vary substantially from "City-wide" program priorities.

The Internal Auditor has provided data on Public Services clients being served, by type of service, in each authorized CD Tract. The Office of Community Development asked for this data by NDA, but it is not available under the current reporting system.

The following analysis is provided in respect to estimated services that have been provided to CD clients in the Second Program Year within the NDAs. (Third Program Year figures are not complete.) Available data includes a total for each Census Tract that the NDAs occupy a portion thereof.

SECOND PROGRAM YEAR, NDAs

Census Tract	Neighborhood Development District	Public Service Population	Population	Percent Participation of Population
8	3	979	4,129	23.7%
15)	1	310	2,241	36.1%
16)		245	1,755	14.0%
21	2	1,028	2,691	38.2%
TOTALS		3,062	10,816	28.31%

SECOND PROGRAM YEAR — ALL AUTHORIZED CENSUS TRACTS (13)

	Public Service Participation	Population	Percent Participation of Population
1, 2, 4, 5, 7, 8, 10, 11, 12, 15, 16, 18, and 21	10,073	34,084	29.6%

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

a. 31.73% (10,816 persons) of the total potential client population (34,084) are in NDAs 1, 2, & 3.

b. Of the total population of 34,084 residing in the thirteen C.D. Census Tracts, 3,062 (8.98%) are C.D. program recipients from within the NDAs.

c. Total funds allocated for Public (Human) Services to all thirteen Census Tracts during FY 77 amounted to $1,151,407.

d. Using this percentage of the total Public (Human) Services budget allocation ($1,151,407), $103,396 are estimated to have benefited NDA residents.

e. With the addition of activities proposed for residents in NDA No. 4, it is estimated that the Public (Human) Services programs — to be carried on at a level which would serve 8.98% of the NDA No. 4 residents—would cost an additional $34,451, bringing the total Human Resources Department program cost to $137,857.

f. Provision also must be made for clients that might be served outside the Comprehensive Neighborhood Revitalization Areas (potentially one-third of the total clients served) would cost an aditional $45,952.

g. The total direct program cost for services to be provided to NDAs and other Lansing beneficiaries of Public (Human) Services activities would approximate $183,-309.

h. If we assume that the appropriation of $619,399 (recommended by the CD Coordinating Committee) for Public (Human) Services should be provided, and that $183,309 should be directed toward assisting Comprehensive Neighborhood Revitalization Area Residents (including some funding to expand the program outside those areas), there would remain only about $435,000 of C.D. funds to apply to other Public (Human) Services programs. It would follow that not all of the new proposed projects could be funded since they total $619,399.

The Human Resources Director has repeatedly emphasized that the proposed HRD (FY 79) programs reflects an emphasis on providing Public (Human) Services to residents within the NDAs, which thrust everyone agrees should be made. Within her proposal for 1979 CD funding, totaling $619,-399, all projects except for $5,000 for Public Service Improvements and $16,000 for the Women's Resource Center have been designed to provide necessary Public (Human) Services within the NDAs. No one can fault this approach to utilize CD dollars to the fullest extent to provide essential services within the "Comprehensive Neighborhood Revitalization Areas" as prescribed in the proposed HUD regulations for future recipient usage.

Obviously, with reduced CD funds available for FY 79, it would be necessary to determine the feasibility of perhaps buying services for individual NDA recipients instead of providing lump sums to cover contracting agency administrative costs. Further, it appears mandatory that actual human service needs be determined through some process which has been requested repeatedly over the past two years.

In addition, there remains serious reservations concerning certain of the projects proposed for future CD funding. These include, with some objective considerations that should be taken into account the following:

Project	Considerations
Fine Arts Training	As proposed, this project appears to be rightfully and logically the responsibility of the Lansing School District.
Community Involvement	An expenditure of any amount of funds from whatever source should take into consideration on-going programs being carried on by City (or other) agencies (i.e., Fire, Police, etc.)
Camping	It would seem other agencies, already funded through United Way, Parks Dept., would be able to provide the means for NDA youth to participate in Camping programs.

There also remain two serious considerations: (1) The City has some responsibility to provide "maintenance of effort" which would encompass certain activities such as "Vermin and Rodent Control, Eradication and Education," shown as a project costing $81,500, confined to the NDAs—seemingly, an inordinate amount of money to be expended in a limited geographic area, (2) there exists a proliferation of agencies —some already funded with CD monies (HAF)—to assist in resolving Landlord Tenant controversies, $25,000 for this element to provide "Housing Assistance" activities seems to be inordinate.

In conclusion, the reservations outlined above must be superimposed upon a basic reluctance to begin new projects when supposedly necessary projects have, over the course of years, been provided funding either through Model Cities, or subsequently, CD funds. What will be the impact upon the program recipients when they learn that previously funded programs or projects are being—not abandoned—but left to the vagaries of unknown decision makers whether or not what they have relied upon in the past, might or might not, be continued.

Another consideration is the amount of CDBG funds which were used to "match" funds from other sources. It appears from the CD Fiscal Officer's report that $1,085,-817 of CD funds were provided for projects to contracted non-profit agencies. This in return gained $2,950,856 from outside sources, or $2.72 for every one dollar of CDBG funds spent. I have requested a

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

breakdown on the actual amount of "match" funds required to continue receiving the other sources of funds the City is apparently getting. This report has not yet been received.

I forwarded a letter to the chairman of the Planning Board expressing my concern about program recommendations proposed by the Human Resources Department before the board, and requested that no action be taken before December 6, 1977. We have yet to provide policy guidance to the Human Resources Director.

Additionally, I forwarded an interoffice communication to all department heads on November 11, 1977, requesting that all proposals for a new or expanded programs, new projects, policy recommendations, etc., be submitted to me prior to submission to City Council.

On November 22, 1977, I forwarded an interoffice communication to the Director of the Human Resources Department requesting that an alternative program proposal be prepared which would maintain existing programs, with exception of the County and School District, within the CD budget.

I suggested that new programs go before the budget review committee for their consideration.

Further, within the list of on-going projects that are shown for future funding from "other sources," it should seem apparent that the Lansing School District should fund the Alternative Education from taxes amounting to more than $25,000,000 collected from Lansing resident and businesses and that Ingham County should in the future pay for the Health Program from its sizable tax collections from within the City which are meant to serve all Ingham County residents.

Following my IOC, on November 24, 1977, the Human Resources Department Director forwarded a letter to the Mayor and City Council requesting that Public (Human) Services policy on programs be established as well as program funding priorities.

In addition, the Human Resources Department sent a letter to all existing agencies with whom we contract for the provision of Public (Human) Services requesting their input for general fund dollars. This is said to have been prompted by the Finance Department doing something similar in this or other areas. You are reminded that the proper procedure is to identify programs first with their appropriate funding dollars. Then, projects and project budgets are prepared by the OCD in coordination with departments concerned for preparation of project recommendations to be made to the Mayor and City Council. After these have been approved, Requests for Proposals should be solicited and the selection of agencies to deliver the services made thereafter.

The Office of Community Development sent an IOC to the Internal Auditor, dated November 30, 1977, requesting that a ranking of all Public Services projects be made with justification and in consideration that some projects/programs may have to be cut. A response has not been received as of this date.

To further complicate this matter, it appears that contracting with some, or all, agencies for public service project implementation may not be legal according to State law. Therefore, an interoffice communication was sent to the City Attorney by the Office of Community Development on November 30, 1977, subject: Legal Opinion —Use of Funds to Contract with Private Agencies, to determine those activities which are eligible/ineligible for public funds from revenue sharing, general funds, Federal funds, State funds, etc. We are also awaiting that response.

In respect to the administrative budget proposal for CDBG in the Fourth Program Year and the balance remainnig for programs, the following information is provided:

At its October 28, 1977 meeting the CD Coordinating Committee adopted a resolution that the CDBG allocation of funds for FY 79 be distributed as follows:

Recommendation:

Administration	25% of budget
Housing	45% of budget
Public Improvements	5% of budget
Other Physical	5% of budget
Public (Human) Service	20% of budget

This distribution was based on the premise that the FY 79 CD budget would be $4,506,-000. Moreover, at the same meeting, the CD Coordinating Committee also directed the CD Fiscal Officer to develop a "Budget Strategy" based upon the premise that all currently funded CD position would be continued with CD monies. The CD Fiscal Officer also developed a system for the City to charge "Indirect Costs" back to the CD allocation budget certain personnel and other, costs, amounting to about $303,000 during FY 79, including an 8% increase in personnel cost of living and merit increase costs.

Subsequently, we have been informed that the CDBG Grant for FY 79 wil total only $4,444,000. Further, the "Budget Strategy" prepared by the CD Fiscal Officer included the application of about $303,000 for "Indirect Costs."

OBVIOUSLY, THESE TWO FACTORS IMPINGE A HEAVY IMPACT UPON THE FY 79 PROPOSED BUDGET.

The Public (Human) Services budget cannot be considered without taking into account the other budgetary line item which comprise the entire FY 79 allocation of funds. The following Courses of Action show dramatically how budgets might be developed using different criteria and how funds might be distributed among the various cost factors. (See Enclosure 1)

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

The CD Management Office has prepared the following Courses of Action (C/A) which show dramatically how budgets might be developed using different criteria and how funds could be distributed among the various budget cost factors. (See Enclosure No. 1)

Course of Action No. 1:

This alternative assumes that no reduction in CD funded personnel would be made, that projected operating costs of $265,615 would be included, that the CD budget would provide for the payment of Indirect Costs amounting to $302,836 to the City, and that the percentage distribution of funds to various programs would be made on the basis adopted by the CD Coordinating Committee. As a result, these cost factors would conclude a CD budget amounting to $5,086,733 or $640,733 in excess of the $4,444,000 budget.

Course of Action No. 2:

This plan includes all of the assumptions in Course of Action No. 1, except it eliminates Indirect Costs and provides for a 10% reduction in "Operating Costs" which might be possible providing stringent measures were taken in future purchasing and contracting practice. Even with these reductions, the total proposed budget of $4,755,336 exceeds the total budget allocation by $311,336.

Course of Action No. 3:

Here, the approach was made that projects would continue at the funding levels recommended by the CD Coordinating Committee, that operating costs, again, might be reduced by 10% and that Indirect Costs would be excluded. These applications of funds result in a residual of only $1,141,347 to be applied to "Salaries & Longevity," bringing about at 21.4% "across the board" reduction in personnel—in effect, requiring termination of about one in every five CD funded employees.

Course of Action No. 4:

This last approach includes no provisions for Indirect Costs and a 10% reduction in Operating Costs, but provides for the retention of all CD-funded personnel. However, to bring the total budget to $4,444,000, only $2,752,263 residual remains to be applied toward CD program, pro-rating these funds among programs brings about some reduction in each project area but does not appear to result in a serious impairment of the programs total thrust.

To summarize, some budgetary alterations must be made. Obviously there are an innumerable number of allocations to the various CD functions which might bring about the desired balanced budget of $4,444,000 which is $1,752,000 less than the third year allocation of $6,196,000.

Under any circumstances, budgetary constructions would seem to dictate that the recently adopted City Council policy requiring the assessment of Indirect Costs would have to be waived unless some further personnel or project cuts were to be made. The pertinent, overriding question remains where reductions will be implemented without diminishing the impact of the overall CD program.

We understand that additional CDBG funds may become available to the City of Lansing in the near future. This is a course of action that would support the retention of skilled personnel, wherever possible.

With all of the above in mind, I think that you will agree with me that it is necessary for the City of Lansing to adopt a policy which clearly defines what we visualize as being a "Comprehensive Neighborhood Revitalization Area" (CNRA).

Generally, the CNRA is defined in Section 570.301(a) in the proposed regulations as a slum and blighted areas of **manageable** size selected for **concentrated treatment,** capable of having its needs met in **a three to five** year period. The program in a CNRA must be coordinated and include a range of participants and activities.

In the November 15, 1977, Community Development Digest, page 5, concerning the proposed CDBG regulations it was stated that, "Among other areas HUD would like comments on are:

1. Targeting of funds. How burdensome or helpful are the new rules in encouraging targeting? Are the rules sufficient to enable local officials to resist political pressures for spreading the funds over wide areas of the City instead of concentrating them where they will have the greatest impact?

2. Comprehensive Neighborhood Rivitalization. How could HUD be more helpful in defining "comprehensivenes"?

It appears to me that the City of Lansing's definition of CNRA should consider the following:

The CNRAs are those geographic areas which contain the specific housing activities as recommended in Option I of the Second Three Year Community Development Strategy Plan. Section 570.301 of the proposed rules stresses **concentrated** activities in **blighted residential** areas which substantially address identifiable housing and physical needs which can be met within **a three to five year** period. Further, that such concentrated housing activities shall be supported by necessary **public facilities and services.** An example of a CNRA function is a residential rehabilitation loan program which provides loans and grants to property owners in a designated area in which street improvements, playgrounds, and public services are also being provided.

Given these concepts, the City of Lansing CNRAs should be defined as the existing Neighborhood Development Areas 1, 2, 3, and any additional neighborhood development areas adopted in the plan for the Second Three Year Program, and the Neighborhood Improvement Program (HIP/NIP) located in Census Tracts five, six,

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

seven, eight, twenty-one, and twenty-four. These are concentrated housing areas in which CDBG funds and Section 312 funds should be spent.

This definition of CNRA could be expanded to include a code compliance area which directly abuts the above geographic areas.

It has been the intent of this letter to provide you some background information and give you an overview of what has happened to date during the preparation of the CDBG Second Three Year Program Plan and the Fourth Program Year Application. There are many questions which yet need to be resolved.

Sincerely,

GERALD W. GRAVES,
Mayor.

Referred to Committee on Community Development.

RESOLUTIONS

By Councilman Adado—

Resolved by the City Council of the City of Lansing:

That the City Assessor be, and he is hereby, directed to spread on the July 1978 Tax Rolls (U-14), the cost of correcting the hazardous and unsanitary conditions of properties in the year 1977, in the amount of $919.32, as reported this date by the Building Commissioner and as per the attached list.

Adopted by the following vote:

Unanimously.

By Committee on Buildings and Properties—

Resolved by the City Council of the City of Lansing:

Whereas, the Lansing Building Commissioner determined on December 10, 1976, that the building located at 733 N. Cedar St., Lansing, Michigan, was an unsafe or dangerous building as defined in Section 9A-13 of the Lansing Uniform Housing Code and the housing law of Michigan, and

Whereas, the Building Commissioner issued a notice to Grand Valley Swamp Development Co. Inc. owner, as appears from the last local tax assessment records, requesting him to appear at a hearing to show cause why the building should not be demolished or otherwise made safe; and

Whereas, a hearing before the Hearing Board was held November 17, 1977, at which hearing Grand Valley Swamp Development Co., did not appear, and the Hearing Officers determined that the building did not meet minimum housing code standards and ordered the building demolished or otherwise made safe; and

Whereas, said Hearing Officers have filed a report of their findings and order with the Lansing City Council, and have requested the City Council to take appropriate action under Section 9A-13 of the Lansing Uniform Housing Code and the Housing law of Michigan, to require that said building be demolished or otherwise made safe; now, therefore be it

Resolved, that a hearing be scheduled for January 9, 1978 at 7:00 o'clock, at the chambers of the Lansing City Council, to review the findings and order of the Hearing Officers, and to approve, disapprove, or modify said order, and that the owner shall have the opportunity to appear at the hearing and show cause why the aforesaid building should not be demolished or otherwise made safe; now therefore be it further

Resolved, that written notice of the time and place of said hearing shall be personally served or mailed by certified mail, return receipt requested, to said owner in whose name the property appears according to the last local tax assessment records; and that said notice shall be served or mailed at least ten (10) days prior to said hearing.

ORDINANCE NO. 478

AN ORDINANCE OF THE CITY OF LANSING, MICHIGAN, PROVIDING THAT THE CODE OF ORDINANCES, CITY OF LANSING, MICHIGAN, BE AMENDED BY REVISING SECTION 9B-10, OF SAID CODE.

The City of Lansing ordains:

Section 1. That the Code of Ordinances of the City of Lansing, Michigan, be amended by revising Section 9B-10, to read as follows:

Section 915 (a) General, is hereby amended by adding the following Exception:

Manually operated dampers shall not be placed in connectors of stoker fired, liquid or gas burning appliances. Fixed baffles on the appliance side of draft hoods and draft regulators shall not be classified as dampers. Automatically operated dampers shall be on an approved type designed to maintain a safe damper opening at all times and arranged to prevent the initiation or increase of firing unless the damper is opened to a safe position.

Exception: Fixed baffles are permitted to be placed in a part of the chimney connector or vent connector of a gas fired heating appliance with a draft hood when complying with all of the following requirements.

(1) The baffling device is of a type that requires retro-fiitting and when adjusted is fixed and cannot be made more restrictive.

(2) Input to the appliance is reduced by physically replacing orifices, permitting only a lesser quantity of fuel.

(3) The total free area of the chimney connector or vent connector to be not less than 6000 BTUH input per square inch.

(4) Inspector approval of the actual and total installation, performed under a mechanical permit, is obtained prior to putting into service.

(5) The equipment is conspicuously labeled, in a manner satisfactory to the inspector, denoting the new input rating of each appliance.

(6) Input reduction below 75% of the manufacturer's rated input is not permitted.

(7) This exception applies only to warm air furnaces fired with natural gas.

Section 2. All ordinances or parts of ordinances inconsistent with the provisions hereof are hereby repealed.

By Councilman Belen—

Resolved by the City Council of the City of Lansing:

This ordinance being for the immediate preservation for the public peace, health or safety shall take effect upon its passage.

Honorable Mayor and Members

of the Lansing City Council

Re: Oliver Watson v City of Lansing, Workers Comp

Dear Mayor and Council:

On September 6, 1977 the City Attorney's office was granted authorization by the City Council to institute appellate proceedings in the above captioned workers disability compensation case. The appeal was hinged on the admissability of new evidence before the Board of Appeals.

After the appropriate motions were filed the Board of Appeals denied admission of the relevant additional testimony. As a result, this office no longer feels that pursuit of this matter is meritorius.

Therefore, this office requests authorization to withdraw the appeal in the above captioned matter.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

By Councilman Belen—

Gentlemen:

Re: Field Office Study

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

The Oak Park Field Office and maintenance garage was constructed in phases with the last major addition being completed in the late 1940's. As the result of increased mechanization of maintenance operations; the large size of some equipment; and gradual department growth, the Oak Park compound has become increasingly ineffective for equipment storage and fleet maintenance. Further, the square footage of indoor storage area allows us to house only a small percentage of our mechanical equipment during months of inclement weather. This has contributed to the accelerated deterioration of expensive equipment, and increased repair costs.

Previous Department administrations have proposed and received funding for the development of a secondary field office location at McKinch Park (south of Jolly between Logan and Pleasant Grove). The theory behind this south end office has been the reduction of travel time which in itself is a significant problem in establishing an efficient operation. Even though work has begun at McKinch Park I have not implemented the improvements budgeted in the current fiscal year because of my uncertainty that the development of this compound is the solution to our total field office needs.

I am recommending that a management study be conducted on the utilization of our Oak Park compound and maintenance garage, the proposed south Lansing field office, and other satellite locations as they relate to the most effective development of our employees and equipment. This study should include the structural limitations at Oak Park, and the feasibility for renovation of that facility.

I am respectfully seeking your authorization to request proposals from management consulting firms in order to determine specific type of information we can expect to receive and the cost of such a study.

Thank you.

Sincerely,

DOUGLAS FINLEY,
Director,
Parks and Recreation
Department.

City Hall

124 W. Michigan Avenue

Lansing, Michigan 48933

Dear Mayor Graves:

I am concerned about the "Overall Policies" drafted by the Human Resources Department and scheduled for Council action Monday, December 12, 1977. The impact of these policies as drafted will affect nearly every department in the City.

It is therefore, requested that action upon these matters be delayed until such time as all Department Heads affected by these policies can review and comment upon their impact.

Your consideration and action upon this matter is appreciated.

Sincerely yours,

RICHARD A. GLEASON,
Chief of Police.

Referred to Committee of the Whole.

December 13, 1977

Gerald W. Graves and

Members of the Lansing City Council

Dear Mayor and Council Members:

The Michigan Land Trust Fund Board has informed the City of Lansing's Parks and Recreation Department that our Land Acquisition Proposal to purchase certain properties that we have identified as the River Point Land and the Terzian Property which lies north of the North Lansing Dam on the east bank of the Grand River along Turner Street will not be funded this fiscal year.

The Board received 132 proposals and is currently only considering funding eight. They determined that the City of Lansing's proposal was to be deferred and to be retained for further consideration next year.

The Board is considering funding the following projects:

Skegmog Lake Natural Area	$ 59,600
Luther Uhl Dune	625,000
St. Johns Marsh	1,000,000
Whitehead Proposal	137,000
Pigeon River Proposal	350,000
Ocqueoc River Land Proposal	300,000
Red Cedar Natural Area	130,000
Plaster Creek Trail	100,000
	$2,701,600

It is respectfully requested that the Mayor and City Council provide guidance to this office as to the course of action to be pursued. The basic courses of action open to us are:

1. Let our submission stand for reconsideration next year.
2. Withdraw the application and submit a new application attempting to pro-

cure land and conservation water funds to acquire this property. (Use of these funds requires a 50-50 match as opposed to the Kamer Land Trust Fund match of 0.)

3. Use other city funds to purchase the properties.

4. Do nothing.

Thank you for your consideration in this matter. I await your policy guidance.

Sincerely,

GEORGE S. LOKKEN,
Program Coordinator.

December 14, 1977

Honorable Mayor Pro-Tem and Members

of the Lansing City Council

City Hall

Lansing, Michigan

Dear Mayor Pro-Tem

and Council Members:

At my direction, the Ad Hoc Committee on NDA No. 3 Traffic Experiment met to find a solution to the problems expressed by A.I.W.—Local 182 and Motor Wheel Corporation. Two meetings were held, the first, November 29, and the second, December 5. Present at the meeting on November 22, were representatives of NDA No. 3, Motor Wheel Corporation, Local 182, Traffic Board and Department, Planning Department, City Council, in addition to myself and the Executive Assistant. At that meeting, it was agreed by all in attendance that the Mayor would name an Ad Hoc Committee made up of representatives of Motor Wheel Corporation, Local 182, NDA No. 3, and resource people being those from the Traffic Department and the Planning Department.

The Ad Hoc Committee on NDA No. 3 Traffic Experiment met to find a solution to the traffic problems expressed. Two meetings were held, the first on November 29 and the second on December 5. Following is a summary of the points generally agreed upon by those present at the meeting:

1. Traffic problems do exist within the residential area in and surrounding NDA No. 3 and some solution must be found to those problems.

2. Traffic conflicts on McKinley Street in the Motor Wheel Plant Complex make increased use of that street undesirable and possibly unsafe.

3. Increasing traffic on Larch Street adjacent to the Motor Wheel Facility will cause undesirable traffic congestion.

4. Wood Street or other streets to the east should be carrying more of the through traffic which currently uses the Lake Lansing Road/High Street route into the City. However, Wood Street does not offer a permanent solution to the problem. See No. 6 below.

5. Wood Street could provide more effective circulation if it were constructed through to Saginaw Street from Grand River Avenue (Oakland). Traffic diverters could be installed which would prevent vehicle movements from Clemens Street to the proposed extension.

6. A long term solution to traffic coming to and from Lake Lansing Road is needed. Further study should be undertaken by the City to determine the best possible solution. Case Street will not furnish a long term solution to the problem but only a short term substitute.

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

7. Signs should be placed on Lake Lansing Road east of Wood Street which request truck traffic to use Wood Street and Saginaw/Oakland instead of continuing on Lake Lansing Road. A designated truck route will only extend as far west as the Lansing city limits.

8. Diverting traffic down Case Street instead of allowing it to continue west on McKinley would be acceptable to both Local 182 and Motor Wheel Corporation.

9. To divert traffic down Case Street would require closing McKinley Street at its eastern entrance to the Motor Wheel Facility. Only Motor Wheel truck traffic would be allowed access to the plant from McKinley to the east.

10. If traffic is diverted to Case Street, the City has a responsibility to remove the residences which front on Case Street. Therefore, those units which will be adversely affected should be acquired and demolished and the residents relocated. This should be done as soon as possible.

11. Case Street should then be reconstructed and improved for heavier traffic.

12. The traffic light on the corner of High Street and N. Grand River Avenue should be moved to the corner of Case Street and N. Grand River.

13. The traffic circulation experiment should be conducted as proposed to include the temporary closing of McKinley, the relocation of the traffic light from High to Case Street, and the appropriate traffic signing. The experiment shall be for a ninety day period, to begin January 17, 1978. Parking will be removed from Case Street one week prior to the experiment.

14. A meeting should be held with Case Street residents prior to implementation of the experiment to inform residents of the changes and to tell them of our recommendations to acquire those properties.

I now request your approval of the concept submitted by the Community Development Department that the homes along Case Street be purchased and that a green area be established along the property lines to the east and, that the Public Safety Committee, in conjunction with the Community Development Department and the Planning Department, meet with the occupants of the homes along Case Street to advise of the intent, the relocation payments to be made, the target date for acquisition of the properties and the procedures to be followed.

Overall, the recommendations will assist those who occupy the homes along Case to relocate to a more desirable area; the green areas to the east of the aforementioned properties will have aesthetic value for those properties adjacent to those to be purchased; traffic will be re-routed out of the residential area of NDA No. 3; the employees of Motor Wheel coming from the parking lot south to their work stations will not have limb and life jeopardized; and, Motor Wheel Corporation will have a more efficient operation along McKinley Street.

In regard to Items 4 and 5, I wish to make it emphatically clear that the traffic diverters recommended for Clemens Street WILL PROHIBIT TRUCK TRAFFIC FROM GOING SOUTH ON THAT STREET. Too, a Truck Route Plan, presently being prepared, should prohibit truck traffic from entering Clemens Street at Kalamazoo, diverting that traffic east to the freeway and the adjacent routes.

Sincerely,

GERALD W. GRAVES,
Mayor.

Referred to Committee on Public Safety, Planning Board and Traffic Board.

RESOLUTIONS

By Buildings and Properties Committee—

Resolved by the City Council of the City of Lansing:

Whereas, the R. E. Olds Museum Task Force has requested that the CATA garage located on Mill Street be leased to the R. E. Olds Museum for five years at $1 per year; and,

Whereas, the R. E. Olds Museum Corporation has stated that in consideration for this agreement, they will establish an antique automobile museum, undertake all needed renovation, supply all maintenance costs, provide public liability insurance and pay all utilities; and,

Whereas, the establishment of an R. E. Olds Museum in the City of Lansing will provide a much needed facility for the display of antique automobiles and other transportation memorabilia;

Now, Therefore, Be It Resolved that the City Attorney is directed to prepare a five year lease agreement with the R. E. Olds Museum Corporation for $1 per year with the proviso that all renovations, maintenance, liability insurance and utilities shall be the responsibility of R. E. Olds Museum Corporation; and,

Be It Further Resolved that the lease agreement will include provisions that all improvements will remain at the termination of the lease and that the building must be solely used for museum purposes; and,

Be It Further Resolved that the terms of the lease agreement will provide that fire insurance for the building will be provided by the City of Lansing; and

Be It Further Resolved that the lease will commence on or about October 1, 1978, when CATA is expected to vacate the Mill

Street facility or at any earlier date acceptable to CATA; and,

Be It Further Resolved that the R. E. Olds Museum Corporation will comply with all existing building codes that may apply to renovation, accessibility to the handicapped and usage; and,

Be It Further Resolved that the R. E. Olds Museum Corporation will submit to the Buildings and Properties committee for approval all site plans and plans for structural modifications and interior and exterior construction prior to execution; and,

Be It Further Resolved that the City Attorney in the preparation of the lease agreement will insure that:

1. The limit of the city's financial commitment to this proopsal shall be as outlined in this resolution;
2. The lease is not transferrable or may it be utilized for securing of additional loans or encumbrances;
3. A statement is included that the City will be relieved of substantial costs needed to renovate and maintain the structure by effectuating this leasehold agreement;
4. The lease will evident such control over the utilization of the building as required by City Ordinance, state law and Attorney General's Opinion as may be applicable; examples of such control could be City Council approval of times of operation, price of admission, establishment of displays, holiday schedules and special showings and any requirement for quarterly reports concerning the status of operation and number of visitors passing through the facility and so forth.

and,

Be It Further Resolved that prior to the execution of said lease that the Building and Properties Committee will be provided an opportunity to review said lease to insure that it is written in conformance with the intent of this resolution; and,

Be It Finally Resolved that the Mayor and City Clerk are authorized to sign said lease after approval by the Buildings and Properties Committee.

By Committee on Buildings and Properties—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing does hold title to the property described as:

The North ½ of the N.W. fractional ¼ of Section 31, T5N, R2W, DeWitt Township, Clinton County, Michigan, Consisting of 87.1 acres. (Adjacent to Capital City Airport on the north.)

and

Whereas, a value of Nine Hundred Fifty and no/100 ($950.00) Dollars per acres has been established as the fair market value of the property; and

Whereas, the proposition to sell said property was submitted to the electors of the City of Lansing for approval as required by Section 14.3 (d) of the Charter of the City of Lansing and as required by the laws of the State of Michigan at a regular City primary election; and

Whereas, the electors of the City of Lansing did approve the sale of subject property; and

Whereas, the City of Lansing will retain the West 450 feet (approximately 13 acres) of subject property to be utilized for the construction of a helicopter hangar and pistol range for the Police Department; and

Whereas, the State Highway Commision has presented to the City of Lansing an Option to Purchase the remaining 74.1 acres of subject property at a sale price of Seventy Thousand Four Hundred and no/100 ($70,400.00) Dollars, which is deemed to be fair market value for 74.1 acres; and

Whereas, subject property, if purchased by the State, will be utilized for the expansion of the Capital City Airport facilities,

Now, Therefore, Be It Resolved that the Mayor and City Clerk are hereby authorized and directed to execute the Option to Purchase for sale of subject property in accordance to the terms and conditions of the Option to Purchase agreement after approval as to form by the City Attorney.

By Committees on Planning and Public Service and Highways—

Resolved by the City Council of the City of Lansing:

Whereas, funds have been appropriated through the Community Development Program to provide the necessary public improvements and parking facilities for the neighborhood commercial area on the south side of the 2000 block on East Michigan Avenue; and

Whereas, the Planning Department in conjunction with the Eastside Businessmen and the Eastside Neighborhood Organizations have developed preliminary plans and cost estimates for the development of this area; and

Whereas, the Planning Board held a public hearing regarding this proposal according to the guidelines established relative to Act 285, P.A. of 1931; and made their recommendations to City Council on October 20, 1977;

Now, Therefore, Be It Resolved, that the preliminary plans for the development of this area be approved and used as policy guidance for detailed development; and

Be It Further Resolved, that the Director of Housing and Redevelopment is authorized to enter into negotiations to acquire six residences located at 116, 120 and 122 South Fairview and 117, 119 and 123 South Clemens to facilitate this proposal; and

Be It Further Resolved, that the Director of Housing and Redevelopment is authorized to negotiate professional service contracts for the necessary demolition, survey and preparation of bid documents; and

Be It Further Resolved, that the Planning Department staff along with the staff

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

of the Housing and Redevelopment Department review the detailed development of the bid documents to insure proper landscaping, screening, parking, drives, paving and lighting; and

Be It Further Resolved, that the Planning Committee of Council, the Eastside Businessmen and the Eastside Neighborhood Organization review the bid documents before bidding; and

Be It Further Reolved, that the additional funds needed to complete this project, approximately $25,000, be allocated from the second three year Community Development Budget; and

Be It Finally Resolved, that a rezoning petition be initiated by the City, at the appropriate time, to insure proper zoning for the proposed development area.

Resolved by the City Council of the City of Lansing:

Whereas, the City Council, by Resolution on Monday, July 18, 1977, authorized the Program Coordinator to prepare and submit an application to the National Endowment for the Arts for a grant of $36,000; and,

Whereas, an amendment to this Resolution, approved by the Council, stipulated that the artists commissioned for the Civic Center Art Project either work in or be residents of the City of Lansing; and,

Whereas, the Civic Center is utilized by many and various state and area organizations for many functions and purposes; and,

Whereas, the Selection Committee reviewed some 27 proposals submitted by area artists; and,

Whereas, a number of these area artists did not work in or live in the City of Lansing and, therefore, did not meet the literal requirement outlined by the amendment; and,

Whereas, the Selection Committee selected 9 artists for subsequent commissioning should the grant application be approved; and,

Whereas, of these 9 artists selected, 4 were residents of the City of Lansing, 3 were residents of the City of East Lansing, one was a resident of Williamston and one was a resident of Union City; and,

Wherea, the artists selected were determined to be best capable of creating the specific art designed for display in the Civic Center;

Now, Therefore, Be It Resolved that the amendment to the Resolution as proposed and adopted by Council is rescinded.

By Committees on Buildings and Properties, Public Service and Highways, Public Safety and Finance—

Resolved by the City Council of the City of Lansing:

Whereas, it has been proposed that a new Traffic Sign Shop, a Public Service Garage and a Vehicle Wash be constructed, and

Whereas, after extensive review by several Committees of the staff recommendations, and

Whereas, the Committee on Buildings and Properties determined that a complex housing all three facilities was the most efficient proposal for addressing these needs, and

Whereas, the South Street site was selected for such a complex, and

Whereas, the Committees on Buildings and Properties, Public Service and Highways, Public Safety, Finance, and the Capital Improvements Technical Coordinating Committee all approve and recommend the project.

Therefore, Be It Resolved, that the City of Lansing construct a combined Sign Shop, Garage and Vehicle Wash, designated as the South Street Complex, and

Be It Further Resolved, that the Finance Director prepare the necessary transfers for a total project cost of $351,904.

Adopted by the following vote:

Yeas: Councilmen Adado, Baker, Belen, Gunther, Hull, McKane—6.

Nay: Councilman Blair—1.

By Councilman Blair—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing directly or through its various departments, offices and/or agencies may be required to lease or rent additional space for use by said departments, offices or agencies to provide services to the citizens of Lansing and to the region; and,

Whereas, it is the intent of the City of Lansing to comply with the Michigan Handicappers Civil Rights Act, 220 PA of 1976; and,

Whereas, the Michigan Handicappers Civil Rights Act states that "public service means a public facility, department, agency, board or commission, owned, operated, or managed by or on behalf of the state or a subdivision thereof; a county, city, village, township or independent or regional district in the state, or a tax exempt private agency established to provide service to public"; and,

Whereas, Section 103 of the above cited act provides that "except where permitted by law, a person shall not: (a) deny an individual the full and equal enjoyment of the goods, services, facilities, privileges, advantages, and accommodations of a place

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

of . . . public service because of a handicap that is unrelated to the individual's ability to utilize and benefit from the goods, services, facilities, privileges, advantages or accommodations or because of the use by an individual of adaptive devices or aids,"

Now, Therefore, Be It Resolved that no department, office, or agency shall rent or lease space for the provision of public services unless such space meets the criteria as outlined by the Michigan Handicappers Civil Rights Act of 1976; and,

Be It Further Resolved that prior to the consumation of any lease or rent agreement by departments, offices or agencies of the City of Lansing said proposed rent or lease agreement will be reviewed by the Human Relations Director and the City Attorney to insure that the rent or lease agreement is in compliance with the Michigan Handicappers Civil Rights Act of 1976; and,

Be It Finally Resolved that prior to the consumation of any rent or lease agreement that approval of said rent or lease agreement will be provided by the Buildings and Properties Committee with final approval authority residing in the City Council.

By Committee of the Whole—

Resolved by the City Council of the City of Lansing:

Resolution Indicating Intent to Support and Utilize the 208 Water Quality Management Plan (hereinafter called "the Plan") developed and adopted on November 16, 1977 by Tri-County Regional Planning Commission (TCRPC), the designated areawide waste treatment management planning agency which designates the Lansing City Council as a water quality management agency.

Whereas, pursuant to Section 208 of the Federal Water Pollution Control Act Amendments of 1972, P.L. 92-500 (hereinafter called "the Act"), the Plan has been developed and satisfies the criteria contained in the Act and guidelines; and

Whereas, federal regulations (40 CFR, Part 126.10) require that the affected general purpose units of local government within the region must show their intent, through formally adopted resolutions, to join together in the planning and implementation process to support and utilize a plan which will result in a coordinated water quality management system for the region; and

Whereas, such water quality management system is a necessary and significant process to control present point and nonpoint sources of water pollution and to guide development in the region which may affect water quality and in order to prevent future and abate existing water quality control problems; and

Whereas, pursuant to the State of Michigan Certification Process, the designated management agency(ies) must agree to such designation prior to partial, conditional or full certification of the Plan by the Governor.

Now, Therefore, It is Resolved that, inasmuch as the Lansing City Council is a representative organization of elected officials and is capable of implementing parts of the Plan for the region, the Lansing City Council accepts designation as a water quality management agency and will support the goals, objectives and intent of the 208 Plan, and will support the implementation of the Plan, providing that the current level of State and Federal financing is maintained, and providing that amendments to the Plan may be made from time to time as technical data becomes available through further studies, monitoring and implementation of the 201 Plan, which would alter the conclusions and recommendaions of the Plan, and providing that where practical and feasible, priority shall be given to the provisions of the 201 Plan.

It is Further Resolved That all proposals for grants for construction of publicly owned treatment and collection works within the boundaries of the designated area will meet the objectives and intent of the Plan.

It Is Further Resolved That the Lansing City Council will formulate a Water Quality Management Association (WQMA) and a Citizens Clean Water Committee (CCWC) to provide the public, local units of government and various implementing agencies an advisory mechanism on water quality related issues.

It Is Further Resolved That the Lansing City Council will appoint one member to the Water Quality Advisory Council (WQAC) which will advise TCRPC on regional water quality issues.

ORDINANCE NO. 480

By Councilman Belen—

Resolved by the City Council of the City of Lansing, that the Ordinance providing that the Code of Ordinances, City of Lansing, Michigan, be amended by revising Section 5-31 of Code (Amusement—Requirements for Operation), be placed on order of immediate passage.

By Councilman Belen—

Resolved by the City Council of the City of Lansing, that the Ordinance providing that the Code of Ordinances, City of Lansing, Michigan, be amended by revising Section 5-31 of Code (Amusement—Requirements for Operation), be now passed.

Adopted by the following vote:

Unanimously.

ORDINANCE NO. 480

AN ORDINANCE OF THE CITY OF LANSING, MICHIGAN, PROVIDING THAT THE CODE OF ORDINANCES, CITY OF LANSING, MICHIGAN, BE AMENDED BY REVISING SECTION 5-31 OF SAID CODE.

The City of Lansing ordains:

Section 1. That Section 5-31 of the Code of Ordinances of the City of Lansing, Michigan be revised so that such section shall read as follows:

Sec. 5-31. Requirements for operation.

It shall be unlawful for any person to hereafter operate and/or establish an adult bookstore, adult motion picture theater or adult mini motion picture theater until he shall have complied with the provisions of this ordinance and other ordinances of the City of Lansing. The Building Commissioner, the Fire Marshall, the Planning Director and the Chief of Police shall approve an application after determining respectively that the premises sought to be licensed hereunder is in compliance with the Building Code, the Fire Code and the Zoning Code of the City and Section 5-33 and 5-34 of this ordinance. The failure of any of the above officials to approve or disapprove the application within thirty (30) days after receipt of the application by the City Clerk shall be deemed approval by the official failing to act.

Section 2. All ordinances or parts of ordinances inconsistent with the provisions hereof are hereby repealed.

Section 3. This ordinance shall take effect thirty days from the date of passage unless given immediate effect by the City Council.

By Councilman Belen—

Since amendment is necessary for effective administration of licensing ordinance currently in effect, I move that ordinance be declared an emergency ordinance and be given immediate effect.

Carried.

By Councilman McKane—

Resolved by the City Council of the City of Lansing:

That Councilman Brenke be excused from the session.

Carried.

By Councilmen Belen-Blair-McKane—

Resolved by the City Council of the City of Lansing:

That the rule prescribed in Sec. 5.5 (g) of the Charter relative to considering business not on the agenda, be waived.

By Councilman Belen—

Resolved by the City Council of the City of Lansing:

That the Housing and Redevelopment Department is authorized to purchase the property known as 800 West Lenawee St., legally described as: Lots 15 and 16, Block 4, Bush, Butler and Sparrow's Addition, City of Lansing, Ingham County, Michigan, for the amount of Twenty-Six Thousand dollars subject to certification as to availability of funds in Account No. 255-936-645-974 by the Finance Director.

Adopted by the following vote:

Unanimously.

By Councilman Blair—

Resolved by the City Council of the City of Lansing:

Whereas, a Long Range Public Transportation Plan has been prepared by the Tri-County Regional Planning Commission; and,

Whereas, the Tri-County Regional Planning Commission has requested that the City of Lansing express their opinions and concerns regarding the various alternatives presented in the long range public transportation to the Tri-County Region; and,

Whereas, a briefing on the above subject plan was presented to the Committee of the Whole on October 6, 1977, and,

Whereas, a correspondence was received from the Tri-County Planning Commission on December 7, 1977, said correspondence being referred to the Public Safety Committee on December 12, 1977; and,

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

Whereas, the Public Safety Committee will review this plan during their weekly meeting on December 20, 1977; and,

Whereas, the Tri-County vote on this plan will take place on Wednesday, December 21, 1977, at which time the Lansing Members to the Tri-County Commission are expected to vote Lansing's position on said plan; and,

Whereas, the Lansing members to the Tri-County Planning Commission have requested direction from City Council prior to the Tri-County Regional Planning Commission vote;

Now, Therefore, Be It Resolved that the Public Safety Committee is requested to recommend policy direction to the Lansing members of the Tri-County Regional Planning Commission and the Lansing members to the Tri-County Regional Planning Commission are requested to take the Public Safety Committee's views into consideration when voting their positions on December 21, 1977.

Adopted by the following vote:

Unanimously.

By Councilman Terry McKane—

Resolved by the City Council of the City of Lansing:

Whereas, the citizens of the City of Lansing and the residents of the State of Michigan do hereby reqeust the Governor of our State to resume nightly lighting of the Michigan State Capitol Building dome, and;

Whereas, the significance of this State monument, as both a National landmark and a local symbol of State and City cooperation, makes our Capitol dome far too important to be left completely unlighted and unnoticed after dark, and;

Whereas, the RUDAT report, states that the Capitol is truly a beautiful building and is a drawing card to downtown Lansing, and;

Whereas, it is our understanding that this will have to be accomplished on a modified schedule, and;

Now, Therefore, Be It Resolved, that the City Council strongly endorses local petitions in this undertaking and requests that the State continue to keep the dome lights on afer the first day in January, 1978, and;

Be It Finally Resolved, that a copy of this resolution be forwarded to the Governor and all local State Legislators by the Council Secretary.

Adopted by the following vote:

Unanimously.

By Councilman Belen—

That this meeting stand adjourned.

REPORTS OF CITY OFFICERS AND BOARDS

December 19, 1977

Honorable Mayor and Members

of the Lansing City Council

Lansing, Michigan

Re: Claim of Patrick Sounders for $96.00

Dear Mayor and Council:

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

The above captioned matter was referred to this office for investigation and recommendation.

The claimant states that on October 8, 1977 while driving east on Saginaw near Cedar Street, and after crossing the railroad tracks, his automobile struck a raised sewer cover allegedly causing a crack in the frame of his vehicle.

The Director of Public Service indicates that the road in question was in fact under repair at the time of the mishap. However, repairs were being supervised by the Michigan State Highway Department and were performed by the Muskingam Construction Company, whose address is 18071 James Couzens Highway, Detroit, Michigan 48077.

Since the City of Lansing is not the responsible party under the circumstances, it is the recommendation of this office that the claim be denied and that claimant be referred to the above named contractor or their insurance carrier. In the event this claim is denied, we will advise claimant to submit the matter to Muskingam Construction Company.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

By Councilman Blair—

That we concur in the recommendation of the City Attorney.

December 22, 1977

Honorable Mayor and Members
of the Lansing City Council

Re: Frank P. Davey Co. v City of Lansing, Michigan Tax Tribunal Docket No. 28180

Dear Mayor and Council:

On June 15, 1977 Frank P. Davey Company filed suit against the City of Lansing in the Michigan Tax Tribunal seeking a reduction in the assessed valuation and real property taxes on the Capitol Park Hotel. Their complaint alleged, inter alia, that the 1977 assessment placed on the property was in excess of 50% of its true cash value and, therefore, unlawful. The City filed its answer to the complaint alleging that the assessment was correct and lawful.

Recently members of the City Assessor's office, this office and the Frank P. Davey Company met in an effort to resolve their dispute over the value of the property. Based on detailed information supplied by Frank P. Davey Company and which was not previously available to the Assessor's office, it was agreed by the City Assessor and Frank P. Davey Company that the correct assessed value should be $478,900 which is $63,400 more than claimed by the Frank P. Davey Company and $86,500 less than originally appraised.

The foregoing settlement appears reasonable in that it avoids the expense, delay and uncertainty of litigating the case before the Tax Tribunal and because, in light of the new information obtained from Frank P. Davey Company, the City Assessor's office feels that the original appraisal was excessive and could not be supported in court. It should also be noted that the Assessor concurs in this proposed settlement.

Therefore, it is my recommendation that this office be authorized to enter into a stipulation effecting the settlement outlined in this leter.

Respectfully submitted,

TIMOTHY W. SANDERSON,
City Attorney.

By Councilman Gunther—

That we concur in the recommendation of the City Attorney.

December 15, 1977

Mayor Gerald W. Graves
and
Members of the Council

Gentlemen:

At a Finance Committee meeting held on December 14, 1977, regarding a heat duct to be installed at the Radio Lab to furnish heat to those working on the Community Radio Watch (CRW), a question arose regarding the liability of the City in allowing this group to operate from this facility. The Finance Committee was advised by the City Attorney regarding the extent of liability, resulting in a directive to me to discontinue this operation at its present site. As of 8:00 A.M. this morning the CRW has been suspended in so far as its operation out of a room at the Radio Lab at Washington and Holmes Road.

After giving considerable thought to the Council's concern over liability in the CRW, I have also discontinued, as of this morning, the Ride-Along program that has been in operation for approximately four years, as this program must be considered as a liability to the City in the same respect as the liability presented by CRW. The problem of the liability was discussed with the City Attorney at the time the Ride-Along program was initiated and thought to be resolved; however, I am not certain of the Council's knowledge of the Rdie-Along program or support for this program today.

It is my belief that both programs partially fulfilled a need for public support and involvement in law enforcement. I sincerely believe they should be continued, however, I recognize Council's concern regarding liability.

In the near future I will be prepared to furnish you with information concerning

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

both programs, but in the meantime the programs will not be re-initiated until a Council resolution is passed supporting either one or both programs.

Members of City Council

Gentlemen:

The Lansing Traffic Board recommended by a 5-1 vote that the speed limits on Pennsylvania south of Mt. Hope Avenue be revised as follows:

45 MPH Alden Dr. to Andrew Jackson Dr.

40 MPH Andrew Jackson Dr. to Cedar St.

The existing speed limits on Pennsylvania Avenue are 35 MPH from Mt. Hope to Alden, 45 MPH from Alden to Jolly, and 50 MPH from Jolly to Cedar. The proposed revisions would not change the speed limits north of Jolly Road. The revisions extend the 45 MPH zone south of Jolly Road to Andrew Jackson, and establish a 40 MPH zone from Andrew Jackson to Cedar, thus eliminating the 50 MPH zone entirely.

Attached are the results of several speed surveys taken along Pennsylvania Avenue. The recommended speed limits are approximately the same as the 85th percentile speed of traffic on Pennsylvania per recommended traffic engineering practice.

Respectfully submitted,

LANSING TRAFFIC BOARD,
Raymond O. Severy,
Secretary.

By Councilman Adado—

That we concur in the recommendation of the Traffic Board and that the speed limit on Pennsylvania Ave. from Alden to Cedar Sts. be 40 MPH.

Carried.

Letter (b)

Honorable Mayor Graves and

Members of City Council

Gentlemen:

The Lansing Traffic Board unanimously recommended for Council consideration that No Parking At Any Time be allowed on Lenawee Street between northbound Logan St. and southbound Birch St. There are no longer any homes on this section of Lenawee, and to ensure safe and efficient traffic circulation between the northbound and southbound roadways parking should be prohibited.

Respectfully submitted,

LANSING TRAFFIC BOARD,
Raymond O. Severy,
Secretary.

Referred to Committee on Public Safety.

Honorable Gerald W. Graves and

Members of the Lansing City Council

City Hall

Lansing, Michigan 48933

Dear Mayor Graves and Council Members:

In my letter of November 23, 1977, I transmitted, in behalf of the Lansing Planning Board, Program Recommendations for the 78-79 Budget Year. In that letter I also pointed out that the Planning Board was, at the request of the Mayor, withholding the Program Recommendations prepared by the Human Resources Board. The delay in submitting the Human Resource Program Recommendations was to allow the Human Resources Department and Board to modify the Program Recommendations.

In a communication dated December 14, 1977, Mayor Graves has pointed out that the Human Resources Department and Board have not been provided with policy guidance analogous to the guidance provided by the City Council in the areas of physical development. The Mayor also stated that because of this, he could not provide this Board with guidance, and has, in effect, relieved us of his request to withhold action.

The Planning Board, at its regular meeting, held on December 20, 1977, voted to forward the Human Resource Program Recommendations to the Mayor and City Council without comment or endorsement. It was the feeling of the Board that due to the lack of adopted Human Resources Policy it was impossible for the Board to evaluate the value and viability of the programs suggested by the Human Resources Department and Board.

Therefore, the attached Human Resources Program Recommendations are respectfully transmitted as received by the Lansing Planning Board. The Board further suggests that the Mayor and Council take all action necessary to provide a policy framework for the evaluation of these Program Recommendations and the subsequent development of Human Resources projects.

Sincerely,

GORDON CORNWELL,
Chairman,
Lansing Planning Board.

Referred to Mayor and Committee of the Whole.

Tammany Hills No. 4

Preliminary Plat

Honorable Mayor and

Members of City Council:

The Planning Board at their December 20, 1977 meeting recommended that the tentative preliminary plat of Tammany Hills No. 4 be approved. The proposed plat divides the 19.9 acres of land into six (6) lots which will be developed with 160 housing units consisting of 132 garden apartment units, 4 fourplex units, 2 fiveplex units and 2 model apartments and community facilities, including a pool. Gross density would be approximately eight (8) units per acre and the net density would be approximately 9.2 dwelling units per acre. Primary access would be from Staten Avenue on the west and Mulder Boulevard from the north off of Forest Road.

This approval is subject to the following conditions:

1) The final plat be developed with all public improvements as required by the Lansing Subdivision Regulations and the Michigan State Plat Act.

2) All lots shall be graded so surface water will drain to the street.

3) The developer utilize an underground electrical distribution system as specified in Section 37-33.1 of the Lansing Subdivision Regulations.

4) Necessary easements be provided for the installation of utilities.

5) The storm drainage plan must be submitted and approved by the Public Service Department.

6) A Soil Erosion and Sedimentation Plan be submitted to the Director of Public Service for approval.

7) Approval of a landscape, screening and fencing plan by the Planning Department.

8) Approval of swimming pool construction permit by the Michigan Department of Health.

9) Residential streets should be only thirty feet (30') curb-to-curb and collector streets should be thirty-six feet (36') curb-to-curb.

10) Compliance with requirements of the Fire Department be shown.

11) All other requirements of the responding agencies be complied with.

12) That this is a tentative approval of the preliminary plat for a period of twelve (12) months.

The Board found that the proposed subdivision plat is in accord with the approved Community Unit Plan and that the public agencies, to whom were referred the proposed plat, have indicated that public utilities and facilities are available for this development.

The Board unanimously supported this recommendation.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Referred to Committee on Planning.

Southwest corner West Holmes Road and Pleasant Grove Road

Honorable Mayor and

Members of City Council:

The Planning Board, at their meeting of December 20, 1977, recommended that the property at the southwest corner of Holmes Road and Pleasant Grove Road be rezoned from "J" Parking, "C-2" Family and "F" Commercial districts to "F" Commercial over the entire property. This rezoning request was initiated by the Lansing City Council to satisfy a long standing legal disagreement between the City of Lansing and the land owner, who is Mr. Tony Nosal. The request, if approved, would adjust the zoning district lines to allow expansion of the commercial center in accord with the Zoning Ordinance and promote more efficient use of the property.

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

The Board found that the site in question is designated as commercial in the Master Plan, which indicates a neighborhood commercial center at this location. Rezoning as recommended is subject to proper landscape, screening and fencing being provided in and around the site at the time any expansion is proposed.

This recommendation received unanimous support from the Board.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Referred to Committee on Planning.

December 22, 1977

Z-45-77

6081 South Logan Street

Honorable Mayor and

Members of City Council:

The Planning Board at their meeting of December 20, 1977 recommended that the petition by Mr. and Mrs. Russell Coe to rezone property at 6081 South Logan Street from "A-1" Family Reisdential District to "F" Commercial District, for the purpose of making the existing automobile service garage conforming to the requirements of the Zoning Code, be approved.

The Board found that the site was developed for commercial purposes prior to annexation to the City of Lansing and at the time of annexation the zoning reverted to "A" Residential and has remained as a non-conforming use since that time. The Board is recommending approval subject to the necessary landscape, screening and fencing being provided in and around the site if and when alterations or additions are proposed to the property.

The Board found that the proposed change of zoning was not in accord with the 1958 Master Plan or the Logan Street Policy Plan. However, the Board believes that it would be unreasonable to deny the request since it has maintained a non-conforming status since annexation. The Board believes that the change of zoning will allow site improvements (which are limited under the non-conforming status) to occur that will upgrade the site and promote better land use development.

This recommendation received unanimous (7 yeas, 0 nays) Board support.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

Referred to Committee on Planning.

Z-46-77

215 South Eighth Street

Honorable Mayor and

Members of the City Council:

The Planning Board at their meeting of December 20, 1977 recommended that the request by John D. Patterson to rezone property located at 215 South Eighth Street from "C-2" Family Residential District to "D-M" Multiple Dwelling District for the purpose of making the existing three family structure conform to the Zoning Code, be approved.

The Board found that the site is presently developed with a three family unit which has been licensed as a three family since 1971. The Board believes that adequate parking can be provided in the rear yard, and if improved in accord with the requirements of the Zoning Code, there should be little or no impact on the adjacent properties.

There were several people within the immediate neighborhood who submitted a petition opposing this rezoning request. The opposition was directed to the following: (1) current parking arrangements are not adequate for the proposed use, (2) Noise level regularly disturbs the peace of the neighborhood—lots are 33 feet in width, and (3) danger to children and pedestrians due to the volume of traffic entering and exiting the property by way of the shared drive.

The Committee of the Planning Board has discussed the above matters with Mr. Patterson, the petitioner, and Mr. Clark, property owner to the immediate south, and have found that both of these gentlemen have been discussing the above mentioned problems and are taking steps to resolve the land use conflicts.

This recommendation received unanimous (7 yeas, 0 nays) support from the Board.

Sincerely,

ALAN E. TUBBS,
Secretary,
Lansing Planning Board.

RESOLUTIONS

By Committee on Finance—

Resolved by the City Council of the City of Lansing:

Whereas, the Mayor has submitted the name of Stephen Van Note for reappointment as citizen trustee to the Police and Fire Retirement board, and

Whereas, the Finance Committee has reviewed the record of Mr. Van Note and concurs with the Mayor's recommendation.

Now Therefore Be It Resolved, that Stephen Van Note is confirmed to fill a 5 year term on the Police and Fire Retirement Board expiring December 31, 1982.

Adopted by the following vote:

Unanimously.

By Committee on Buildings and Properties—

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing does hold title to approximately 205 buildings valued at an estimated $70,000,000.00; and

Whereas, to date the City has not established a General Repair and Preventive Maintenance Policy which would provide a long term savings to the City by eliminating unduly rapid and excessive deterioration of City properties which adversely affects the City's invested capital and reduces the useful life of its property; and

Whereas, it is clear that the City must address a wide range of existing repair and maintenance needs that have resulted from deferred maintenance in past years,

Now, Therefore, Be It Resolved that a report on the condition of each facility, including an identification of upcoming repair and maintenance needs, be prepared annually by the appropriate department for use in the budget review process on the form supplied by the Property Management Division, and

Be It Further Resolved that a condition survey form and project weighing scale be developed for use in evaluation and development of recommendations, and

Be It Also Resolved that the Property Management section of the Public Service Department shall coordinate these efforts and make such recommendations as are appropriate, and

Be It Finally Resolved that the Mayor shall review this area and make such recommendations as necessary to implement this policy in Fiscal Year 1978-1979 by allocating monies and the proper authority.

Adopted by the following vote:

Unanimously.

By Councilmen McKane and Adado—

Resolved by the City Council of the City of Lansing:

Whereas, the Greater Lansing Urban League, through the coordination of the input of several local neighborhood organizations and community agencies, is in the process of seeking a grant from the Law Enforcement Assistance Administration for a community crime prevention program; and,

Whereas, police crime statistics show evidence of a corridor of crime surrounding Michigan Avenue from city limits to city limits; and,

Whereas, for the purposes of this program, the demonstration area shall be the eastern half of the city, census tracts 10, 11, 12, 13, 21; and,

Whereas, local neighborhood organizations, community agencies, Lansing City Hall, and the Lansing Police Department and their Crime Prevention Unit under the auspices of the Greater Lansing Urban League have worked together to demonstrate that an ongoing community crime prevention program can be developed for the Eastside to be continued beyond the termination of grant funds, which will be available for a minimum period of 12 to 18 months to a maximum of 54 months; and,

Whereas, if this program is found to be successful, it could be implemented in other areas of the city; and,

Furthermore, that this program be continued to ensure that crime is reduced and controlled at a socially acceptable level in the Greater Lansing Area.

Now, Therefore Be It Resolved that the Mayor and the City Council endorse this program and strongly urge area legislative support for said legislation; and,

A collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

Be It Further Resolved that a copy of this resolution be forwarded to all area legislators by the Council Secretary.

Adopted by the following vote:

Unanimously.

By Committee on Finance—

Resolved by the City Council of the City of Lansing:

Whereas, the Tri County Community Radio Watch has asked that it be allowed to use certain office facilities located in the city radio lab building at 821 W. Holmes Road, Lansing, Michigan; and

Whereas, the Tri County Community Radio Watch is a non-profit volunteer organization which assists local police and emergency agencies by providing radio monitoring and emergency call referrals as well as by participating in the Tri County Area Civil Defense and Disaster Relief activities; and

Whereas, the City of Lansing has space available for use by Tri County Community Radio Watch at the radio lab building and desires to encourage the continuation of Tri County Community Radio Watch's civil defense and emergency activities; now, therefore, be it

Resolved, that the Tri County Community Radio Watch be allowed to use space located in the radio lab building at 821 W. Holmes Road, Lansing, Michigan, for office and radio monitoring purposes until otherwise notified by the City of Lansing on the condition that each member of the Tri County Community Radio Watch be required, as a condition for coming upon the premises or participating in activities conducted from the premises, to sign a statement acknowledging that he or she will not be considered an employee of the City of Lansing as a result of their participation in Tri County Community Radio Watch programs and agreeing to waive any liability by the City of Lansing to them which results from their use of the premises or other activities as Tri County Community Radio Watch members; and be it

Further Resolved, that the Finance Department is directed to investigate within thirty (30) days the need for additional liability insurance covering Tri County Community Radio Watch's use of the premises and protecting the City of Lansing as a co-insured; and be it

Further Resolved, that should the Finance Department determine that additional liability insurance is needed, Tri County Community Radio Watch shall be required to obtain such insurance as is needed as a condition of its continued occupancy of the premises or, alternatively, to vacate the premises; and be it

Further Resolved, that the provision of office space in the city radio lab building for Tri County Community Radio Watch shall be reviewed in the regular fiscal year 1979-1980 budget process and that the expenses for the provision of such space be included in the Lansing Police Department budget for that fiscal year.

District to "F" Commercial District all as set forth in the Zoning Code of this city, and

Whereas, due notice as required by law has been given for a public hearing on said petition, and

Whereas, at such hearing held on the 19th day of December, 1977, all parties interested therein were heard and given due consideration, and

Whereas, the property involved is described as:

Z-40-77 — 5106 South Logan Street.

More particularly described as:

The north 40.75 feet of Lot 55, except the west 68.85 feet; also Lot 56, except the west 68.85 feet and except the north 4 feet, also except that part used for highway purposes, Supervisor's Plat of Prosperity Farms, City of Lansing, Ingham County, Michigan,

from "E-2" Drive In Shop District to "F" Commercial District.

Whereas, pursuant to Act 207, P.A. 1921, the Planning Board advised the City Council to approve this request subject to conditions; and

Whereas the Planning Committee of Council, to whom was referred the report of the Planning Board, concurred therewith;

Now, Therefore, Be It Resolved that the Council of the City of Lansing ordains that the petition to rezone the above described property from "E-2" Drive In Shop District to "F" Commercial District is approved; and

Be It Further Resolved that a detailed site plan be submitted to and approved by the Planning Department and Traffic Engineer indicating the following: (a) ingress and egress and proposed traffic circulation, (b) parking lot layout and number of spaces with permanent wheel stops being provided around the perimeter of the parking area, (c) a landscape, screening and fencing plan, and (d) storage areas including location of screened trash receptacles.

Resolved by the City Council of the City of Lansing:

Whereas, the Michigan Heart Association has made application for funding under the Comprehensive Employment and Training Act of 1973, Title II, Public Service Employment Program; and

Whereas, the City of Lansing has sufficient Title II funds to cover this request; and

Whereas, the City of Lansing's Manpower Review Board has approved said application as being valid and in order; and

Whereas, non-profit agencies are eligible for funding under Title II. This action is in conformity with the United States Department of Labor Employment and Training Administration directives;

Now Therefore Be It Resolved, that the City of Lansing agree to provide funding to the Michigan Heart Association for the period of January 1, 1978 through September 30, 1978 in the amount of $6,499.00, Contract No. 892.46-12 for one position.

Be It Further Resolved that, the City Council approve this resolution to provide funding to the Michigan Heart Association and authorize the Mayor and City Clerk to sign a contract legalizing this transaction, upon approval as to form of said contract by the City Attorney and upon certification of the accounting procedures of the Michigan Heart Association by the Finance Director.

Letter (b)

Honorable Mayor Graves and

Members of City Council

Gentlemen:

The Lansing Traffic Board unanimously recommended for Council consideration that No Parking At Any Time be allowed on Lenawee Street between northbound Logan St. and southbound Birch St. There are no longer any homes on this section of Lenawee, and to ensure safe and efficient traffic circulation between the northbound and southbound roadways parking should be prohibited.

Respectfully submitted,

LANSING TRAFFIC BOARD,
Raymond O. Severy,
Secretary.

By Councilman Adado—

That we concur in the recommendation of the Traffic Board.

Carried.

By Councilman Baker—

Resolved by the City Council of the City of Lansing:

That the Public Service Department pick up any Christmas trees that are at the curb side accompanied by an orange bag.

Carried.

By Councilman Blair—

That this meeting stand adjourned.

Carried.

Council adjourned at 8:27 P.M.

THEO FULTON,
City Clerk.
